Report of Independent Auditor

To the Plan Administrator
TMF Health Quality Institute 401(k) Retirement Savings Plan
Austin, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of TMF Health Quality Institute 401(k) Retirement Savings Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TMF HEALTH QUALITY INSTITUTE 401(k) RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1—Description of the Plan

The following description of the TMF Health Quality Institute 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General – The Plan is a defined-contribution profit-sharing plan with 401(k) option covering substantially all employees of TMF Health Quality Institute (the “Plan Sponsor”, “Plan Administrator”, or “Company”). Under the terms of the Plan Document, employees of C2C Innovation Solutions, Inc., C2C Solutions, Inc., and TMF Foundation are also eligible to participate in the Plan. Effective August 15, 2025, employees of C2C Global Solutions, Inc. will also be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the Internal Revenue Code (“IRC”).

Eligibility – Employees are eligible to participate in the Plan immediately on the first day of employment. Independent contractors and Puerto Rican residents are not eligible to participate in the Plan.

Administration – The Plan Sponsor is the administrator of the Plan. As administrator, the Plan Sponsor has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the Trustee). The Trustee and qualified institution of the Plan is Fidelity Management Trust Company. SWBC Investment Advisors, LLC is the Plan’s investment advisor.

Participants’ Contributions – All newly eligible employees are automatically enrolled in the Plan with an initial deferral percentage of 2% on a pre-tax basis, which automatically increases by 1% annually up to a maximum of 15%, unless the employee elects to opt out of automatically increasing their contributions to the Plan or change the deferral percentage in the future. Eligible employees have the option to contribute either pre-tax and/or post-tax (Roth) deferral contributions. A participant may authorize the Company to withhold up to 75% of his or her eligible compensation for pre-tax or Roth deferral contributions, not to exceed the annual limit established by the IRC (\$23,000 for 2024). A participant’s pre-tax and Roth deferrals will be separately accounted for, as will gains and losses attributable to each. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (\$7,500 for 2024). Participants who have a balance in another qualified employee-benefit plan, as described in the Plan Document, may transfer or rollover the lump-sum values of their account directly into the Plan, provided it meets the requirements of the IRC.

Company Contributions – The Company makes a safe harbor employer-matching contribution in an amount equal to 200% of the first 2% of contributed compensation. In 2024, safe harbor matching contributions totaled \$1,916,012. During the year ended December 31, 2024, the Company also made a discretionary non-elective employer contribution equal to 4% of eligible compensation, in the amount of \$1,746,867.

Participant Directed Investments – Participants direct the investment of their contributions and the Plan Sponsor contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and common/collective trusts as investment options for participants. Participants may change their investment options at any time. There are no non-participant directed investments as December 31, 2024 or 2023.

Participant Accounts – Each participant’s account is credited with the participant’s contributions and an allocation of the Company’s contributions and Plan earnings (losses). Allocations of earnings (losses) are based on participant earnings (losses) or account balances, as defined by the Plan. Distributions and allocation of expenses are charged to participant accounts, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

TMF HEALTH QUALITY INSTITUTE 401(k) RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1—Description of the Plan (continued)

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 less the highest outstanding notes receivable balance over the prior 12 months or 50% of their vested account balance reduced by any outstanding notes receivable balance, whichever is less. Participant notes receivable are secured by the balance in the participant’s account and bear interest at rates ranging from 4.25% to 9.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Participants may have up to two loans outstanding at a time. Principal and interest are paid ratably through regular payroll deductions over a period generally not to exceed five years unless it is for the purchase of a participant’s principal residence in which case the loan repayment period may not extend beyond 10 years from the date of the loan. If a participant defaults on the loan, the outstanding loan balance plus accumulated interest is deemed a distribution and reported as income to the participant, subject to early withdrawal penalty. If a participant with an outstanding loan balance terminates employment, the outstanding principal and accrued interest will not be immediately due and payable but will continue to be payable in accordance with the provisions of the loan note.

