Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **FRAZIER & DEETER**

(2) EIN: **39-4469485**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		25000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)		☒	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants
Novelis Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Novelis Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) Audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) Audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) Audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) Audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOVELIS PENSION PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 - Description of plan:

The following description of the Novelis Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory, defined benefit plan of Novelis Corporation (the Company or Plan Sponsor) a subsidiary of Novelis Inc. Effective January 1, 2005, the Plan was frozen to new participants. The Plan covers all regular United States full-time employees of Novelis Corporation and Novelis Inc. hired before January 1, 2005, as well as part-time employees, hired before January 1, 2005, who had completed at least 1,000 hours of service in a consecutive twelve-month period (except those covered by another plan). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Company's Pension and Investment Committee (PIC or Plan Administrator). The PIC determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Funding policy

Contributions are based on the recommendations of the actuary. The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The Company's contributions allocated to the Plan totaled \$962,146 and \$3,408,000 for the Plan years ended December 31, 2024 and 2023, respectively. The Plan met the minimum funding requirements for the Plan years ended December 31, 2024 and 2023.

Pension benefits

Participants are entitled to normal retirement benefits at age 65 with five years of service.

The normal retirement benefit is calculated as an annual amount representing 45% of the participant's Highest Average Earnings (HAE) up to social security covered compensation added to 60% of HAE in excess of social security covered compensation adding an adjustment for unused months as defined in the Plan document. If the participant has less than 35 years of service, the retirement benefit is reduced by multiplying the normal retirement benefit times the participants years of service divided by 35.

December 31, 2024 and 2023

Note 1 - Description of plan - continued:

Pension benefits - continued

The Plan also provides for early retirement benefits, disability benefits, termination benefits, and pre-retirement spouse benefits for participants meeting certain age and length of service requirements. There is also a provision for a post-retirement spouse benefit that generally does not require a reduction in the participant's benefit.

Effective December 31, 2020, the benefits of all members were permanently frozen and all members ceased accruing benefit service and accruals.

Death and disability benefit

If a participant dies on or after the participant's normal or elected early retirement date but before any benefit has been paid to the participant, the participant's qualified spouse, contingent annuitant or other beneficiary will receive any benefits payable in case of death as if the participant had started to receive the participant's benefit on the first day of the month next following the participant's date of death or such later first day of the month on or before the participant's normal retirement date as may be chosen by the participant's qualified spouse or contingent annuitant. For a disabled participant, once the long-term disability payments cease and if the participant's retirement benefit is not payable in the form of lump sum, the participant's retirement benefit shall commence as soon as administratively feasible.

Vesting

Participants become fully vested after five years of service. Participants terminating prior to achieving five years of service forfeit the right to receive benefits.

Termination provision

The Company anticipates that the Plan will continue without interruption, but reserves the right to terminate the Plan or to discontinue contributions to the Plan. In the event the Plan is terminated, the Plan provides for the allocation of net assets up to the present value of accumulated Plan benefits among the participants and pensioners. To the extent unfunded vested benefits exist, such benefits would be payable by the Pension Benefit Guaranty Corporation (PBGC), up to specified limitations, as described in ERISA. To the extent that Plan net assets exceed benefits due to participants and pensioners and the Plan has met all legal requirements, remaining assets, net of applicable taxes, will revert back to the Company (See Note 7).

Note 2 - Summary of significant accounting policies:

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments in the Novelis Master Retirement Trust (Master Trust) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See Note 4 for discussion of fair value measurements).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in its statement of changes in net assets available for benefits an allocation of the Master Trust's net income (loss) which consists of realized gains or losses, unrealized appreciation (depreciation) on investments and interest and dividend income (See Note 3).

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Risks and uncertainties

The Master Trust invests in collective trust funds and interest-bearing cash. The collective trust funds invest in various types of investment securities and in various companies within various markets. The underlying investment securities are exposed to various risks, such as interest rate, credit risk and overall market volatility. Due to the level of risk associated with

certain investment securities and the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in these financial statements.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Recent legislative developments

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the years ended December 31, 2024 and 2023. Plan management continues to evaluate the impact of the optional provisions of SECURE 2.0 and is awaiting additional regulatory guidance from the Internal Revenue Service (IRS) and Department of Labor. The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements for the plan years ended December 31, 2024 and 2023.

Administrative expenses

Trustee fees, investment management fees and PBGC premiums are generally paid by the Plan. All other administrative expenses are paid by the Company.

