Report of Independent Auditors

The Plan Administrator
S&P Global, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of S&P Global Inc. Group Health Plan for Retirees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and statements of benefit obligations as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits and statement of changes in benefit obligations for the year ended December 31, 2024, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Notes to the Financial Statements

As of December 31, 2024 and 2023 and
For the Year Ended December 31, 2024

1. Plan Description

General

The following description of the S&P Global Inc. Group Health Plan for Retirees (the “Plan”) provides general information about the Plan’s provisions. S&P Global Inc. is the plan sponsor (the “Plan Sponsor”). Participants should refer to the plan document and summary plan description for a more complete description of the Plan’s provisions, copies of which may be obtained from the Plan Sponsor.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). While S&P Global Inc. (the “Company”) has not expressed any intent to terminate the Plan, it is free to do so at any time subject to the provisions set forth in ERISA. In the event of Plan termination, the assets are to be used to continue payments in accordance with the terms of the Plan until either all obligations to participants under the Plan are satisfied or the assets are fully liquidated. Any unfunded obligations will be satisfied by the Company.

The Plan started operations as of January 1, 2007 and is sponsored by the Company. Effective April 1, 2009, the Plan was amended to participate in the S&P Global Inc. Voluntary Employee Beneficiary Association Health and Welfare Trust (the “Master Trust”), which is held by The Northern Trust Company (the “Trustee”).

Prior to January 1, 2022, the plan provided medical (including prescription drug), dental, vision, and life insurance benefits to retirees. All benefits, other than vision, life insurance and the Dental Managed Organization option, were self-insured by the Plan. The claims for the self-insured benefits were processed by the Plan’s third-party administrators; however, the responsibility for payments to providers and participants was retained by the Plan.

Effective January 1, 2022, the Plan was amended to eliminate all employer subsidized pre-65 medical, dental and vision benefits, and to move all post-65 grandfathered retirees from Plan Sponsor sponsored medical coverage to Via Benefits Insurance Services “Via Benefits”, a marketplace offering various plans available to participants, with an annual fixed health reimbursement account amount that covers medical and dental benefits. The Plan also provides life insurance benefits through an insurance provider.

The plans purchased through Via Benefits are policies issued by insurance companies. The benefits under those policies are provided by the insurance company, not by the Company or the Plan.

S&P Global Inc. Group Health Plan for Retirees

Notes to the Financial Statements

1. Plan Description (continued)

Benefit credits are credited to a health reimbursement account for eligible retirees who are participants as follows:

- \$5,600/year if the retiree is enrolled in both retiree medical and dental under a grandfathered plan
- \$5,000/year if the retiree is enrolled in only the retiree medical coverage under a grandfathered plan
- \$600/year if the retiree is only in retiree dental coverage under a grandfathered plan

These benefit credits are notional amounts and are not funded through cash contributions to the Plan. As Via Benefits processes claims for participants insured through the various Via Benefits vendors, the Company reimburses claims paid up to the amounts above per participant.

Administration of the Plan

The Plan is administered by the Company's U.S. Benefits Committee (the "Plan Administrator") who is responsible for carrying out the provisions of the Plan. The appointment was approved by the Board of Directors of the Company. The trustee for the Plan is the Northern Trust (the "Trustee") and Alight Solutions is the recordkeeper for the Plan.

Contributions

Plan Sponsor contributions are accrued in the period in which claims were paid by the claims administrators and administrative expenses or premiums are incurred by the Plan. Life insurance premiums are fully covered by the Plan.

The Company makes contributions to the Plan as needed to fund claims, administrative expenses and insurance premiums. Any deficiency of the Plan's net assets over benefit obligations is funded on a pay-as-you-go basis.

Length of Coverage

Coverage under Via Benefits ends on the last day of the month in which the participant or any covered dependent stops making the necessary contributions towards coverage or the day the participant or any covered dependent dies, whichever is earlier.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Benefit Obligations

The Plan accounts for its benefit obligations in accordance with Accounting Standards Codification (“ASC”) 965, *Plan Accounting – Health and Welfare Benefits Plans*. Willis Towers Watson, the actuary engaged by the Company, performed the actuarial valuation of the Plan’s benefit obligations.

A postretirement benefit obligation has been recognized for retiree medical benefits for eligible participants and their dependents upon retirement. The postretirement benefit obligation represents the actuarial present value of the cost of those estimated future benefits that are attributed by the terms of the Plan to employee service rendered to the date of the financial statements reduced by the actuarial present value of contributions expected to be received in the future from current retirees of the Plan. The obligation represents the amounts that are expected to be funded by contributions from the Company and from existing assets of the Plan. Postretirement benefits include future benefits expected to be paid to or for (a) currently retired or terminated employees and their beneficiaries and (b) active employees and their beneficiaries upon retirement.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to the historical claims cost to estimate the future annual incurred claims cost per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

2. Summary of Significant Accounting Policies (continued)

The following were the significant assumptions used in the valuation as of December 31, 2024 and 2023:

Weighted average discount rate:	(2024)	5.57%	(2023)	5.18%
---------------------------------	--------	-------	--------	-------

Mortality:	2024 and 2023:
------------	----------------

Separate rates for non-annuitants (based on Pri-2012 “Employees” table without collar or amount adjustments with generational projection using MP-2021) and annuitants (based on Pri-2012 “Healthy Annuitants” table without collar or amount adjustments with generational projection using Scale MP-2021).