Vesting – Participants are immediately vested in their voluntary and safe harbor employer-matching contributions plus actual earnings thereon. Vesting in the Company’s discretionary non-elective employer contributions plus actual earnings thereon is based on years of credited service. A year of service is credited on each anniversary of a participant’s employment with the Company. Participants also become fully vested upon attainment of normal retirement age or upon termination of employment due to disability or death. Participants are 100% vested after six years of credited service as summarized as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Payment of Benefits – Upon attainment of age 59½, death, disability, retirement, or termination of employment, a participant may elect to receive a lump sum payment equal to the participant’s vested account balance. For terminated participants’ account balances that are less than \$1,000, the Plan Administrator may distribute the entire amount in a lump sum without the participant’s consent. For terminated participants’ account balances that are at least \$1,000 but less than \$5,000, the Plan Administrator may transfer the entire amount into an individual retirement account without the participant’s consent. If the terminating participant’s account balance exceeds \$5,000, the participant may choose to keep the funds in the Plan, request a direct rollover to another qualified plan, or take a distribution (with consent of the participant’s spouse, if applicable).

A participant is required to begin taking minimum distributions no later than April 1 of the calendar year following the calendar year the participant turns 72 or terminates employment, whichever is later.

Forfeited Accounts – Forfeitures by participants of unvested employer contributions are first used to pay Plan administrative expenses and then to reduce future employer contributions. Forfeitures of \$52,654 were utilized to pay Plan administrative expenses during the year ended December 31, 2024, and forfeitures of \$381,008 were utilized to reduce employer contributions during the year ended December 31, 2024. The forfeiture balance was \$145 and \$2,842 on December 31, 2024 and 2023, respectively.

TMF HEALTH QUALITY INSTITUTE 401(k) RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1—Description of the Plan (continued)

Distributions During Employment – As a general rule, a participant’s contributions will remain in the Plan as long as the participant remains employed by the Company. The Plan allows for in-service withdrawals at age 59½ and for certain immediate and heavy financial needs (hardship) as defined by the Plan Document. The following are the only financial needs considered immediate and heavy:

- Medical expenses,
- Purchase of a principal residence,
- Post-secondary education for participant or their dependents,
- To prevent eviction from or foreclosure on the participant’s principal residence,
- Payments for funeral services of immediate family members, or
- Expenses for repair to primary residence which qualify for the casualty deduction under the IRC.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Investment Valuation – Investments are typically reflected in the accompanying statements of net assets available for benefits at their fair values. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value at December 31, 2024 and 2023, as determined by the Trustee, is based primarily on the quoted market prices of the underlying securities or net asset value (“NAV”).

Income Recognition – The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned daily and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the Plan’s management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Such estimates include those regarding the fair value of investments. Actual results could differ from those estimates.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan Document. During the year ended December 31, 2024, \$128,688 was recorded as interest income on notes receivable from participants.

Payment of Benefits – Benefits are recorded as deductions from the net assets when paid.

Administrative Expenses – Expenses paid by the Plan include third party administration fees and investment fees. Investment related expenses are included in the net appreciation or net depreciation of the fair value of investments. Certain expenses of operating and maintaining the Plan have been paid by the Company and, accordingly, are not reflected in the accompanying financial statements of the Plan. In the event the Plan Sponsor does not continue to pay the Plan expenses, the Plan expenses will be paid by and charged to participant accounts on a per capita flat dollar amount, as defined by the Plan.

TMF HEALTH QUALITY INSTITUTE 401(k) RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 3—Information prepared and certified by the qualified institution (unaudited)

The Plan Administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee and qualified institution of the Plan, has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule:

- Investments, at fair value, and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2024.

