INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Remedi8 Holdings Corp. Retirement

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Rededi8 Holdings Corp. Retirement, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Remedi8 Holdings Corp. Retirement's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Remedi8 Holdings Corp. Retirement and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Remedi8 Holdings Corp. Retirement's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Remedi8 Holdings Corp. Retirement's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Remedi8 Holding Corp. Retirement's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule Form 5500, Schedule H, Line 4i – Schedule of Assets Held at December 31, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of plan

Remedi8 Holdings Corp. Retirement (the “Company”) sponsors the (the “Plan”), which is a defined contribution plan. This plan is the result of the combination of the Barrier Technologies Retirement Savings Plan and the Prevent Life Safety Services Retirement Plan. This combination occurred in August 2022. Substantially all employees of the Company are eligible to participate in the Plan subject to the eligibility criteria discussed below.

The Company controls and manages the operation and administration of the Plan. The Plan enables qualified employees of the Company to voluntarily defer compensation to provide additional income for retirement in accordance with Internal Revenue Code (“IRC”) Section 401(k), and is deemed a Safe Harbor 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan provisions.

Eligibility and contributions

All employees are eligible to participate in the plan except for the following: any employee who is included in a unit of employees covered by a collective bargaining agreement, if retirement benefits were the subject of good faith bargaining, and if the collective bargaining agreement does not provide for participation in this Plan, any leased employee and any employee who is a non-resident alien who received no earned income which constitutes income from services performed within the United States. In addition, employees must be over the age of eighteen, and have completed sixty days of service.

Eligibility begins on the first day of each Plan quarter, coincident with or next following the date the employee completes two months of service, measured from your date of hire.

Participants may elect to defer up to 100% of their compensation on a pre-tax basis, or as Roth contributions on an after-tax basis. Federal law also limits the amount you may elect to defer under the Plan.

The Company makes a matching safe harbor contribution on the participant’s behalf in an amount of 100% of the participant salary deferrals not to exceed 4% of participant compensation.

The Company may, in its sole discretion, make a profit-sharing contribution on the participant’s behalf in an amount determined by the Company. Such contribution, if made, will be allocated in an amount designated by the Company to be allocated to eligible participants.

Participant accounts

Participant accounts are credited with the participant’s contributions, and an allocation of the Company’s matching and or profit-sharing contributions, if any, and Plan earnings.

Note 1 – Description of plan (continued)

Investments

The Participant may direct the investment of all their accounts in one or more of the available investment funds. The Participant's elections will be subject to such rules and limitations as the Plan Administrator may prescribe. The Plan administrator may restrict investment transfers to the extent required to comply with applicable law. The Participant may change the investment direction of their account as of each business day, subject to applicable laws regarding market timing and/or requirement of the funding source. The Plan is intended to constitute a plan described in section 404(c) of ERISA. This means that the Plan fiduciaries may be relieved of liability for any of your losses that are a result of the Participant's investment elections.

Vesting

The Participant will have fully vested and nonforfeitable interest in their elective deferral account, rollover contributions, as well as the Company's safe harbor contributions. The Company's profit-sharing contributions will vest based on the Participant's years of vesting service according to a 1-4 year graded vesting schedule (25% per year starting with one year of vesting service).

Participant loans and in-service withdrawals

Participant loans are permitted by the Plan. A loan will bear interest at 1% above the prime rate, and generally require repayment in a period not to exceed five years. Participants may receive a distribution from their account under the following circumstances: termination of employment or death.

Forfeitures

Forfeitures from Participant's nonvested accounts may be used by the Company to reduce future Company matching contributions, or pay administrative fees. The Company had no forfeitures in 2023.

Note 2 – Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles ("GAAP") in the United States of America.

Investments valuation and income recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end. See Note 5 for additional discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of benefits

Payment of benefits are recorded when paid.

Note 2 – Summary of significant accounting policies (continued)

Income tax status

The Internal Revenue Service has determined by a letter dated March 31, 2014, that the prototype plan and related trust adopted by the Company are designed in accordance with the applicable IRC requirements and, therefore, the related trust is not subject to tax under current tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its tax qualification. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, as a result, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2021.

Use of estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risk and uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

Plan termination

Although it has not expressed any intention to do so, the Company has the right at any time to amend the Plan document to discontinue future matching and or profit-sharing contributions or to terminate the Plan, subject to the provisions of the ERISA. In the event that the Plan is terminated, participants would become 100% vested in all of their accounts.

Subsequent events

Management has evaluated all events and transactions that occurred after December 31, 2024 through the date these financial statements were available to be issued. Management is not aware of any additional subsequent events that require recognition or disclosure in the financial statements.

Note 3 – Information certified by trustee

The following is a summary of the unaudited information regarding the Plan, as included in the Plan's financial statements and supplemental schedule prepared by or derived from information reported by the trustee of the Plan for 2024. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate as of December 31, 2024 and for the year ended December 31, 2024, as follows:

Statement of net assets available for benefits

Cash	\$	0
Investments at fair value		
Money market funds		239,991
Mutual Funds		6,728,851
Common/Collective Trust		1,650,645

 Total investments	 \$	 8,619,487

Statement of changes in net assets available for benefits

Investment income		
Net appreciation in fair value of investments	\$	803,455
Interest and dividend income	\$	212,989

Note 4 - Investments

The Plan's investments are held in trust by the trustee. The Plan's trust agreement requires the trustee to invest the Plan's assets into various fund options as directed by each Participant.

During the year ended December 31, 2024, the Plan's net appreciation in investments (including gains and losses on investments bought and sold, as well as held during the year) resulted from mutual funds.

Note 5 – Fair value measurements

The Plan accounts for certain assets and liabilities at fair value. The hierarchy below lists three levels of fair value based on the extent to which inputs used in measuring fair value are observable in the market. The Plan categorizes each of our fair value measurements in one of these three levels based on the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1 – Unadjusted quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Observable inputs to the valuation methodology are other than Level 1 inputs, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Remedi8 Holding Corp. Retirement
Notes to Financial Statements
December 31, 2024 and 2023

The Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels discussed as of December 31, 2024, are as follows:

<u>Plan assets</u>				
	<u>L e v e l 1</u>	<u>L e v e l 2</u>	<u>L e v e l 3</u>	<u>T o t a l</u>
Common collective trust	\$ 1,650,645	\$ -	\$ -	\$ 1,650,645
Mutual funds	6,728,851	-	-	6,728,851

Total	<u>\$ 8,619,487</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,619,487</u>

Shares of mutual funds and money market funds are categorized as Level 1. They are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end.

Note 6 – Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statement to Form 5500 as of December 31, 2024:

Net assets available for benefits per the financial statement	\$ 8,830,734
Net assets available for benefits per Form 5500	<u>\$ 8,830,734</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statement to the Form 5500 as of December 31, 2024:

Net increase in net assets per statement of changes in net assets available for plan benefits per the financial statements	\$ 869,909
