**REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS**

To the Plan Administrator and Participants of the  
Tradeweb Markets LLC 401(k) Plan

**Scope and nature of the ERISA Section 103(a)(3)(C) audit**

We have performed audits of the financial statements of Tradeweb Markets LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of management for the financial statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's responsibilities for the audit of the financial statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other matter – supplemental schedules required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Tradeweb Markets LLC 401(k) Plan**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**NOTE 1 - DESCRIPTION OF THE PLAN**

The following description of the Tradeweb Markets LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

***General***

The Plan is a defined contribution plan covering eligible employees of Tradeweb Markets LLC and its affiliates (the “Company” or the “Employer”). Affiliates of the Company who have adopted the Plan as participating employers include Dealerweb LLC and Tradeweb IDB Markets, Inc. Effective August 1, 2024, Institutional Cash Distributors LLC and Institutional Cash Distributors Technology LLC also adopted the Plan as participating employers. The Plan was adopted effective November 1, 2010 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Eligible employees become eligible to participate immediately and can enter the Plan any day subsequent to the commencement of employment. The Tradeweb Markets LLC Investment Committee (“Investment Committee”) is the Plan administrator, is responsible for oversight of the Plan, determines the appropriateness of the Plan’s investment offerings, and monitors investment performance.

The Plan was amended and restated effective January 1, 2021.

***Contributions***

Each year, participants may contribute up to 75% of their eligible compensation, as defined in the Plan document, to the Plan. The Plan allows participants who have attained age 50 by year-end to make catch-up contributions up to \$7,500 for the year ended December 31, 2024. The Plan also allows for Roth elective deferral contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Newly hired employees are automatically enrolled in the Plan in accordance with the general eligibility provisions as outlined in the Plan document. Such employees are enrolled at an initial deferral rate of 4% of eligible compensation, as defined in the Plan document, on a pre-tax basis. A participant’s initial deferral rate is increased by 1% on the first pay date that coincides with or next follows the first day of each Plan year, up to a maximum of 15% of eligible compensation. An employee who is automatically enrolled in the Plan is permitted to opt-out of the automatic enrollment or change their deferral percentage in accordance with plan provisions.

The Plan provides for safe harbor matching contributions equal to 100% of the employee’s elective deferrals, not to exceed 4% of eligible compensation.

The Company may elect to make discretionary contributions equal to a uniform percentage of each participant’s compensation. There were no such contributions for the year ended December 31, 2024.

***Participants’ Accounts***

Each participant’s account is credited with the participant’s contributions and company contributions, as well as an allocation of investment earnings, and is charged with their withdrawals and an allocation of investment losses and administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

***Vesting***

Participants are immediately vested in their contributions and the Company's safe harbor contributions, plus actual earnings thereon. All non-elective contributions are credited for vesting under the elapsed time method and is determined by the vesting schedule below. Such contributions also vest upon the participant's attainment of age 60, death or disability while employed by the Company.

<u>Years of Service</u>	<u>Percentage (%)</u>
1	33
2	67
3	100

***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Any outstanding loan balances over the previous 12 months will reduce the amount a participant may borrow. Loans may be issued for a period not to exceed five years unless the loan is issued for the purpose of a participant's primary residence, in which case the loan may be issued for a period of up to 10 years. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate plus 1% at the inception of the loan. A participant may have a maximum of two loans outstanding at any given time. Principal and interest are paid ratably through periodic payroll deductions. Interest rates on participant loans range from 4.25% to 9.50% as of December 31, 2024.

***Payment of Benefits***

Upon termination of employment, a participant (or a participant's beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or substantially equal installments, as defined in the Plan document. A participant may also make a withdrawal from their account when the participant incurs financial hardship. Minimum required distributions begin when participant reaches age 73 or retire, whichever is later. Distributions made to individuals who have not attained the age of 59½ may be subject to an early withdrawal penalty.

***Forfeited Accounts***

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$17,299 and \$14,765, respectively. These accounts can be used to pay administrative expenses or to reduce future employer contributions.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Accounting***

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

***Use of Estimates***

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Tradeweb Markets LLC 401(k) Plan**

**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

**December 31, 2024 and 2023**

***Investment Valuation and Income Recognition***

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses have been recorded as of December 31, 2024 or 2023.

