## **Report of Independent Auditors**

The Plan Administrative Committee of  
TRA-MINW, P.S. 401(k) Profit Sharing Plan & Trust

### **Report on the Audit of the Financial Statements**

#### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of TRA-MINW, P.S. 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of TRA-MINW, P.S. 401(k) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

#### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of TRA-MINW, P.S. 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TRA-MINW, P.S. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TRA-MINW, P.S. 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TRA-MINW, P.S. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter***

##### *Supplemental Schedule Required by ERISA*

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# TRA-MINW, P.S. 401(k) Profit Sharing Plan & Trust

## Notes to Financial Statements

---

### Note 1 – Description of Plan

The following description of the TRA-MINW, P.S. 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

**General** – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of TRA-MINW, P.S. (the Company), and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan's sponsor and serves as Plan administrator.

**Eligibility** – The Plan covers all employees except non-resident aliens, independent contractors, and leased employees. Employees of the Company are eligible to participate in the Plan immediately upon hire with no minimum age requirement. Participants must complete at least 1,000 hours of service during the Plan year, and be employed as of the last day of the Plan year, to be eligible to receive any employer paid matching and profit sharing contributions.

### Contributions

*Participant contributions* – Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

*Employer match and profit-sharing contributions* – The Company may elect to make discretionary matching and profit-sharing contributions to the Plan. The Company matches 50% of employee contributions, up to 6% of eligible compensation deferred to the Plan. Profit sharing contributions are allocated to each class of participants in the same proportion as a participant's compensation bears to the total of all participants' compensation within the classification. With limited exceptions, participants must complete 1,000 hours of service during a Plan Year in order to share in the allocation of employer match and/or profit-sharing contributions, if any, for that Plan year. For the year ended December 31, 2024, the Company made \$1,951,898 in profit sharing and \$1,242,597 in employer match contributions to the Plan.

*Employer safe harbor* – The Company also makes safe harbor contributions equal to 3% of the participant's eligible compensation, regardless of the employee's hours of service or employment on the last day of the plan year. The safe harbor contribution for the year ended December 31, 2024, was \$1,717,034.

Contributions are subject to regulatory limitations.

**Participant accounts** – Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contributions, safe harbor contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

## TRA-MINW, P.S. 401(k) Profit Sharing Plan & Trust

### Notes to Financial Statements

---

**Vesting** – Participants are vested immediately in their contributions plus actual earnings thereon. In addition, participants are 100% vested in employer match, profit sharing, and safe harbor contributions at the time of contribution. Employees of the Company are eligible to participate in the Plan immediately upon hire with no minimum age requirement.

**Notes receivable from participants** – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed ten years. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. As of December 31, 2024, the rates of interest on outstanding loans ranged from 4.25% to 10.50%, with various maturities through March 2035.

**Payment of benefits** – On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Terminated participants with balances less than \$1,000 will receive an automatic cash distribution.

#### **Note 2 – Summary of Significant Accounting Policies**

**Basis of accounting** – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

**Use of estimates** – The preparation of financial statements in accordance with GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Investment valuation** – The investments are reported at fair value. If available, quoted market prices are used to value investments. Certain investment fair values are certified by a custodian, see Note 6.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

**Income recognition** – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

**Contributions** – Contributions from participants and corresponding matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

## TRA-MINW, P.S. 401(k) Profit Sharing Plan & Trust

### Notes to Financial Statements

---

**Notes receivable from participants** – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan agreement.

**Payment of benefits** – Benefits are recorded when paid.

**Expenses** – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses paid by the Plan may include notes receivable and distribution fees charged to participants' accounts and administrative Plan fees. Investment related expenses are included in net appreciation in fair value of investments.

**Subsequent events** – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 10, 2025, which is the date the financial statements were available to be issued.

### **Note 3 – Fair Value Measurements**

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

## TRA-MINW, P.S. 401(k) Profit Sharing Plan & Trust

### Notes to Financial Statements

---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

*Registered investment companies (mutual funds)* – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

*Self-directed brokerage accounts* – Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices or privately held company stocks that are valued based on unobservable inputs. If quoted market prices are not available for the specific investment, then fair values are estimated by using the equity method without readily determinable values and such investments are classified within level 3 of the valuation hierarchy.

*Collective trust* – Units held in collective trusts (CTs) are valued using the net asset value practical expedient (NAV practical expedient) of the CTs as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CTs, minus its liabilities, and then divided by the number of units outstanding. CTs may be traded daily by participant direction without restriction.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no changes in the fair value of the Plan's Level 3 investments for the years ended December 31, 2024 and 2023. For the year ended December 31, 2024 and 2023, there were no transfers into or out of Level 3 of the fair value hierarchy.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The Plan administrator evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

#### Quantitative information about significant unobservable inputs used in Level 3 fair value

**measurements** – The following table presents the Plan's Level 3 investments, the valuation techniques used to measure the fair value of those instruments as of December 31, 2024 and 2023, and the significant unobservable inputs and ranges of values for those inputs:

Name	Fair Value 12/31/2024	Fair Value 12/31/2023	Valuation Technique	Unobservable Inputs	Range of Input Values/ (Weighted Avg)
Privately held company stocks	\$ 481,432	\$ 487,051	Equity method without readily determinable fair values	Cost less impairment plus or minus price changes	N/A

### Notes to Financial Statements

---

#### Note 4 – Tax Status

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statements of net assets available for benefits.

#### Note 6 – Certified Investment Information

The following information related to investments was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, a qualified institution:

	<u>2024</u>	<u>2023</u>
Investments	\$ 122,747,560	\$ 101,190,666
Cash	1,738	287
Net appreciation in fair value of investments	11,795,247	12,455,357
Dividends and interest	2,672,958	2,149,159

#### Note 7 – Party-in-Interest Transactions

The Plan paid expenses related to the Plan's operations and investment management to various service providers. Certain Plan investments are managed by Charles Schwab. Charles Schwab Trust Bank is the custodian of the Plan and an affiliate of Charles Schwab and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.

The Plan's records are maintained by Northwest Plan Services, third party administrator of the Plan (TPA). Transactions executed with the TPA qualify as party-in-interest transactions.

#### **Note 8 – Plan Termination**

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA.

#### **Note 9 – Reconciliation to Form 5500**

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.
