Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of MidAmerican Energy Company Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of MidAmerican Energy Company Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MidAmerican Energy Company Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MidAmerican Energy Company Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Employee Benefits Plans Administrative Committee
MidAmerican Energy Company Retirement Savings Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MidAmerican Energy Company Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MidAmerican Energy Company Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Employee Benefits Plans Administrative Committee
MidAmerican Energy Company Retirement Savings Plan

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MIDAMERICAN ENERGY COMPANY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 DESCRIPTION OF THE PLAN

The following description of MidAmerican Energy Company Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective August 1, 1976. The Plan has been amended and restated throughout the years to comply with tax legislation, and most recently restated effective January 1, 2020. The Plan is subject to ERISA.

The Company has appointed the Employee Benefits Plans Administrative Committee (the Administrative Committee) to serve as the Plan administrator and a named fiduciary under ERISA. The Company has delegated to the Administrative Committee the responsibility for implementing the provisions of the Plan.

The Company has contracted with Merrill Lynch Pierce Fenner & Smith Inc., Princeton, NJ, to serve as recordkeeper and Bank of America, N.A., (Bank of America) was selected to serve as trustee for the Plan.

Eligibility

The participants of the Plan include full and part-time salaried and bargaining employees of MidAmerican Energy Company (the Company or the Plan Sponsor) and the domestic operations of the holding company Berkshire Hathaway Energy other than HomeServices of America, Inc., NV Energy, Inc., and PacifiCorp. Participating affiliates include Berkshire Hathaway Energy Company, BHE Compression Services, LLC, BHE Infrastructure Services, LLC, BHE Renewables, LLC, BHE U.S. Transmission, LLC, CalEnergy Generation Operating Company, CalEnergy International Services, Inc., CalEnergy Operating Corporation, Dakota Dunes Development Company, Falcon Power Operating Company, Kern River Gas Transmission Company (Kern River), MidAmerican Energy Services, LLC, Midwest Capital Group, Inc., Northern Natural Gas Company (Northern), Two Rivers, Inc., and Volantes, LLC. These employees are eligible immediately. Temporary employees are not eligible to participate unless they work at least 1,000 hours during an employment year and then will enter the Plan on the first day of the following month. Retirees may also be participants although they no longer contribute to the Plan.

Contributions

Each year participants can elect a deduction from base salary and incentive payments of 1% to 75% to be contributed to the Plan, subject to certain Internal Revenue Code (IRC) limitations. Participants may apportion contributions as being pre-tax traditional 401(k), after-tax Roth 401(k), and after-tax traditional 401(k). Effective January 1, 2022, the Company match is 100% of the first 6% of a participant's 401(k) pre-tax or Roth contribution, or a combination of both. For the year ended December 31, 2021, the Company match was 65% of the first 6% of a participant's 401(k) pre-tax or Roth contribution, or a combination of both. The Company may also elect to make a profit sharing match contribution to be allocated among participants in such amount as the Company may determine.

MIDAMERICAN ENERGY COMPANY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (Continued)

Participants are eligible for the discretionary profit sharing match contribution if they are contributing at least 1% of base pay on a pre-tax or Roth 401(k) basis and are employed for the entire calendar year.

For certain employees not represented by a collective bargaining agreement hired on or after January 1, 2008, the Company contributes a fixed pre-tax contribution equal to 4% of the employee's eligible pay. The fixed contribution is in addition to the aforementioned participant contribution, the Company match, and the "profit sharing contribution". The Company's fixed contribution excludes employees of Dakota Dunes Development Company and Midwest Capital Group, Inc.

In August 2008, nonunion employee participants of the Company's defined benefit pension plan (the Pension Plan) were offered the option to continue to receive pay credits in the Pension Plan or receive equivalent pre-tax fixed contributions to the Plan. The election was effective January 1, 2009. Employees who chose to receive equivalent fixed contributions to the Plan began receiving such contributions in January 2009.

For participants who are represented employees, the Company has been discontinuing future accruals of benefits in the current final average pay and cash balance formula of the Pension Plan and instead is contributing a percentage between 4.0% and 6.5% of base pay to the Plan, depending upon the participant's age and date of hire. This transition began in 2008 and was completed July 1, 2019.

Temporary employees, with the exception of those represented by United Steel Workers Local 738, are not eligible to receive fixed contributions of base pay to the Plan.

The profit sharing contribution was \$-0- and \$3,788,777 for the years ended December 31, 2022 and 2021, respectively. Employee pre-tax contributions were subject to a maximum amount of \$20,500 and \$19,500 per participant for 2022 and 2021, respectively, as mandated by the IRC. Employees 50 years of age and older were allowed a catch-up contribution up to \$6,500 for 2022 and 2021. Catch-up contributions made to the Plan are not eligible for the Roth 401(k). The Plan also allows an eligible employee, if specific conditions are met, to transfer funds to the Plan from another qualified retirement plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

MIDAMERICAN ENERGY COMPANY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Participants are 100% vested in the Company's matching and discretionary contributions after completing 1,000 hours of service during a Plan year. Participants fixed contributions are vested after completing three years of service. Vesting service begins on date of hire discretionary, and fixed contributions that are not vested are forfeited by terminating participants and used to reduce future Company contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to 50% of their vested account balance, not to exceed \$50,000. The loans are secured by the value of the vested balance in the participant's account. Principal and interest is paid ratably through payroll deductions. The repayment period may not exceed five years, except for loans used to acquire the participant's principal residence, in which case such period may not exceed 10 years. At December 31, 2022 and 2021, loans outstanding mature through 2032. At both December 31, 2022 and 2021, loans bear interest rates ranging from 4.25% to 10.5%. Administrative expenses for loans are paid for by participants requesting loans.

