## Independent Auditor's Report

The Plan Administrator  
RCB Bank 401(k) Plan  
Claremore, Oklahoma

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of RCB Bank 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of RCB Bank 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of RCB Bank 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about RCB Bank 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of RCB Bank 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about RCB Bank 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### **Supplemental Schedule Required by ERISA**

The supplemental Schedule H, Line 4i-Schedule of Assets Held at End of Year as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# **RCB Bank 401(k) Plan**

## **Notes to Financial Statements**

### **December 31, 2024 and 2023**

#### **Note 1: Description of the Plan**

The following description of RCB Bank 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

##### **General**

The Plan is a defined contribution plan established for the benefit of the employees of RCB Bank (the Company or Plan Sponsor). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company (Fidelity) is the trustee of the Plan. Fidelity Workplace Services, LLC serves as the record-keeper. The Plan is administered by RCB Bank.

##### **Eligibility**

Employees of the Company are eligible for the 401(k) savings feature upon hire. Additionally, employees of the Company who have completed 1,000 hours during 12 months of continuous service (one year of service) and who are employed by the Company on the last day of the plan year are eligible for discretionary matching contributions of the Plan. Employees who have completed one year of service and who are employed on the last day of the plan year are eligible to participate in the discretionary profit-sharing contribution designated by the Company as a nonelective contribution.

##### **Entry Date**

Employees may enter the Plan immediately upon hire.

##### **Contributions**

Each year, participants may make salary deferral contributions in any percentage from 1% to 60% of pretax annual compensation, as defined in the Plan. Employee rollover and employee Roth contributions are also permitted. Participants who have reached the age of 50 prior to the end of the tax year are eligible to make catch up contributions. The Company may make a discretionary matching and/or a qualified matching contribution. For the years ended December 31, 2024 and 2023, the Company elected not to match participant contributions. The Company may also make a discretionary profit-sharing contribution that the Company designates as a nonelective contribution. For the years ended December 31, 2024 and 2023, the Company did not make a discretionary nonelective contribution. The discretionary nonelective contributions, if any, are allocated based on the participant's compensation to total eligible compensation. Contributions are subject to certain limitations.

##### **Participant Investment Account Options**

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

The plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer 6% of eligible compensation unless the participant made an affirmative election otherwise. Deferral rates for automatically enrolled participants are auto-escalated by 1% each year.

# **RCB Bank 401(k) Plan**

## **Notes to Financial Statements**

### **December 31, 2024 and 2023**

#### ***Participant Accounts***

Each participant's account is credited with the participant's contributions, the Company's contributions, and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### ***Vesting***

Participants are immediately vested in their voluntary contributions plus earnings thereon. The portion of participants' accounts attributable to the Company's discretionary contributions becomes 20% vested after two years of credited service, as defined, and continues to vest at the rate of 20% for each successive year of service until 100% vested after six years of service. The nonvested balance is forfeited upon termination of service. Forfeitures are retained in the Plan and will be first used to pay administrative expenses under the Plan as directed by the Company. Any remaining amounts will be allocated to the accounts of eligible participants in the same manner as previously mentioned for nonelective company contributions.

#### ***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at the prevailing interest rate as determined by the plan administrator on a quarterly basis. Principal and interest is paid ratably through payroll deductions. Participants may have a maximum of 1 loan outstanding at any given time, and the maximum repayment period for any loan is 5 years, unless it is for the purchase of a principal residence, in which case the maximum repayment period is 10 years.

#### ***Payment of Benefits***

On termination of service due to death, disability, or retirement, a participant may elect to receive either a partial or lump-sum amount equal to the value of the participant's vested interest in their account or a joint and 75% survivor annuity for certain participants. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a partial or lump-sum distribution. For balances less than \$1,000, the plan automatically makes lump sum distributions directly to participants. In addition, balances between \$1,000 and \$7,000 are eligible for distribution into a qualifying individual retirement account.

Under certain circumstances, participants may be eligible for a hardship withdrawal. The minimum amount of a hardship withdrawal is \$500.

## **Note 2: Summary of Significant Accounting Policies**

#### ***Basis of Accounting***

The accompanying financial statements are prepared on the accrual basis of accounting.

#### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and

# **RCB Bank 401(k) Plan**

## **Notes to Financial Statements**

**December 31, 2024 and 2023**

disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### ***Valuation of Investments and Income Recognition***

Investments held by a defined contribution plan are required to be reported at fair value. Quoted market prices, if available, are used to value investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's interest in the common/collective trust is valued at the NAV of units of the common/collective trust. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest on notes receivable are recorded on an accrual basis. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

### ***Payment of Benefits***

Benefit payments to participants are recorded upon distribution.

### ***Contributions***

Participant contributions are recorded in the year in which the employee contributions are withheld from compensation.

### ***Administrative Expenses***

Administrative expenses may be paid by the Company or the Plan at the Company's discretion. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

**RCB Bank 401(k) Plan**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

**Note 3: Certification of Plan Trustee**

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023
- Investment income (loss) and interest income on notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2024

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information except for comparing such certified investment information to the related information included in the accompanying financial statements and ERISA-required supplemental schedule.

**Note 4: Related-Party and Party-in-Interest Transactions**

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid \$94,830 and \$82,713 of record-keeping fees to Fidelity for the years ended December 31, 2024 and 2023, respectively. The Company provides certain administrative services at no cost to the Plan.

Global Retirement Partners, LLC (Global) acts as an investment advisor to the Plan and is, therefore, considered a party-in-interest. For the years ended December 31, 2024 and 2023, the Plan paid \$30,515 and \$49,646, respectively, in advisory fees to Global.

Wellth Advisory Services, LLC (Wellth) acts as an investment advisor to the Plan and is, therefore, considered a party-in-interest. For the years ended December 31, 2024 and 2023, the Plan paid \$23,184 and \$0, respectively, in advisory fees to Wellth.

# RCB Bank 401(k) Plan

## Notes to Financial Statements

### December 31, 2024 and 2023

Certain fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments as they are paid through revenue-sharing rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations. The Company provides certain administrative services at no cost to the Plan.

#### **Note 5: Disclosures About Fair Value of Plan Assets**

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets, quoted prices in active markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs supported by little or no market activity and significant to the fair value of the assets

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective fund – Valued at fair value based on the NAV of units held of the collective fund. The NAV, as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

**December 31, 2024 and 2023**

**Recurring Measurements**

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<b>2024</b>				
Mutual funds	\$ 31,640,137	\$ 31,640,137	\$ -	\$ -
Total assets in the fair value hierarchy	31,640,137	<u>\$ 31,640,137</u>	<u>                    </u>	<u>                    </u>
Investments measured at NAV (A)	<u>4,494,248</u>			
Investments, fair value	<u>\$ 36,134,385</u>			
<b>2023</b>				
Mutual funds	\$ 26,435,373	\$ 26,435,373	\$ -	\$ -
Total assets in the fair value hierarchy	26,435,373	<u>\$ 26,435,373</u>	<u>                    </u>	<u>                    </u>
Investments measured at NAV (A)	<u>5,024,952</u>			
Investments, fair value	<u>\$ 31,460,325</u>			

A) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy, which included a common/collective trust. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying statements of net assets available for benefits.

***Investments Measured Using the NAV Per Share Practical Expedient***

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<b>Fair Value</b>	<b>Unfunded Commitments</b>	<b>Redemption Frequency</b>	<b>Redemption Notice Period</b>
<b>2024</b>				
Collective investment trusts	\$ 1,994,663	\$ -	Daily	None
Putnam Stable Value Fund	2,499,585	-	Daily	None
	<u>\$ 4,494,248</u>	<u>\$ -</u>		
<b>2023</b>				
Collective investment trusts	\$ 2,507,567	\$ -	Daily	None
Putnam Stable Value Fund	2,517,385	-	Daily	None
	<u>\$ 5,024,952</u>	<u>\$ -</u>		

**Note 6: Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

**Note 7: Tax Status**

The Plan operates under a nonstandardized adoption agreement in connection with a prototype profit-sharing 401(k) plan sponsored by FMR LLC. This prototype plan document has been filed with the appropriate agency. The Plan obtained its latest determination letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC, and therefore, not subject to tax. The Plan has been amended since receiving the determination letter, however, the plan administrator believes the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**RCB Bank 401(k) Plan**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

**Note 8: Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

**Note 9: Transfers**

On January 13, 2023 the Plan allowed participants diversification through a direct plan-to-plan transfer to the RCB Holding Company, Inc. Employee Stock Ownership Plan (the ESOP). The transfer from the Plan to the ESOP totaled \$7,615,366 and concluded in January 2023.

**Note 10: Subsequent Events**

Subsequent events have been evaluated through October 2, 2025, which is the date the financial statements were available to be issued.

