INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Sankyo Holdings, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sankyo Holdings, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

SANKYO HOLDINGS, INC.
401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Sankyo Holdings, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

On September 1, 1993, Clearfreight Inc. (“Clearfreight”) established the Plan as a defined contribution and profit sharing retirement plan, qualifying under Section 401(k) of the Internal Revenue Code (“IRC”). The Plan covered eligible employees of Clearfreight Inc. and was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective January 1, 2010, the Plan’s sponsor was changed to Sankyo Holdings Inc. (“SHI”, the primary shareholder of Clearfreight). SHI affiliates who have adopted the Plan include Clearfreight and Globberunners Inc. (all collectively the “Employer” or “Company”). Two SHI officers serve as trustees of the Plan. The Plan has been amended and restated throughout the years to comply with tax legislation and most recently restated effective July 1, 2022.

Administration

The Plan is administered by the Employer. Delaware Charter Guarantee and Trust Company, DBA Principal Trust Company, (“Principal”), is the Plan’s custodian and recordkeeper.

Eligibility

All employees, with certain exceptions, of the Employer are eligible to participate in the salary deferral portion of the Plan. There is no service requirement to enter this portion of the Plan. The entry date is the same date that an eligible employee is hired.

All employees, with certain exceptions, of the Employer who have one year of service, in which they have worked at least 1,000 hours, are eligible to participate in the Employer contribution portion of the Plan.

The Plan excludes any employees who are union employees, non-resident aliens, merger and acquisition employees during the statutory exclusion period, leased employees, classified as other than common law employees, and international trainees. The Plan was amended effective January 1, 2024 to exclude temporary/seasonal employees from the ineligible classes of employees in the salary deferral and the Employer contribution portion of the Plan.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Contributions

The Plan provides for automatic enrollment with respect to certain covered participants to defer 6% of their eligible compensation into the Plan, unless the participant elects a different percentage, including zero. The Plan has an automatic increase feature whereby the contribution percentage is increased by 1% per year up to a maximum contribution percentage of 10%, unless the participant elects to change or stop the contribution. Effective January 1, 2025, the Plan has been amended such that the contribution percentage is increased by 1% per year up to a maximum contribution percentage of 12%, unless the participant elects to change or stop the contribution. Participants may elect to contribute up to a maximum of the lesser of 100% of eligible compensation or, as limited by Section 402(g) of the IRC, \$23,000 in 2024. Eligible employees may also rollover distributions from eligible retirement plans pursuant to the terms of the Plan. Participants are also permitted to contribute after-tax dollars as a Roth elective deferral. The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year are eligible to also make a catch-up contribution of up to \$7,500 in 2024.

Employer Contributions

The Company may make discretionary matching contributions. In addition, the Company may make nonelective contributions to the Plan for any plan year. Nonelective contributions can be safe harbor nonelective, non-safe harbor nonelective contributions, or both. Generally, the safe harbor nonelective contribution, if made, will be in an amount equal to at least 3% of each eligible participant's compensation; for 2024, the Company made safe harbor nonelective contributions equal to 3% of each eligible participant's compensation. In addition, the Company, at its discretion, may make additional contributions during the year. In total, Company contributions amounted to \$877,139 for the year ended December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions, and any employer contributions, into various investment options offered by the Plan. The Plan currently offers registered investment companies and one guaranteed investment as investment options. Participants may change their investment options at any time via Principal website.

SANKYO HOLDINGS, INC.
401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their contributions, the Company's nonelective contributions, and the actual earnings on these contributions. Participants become vested in the Company's discretionary matching contributions and related investment earnings/appreciation or depreciation based on years of service as follows:

<u>Completed Years of Service</u>	<u>Vested Percentage</u>
Less than one	0%
One	33%
Two	67%
Three or more	100%

Forfeitures

Upon termination of employment, the non-vested portion of the participant's account will be forfeited. Forfeitures are retained in the Plan and used for payment of administrative fees, restoring accounts, and/or reduction of future Employer contributions. Administrative fees were reduced by \$3,104 for the year ended December 31, 2024. At December 31, 2024 and 2023, there were no forfeited non-vested balances.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum of the lesser of one half of the participant's vested account balance, or \$50,000, reduced by the highest outstanding aggregate loan balance in the account during the prior 1-year period. The interest rate used will be set at one percentage point higher than the prime lending rate as posted in the *Wall Street Journal* when the loan is made. The participant is allowed one loan outstanding at a time. Loan payments are made through payroll deductions on at least a quarterly basis, typically over a period of five years. Each loan must be secured with an irrevocable pledge and assignment of the participant's vested interest. Outstanding notes receivable at December 31, 2024 and 2023 carry interest rates ranging from 4.25% to 9.50% and mature through 2029.