Subsequent events

The Plan has evaluated subsequent events through October 10, 2025, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2024, have been incorporated into these financial statements.

Note 3 - Investment in master trust:

All of the Plan's investments are units of participation in the Master Trust held by Principal Trust Company (Principal, the trustee of the Master Trust). The Plan's investments are commingled with the assets of four other retirement plans of participating employers. The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income or loss based on specific asset holdings less actual distributions and administrative expenses. The Master Trust holds investments in interest-bearing cash managed by Mercer Global Investments, Inc. and 13 collective trust funds managed by Mercer Global Investments, Inc. (which includes the Mercer US Core Real Estate Portfolio). Each plan in the Master Trust can elect to invest in any or all of the available collective trust funds in any allocation appropriate for that plan's objectives.

The Plan's interest in the Master Trust net assets was approximately 52% and 53% for the years ended December 31, 2024 and 2023, respectively.

The following table presents the net assets held by the Master Trust at December 31, 2024 and 2023:

	December 31, 2024	December 31, 2023	December 31, 2024 Plan's Share	December 31, 2023 Plan's Share
Due from broker	\$ -	\$ 8,390,000	\$ -	\$ 7,300,000

The following presents investment income (loss) from the Master Trust for the year ended December 31, 2024, as certified by Principal:

Net appreciation in fair value of investments	\$ 19,441,649
Interest income	<u>33,820</u>
Investment income	<u>\$ 19,475,469</u>

The Master trust had accrued interest receivable of \$3,836, which is included in the interest-bearing cash. There were no Other Asset or Other Liability balances in the Master Trust at December 31, 2024 or 2023.

December 31, 2024 and 2023

Note 4 - Fair value measurements:

The FASB, Accounting Standards Codification 820, *Fair Value Measurements* (ASC 820), defines fair value, establishes a framework for measuring fair value and requires additional disclosures about the use of fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices available in active markets for identical investments that the Master Trust has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOVELIS PENSION PLAN

Notes to Financial Statements - Continued

December 31, 2024 and 2023

Note 4 - Fair value measurements - continued:

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no significant changes in the methodologies used at December 31, 2024 and 2023:

- Interest-bearing cash is primarily valued at cost based on the short-term nature of the investment.
- Units of participation in the collective trust funds (including the Mercer US Core Real Estate Portfolio) are valued at the NAV provided by the fund's Trustee as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The core real estate fund is composed primarily of real estate investments owned through a commingled pension trust fund. The investment objective of the fund is to provide a high, stable income stream with the potential for moderate capital appreciation over the long term. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value daily without any redemption notice or restrictions. Plan level initiated transactions require a 12-month redemption notice in order to withdraw at full book value. Redemption frequency is daily and the redemption period is 12 months. There are no unfunded commitments.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4 - Fair value measurements - continued:

The following tables summarize the Master Trust's investments measured at fair value based on NAV per share as of December 31, 2024 and 2023:

<u>December 31, 2024</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Collective trust funds	\$ 725,650,535	None	Daily	12-month

<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Collective trust funds	\$ 734,286,598	None	Daily	12-month

Note 5 - Actuarial present value of accumulated plan benefits:

Accumulated Plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances such as retirement, death, disability, and termination of employment are included, to the extent they are considered attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by the Plan's consulting actuary. The present value of accumulated Plan benefits is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. It is at least reasonably possible that the actuarial assumptions used to calculate accumulated Plan benefits will change in the near term and that the effect of such change could be significant.

NOVELIS PENSION PLAN

Notes to Financial Statements - Continued

December 31, 2024 and 2023

Note 5 - Actuarial present value of accumulated plan benefits - continued:

The significant actuarial assumptions used in the valuation dated December 31, 2024 and 2023 were:

- | | |
|--------------------------|---|
| 1. Mortality basis | The Pri-2012 tables with no collar adjustments (reflecting separate contingent survivor mortality after the retiree's death), projected with MP-2021 generational projection was used for both 2024 and 2023. |
| 2. Discount rates | 7.40% in 2024; 7.10% in 2023. |
| 3. Normal retirement age | For both 2024 and 2023, the ages vary from age 55 to 66+; average of 60. |

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2025 and 2024. Had a valuation been performed as of December 31, there would be no material differences.