The foregoing assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the benefit obligations.

Investment and Income Recognition

The Plan’s investments are stated at fair value. Purchases and sales are recorded on a trade-date basis. Investment income is recorded on the accrual basis. The Plan’s investments are held in the Master Trust, which is held by the Trustee.

All earnings and interest of the Master Trust are allocated to the Plan based upon its share of the fair value at the beginning of each month, adjusted for contributions, benefit payments and transfers in and out during the month. Net investment income includes the Plan’s interest in the Master Trust’s gains and losses on investments bought and sold, as well as held during the year.

Payment of Claims, Administrative Expenses and Premiums

Claim payments are recorded when paid by the claims administrators. Amounts due to the claims administrators for claims that have been paid by the Company but not yet reimbursed by the Plan are recorded as payable to S&P Global Inc. for claims paid in the accompanying Statements of Net Assets Available for Benefits. Amounts reimbursed by the Plan in excess of claims that have been paid by the Company are recorded as prepaid from S&P Global Inc for claims paid in the accompanying Statements of Net Assets Available for Benefits. Administrative expenses or premiums are recorded when incurred. Certain premiums, administrative expenses and claims are paid from the general assets of the Company. However, all premiums and claims are recorded in the accompanying Statement of Changes in Net Assets Available for Benefits, regardless of whether they were paid from Plan assets or from the general assets of the Company.

3. Income Tax Status

The Master Trust funding certain benefits of the Plan received an exemption letter from the Internal Revenue Service (“IRS”) dated January 30, 1980, stating that the Master Trust is tax-exempt under the provisions of Section 501(c)(9) of the Internal Revenue Code (“IRC”) as a Voluntary Employee Beneficiary Association. The Plan and the Master Trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the Master Trust. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related Master Trust is tax-exempt.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of the Plan for any tax periods in progress.

4. Information Certified by Trustee

Certain information related to investments disclosed in the accompanying financial statements, including Plan interest in the Master Trust at December 31, 2024 and 2023, and net investment income from the Master Trust for the year ended December 31, 2024, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Trustee of the Plan.

5. Fair Value Measurements

In conformity with ASC 820, *Fair Value Measurements and Disclosures*, (“ASC 820”), assets and liabilities measured at fair value are categorized according to a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are defined as follows:

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity can access at the measurement date.
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 – Unobservable inputs for the assets or liabilities.

A financial instrument’s categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Money market funds are cash equivalents that are valued at fair value based on the quoted unit value of the funds and included in Level 1 of the fair value hierarchy. Unit values are determined by the investment manager sponsoring such funds by dividing the funds’ net assets at fair value by its units outstanding at the valuation dates. There have been no changes in the methodologies used as of December 31, 2024 and 2023, respectively.

Notes to the Financial Statements

5. Fair Value Measurements (continued)

The method for determining the fair value of the money market funds, as described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Master Trust believes its valuations are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's investment assets and investment liabilities at fair value, as of December 31, 2024 and 2023. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement:

Assets at Master Trust Level				
December 31, 2024				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 468,082	\$ -	\$ -	\$ 468,082
Total assets at fair value	\$ 468,082	\$ -	\$ -	\$ 468,082
December 31, 2023				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 987,429	\$ -	\$ -	\$ 987,429
Total assets at fair value	\$ 987,429	\$ -	\$ -	\$ 987,429

6. Benefit Obligations

The Plan's deficiency of net assets of \$16,487,285 and \$17,799,004 over benefit obligations as of December 31, 2024 and 2023 relate primarily to its postretirement benefit obligations. It is expected that the deficiency will be funded by the Company on a pay-as-you-go-basis.

7. Investment in the Master Trust

The Master Trust was established by the Company for the purpose of investing the assets of the Plan and the S&P Global Inc. Long-Term Disability Plan. Investments of the Plan are held by the Trustee. As of December 31, 2024 and 2023, the Plan's interest in the net assets of the Master Trust was approximately 100%.

The following tables are a summary, at fair value, of the net assets of the Master Trust as of December 31

	2024	
	Master Trust Balances	Plan's Interest in Master Trust Balances
Assets		
Investments		
*Money market fund	\$ 468,082	\$ 466,611

7. Investment in the Master Trust (continued)

Total net investment income for the year ended December 31 of the Master Trust is as follows:

	<u>2024</u>
Interest income	\$ 43,605
UBIT expense	(4,910)
Investment expenses	<u>(1,590)</u>
Net investment income	<u>\$ 37,105</u>

8. General and Administrative Expenses

The Plan has administrative services contracts with the Via Benefits, and Alight Solutions to administer, review and approve claims. In addition, the Plan has an insurance contract with Hartford Financial Services Group, Inc.

Certain administrative expenses of the Plan were paid by the Company. The Company may reimburse the Plan for these expenses at its discretion.

9. Related-Party and Party-in-Interest Transactions

The Master Trust holds units of a money market fund managed by the Trustee. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

During the year ended December 31, 2024, the Company paid approximately \$1,722,952 in professional and administrative fees on behalf of the Plan. These transactions qualify as party-in-interest transactions under ERISA.

Notes to the Financial Statements

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

11. Subsequent Events

Management has evaluated its December 31, 2024 financial statements for subsequent events for the Plan through October 9, 2025, the date the financial statements were available for issuance. Management is not aware of any subsequent events that would require recognition or disclosure in the financial statements.