Benefit Payments

Except for certain withdrawal rights under the Plan, distributions of Plan benefits are made commencing no earlier than the participant's retirement, disability, death or termination of employment.

The payment of benefits may begin as soon as administratively practicable following the participant's separation from service due to retirement, disability, death or termination, unless a later date of distribution is requested by the participant, the participant's beneficiary, or by regulation. However, payment of benefits for minimum required distribution is required to begin no later than April 1 of the calendar year following the calendar year in which the participant reaches age 70 ½.

The amounts of any payments are determined by the value of the participant's account at the valuation date prior to payment. If the participant has an outstanding loan at the valuation date, the loan balance is netted against the participant's account balance before a distribution is made.

Entitled to Benefits Upon Termination of Employment

Terminated employees are entitled to receive the entire value in each account subject to vesting restrictions on the Company's matching and discretionary contributions. Distributions are made in accordance with the participant's election, and may be in the form of rollovers or lump sum payments. Terminated employees with account balances of \$1,000 or less will receive full distribution of a lump sum after separation from the Company.

MIDAMERICAN ENERGY COMPANY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Withdrawals

Withdrawals may be made from a participant's account if he or she has either attained age 59½, demonstrates financial hardship, or incurs a disability. Financial hardship will be deemed to exist only when the withdrawal is necessary because of an immediate and heavy financial need of a participant and other resources are not reasonably available. A distribution based upon financial hardship cannot exceed the amount required to satisfy the hardship, including any amounts necessary to pay any federal, state or local income taxes or penalties.

Forfeited Accounts

At December 31, 2022 and 2021, cumulative forfeited nonvested accounts totaled \$282,179 and \$530,203, respectively. These accounts will be used to reduce future Company contributions or pay Plan expenses. During the years ended December 31, 2022 and 2021, employer contributions were reduced by \$470,763 and \$318,856, respectively, from forfeited nonvested accounts. During the years ended December 31, 2022 and 2021, there were \$85,724 and \$-0-, respectively, of Plan expenses paid from forfeitures.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

MIDAMERICAN ENERGY COMPANY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.

Effective April 3, 2023, the board of directors approved to merge the BHE Pipeline Group 401(k) Plan into this Plan and approximately \$133.8 million in assets were transferred in to the Plan.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Bank of America, the trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2022.

MIDAMERICAN ENERGY COMPANY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation-techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

Collective Trust Funds – Valued at the net asset value (NAV) of units of a bank collective trust. The NAV as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Mutual Funds – Certain mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These mutual funds are categorized as Level 1.

Interest Bearing Cash – Valued based on cost, which approximates fair value in a noninflationary economy and is protected by the Federal Deposit Insurance Corporation.

Self-Directed Brokerage Funds – Self-directed brokerage funds contain investments in cash equivalents, U.S. Treasury securities, U.S. corporate and agency fixed income securities, common and preferred stocks, and mutual funds, and are valued as follows:

Cash Equivalents – Held primarily in short-term money market commingled funds, which are valued at cost plus accrued interest.

U.S. Treasury Securities – Valued at the closing price reported on the active market on which the individual securities are traded.

U.S. Corporate and Agency Fixed Income Securities – Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments and includes adjustments for certain risks, such as credit and liquidity risks or a broker quote, if available.

Common and Preferred Stocks – Valued at the closing price reported on the active market on which the individual securities are traded or using pricing models maximizing the use of observable inputs for similar securities.

Mutual Funds – Certain mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These mutual funds are categorized as Level 1.

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2022 and 2021, there were no transfers between levels.

Net Asset Value per Share (NAVPS)

The following table summarizes investments for which fair value is measured using the NAVPS practical expedient as of December 31.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Net Asset Value per Share (NAVPS) (Continued)

- The fair value of the investments has been estimated using the NAV of the investment. The investments did not have any unfunded commitments at December 31, 2022 and 2021:
 - (a) This category includes equity index funds that invest in U.S. common stock. The funds pursue strategies that seek to replicate the movements of an index of a specific financial market, such as the State Street S&P 500 Index, regardless of market conditions.
 - (b) This category includes equity index funds that invest in common stock of foreign companies. The funds pursue strategies that seek to replicate the movements of an index of a specific financial market regardless of market conditions.
 - (c) This category includes fixed income index funds that invest in a diversified portfolio of high-quality fixed income assets and bonds. The funds pursue strategies that seek to replicate the movements of an index of a specific financial market regardless of market conditions.
 - (d) The stable value fund (the Fund) seeks to invest in a diversified portfolio of high-quality fixed income assets and seek to provide a stable rate of return with preservation of principal and liquidity as its primary objectives.

The Fund is a collective trust fund managed by Goldman Sachs Asset Management. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's constant NAV of \$1 per unit. Distribution to the Fund's unit holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable NAV of \$1 per unit, although there is no guarantee that the Fund will be able to maintain this value.

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions.

NOTE 7 PLAN TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated May 1, 2013, that the Plan and related trust were designed in accordance with applicable regulations of the IRC. The Plan has been amended since receiving the determination letter; however, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

The self-directed brokerage accounts are managed by Bank of America. Bank of America is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

During 2022, certain employees transferred employment between the Company and affiliate companies. As a result of those employment transfers, \$3,163,663 of net assets were transferred from affiliate plans to the Plan and \$266,385 of net assets were transferred from the Plan to affiliate plans.

During 2021, certain employees transferred employment between the Company and affiliate companies. As a result of those employment transfers, \$17,914,964 of net assets were transferred from affiliate plans to the Plan and \$255,504 of net assets were transferred from the Plan to affiliate plans.
