the Epstein Becker & Green, P.C. Market Based Cash Balance Pension Plan:**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Epstein Becker & Green, P.C. Market Based Cash Balance Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Epstein Becker & Green, P.C. Market Based Cash Balance Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Epstein Becker & Green, P.C. Market Based Cash Balance Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Epstein Becker & Green, P.C. Market Based Cash Balance Pension Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted accounting standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Epstein Becker & Green, P.C. Market Based Cash Balance Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Epstein Becker & Green, P.C. Market Based Cash Balance Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule of Reportable Transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MARKET BASED CASH BALANCE PENSION PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Epstein Becker & Green, P.C. Market Based Cash Balance Pension Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a non-contributory defined benefit plan which was established January 1, 2023 and provides pension benefits that are determined based on a participant’s earnings and age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Benefits Plan Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investments and monitors investment performance. Transamerica Retirement Advisors, LLC serves as the ERISA 3(38) fiduciary for the Plan effective January 1, 2024.

Eligibility and Vesting

Positions designated by Epstein Becker & Green, P.C. (the “Employer”) as a shareholder, income partner, contract partner, national administrative chief or strategic advisor are eligible to participate in the Plan upon completing two years of service and attaining age 21. Eligible shareholders, partners and employees shall become active participants on January 1 or July 1 following the completion of two years of service. A participant is 100% vested in their account balance as of the earliest date on which a participant attains two years of service, attains normal retirement age of 65 while an employee, or upon death or total disability while employed by the Employer.

Funding Policy

The Plan’s funding policy is for the Employer to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. For the years ended December 31, 2024 and 2023, the Employer made contributions of \$4,768,805 and \$5,035,174, respectively, which both years exceeded the minimum funding requirements of ERISA.

Participant Accounts

A participant’s hypothetical account shall be equal to the sum of base credit and investment return credit allocations.

EPSTEIN BECKER & GREEN, P.C.
MARKET BASED CASH BALANCE PENSION PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts (Continued)

Under the Plan provisions, amounts are credited to the participants' hypothetical accounts. The Plan provides for base credit benefits to accrue annually determined by the age and Plan level of the participant as of January 1 of the Plan year as set forth in the Plan document. As defined in the Plan document, Plan level is based on the eligible participants earnings. The base credit for a Plan year is credited to a participants' account on the first day of the following plan year.

The Plan further provides for an annual investment return credit to be credited to a participant's hypothetical account based on the hypothetical account balance of such participant on January 1 of such Plan year. The annual investment return credit shall be equal to the actual rate of return on the aggregate assets of the Plan, multiplied by the account balance as of January 1st of such Plan year; provided that the investment return credit for a given Plan year never shall exceed a maximum of 6.50% of the account balance as of January 1st of such Plan year. The investment return credit is credited to the participant's account on the last day of the Plan year. For retirements during the plan year following March 1st, the participants account balance will be credited with a partial investment return credit equal to the rate of return calculated up through the last day of the month ending two full months prior to the month that the benefit starting date occurs. The partial investment return credit is limited to the total number of completed calendar months in that plan year up to the benefit starting date multiplied by 0.54%.

Payment of Benefits

Payment of benefits are determined based upon a participant's hypothetical account balance, which is the accumulated value of base credits and investment return credit allocations. Participants are eligible to receive payment of their vested account balance as of the first day of the month following the month after termination of employment, disability or death. Participants may elect to receive their benefit as an annuity or with spousal consent, as a tax-deferred rollover to another qualified plan or as a single lump sum payment. Participants who are age 59 ½ and still employed may elect to receive in-service distributions on March 1 or September 1 of any plan year. A participant's hypothetical account balance continues to grow beyond normal retirement with investment return credits and base credits, if applicable.

The plan is subject to the mandatory distribution rules and distributions must commence no later than April 1 of the year immediately following the later of the year the participant attains age 73 or the participant incurs a severance from service date.

EPSTEIN BECKER & GREEN, P.C.
MARKET BASED CASH BALANCE PENSION PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits (Continued)

If a terminated participant's vested accrued benefit is \$1,000 or less, his or her vested benefit will be distributed in a single lump sum payment. If a lump sum payment is not selected, benefits will be paid in the form of an annuity.

Plan Termination

Although it has not expressed an intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Upon termination or partial termination of the Plan, the rights of each affected Participant to benefits accrued to the date of such termination, to the extent then funded, shall be fully vested and non-forfeitable. Upon such termination or partial termination, the Benefits Plan Committee, after reserving an amount sufficient to pay all expenses and charges, shall allocate (and, upon receiving a notice of sufficiency from the Pension Benefit Guaranty Corporation ("PBGC"), distribute), or, if the Trust is then in existence, shall direct the Trustee to allocate (and, upon receiving a notice of sufficiency from the PBGC, distribute), the assets of the Plan or their proceeds in accordance with the provisions of ERISA. and its related regulations, generally to provide the following benefits in the order indicated:

- a) Annuity benefits that terminated participants or their beneficiaries have been receiving for at least three years or that participants eligible to retire during the three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable or would have been payable during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding the Plan termination.
- b) Other vested benefits insured by the PBGC up to applicable limitations as discussed below.
- c) All other vested benefits.