## Independent Auditor's Report

The Plan Administrator  
RCB Bank 401(k) Plan  
Claremore, Oklahoma

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of RCB Bank 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of RCB Bank 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of RCB Bank 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about RCB Bank 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of RCB Bank 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about RCB Bank 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### **Supplemental Schedule Required by ERISA**

The supplemental Schedule H, Line 4i-Schedule of Assets Held at End of Year as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# RCB Bank 401(k) Plan

## Notes to Financial Statements

### December 31, 2024 and 2023

#### **Note 1: Description of the Plan**

The following description of RCB Bank 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution plan established for the benefit of the employees of RCB Bank (the Company or Plan Sponsor). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company (Fidelity) is the trustee of the Plan. Fidelity Workplace Services, LLC serves as the record-keeper. The Plan is administered by RCB Bank.

#### **Eligibility**

Employees of the Company are eligible for the 401(k) savings feature upon hire. Additionally, employees of the Company who have completed 1,000 hours during 12 months of continuous service (one year of service) and who are employed by the Company on the last day of the plan year are eligible for discretionary matching contributions of the Plan. Employees who have completed one year of service and who are employed on the last day of the plan year are eligible to participate in the discretionary profit-sharing contribution designated by the Company as a nonelective contribution.

#### **Entry Date**

Employees may enter the Plan immediately upon hire.

#### **Contributions**

Each year, participants may make salary deferral contributions in any percentage from 1% to 60% of pretax annual compensation, as defined in the Plan. Employee rollover and employee Roth contributions are also permitted. Participants who have reached the age of 50 prior to the end of the tax year are eligible to make catch up contributions. The Company may make a discretionary matching and/or a qualified matching contribution. For the years ended December 31, 2024 and 2023, the Company elected not to match participant contributions. The Company may also make a discretionary profit-sharing contribution that the Company designates as a nonelective contribution. For the years ended December 31, 2024 and 2023, the Company did not make a discretionary nonelective contribution. The discretionary nonelective contributions, if any, are allocated based on the participant's compensation to total eligible compensation. Contributions are subject to certain limitations.

#### **Participant Investment Account Options**

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

The plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer 6% of eligible compensation unless the participant made an affirmative election otherwise. Deferral rates for automatically enrolled participants are auto-escalated by 1% each year.

# **RCB Bank 401(k) Plan**

## **Notes to Financial Statements**

### **December 31, 2024 and 2023**

#### ***Participant Accounts***

Each participant's account is credited with the participant's contributions, the Company's contributions, and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### ***Vesting***

Participants are immediately vested in their voluntary contributions plus earnings thereon. The portion of participants' accounts attributable to the Company's discretionary contributions becomes 20% vested after two years of credited service, as defined, and continues to vest at the rate of 20% for each successive year of service until 100% vested after six years of service. The nonvested balance is forfeited upon termination of service. Forfeitures are retained in the Plan and will be first used to pay administrative expenses under the Plan as directed by the Company. Any remaining amounts will be allocated to the accounts of eligible participants in the same manner as previously mentioned for nonelective company contributions.

#### ***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at the prevailing interest rate as determined by the plan administrator on a quarterly basis. Principal and interest is paid ratably through payroll deductions. Participants may have a maximum of 1 loan outstanding at any given time, and the maximum repayment period for any loan is 5 years, unless it is for the purchase of a principal residence, in which case the maximum repayment period is 10 years.

#### ***Payment of Benefits***

On termination of service due to death, disability, or retirement, a participant may elect to receive either a partial or lump-sum amount equal to the value of the participant's vested interest in their account or a joint and 75% survivor annuity for certain participants. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a partial or lump-sum distribution. For balances less than \$1,000, the plan automatically makes lump sum distributions directly to participants. In addition, balances between \$1,000 and \$7,000 are eligible for distribution into a qualifying individual retirement account.

Under certain circumstances, participants may be eligible for a hardship withdrawal. The minimum amount of a hardship withdrawal is \$500.

## **Note 2: Summary of Significant Accounting Policies**

#### ***Basis of Accounting***

The accompanying financial statements are prepared on the accrual basis of accounting.

#### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and

# **RCB Bank 401(k) Plan**

## **Notes to Financial Statements**

**December 31, 2024 and 2023**

disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### ***Valuation of Investments and Income Recognition***

Investments held by a defined contribution plan are required to be reported at fair value. Quoted market prices, if available, are used to value investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's interest in the common/collective trust is valued at the NAV of units of the common/collective trust. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest on notes receivable are recorded on an accrual basis. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

### ***Payment of Benefits***

Benefit payments to participants are recorded upon distribution.

### ***Contributions***

Participant contributions are recorded in the year in which the employee contributions are withheld from compensation.

### ***Administrative Expenses***

Administrative expenses may be paid by the Company or the Plan at the Company's discretion. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

**RCB Bank 401(k) Plan**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

**Note 3: Certification of Plan Trustee**

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023
- Investment income (loss) and interest income on notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2024

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information except for comparing such certified investment information to the related information included in the accompanying financial statements and ERISA-required supplemental schedule.

**Note 4: Related-Party and Party-in-Interest Transactions**

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid \$94,830 and \$82,713 of record-keeping fees to Fidelity for the years ended December 31, 2024 and 2023, respectively. The Company provides certain administrative services at no cost to the Plan.

Global Retirement Partners, LLC (Global) acts as an investment advisor to the Plan and is, therefore, considered a party-in-interest. For the years ended December 31, 2024 and 2023, the Plan paid \$30,515 and \$49,646, respectively, in advisory fees to Global.

Wellth Advisory Services, LLC (Wellth) acts as an investment advisor to the Plan and is, therefore, considered a party-in-interest. For the years ended December 31, 2024 and 2023, the Plan paid \$23,184 and \$0, respectively, in advisory fees to Wellth.

# RCB Bank 401(k) Plan

## Notes to Financial Statements

### December 31, 2024 and 2023

Certain fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments as they are paid through revenue-sharing rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations. The Company provides certain administrative services at no cost to the Plan.

#### **Note 5: Disclosures About Fair Value of Plan Assets**

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets, quoted prices in active markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs supported by little or no market activity and significant to the fair value of the assets

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective fund – Valued at fair value based on the NAV of units held of the collective fund. The NAV, as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

**Recurring Measurements**

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<b>2024</b>				
Mutual funds	\$ 31,640,137	\$ 31,640,137	\$ -	\$ -
Total assets in the fair value hierarchy	31,640,137	<u>\$ 31,640,137</u>	<u>                    </u>	<u>                    </u>
Investments measured at NAV (A)	<u>4,494,248</u>			
Investments, fair value	<u>\$ 36,134,385</u>			
<b>2023</b>				
Mutual funds	\$ 26,435,373	\$ 26,435,373	\$ -	\$ -
Total assets in the fair value hierarchy	26,435,373	<u>\$ 26,435,373</u>	<u>                    </u>	<u>                    </u>
Investments measured at NAV (A)	<u>5,024,952</u>			
Investments, fair value	<u>\$ 31,460,325</u>			

A) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy, which included a common/collective trust. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying statements of net assets available for benefits.

***Investments Measured Using the NAV Per Share Practical Expedient***

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<b>Fair Value</b>	<b>Unfunded Commitments</b>	<b>Redemption Frequency</b>	<b>Redemption Notice Period</b>
<b>2024</b>				
Collective investment trusts	\$ 1,994,663	\$ -	Daily	None
Putnam Stable Value Fund	2,499,585	-	Daily	None
	<u>\$ 4,494,248</u>	<u>\$ -</u>		
<b>2023</b>				
Collective investment trusts	\$ 2,507,567	\$ -	Daily	None
Putnam Stable Value Fund	2,517,385	-	Daily	None
	<u>\$ 5,024,952</u>	<u>\$ -</u>		

**Note 6: Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

**Note 7: Tax Status**

The Plan operates under a nonstandardized adoption agreement in connection with a prototype profit-sharing 401(k) plan sponsored by FMR LLC. This prototype plan document has been filed with the appropriate agency. The Plan obtained its latest determination letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC, and therefore, not subject to tax. The Plan has been amended since receiving the determination letter, however, the plan administrator believes the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**RCB Bank 401(k) Plan**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

**Note 8: Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

**Note 9: Transfers**

On January 13, 2023 the Plan allowed participants diversification through a direct plan-to-plan transfer to the RCB Holding Company, Inc. Employee Stock Ownership Plan (the ESOP). The transfer from the Plan to the ESOP totaled \$7,615,366 and concluded in January 2023.

**Note 10: Subsequent Events**

Subsequent events have been evaluated through October 2, 2025, which is the date the financial statements were available to be issued.
