**To the Administrative Committee of the
Savings Plan for Employees of
California Chamber of Commerce
Sacramento, California**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Savings Plan for Employees of California Chamber of Commerce (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Savings Plan for Employees of California Chamber of Commerce's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 of the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Savings Plan for Employees of California Chamber of Commerce and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Savings Plan for Employees of California Chamber of Commerce's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Administrative Committee of the
Savings Plan for Employees of
California Chamber of Commerce
Page four

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SAVINGS PLAN FOR EMPLOYEES OF CALIFORNIA CHAMBER OF COMMERCE

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

1. DESCRIPTION OF THE PLAN

The following description of the Savings Plan for Employees of California Chamber of Commerce (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering the employees of California Chamber of Commerce (the Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration – The Sponsor is the administrator of the Plan and, as such, carries out the duties imposed under ERISA. The Sponsor has delegated certain responsibilities for the operation and administration of the Plan. Administrative and recordkeeping services are provided by John Hancock Trust Company, LLC (the Trustee).

Eligibility – The plan allows any employee who is age twenty-one or older to begin participating in the Plan on their date of hire. Temporary employees and interns are not eligible for plan participation.

Contributions – Participants may contribute an amount from 1% to 90% of their compensation, not to exceed the maximum amount allowed by IRS limitations, through salary deferrals. Participants may also contribute amounts representing distributions from other qualified retirement plans. Contributions are subject to certain limitations. The Sponsor contributes a safe harbor contribution equal to 3% of each employee's salary. The Sponsor may also, at its discretion, contribute additional amounts. During 2024 and 2023, the Sponsor elected to contribute an additional 5% of each employee's salary.

Participant accounts – Employee and matching contributions are credited to participants' accounts following each pay period. In addition, participant accounts are credited with the earnings on their investments as earned. The vested balance in a participant's account is the benefit to which the participant would be entitled upon termination or retirement.

Participant loans – Under the terms of the Plan, participants may borrow from their accounts up to \$50,000 or 50% of their vested account balance, whichever is less. The minimum loan amount is \$1,000. The loan shall bear interest equal to the prime rate in effect on the date of the loan plus 1% and shall be adequately secured. Participants have five years to repay the loan, except in limited circumstances such as when the loan is for the purchase or repair of a primary residence. A loan may become a taxable distribution if it is not paid back under the terms set forth in the loan agreement.

Vesting – Participants are immediately vested in employee and sponsor contributions, plus actual earnings thereon.

Investment options – The Plan provides for investments to be directed by participants into a number of investment funds held by the Trustee. Earnings of each investment fund are allocated to participants' accounts in proportion to each participant's share of that fund.

Payment of benefits – Upon termination of employment, a participant will receive a single lump-sum payment. The participant may elect to roll the balance to an individual retirement account or to another qualified plan.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

Rollovers – The Plan allows participants to transfer existing benefits into the Plan from other benefits plans. In 2024, all rollovers were received from other eligible plans.

Termination of the Plan – Although it has not expressed any intent to do so, the Sponsor has the right to terminate the Plan, subject to ERISA provisions.

Administration expenses – Expenses associated with administering the Plan are paid from the Plan net assets and, therefore, are reflected in the Plan’s financial statements.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition – The Plan’s investments in the pooled separate accounts are stated at fair value and represent the number of participation units owned by the Plan. Quoted market prices of the underlying investments are used to value each fund and are based on the net asset value of the shares held by the Plan at end of year. Purchases and sales of securities are recorded on a trade-date basis. Interest income and gains are recorded on the accrual basis. Dividends and capital gain distributions are recorded on ex-dividend dates. The Plan’s administrative committee determines the plan’s valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

The Plan’s investment in the common collective trust account is stated at fair value. See Note 4 for discussion on common collective trusts.

Contributions – Employee contributions are recorded in the period payroll deductions are made. Employer safe harbor contributions are recorded in the period that the salary is earned by the employee.

Payments of benefits – Benefits are recorded when paid.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred.

Income taxes – The Plan obtained a favorable determination letter on April 29, 2009, from the Internal Revenue Service that it is a qualified plan under current provisions of the Internal Revenue Code. The Plan was amended subsequent to receiving the determination letter. The Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

Subsequent events have been reviewed through June 24, 2025, the date the financial statements were available to be issued. The Sponsor concluded that no material events have occurred since December 31, 2024, that requires disclosure in the financial statements.

3. CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observed for substantially the full term of the asset or liability.

Level 3 Unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are registered with the SEC and are required to publish their daily net asset value (NAV) and then transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued by the pro-rata share of the fair value of securities in the underlying separate accounts in which the trust participates. Wrappers are valued by the discounted revenue method, being 20 basis points of the guaranteed value over the five years discounted by the LIBOR swap curve. The inputs used for valuing the Fund's assets are not necessarily an indication of the risk associated with these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

<u>Investment type</u>	<u>Level 1</u>	<u>NAV-Based Assets</u>	<u>Total</u>
Mutual funds	\$ 34,794,569		\$ 34,794,569
Common collective trust		\$ 639,018	639,018
Total assets at fair value	<u>\$ 34,794,569</u>	<u>\$ 639,018</u>	<u>\$ 35,433,587</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

<u>Investment type</u>	<u>Level 1</u>	<u>NAV-Based Assets</u>	<u>Total</u>
Mutual funds	\$ 31,877,603		\$ 31,877,603
Common collective trust		\$ 2,356,300	2,356,300
Total assets at fair value	<u>\$ 31,877,603</u>	<u>\$ 2,356,300</u>	<u>\$ 34,233,903</u>

5. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and benefit obligations.