Certain benefits are insured by the PBGC. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the amount of benefit protection is subject to certain limitations.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. The significant estimates and assumptions for the Plan relate to the actuarial assumptions used in the valuation computation (see Note 3). Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefits Plan Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and custodian. See Note 5 for discussion of fair value measurements.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements.

EPSTEIN BECKER & GREEN, P.C.
MARKET BASED CASH BALANCE PENSION PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service that participants have rendered through the valuation date. Accumulated plan benefits are expected to be paid to: (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included to the extent they are deemed attributable to a participant's service rendered to the valuation date.

The actuarial present value of accumulated plan benefits was calculated by the Plan's independent actuary, and results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant assumptions underlying the actuarial computations used in the January 1, 2024 and 2023 valuation is as follows:

Cash Balance Crediting Interest Rate:	5.00% for 2024 & 6.50% for 2023
Effective Interest Rate:	5.08% for 2024 & 5.24% for 2023
Mortality Basis:	PRI-2012 Employee Tables with the Retiree and Contingent Survivor Tables for annuitants projected forward with Scale MP-2021 for all years. Contingent Survivor Tables are applied following the death of the participant.
Retirement, Withdrawal and Other Demographic Assumptions:	Based on similarly situated plans. Going forward each year experience will be reviewed both in the aggregate and a gain/loss analysis by decrement is performed.
Retirement Rate Assumptions:	All active participants are assumed to retire at the later of age 65 or 1 year of participation service.

EPSTEIN BECKER & GREEN, P.C.
MARKET BASED CASH BALANCE PENSION PLAN

NOTES TO THE FINANCIAL STATEMENTS

**NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS
(CONTINUED)**

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The computations of the actuarial present value of accumulated plan benefits for the plan years ended December 31, 2024 and 2023 were made as of January 1, 2024 and 2023, respectively. Had the valuations been performed as of the respective December 31, there would be no material differences.

Accumulated plan benefits information, as estimated by the Plan's actuary as of the plan year ended December 31, 2024 is as follows:

Vested benefits:	
Active	\$ 4,549,297
Terminated	<u>72,742</u>
Total	<u>\$ 4,622,039</u>

Changes in the actuarial present value of accumulated plan benefits for the plan year ended December 31, 2024 is as follows:

Actuarial present value of accumulated plan benefits,	
beginning of year	\$ -
Increases during the year attributable to:	
Benefits accrued and actuarial experience	<u>4,622,039</u>
Net increase	<u>4,622,039</u>
Actuarial present value of accumulated plan benefits,	
end of year	<u>\$ 4,622,039</u>

For the Plan year ended December 31, 2023, the Plan's valuation date was January 1, 2023, the date the Plan was established. At that date, the Plan did not have an accumulated plan benefit.

MARKET BASED CASH BALANCE PENSION PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 - CERTIFIED INVESTMENT INFORMATION

Certain information in the accompanying financial statements and ERISA-required supplemental schedules related to investments held at December 31, 2024 and 2023, and dividend income for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information prepared by Transamerica Retirement Solutions, LLC, the record keeper, which is certified as complete and accurate by State Street Bank and Trust Company, a qualified institution.

NOTE 5 - FAIR VALUE MEASUREMENTS (UNAUDITED)

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

EPSTEIN BECKER & GREEN, P.C.
MARKET BASED CASH BALANCE PENSION PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. In evaluating the level at which the Plan’s investments have been classified, the Plan has assessed factors including, but not limited to price transparency, the ability to redeem at net asset value (“NAV”) at the year-end and the existence or absence of certain restrictions at year-end.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual fund: Valued at the daily closing price as reported by the fund. The mutual fund held by the Plan is an open-ended mutual fund that is registered with the U.S. Securities and Exchange Commission. The fund is required to publish its daily NAV and to transact at that price. The mutual fund held by the Plan is deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investment at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<u>2024</u>	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual fund	<u>\$ 9,688,599</u>	<u>\$ 9,688,599</u>	<u>\$ -</u>	<u>\$ -</u>
Total investments at fair value	<u>\$ 9,688,599</u>	<u>\$ 9,688,599</u>	<u>\$ -</u>	<u>\$ -</u>
<u>2023</u>	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual fund	<u>\$ 4,716,078</u>	<u>\$ 4,716,078</u>	<u>\$ -</u>	<u>\$ -</u>
Total investments at fair value	<u>\$ 4,716,078</u>	<u>\$ 4,716,078</u>	<u>\$ -</u>	<u>\$ -</u>

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Transamerica Retirement Advisors, LLC is the ERISA 3(38) investment manager and Transamerica Retirement Solutions, LLC is the recordkeeper for the Plan, therefore, these transactions qualify as party in interest transactions.

NOTE 7 - TAX STATUS

The Internal Revenue Service (“IRS”) has determined and informed the Employer by a letter dated February 10, 2025, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). The Plan Administrator/Employer believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator/Employer has analyzed potential tax positions, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require adjustment to or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

Plan contributions are made and the actuarial present value of accumulated Plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to changes. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 9 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 9, 2025, which is the date the financial statements were available to be issued.