***Payment of Benefits***

Benefits are recorded when paid.

***Plan Expenses***

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Certain other administrative expenses, including fees related to the administration of notes receivable from participants, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

As of December 31, 2024 and 2023 the Plan received fee leveling credits as part of a revenue sharing feature used to offset administrative expenses. The revenue sharing amounts received are recorded as other income of \$17,299 and \$14,765, respectively, in the statement of changes in net assets available for benefits.

**NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE**

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe Price Trust Company, the trustee, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2024.

**Tradeweb Markets LLC 401(k) Plan**

**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

**December 31, 2024 and 2023**

The Plan's independent accountants did not perform auditing procedures with respect to information certified by the trustee and custodian, except for comparing such information to the related information included in the above named financial statements and supplemental schedule.

**NOTE 4 - FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

*Mutual Funds:* The Plan's investments in mutual funds are valued using daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The Plan's mutual funds are considered to be Level 1 securities.

*Collective Trust Funds:* The NAV of the collective trust funds, as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities and then adjusted by the issuer to contract value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There are no unfunded commitments related to collective trust funds.

*Self-Directed Brokerage Account:* The self-directed brokerage account includes participant-directed investments in a money market fund account, which is classified within Level 1. Refer to valuation methodologies above.

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments, at fair value, as of December 31, 2024 and 2023:

<sup>(a)</sup> Certain investments that are measured at NAV per share (or its equivalent) are not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to investments at fair value presented in the statements of net assets available for benefits.

***Fair Value of Investments in Entities that Use NAV***

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023:

	<u>2024 Fair Value</u>	<u>2023 Fair Value</u>	<u>Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>
Collective Trust Funds - Stable Value Fund	\$ 22,782,348	\$ 21,973,533	Daily <sup>(b)</sup>	Daily <sup>(b)</sup>
Target Date Funds	\$ 158,131,406	\$ 128,948,331	Daily <sup>(c)</sup>	0 to 30 days <sup>(c)</sup>

<sup>(b)</sup> Subject to certain trading activity, frequency of redemption can be quarterly. Transfers from the fund to other investment options are allowed at any time, provided that the transfer is not directed to a competing investment option and a transfer into a competing investment option from any noncompeting investment option, or a partial surrender, has not occurred within 90 days. Transfers or surrenders into a competing investment option, from other than the fund, are allowed at any time provided that no prior transfers or surrenders from the fund have occurred within 90 days. A competing investment option is a fund with investment characteristics similar to the fund as determined by the fund. Generally, plan sponsor-initiated withdrawals and transfers may be subject to a 12-month hold on the assets unless waived by the fund. The fund also reserves the right to delay or prioritize redemptions for the protection of the fund and its unit holders should total redemption requests exceed the fund's liquid assets. T. Rowe Price contract surrender charges may also apply.

<sup>(c)</sup> As defined in the applicable Declaration of Trust, unit holders are required to provide up to 30-day notice prior to redemption of units, however the notice period may be shortened or waived by the fund trustee in its sole discretion.

**NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS**

Certain plan investments are investments managed by affiliates of T. Rowe Price, the trustee of the Plan. The Plan also permits receivable from participants. The Plan also has revenue sharing arrangements. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

**NOTE 6 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all employer contributions and earnings thereon.

**NOTE 7 - TAX STATUS**

The underlying volume submitter profit sharing plan has received an opinion letter from the IRS dated August 19, 2020 stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (the "Code") and, therefore, the related trust is tax exempt. The Plan sponsor has determined that it is eligible to and has chosen to rely on the current volume submitter profit sharing plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan

**Tradeweb Markets LLC 401(k) Plan**

**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

**December 31, 2024 and 2023**

administrator believes the Plan, as amended, is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress.

**NOTE 8 - RISKS AND UNCERTAINTIES**

The Plan invests in various types of investments. Investments are exposed to various risks, such as interest rate, market rate, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE 9 - SUBSEQUENT EVENTS**

Subsequent events have been evaluated through October 9, 2025, which is the date the financial statements were available to be issued. There have been no subsequent events that required adjustment to or disclosure to in the financial statements as of and for year ended December 31, 2024.