The Plan's independent auditor did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 4—Fair value measurements

U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The framework for measuring fair value provides a fair value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The three levels of the fair value hierarchy that may be used to measure fair value are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Mutual Funds – These investments are public investment vehicles valued using NAV provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

TMF HEALTH QUALITY INSTITUTE 401(k) RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 4—Fair value measurements (continued)

Common/Collective Trust – Investments in the common and collective trust are stated at estimated fair values, which have been determined based on the unit values of the funds. Unit values are determined by the organization sponsoring such funds by dividing the funds’ net assets at fair value by its units outstanding at each valuation date. As there is no readily determinable fair value and the trust is valued at NAV as a practical expedient, it is shown outside the fair value hierarchy.

The Plan believes its valuation methods are appropriate and consistent with those of other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31:

	2024			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Mutual funds	\$ 74,577,685	\$ -	\$ -	\$ 74,577,685
Common/collective trust measured at NAV (*)				2,636,203
Total investments, at fair value				<u>\$ 77,213,888</u>
	2023			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Mutual funds	\$ 63,814,180	\$ -	\$ -	\$ 63,814,180
Common/collective trust measured at NAV (*)				2,078,983
Total investments, at fair value				<u>\$ 65,893,163</u>

(*) In accordance with ASC Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

TMF HEALTH QUALITY INSTITUTE 401(k) RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 4—Fair value measurements (continued)

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

	December 31, 2024			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust	\$ 2,636,203	N/A	Daily	N/A

	December 31, 2023			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust	\$ 2,078,983	N/A	Daily	N/A

The Plan holds an investment in the Fidelity Managed Income Portfolio Class 1 Fund (“MIP I Fund”). This fund is a common/collective trust fund with underlying investments in investment contracts that carry a “benefit responsiveness” feature, which, among other things, guarantees that participant-initiated withdrawals from the fund will be covered at contract value. As there is not a separate and distinct contract between the benefit-responsive investments and the Plan, the investment is not considered fully benefit responsive to the Plan and thus is carried at fair value rather than contract value in the financial statements. The MIP I Fund is managed by the Fidelity Management Trust Company (FMTC). MIP I Fund units are issued and redeemed daily at the MIP I Fund’s constant NAV of \$1 per unit. The Fund’s investment objective is stability of principal and high current income. The Fund pursues this investment objective by investing primarily in guaranteed investment contracts (GIC), fixed income securities, money market mutual funds, and other stable value products that can be carried at contract value. The MIP I Fund may invest in derivative instruments, including futures contracts, option contracts, and swap agreements. It is the policy of the MIP I Fund to use its best efforts to maintain a stable NAV of \$1 per unit; although there is no guarantee that the MIP I Fund will be able to maintain this value. MIP I Fund’s trust agreement provides that withdrawals for purposes other than normal benefit payments, participant loans, direct transfers, or paying Trustee fees may require advance notice of up to 12 months.

Note 5—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the financial statements and supplemental schedule.

Note 6—Party-in interest transactions

Party-in-interest transactions are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company, and certain others. Certain members of the Company’s management perform administrative and fiduciary duties for the Plan without compensation, that qualify them as parties-in-interest and/or related parties of the Plan. Transactions between such members of management and the Plan were routine in nature and conducted pursuant to the Plan’s provisions as of and during the year ended December 31, 2024. The Plan pays both direct and indirect fees to the Trustee for investment management services.

TMF HEALTH QUALITY INSTITUTE 401(k) RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 6—Party-in interest transactions (continued)

The Plan allows loans to participants which qualify as party-in-interest transactions but are exempt from the prohibited transaction rules. At December 31, 2024 and 2023, the Plan had \$2,006,769 and \$1,594,283, respectively, in participation loans.

Note 7—Income tax status

The Company adopted a volume submitter profit-sharing/401(k) plan provided by Fidelity Management and Research Company. The volume submitter plan received a favorable opinion letter from the IRS in June 30, 2020 which stated that the volume submitter plan is designed in accordance with applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has not received a determination letter specific to the Plan itself, however, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan also has no income subject to unrelated business income tax and, therefore, continues to be tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all remaining participants will become 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.

Note 9—Subsequent events

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated all events through October 10, 2025, the date these financial statements were available to be issued. The Plan was amended subsequent to year as noted in Note 1.