A ACTUARIAL COST METHOD

The actuarial cost method used to determine the target normal cost, target liability and required contribution amounts for the plan is the Traditional Unit Credit Actuarial Cost Method. Under this method, both the target normal cost and target liability are based on the annual accrual of benefits as accruals occur each year.

The target liability for each active plan participant is equal to the actuarial present value of the participant's accrued benefit as of the valuation date. The total target liability of the plan is equal to the sum of such liabilities as determined for each active participant plus the actuarial present value of benefits being paid, or due to be paid, to retirees, beneficiaries and former participants with deferred vested benefits.

The target normal cost for each active participant is equal to the actuarial present value of the benefit expected to be earned during the year starting on the valuation date. The total target normal cost of the plan is the sum of the target normal costs for each active plan participant.

All employees who are plan participants on a valuation date are included in the actuarial valuation.

B ASSET VALUATION METHOD

The actuarial value of assets is equal to the market value of assets on the valuation date.

A ACTUARIAL COST METHOD

The actuarial cost method used to determine the target normal cost, target liability and required contribution amounts for the plan is the Traditional Unit Credit Actuarial Cost Method. Under this method, both the target normal cost and target liability are based on the annual accrual of benefits as accruals occur each year.

The target liability for each active plan participant is equal to the actuarial present value of the participant's accrued benefit as of the valuation date. The total target liability of the plan is equal to the sum of such liabilities as determined for each active participant plus the actuarial present value of benefits being paid, or due to be paid, to retirees, beneficiaries and former participants with deferred vested benefits.

The target normal cost for each active participant is equal to the actuarial present value of the benefit expected to be earned during the year starting on the valuation date. The total target normal cost of the plan is the sum of the target normal costs for each active plan participant.

All employees who are plan participants on a valuation date are included in the actuarial valuation.

B ASSET VALUATION METHOD

The actuarial value of assets is equal to the market value of assets on the valuation date.

Plan Type Active, ongoing cash balance plan.

Effective Date January 1, 2023.

Eligibility An employee enters the plan on the earlier of January 1 or July 1 following the date the employee attained a period of service of at least two years if the period of service is attained on or after the date in which the employee holds an eligible position. An Eligible Position is designated by the Firm as Shareholder, Income Partner, Contract Partner, Strategic Advisor, or National Administrative Chief.

Years of Service An employee earns years of Service for their period of employment (“elapsed time”) beginning on the date in which they first render an hour of service.

Vesting A participant is 100% vested in their Account Balance after two years of Service, upon death or total disability while employed by the Firm or, if earlier, upon attainment of Normal Retirement Age while employed.

Account Balance A hypothetical account equal to the sum of Base Credits and Investment Return Credits. The Account Balance will not be less than the sum of the Base Credits for the participant.

Base Credits Base Credits are determined by the age and Plan Level of a Participant as of January 1st of the Plan Year. The Base Credit amounts are described in Exhibit A of the plan document.

A sample of the Base Credits at select ages are as follows:

Age	Level 1	Level 2	Level 3	Level 4	Level 5	Level 6	Level 7	Level 8	Level 9

<u>Investment Return Credits</u>	Equal to the actual rate of return on plan assets for the Plan Year multiplied by the Account Balance as of the January 1st of that year. The Investment Return Credit for the year shall not exceed a maximum of 6.5% of the Account Balance. For retirements during the plan year following March 1 st , your Account Balance will be credited (or debited) with a partial Investment Return Credit equal to the rate of return calculated up through the last day of the month ending two full months prior to the month that the Benefit Starting Date occurs. The partial Investment Return Credit is limited to the total number of completed calendar months in that Plan Year up to the Benefit Starting Date multiplied by 0.54%.
<u>Plan Level</u>	Each eligible employee will be assigned their Plan Level as of January 1st for the Plan Year.
<u>Normal Retirement</u>	First of the month coincident with, or immediately following the attainment of age 65.
<u>Early Retirement</u>	Eligible to receive the Account Balance when the participant is 100% vested.
<u>Late Retirement</u>	A participant's Account Balance continues to grow beyond Normal Retirement with Investment Return Credits and Base Credits (if applicable).
<u>Disability</u>	No disability benefits are payable under this plan.
<u>Pre-Retirement Death Benefit</u>	The benefit paid to a surviving spouse or beneficiary is equal to a lump sum of the Account Balance or a life annuity based on the actuarial equivalent of the Account Balance under the beneficiary's age at the benefit commencement date.
<u>Forms of Payment</u>	For married participants – 50% Joint and Survivor. For unmarried participants – Life Annuity.
<u>Optional Forms of Payment</u>	Lump Sum Life Annuity 50% Joint & Survivor 75% Joint & Survivor
<u>Actuarial Equivalence</u>	3.50% interest rate and mortality table applicable to the 417(e)(3) regulations.
<u>Benefits Not Included</u>	None to our knowledge.