Actuarial present value of accumulated Plan benefits, beginning of year	\$ 360,790,167
Increase (decrease) during the year attributable to:	
Changes in actuarial assumptions	(9,497,942)

Note 7 - Priorities upon termination:

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- Other vested benefits insured by the PBGC up to the applicable limitations.
- All other vested benefits (that is, vested benefits not insured by the PBGC).
- All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefits protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

NOVELIS PENSION PLAN

Notes to Financial Statements - Continued

December 31, 2024 and 2023

Note 7 - Priorities upon termination - continued:

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and on the level of benefits guaranteed by the PBGC.

Note 8 - Related-party transactions:

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Plan investments include shares of collective trust funds and interest-bearing cash managed by Principal. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

Note 9 - Tax status:

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 19, 2018, that the Plan is designed in accordance with the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and; therefore, believe that the Plan, as amended, is qualified, and the related trust is tax-exempt and thus no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Actuarial value of assets for determining minimum required contributions	Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2023 plan year). The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the

actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Benefits not valued	All benefits described in the Plan Provisions section of this report were valued. WTW has reviewed the plan provisions with Novelis and based on that review, is not aware of any significant benefits required to be valued that were not.

Sources of Data and Other Information

In preparing the valuation contained in this report, WTW has relied upon data and information regarding plan provisions, participants, assets, contributions, and sponsor funding elections and accounting policies and methods provided to us by Novelis and other persons or organizations designated by Novelis. We have relied on all the data and information provided as complete and accurate. We have reviewed this data and information for overall reasonableness and consistency, but have neither audited nor independently verified this information. Based on discussions with and concurrence by the plan sponsor, assumptions or estimates may have been made if data were not available. The data was not adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date since the data collection date and the measurement date are the same. We are not aware of any material errors, omissions or inconsistencies in the data, that would have a significant effect on the results of our calculations.

A summary of participant data reflected can be found in Section 3 of this report.

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Administrative expenses	The plan pays PBGC Premiums out of plan assets. Thus, the expected administrative expense is equal to the expected PBGC Premium for the fiscal year.

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Disabled Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Assumed termination rates differ by age because of expected differences in termination rates by age. This assumption was analyzed and updated as part of the 2015 assumptions experience study with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Retirement	Assumed retirement rates differ by age because of expected differences in retirement rates by age. This assumption was analyzed and updated as part of the 2015 assumptions experience study with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Form of Payment	Assumptions were selected by the plan sponsor. This assumption was analyzed as part of the 2015 assumptions experience study.
Percent married	Assumptions were selected by the plan sponsor. This assumption was analyzed and updated as part of the 2015 assumptions experience study.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

The mortality table used to calculate the funding target and target normal cost was updated to reflect the latest mortality improvement scale, as required by guidance issued by IRS under IRC §430.

The assumed plan-related expenses added to the target normal cost were changed from \$900,000 for 2023 to \$940,000 for 2024 to account for higher expenses paid from the trust.

Change in methods since prior valuation None.

actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Benefits not valued	All benefits described in the Plan Provisions section of this report were valued. WTW has reviewed the plan provisions with Novelis and based on that review, is not aware of any significant benefits required to be valued that were not.
---------------------	---

Sources of Data and Other Information

In preparing the valuation contained in this report, WTW has relied upon data and information regarding plan provisions, participants, assets, contributions, and sponsor funding elections and accounting policies and methods provided to us by Novelis and other persons or organizations designated by Novelis. We have relied on all the data and information provided as complete and accurate. We have reviewed this data and information for overall reasonableness and consistency, but have neither audited nor independently verified this information. Based on discussions with and concurrence by the plan sponsor, assumptions or estimates may have been made if data were not available. The data was not adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date since the data collection date and the measurement date are the same. We are not aware of any material errors, omissions or inconsistencies in the data, that would have a significant effect on the results of our calculations.

A summary of participant data reflected can be found in Section 3 of this report.

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Administrative expenses	The plan pays PBGC Premiums out of plan assets. Thus, the expected administrative expense is equal to the expected PBGC Premium for the fiscal year.

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Disabled Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Assumed termination rates differ by age because of expected differences in termination rates by age. This assumption was analyzed and updated as part of the 2015 assumptions experience study with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Retirement	Assumed retirement rates differ by age because of expected differences in retirement rates by age. This assumption was analyzed and updated as part of the 2015 assumptions experience study with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Form of Payment	Assumptions were selected by the plan sponsor. This assumption was analyzed as part of the 2015 assumptions experience study.
Percent married	Assumptions were selected by the plan sponsor. This assumption was analyzed and updated as part of the 2015 assumptions experience study.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Schedule SB, Part V Summary of Plan Provisions

Plan Provisions

Effective Date	January 1, 2006. The most recent amendment (Amendment 8) reflected in the following plan provisions was effective June 16, 2021.
Covered Employees	Regular full-time employees hired on or before January 1, 2005. Part-time employees hired on or before January 1, 2005, can participate after completing a 12-consecutive-month period of 1,000 hours of service.
Participation Date	First month on or after date of hire.