Payment of Benefits

Withdrawals are permissible upon participant's reaching age 59½, termination of employment, death, disability, retirement, or certain financial hardships. Vested benefits due to the participant or, in the event of death, to the participant's beneficiaries, in most events will be distributed in a lump-sum, installments or can be rolled over into another qualified retirement plan. Upon termination of employment and unless otherwise elected by the participant, the Plan allows for the automatic distribution of vested benefits of \$1,000 or less, unless otherwise elected; if vested benefits are between \$1,000 and \$5,000, the funds will be rolled over into an IRA selected by the Plan Administrator, unless otherwise elected.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate, discontinue making contributions to, amend, or modify the Plan at any time. In the event of a termination of the Plan, all participants will become fully vested in their accounts.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Valuation of Investments and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is stated at contract value). Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are to be recorded at their unpaid principal balances, plus any accrued interest. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. In the event of a default, the Plan Administrator will deem the loan balance to be a distribution to the participant based upon the terms of the Plan document.

SANKYO HOLDINGS, INC.
401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 – INFORMATION CERTIFIED BY THE CUSTODIAN

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Principal, the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	<u>December 31,</u>	
	<u>2024</u>	<u>2023</u>
Investments, at fair value:		
Registered investment companies	\$ 58,504,398	\$ 52,251,197
Investment, at contract value:		
Guaranteed investment contract	2,337,973	2,858,111

Principal also certified to the completeness and accuracy of \$6,727,898 of net appreciation in fair value of investments, \$1,009,862 of interest and dividend income, and other income of \$12,344 related to the aforementioned Plan assets for the year ended December 31, 2024.

NOTE 4 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value valuation hierarchy under the standard are described below:

SANKYO HOLDINGS, INC.
401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

<i>Registered investment companies:</i>	Valued at the daily closing price, as reported by the fund. Registered investment companies held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.
---	---

The method described above may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

SANKYO HOLDINGS, INC.
401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2024 and 2023:

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$58,504,398	\$ -	\$ -	\$58,504,398
Total assets in fair value hierarchy	\$58,504,398	\$ -	\$ -	\$58,504,398
	Investments at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$52,251,197	\$ -	\$ -	\$52,251,197
Total assets in fair value hierarchy	\$52,251,197	\$ -	\$ -	\$52,251,197

NOTE 5 – INVESTMENT CONTRACT WITH PRINCIPAL

As of December 31, 2024 and 2023, the Plan maintained one guaranteed investment contract-related investment option, the Principal Fixed Income Guaranteed Option. The contract underlying this investment option is considered to be fully benefit responsive in accordance with U.S. GAAP. Contract value is the relevant measurement attribute for that portion of the Plan’s net assets available for benefits. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion of, their investments at contract value. There are no valuation reserves related to credit risk recorded to adjust the contract value. Currently, the crediting interest rate is reset on a semiannual basis and will never be less than the guaranteed minimum interest rate. Crediting interest rate was 1.55% as of December 31, 2024 and 2023.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the Plan’s failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code, (2) premature termination of the contract, (3) Plan termination or merger, (4) changes to the Plan’s prohibition on competing investment options or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan’s normal operations. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan’s ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan’s investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation and (4) a material amendment to the agreement without the consent of the issuer.

SANKYO HOLDINGS, INC.
401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 6 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Principal. The Plan also has an investment in a guaranteed investment contract, which is part of, and supported by, the general assets of Principal. Principal is currently the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid directly by the Plan for administrative and management services was \$77,836 for the year ended December 31, 2024.

NOTE 7 – INCOME TAX STATUS

The Plan has adopted a non-standardized pre-approved plan document with an Internal Revenue Service (IRS) opinion letter dated June 30, 2020 which states the document, as then designed, is in compliance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan's management has not identified any uncertain tax positions that would require recognition of a liability or asset or disclosure as of December 31, 2024 and 2023. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 5, 2025, the date the financial statements were available to be issued.
