REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The Participants and Plan Administrator
Temple University Health System, Inc. Defined Contribution Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Temple University Health System, Inc. Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA

The supplemental schedule of assets (held at the end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Defined Contribution Retirement Plan**

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Temple University Health System, Inc. Defined Contribution Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2007 as a defined contribution plan covering certain employees, as defined, of Temple University Health System, Inc. ("TUHS"). Certain employees covered include clerical employees represented for collective bargaining purposes by the Guild of Professional, Technical and Clerical Employees, a division of the National Union of Hospital & Healthcare Employees, registered nurses represented for collective bargaining purposes by the Temple University Hospital Nurses Association/Pennsylvania Association of Staff Nurses and Allied Professionals, laboratory technicians and other technical employees represented for collective bargaining purposes by the Temple University Hospital Allied Health Professionals/Pennsylvania Association of Staff Nurses and Allied Professionals, registered nurses and technical employees represented for collective bargaining purposes by the Health Professionals & Allied Employees, registered nurses covered by the Northeastern Hospital of Philadelphia Nurses Association/Pennsylvania Association of Staff Nurses and Allied Professionals (until June 29, 2009, see below), registered nurses covered by the Jeanes Hospital Nurses Association/Pennsylvania Association of Staff Nurses and Allied Professionals, Temple East, Inc./Northeastern Hospital employees covered for collective bargaining purposes by the National Union of Hospital & Healthcare Employees (until June 29, 2009, see below), mental health workers represented for collective bargaining purposes by the National Union of Hospital & Healthcare Employees, and non-union administrative staff. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Effective July 1, 2019, the Plan was amended to add Temple Faculty Practice Plan as a participating employer and to allow dual-employed faculty to be eligible to participate in the Plan. The Temple Faculty Practice Plan Participants that began participating in the Plan on July 1, 2019 became 100% vested in the Plan.

Effective November 1, 2019, the Plan was amended to reflect those employees who had been employed by Temple University of the Commonwealth System of Higher Education (the "University") and became employed by Temple University Hospital - Episcopal Division in November 2019 became 100% vested in the Plan.

Effective January 1, 2021, staff members of Temple Faculty Physicians employed by the University terminated employment with the University and commenced employment with TUHS or Temple Faculty Practice Plan (the "TFP Staff"). TUHS has adopted an amendment on December 23, 2021 to reflect the TFP Staff's participation in the Plan and provide that they are fully vested in their accounts in the Plan effective January 1, 2021.

Effective August 5, 2022, CHH Community Health, Inc. and Chestnut Hill Clinic Co LLC (nonprofit corporations for which TUHS is a less than 80% equity owner) purchased certain assets of Chestnut Hill Hospital. TUHS will operate the acquired Chestnut Hill Hospital assets while CHH Community Health, Inc. and Chestnut Hill Clinic Co LLC will employ the associated employees. The Plan was amended effective January 1, 2023, to reflect that it will constitute a multiple employer plan within the meaning of Section 413(c) of the Code and to add CHH Community Health, Inc. and Chestnut Hill Clinic Co LLC as Participating Employers to the Plan. Employees of CHH Community Health, Inc. and Chestnut Hill Clinic Co LLC received vesting credit for their service prior to January 1, 2023 and were treated as new employees for purposes of determining contributions to the Plan.

Defined Contribution Retirement Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Effective January 1, 2024, a Participant who was employed by CHH Community Health, Inc. and/or Chestnut Hill Clinic Co LLC on December 31, 2022 and who became an Employee of TUHS on January 1, 2023, had a 100% nonforfeitable interest in his or her Employer Contribution Account. All Participants employed by CHH Community Health, Inc. and/or Chestnut Hill Clinic Co LLC are subject to the vesting schedule set forth in the plan document.

Contributions

Participant deferral contributions are not permitted in the Plan.

TUHS's contributions may be contingent upon employee deferral contributions to the Temple University Health System, Inc. 403(b) Plan. TUHS's contributions range from 2% to 10% and vary depending on the number of years that a participant has actively participated in the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Participants direct the investment of their account balances into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. The recordkeeper of the Plan is Teachers Insurance and Annuity Association of America ("TIAA"). Participants may select from investment options available on the TIAA platform.

Each participant's account is credited with an allocation of TUHS's contribution and investment earnings and is charged with withdrawals and an allocation of investment losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their rollover contributions transferred in from other qualified plans plus actual earnings thereon. Vesting in the TUHS contributions plus actual earnings thereon is based on years of credited service. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants

Notes receivable from participants are not permitted under the Plan.

Payment of Benefits

Upon termination of service, death, disability or retirement, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or through various installment or annuity options available under the Plan. Per IRS regulations, participants are required to take a Required Minimum Distributions ("RMDs") by April 1 of the year following the later of the year they reach age 73 or the year in which they have a severance from employment.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined, represents a forfeiture. Forfeitures can be used to reduce subsequent TUHS contributions or pay reasonable plan administrative expenses. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$399 and \$109,805, respectively. During 2024, \$178,045 of forfeitures were used to reduce TUHS contributions to the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodians. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

ERISA Account

The Plan maintains an "ERISA Account," which represents a suspense account under the Plan that shall be credited all amounts received by the Plan that do not consist of earnings on plan investments or plan contributions and are not especially attributable to identified participant accounts. The ERISA Account can be used to pay expenses incurred in connection with the operation of the Plan. Also, at the sole discretion of TUHS, all amounts remaining in the ERISA Account as of the last day of the Plan year may be allocated to the accounts of participants and beneficiaries who have account balances as of the allocation date. Any allocation will be made on either a per capita or pro-rata basis. The ERISA Account balance was \$113,585 and \$330,482 at December 31, 2024 and 2023, respectively. Amounts totaling \$147,530 were used for administrative expenses for the year ended December 31, 2024. Amounts totaling \$330,482 were allocated to participants for the year ended December 31, 2024.