Definitions

Eligibility service	All aggregated periods of service considered as service with the Company (including service with Alcan) and not forfeited through break-in-service rules and maternity leaves of absence as required by law. Partial years are rounded to the next higher full number of years.
Benefit service	Full years and completed months of service accrued and included in eligibility service. Effective December 31, 2020, the Plan is frozen for future benefit accruals. No Benefit Service shall accrue after such date.
Earnings	Regular base pay, plus overtime and bonuses up to the bonus percentage guidelines.
Average earnings	The annual average earnings during the three highest consecutive calendar years of pay preceding retirement or termination by at least three months, when earnings are the greatest. Effective December 31, 2020, the Plan is frozen for future benefit accruals. No Earnings after such date shall be taken into account in computing Highest Average Earnings.
Social Security covered compensation	35-year average of the Social Security wage bases in effect ending with the year of retirement, termination, disability or death. Such amount shall change annually as of each April 1.
Normal retirement date (NRD)	First of month next following the attainment of age 65 and five years of eligibility service.

Plan Name:	Novelis Pension Plan

SCHEDULE SB ATTACHMENTS

Gross normal retirement benefit	45% of average earnings up to Social Security covered compensation (SSCC), plus 60% of the excess of average earnings over SSCC, all proportionately reduced for fewer than 35 years of benefit service.
Supplemental pension benefit	0.25% of average earnings, proportionately reduced for fewer than 35 years of benefit service, multiplied by the number of months by which the date of retirement or termination follows the last day of the last calendar year of pay used to determine average earnings.
Preretirement spouse benefit	50% of the gross normal retirement benefit, reduced for payment as early as the employee's 55th birthday, and reduced actuarially for the 50% joint and survivor election if the spouse is more than ten years younger than the employee.

Eligibility for Benefits

Normal retirement	Retirement on NRD.
Early retirement	Retirement before NRD and on or after both attaining age 55 and completing five years of eligibility service, or when age plus years of eligibility service equals 75 years.
Postponed retirement	Retirement after NRD.
Vested termination	Termination after completing five years of eligibility service.
Preretirement death benefit	Death while eligible for normal, early, postponed, or deferred vested retirement benefits, with a surviving spouse. Benefits can commence on or after both attaining age 55 and completing five years of eligibility service, or when age plus years of eligibility service equals 75.

Benefits Paid Upon the Following Events

Normal retirement	Gross normal retirement benefit plus supplemental pension benefit.
Early retirement	The gross normal retirement benefit plus the supplemental pension benefit determined at early retirement date reduced for the number of years retirement precedes age 65 by applying the following factors:

Number of Years	Factor

	4 5 or more	0.90 in steps of 0.04
	The factors are interpolated for months.	
Postponed retirement	The gross normal retirement benefit plus supplemental pension benefit actuarially increased to reflect the delay in payment.	
Vested termination	Gross normal retirement benefit plus the supplemental pension benefit based on benefit service and average earnings at termination, reduced as for early retirement if commencement of payments precedes NRD.	
Death with preretirement spouse benefits	The preretirement spouse benefit is payable.	
Disability	<u>For medical leave of absences prior to January 1, 2013:</u> Eligibility service and benefit service continues to accrue during disability. <u>For medical leave of absences beginning after January 1, 2013:</u> Eligibility service and benefit service continues to accrue for 12 months or age 65, whichever comes first.	

Other Plan Provisions

Forms of payment	For single employees, benefits will be paid in the form of five years certain and life thereafter. For married employees, benefits will be paid in the form of the 50% joint and survivor with no reduction in the benefit unless the spouse is more than ten years younger. Optional forms are up to 100% joint and survivor annuity, or a level income to age 62.
Conversion factors for optional forms of payment	6.00% interest and the "Applicable Mortality Table" as in effect for 2012 pursuant to Section 417(e)(3) of the Code.
Maximum on benefits and pay	All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in dollar limits are assumed for determining pension cost but not for determining contributions.

