Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the VetIQ Staffing 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year ended December 31, 2024, stating that the certified investment information described in Note 4 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Participants and Plan Administrator of the
VetIQ Staffing 401(k) Plan

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events that, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance; therefore, it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Participants and Plan Administrator of the
VetIQ Staffing 401(k) Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events that, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Information Required by ERISA

The supplemental information listed in the index as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that is agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Participants and Plan Administrator of the
VetIQ Staffing 401(k) Plan

In our opinion:

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – 2023 Financial Statements

We have compiled the accompanying statement of net assets available for benefits as of December 31, 2023. We did not audit or review those financial statements and, accordingly, express no opinion or other form of assurance on them.

VetIQ Staffing 401(k) Plan

Notes to the Financial Statements December 31, 2024 and 2023

Note 1 – Plan Description

The following description of the VetIQ Staffing 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to all eligible employees of VetIQ Staffing, Inc. (the “Employer,” or “Company”). The Plan commenced effective June 28, 2021, and was amended and restated effectively on January 1, 2023, to comply with the latest rules and regulations. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”).

Plan Custodian and Trustees

John Hancock Life Insurance Company (“John Hancock” or the “Custodian”) is the Custodian maintaining custody of all investments held by the Plan, maintaining the Plan’s participant account balances, and providing recordkeeping services to the Plan. Among other duties, the Custodian receives contributions, holds, and invests the fund assets in accordance with the directions of participants, and makes distributions as directed by the Plan Administrator. Certain employees of the Company serve as the Plan’s Trustees.

Eligibility and Plan Entrance Date

All employees of the Company, excluding union employees and non-resident aliens, are eligible to participate in the Plan upon their first day of employment.

Contributions

Participants may elect to contribute, on a pre-tax or Roth basis, up to 100% of eligible compensation as defined by the Plan, subject to the maximum amount permitted for deferral annually by the IRC, which was \$23,000 for 2024. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions of up to the maximum amount allowed annually by the IRC, which was \$7,500 for 2024.

Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”).

The Plan provides for Safe Harbor Employer matching contributions equal to 100% of the first 3% of the participant's eligible compensation contributed to the Plan, and 50% of the next 2% of the participant's eligible compensation contributed to the Plan as employee contributions, with total matching contributions not exceeding 4% of eligible compensation.

Participant Accounts

Each participant account is credited with the participant’s contributions, Safe Harbor Employer matching contributions, plus allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

VetIQ Staffing 401(k) Plan

Notes to the Financial Statements December 31, 2024 and 2023

Note 1 – Plan Description (continued)

Vesting

Participants are immediately 100% vested in their contributions and Safe Harbor Employer matching contributions, plus actual earnings thereon.

Participant-Directed Investments

All assets of the Plan are participant-directed investments. The Plan has selected various investment options, as more fully described in the Plan Document, to which participants may designate the allocation of their account balances. Participants may direct their account balances to one or more of these investment options, which vary in types of investments, rates of return, and investment risk.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above Prime, as defined. Principal and interest are paid ratably through payroll deductions and are due in equal installments not less frequently than quarterly.

Payment of Benefits

Upon separation of service due to death, disability, or retirement, a participant receives a lump sum payment equal to the value of the participant's vested interest account. Distributions to a terminated employee with a vested account balance equal to, less or greater than \$5,000 are made as a lump sum distribution as soon as administratively possible following the participant's termination of employment. The participant may elect whether to receive the distribution directly or to rollover the distribution into another retirement plan. In the case of death, distributions are made to the participant's beneficiary. A participant may withdraw all or a portion of their account in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age of 59 ½.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

VetIQ Staffing 401(k) Plan

Notes to the Financial Statements December 31, 2024 and 2023

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses for maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in the net appreciation of fair value of investments. Certain expenses specifically incurred by, or attributable to, a participant will be paid from that participant's account. Plan expenses could include, but are not limited to, costs to process Plan distributions.

Subsequent Events

The Plan has evaluated subsequent events through October 1, 2025, the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1), and the lowest priority to unobservable inputs (level 3).

VetIQ Staffing 401(k) Plan

Notes to the Financial Statements December 31, 2024 and 2023

Note 3 – Fair Value Measurements (continued)

The three levels of the fair value hierarchy under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- **Pooled Separate Accounts** – Valued using the net asset value (“NAV”) of units held by the Plan at year-end as provided by John Hancock. The NAV is based on the fair value of the underlying assets owned by the fund, net of the investment management fee and is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. If the Plan initiates a full redemption of the pooled separate account, the issuer reserves the right to require 12 months’ notification in order to ensure that securities liquidations are carried out in an orderly business manner. Participant transactions (purchases and sales) may occur daily, and there are no significant restrictions on participant redemptions or any unfunded commitment.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023.

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV (a)	-	-	-	5,308,737
Investments at fair value	\$ -	\$ -	\$ -	\$ 5,308,737
	Assets at Fair Value as of December 31, 2023 (Unaudited)			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV (a)	-	-	-	3,226,073
Investments at fair value	\$ -	\$ -	\$ -	\$ 3,226,073

- (a) In accordance with ASC 820, the pooled separate accounts that are measured at NAV per share (or its equivalents) are not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Notes to the Financial Statements December 31, 2024 and 2023

Note 4 – Information Prepared and Certified by the Custodian

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

<u>December 31,</u>	<u>2024</u>	<u>(Unaudited) 2023</u>
Investments at fair value	\$ 5,308,737	\$ 3,226,073
Investments at contract value	194	6,780
Notes receivable from participants	25,838	-
<u>Year Ended December 31,</u>	<u>2024</u>	
Net appreciation in fair value of investments	\$ 552,809	
Interest income on notes receivable from participants	2,648	

The Plan’s independent auditor did not perform auditing procedures with respect to this information except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note 5 – Guaranteed Investment Contract

The Plan has a group annuity contract with John Hancock that invests contributions in a general account product (the “Stable Value Guaranteed Income Fund”). Interest earned on the Stable Value Guaranteed Income Fund is compounded daily to the effective annual interest rate. The interest rate credited to the Plan is determined by John Hancock prior to the last day of the previous calendar quarter. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract meets the fully benefit-responsive investment contract criteria and is therefore reported at contract value. As stated in Note 2, contract value is the relevant measure for fully benefit-responsive investment contracts because it is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. John Hancock is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to, the following: (i) amendments to the Plan Document (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan’s ability to transact at contract value with participants are probable of occurring.

VetIQ Staffing 401(k) Plan

Notes to the Financial Statements December 31, 2024 and 2023

Note 6 – Related Party Transactions and Party-in-Interest Transactions

Plan investments are units of pooled separate accounts or a guaranteed investment contract managed by John Hancock. These transactions qualify as party-in-interest transactions as defined by ERISA; such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees, charged by each investment fund, under the Plan.

The Plan has notes receivable from participants as of December 31, 2024 and 2023. These receivables and all related transactions qualify as party-in-interest transactions and are exempt from being prohibited by ERISA.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

Note 8 – Tax Status

The Plan operates under a non-standardized, preapproved profit-sharing plan sponsored by Loren D. Stark Company ("Loren Stark"). The Internal Revenue Service ("IRS") has determined and informed Loren Stark, by a letter dated November 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has not filed individually with the IRS regarding the Plan's qualified tax status, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and thus believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rates, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