Administrative Expenses

The Plan's administrative expenses for investment management and Plan Administration are charged directly to the various investment funds. Participants are charged an administrative fee to process distributions from the Plan. Certain expenses are paid by funds from the forfeiture and/or ERISA Account. All other administrative expenses are paid by TUHS.

NOTE C - INVESTMENTS AND INFORMATION CERTIFIED BY CUSTODIANS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and College Retirement Equities Fund ("CREF"), custodians of the Plan, have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate. The certification also extends to those investments, if any, which TIAA Trust, N.A, national trust bank, held as the directed trustee or custodian that were record kept by TIAA for the years ended December 31, 2024 and 2023:

- Investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net investment income and other income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2024.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board, Accounting Standards Codification 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).
- The fair values of accumulation units held by the Plan in registered investment companies held as variable annuity accounts are based on each account's daily net asset value ("NAV"), which is

considered by Plan management to be the best approximation of fair value. Variable annuity accounts are not exchange traded. Data for NAVs are available daily to Plan Administrators and client investors on NASDAQ's website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources.

- The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV, which is considered by Plan management to be the best approximation of fair value. The unit value of the fund is calculated daily and available to Plan Administrators and client investors on NASDAQ's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund has funds available to meet participant redemption, transfer or cash withdrawal requests.
- The fair value of the Plan's interest in the TIAA Traditional Annuity contracts (fixed annuity contracts) is reported at contract value, which approximates fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs (Level 3). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to these investments that could impact the value realized upon exiting the contract. See also Note E for discussion of the TIAA Traditional Annuity. In determining the reasonableness of the methodology, Plan Management evaluates a variety of factors including a review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms, while others are substantiated utilizing available market data.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Unrealized gains/losses from the TIAA Traditional Annuity guaranteed investment contracts are not included in the statement of changes in net assets available for benefits as the contracts are recorded at contract value, which approximates fair value for purposes of the net assets available for benefits.

The Plan's Level 3 assets for the year ended December 31, 2024 included purchases of \$14,509,506. There were no transfers into or out of Level 3 during 2024 and 2023.

The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 at December 31, 2024 and 2023:

Year	Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range*
2024	TIAA Traditional Annuity accounts	\$ 118,056,062	Discounted cash flow	Risk-adjusted discount rate applied	GRA 3.65% - 6.50%
2023	TIAA Traditional Annuity accounts	\$ 112,911,668	Discounted cash flow	Risk-adjusted discount rate applied	GRA 4.00% - 6.75%

* See Note F for definition of the Group Retirement Annuities ("GRA") contract type.

NOTE E - TIAA TRADITIONAL ANNUITY

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered to participants through the individual GRA contract type, which determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. Participants' principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating GRA contracts, the interest rate credited to participants was 5.25% and 6.50% as of December 31, 2024 and 2023, respectively. TIAA, at its discretion, may credit additional interest in any year.

All GRA contracts may be withdrawn in a single lump sum within 120 days of termination of employment; this transaction is subject to a 2.5% surrender charge. Therefore, the GRA contracts are not fully benefit-responsive. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

NOTE F - RELATED PARTY TRANSACTIONS

Certain Plan investments in fixed annuity contracts, registered investment companies, mutual funds and a pooled separate account are managed by TIAA and CREF, the custodians, and recordkeeper and agent for TIAA Trust, N.A. for the year ended December 31, 2024. Certain administrative functions of the Plan are performed by employees of TUHS. No such employee receives compensation from the Plan. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, TUHS has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in TUHS contributions.

NOTE H - TAX STATUS

The Plan has received a determination letter from the IRS dated September 18, 2017 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes that the Plan, as amended, is being operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - SUBSEQUENT EVENTS

Effective January 1, 2025, the annual TUHS contribution for all Dual-Employed Faculty shall be 10% of their Academic Role Compensation, and the minimum employee contribution required under the 403(b) Plan for all Dual- Employed Faculty shall be 4.5% of their Academic Role Compensation, in each case up to the annual compensation limit under Section 401(a)(17) of the Code.

Effective January 1, 2025, no amount may be withdrawn from participant employer contributions from in-service withdrawals prior to separation from service, also a participant may withdrawal up to the total value in their rollover account by submitting a request to the administrative sub-committee, this is applicable to employees who are dually employed by Temple University, Temple Faculty Practice, CHH Community Health, Inc, Chestnut Hill Clinic Co LLC and collective bargaining employees of Fox Chase Cancer Medical Group Inc.

Effective January 1, 2025, a participant who is transferred from Temple Physicians, Inc. to Fair Hill Community Physicians, which is neither a participating employer nor an affiliate during 2025 calendar year shall have a 100% nonforfeitable interest in his or her employer contribution account.

Effective August 19, 2025, TUHS purchased 20% share of Chestnut Hill from Holy Redeemer making TUHS an 80% owner.

Subsequent events have been evaluated through October 10, 2025, which is the date the financial statements were available to be issued. The Plan Administrator is not aware of any other subsequent events, which would require recognition or disclosure in the financial statements.