Plan Status for PBGC Reporting Purposes

Schedule SB, Part V Summary of Plan Provisions

Plan Provisions

Effective Date	January 1, 2006. The most recent amendment (Amendment 8) reflected in the following plan provisions was effective June 16, 2021.
Covered Employees	Regular full-time employees hired on or before January 1, 2005. Part-time employees hired on or before January 1, 2005, can participate after completing a 12-consecutive-month period of 1,000 hours of service.
Participation Date	First month on or after date of hire.

Definitions

Eligibility service	All aggregated periods of service considered as service with the Company (including service with Alcan) and not forfeited through break-in-service rules and maternity leaves of absence as required by law. Partial years are rounded to the next higher full number of years.
Benefit service	Full years and completed months of service accrued and included in eligibility service. Effective December 31, 2020, the Plan is frozen for future benefit accruals. No Benefit Service shall accrue after such date.
Earnings	Regular base pay, plus overtime and bonuses up to the bonus percentage guidelines.
Average earnings	The annual average earnings during the three highest consecutive calendar years of pay preceding retirement or termination by at least three months, when earnings are the greatest. Effective December 31, 2020, the Plan is frozen for future benefit accruals. No Earnings after such date shall be taken into account in computing Highest Average Earnings.
Social Security covered compensation	35-year average of the Social Security wage bases in effect ending with the year of retirement, termination, disability or death. Such amount shall change annually as of each April 1.
Normal retirement date (NRD)	First of month next following the attainment of age 65 and five years of eligibility service.

SCHEDULE SB ATTACHMENTS

Gross normal retirement benefit	45% of average earnings up to Social Security covered compensation (SSCC), plus 60% of the excess of average earnings over SSCC, all proportionately reduced for fewer than 35 years of benefit service.
Supplemental pension benefit	0.25% of average earnings, proportionately reduced for fewer than 35 years of benefit service, multiplied by the number of months by which the date of retirement or termination follows the last day of the last calendar year of pay used to determine average earnings.
Preretirement spouse benefit	50% of the gross normal retirement benefit, reduced for payment as early as the employee's 55th birthday, and reduced actuarially for the 50% joint and survivor election if the spouse is more than ten years younger than the employee.

Eligibility for Benefits

Normal retirement	Retirement on NRD.
Early retirement	Retirement before NRD and on or after both attaining age 55 and completing five years of eligibility service, or when age plus years of eligibility service equals 75 years.
Postponed retirement	Retirement after NRD.
Vested termination	Termination after completing five years of eligibility service.
Preretirement death benefit	Death while eligible for normal, early, postponed, or deferred vested retirement benefits, with a surviving spouse. Benefits can commence on or after both attaining age 55 and completing five years of eligibility service, or when age plus years of eligibility service equals 75.

Benefits Paid Upon the Following Events

Normal retirement	Gross normal retirement benefit plus supplemental pension benefit.
Early retirement	The gross normal retirement benefit plus the supplemental pension benefit determined at early retirement date reduced for the number of years retirement precedes age 65 by applying the following factors:

Number of Years	Factor
0	1.00
1	0.99
2	0.97

	4 5 or more	0.90 in steps of 0.04
	The factors are interpolated for months.	
Postponed retirement	The gross normal retirement benefit plus supplemental pension benefit actuarially increased to reflect the delay in payment.	
Vested termination	Gross normal retirement benefit plus the supplemental pension benefit based on benefit service and average earnings at termination, reduced as for early retirement if commencement of payments precedes NRD.	
Death with preretirement spouse benefits	The preretirement spouse benefit is payable.	
Disability	<u>For medical leave of absences prior to January 1, 2013:</u> Eligibility service and benefit service continues to accrue during disability. <u>For medical leave of absences beginning after January 1, 2013:</u> Eligibility service and benefit service continues to accrue for 12 months or age 65, whichever comes first.	

Other Plan Provisions

Forms of payment	For single employees, benefits will be paid in the form of five years certain and life thereafter. For married employees, benefits will be paid in the form of the 50% joint and survivor with no reduction in the benefit unless the spouse is more than ten years younger. Optional forms are up to 100% joint and survivor annuity, or a level income to age 62.
Conversion factors for optional forms of payment	6.00% interest and the "Applicable Mortality Table" as in effect for 2012 pursuant to Section 417(e)(3) of the Code.
Maximum on benefits and pay	All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in dollar limits are assumed for determining pension cost but not for determining contributions.
