INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
CoreStates Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the CoreStates Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of

management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CORESTATES INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 - Description of plan:

The following description of the CoreStates Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan covers employees of CoreStates, Inc., CoreStates Construction Services, Inc., and Integrated Image, Inc. as members of a controlled group. CoreStates Construction Services, Inc. co-adopted the plan January 1, 2009 and Integrated Image, Inc. co-adopted the plan on July 1, 2014. During the Plan year ended December 31, 2019, the Company acquired C.M. Architecture, at which time substantially all assets of the acquisition's plan were rolled into the Plan. Effective March 1, 2024, the plan was amended to merge Bernardon LLC, 401(k) Plan. The plan assets amounting to \$11,577,668 were transferred into the plan on March 1, 2024.

The Plan sponsor is CoreStates, Inc. (the Company, Plan Sponsor, or Plan Administrator). The Plan is a defined contribution plan covering substantially all employees of the companies, who have completed one month of service and are age 21 or older, except union employees and nonresident alien employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On April 1, 2022, the Plan Sponsor sold a majority interest of the Company. There are currently no plans to terminate or merge the Plan out of existence.

Contributions

Each year, participants may contribute from 1% to 92% of pretax or after-tax annual compensation, as defined in the plan document subject to certain Internal Revenue Code (IRC) limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company makes a safe harbor matching contribution to the Plan of 100% of the first 4% of eligible compensation that a participant contributed to the Plan. The Company may also make discretionary matching and/or profit sharing contributions determined annually by a Board of Directors' Resolution for each contribution period. For the Plan year ended December 31, 2024, the Company did not make any additional discretionary matching contributions or profit sharing contributions to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

December 31, 2024 and 2023

Note 1 - Description of plan - continued:

Participant accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's matching contributions, earnings, losses, rollovers from other plans, and are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon, as well as in the Company's safe harbor matching contributions. Vesting in the Company's discretionary profit sharing contributions and earnings thereon occurs at a rate of 20% for each full year of service after two years, as defined by the Plan. A participant is fully vested after six years of credited service. Participants are also immediately vested upon reaching normal retirement age or death, or disability while still employed by the Company.

Forfeitures

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$7,902 and \$0, respectively. Forfeitures may be used to reduce future employer contributions or pay Plan expenses. A portion of these forfeitures are from years prior to December 31, 2016 when the Plan provided for a graded vesting schedule for employer discretionary matching contributions. During the year ended December 31, 2024, \$50,743 and \$18,826 of forfeitures were used to reduce employer contributions and pay administrative expenses respectively.

Payment of benefits

A participant is entitled to receive a lump-sum amount equal to the vested value of his or her account upon attainment of age 59½, termination of service, retirement, disability, or death. A participant may request a withdrawal from the Plan while still under the employment of the Company for reasons of financial hardship, but the withdrawal is limited to the amount of the participant's pretax contributions, vested company matching contributions, and earnings thereon.

Notes receivable from participants

Participants may borrow from the Plan in any amount greater than \$1,000 up to 50% of the participant's vested account balance, not to exceed \$50,000. Note terms are for a period not exceeding 5 years unless for the purchase of a principal residence, in which case the note

repayment period may not extend beyond 30 years. Notes are secured by the balance in the participant's account and bear interest at an agreed-upon percentage based on prevailing market rates. Principal and interest is paid ratably through payroll deductions. Participants are allowed one outstanding note.

Subsequent events

The Plan has evaluated subsequent events through September 30, 2025, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2024, have been incorporated into these financial statements.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fixed annuity contract

Investments in the fixed annuity contract are required to be reported at fair value. The annuity is composed primarily of fully benefit-responsive investment contracts held by the fund's trustee. Notwithstanding the above, contract value is the relevant measurement attribute for investments in fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the cost plus contributions made under the contract plus interest at the contract rates less withdrawals and administrative expenses. This specifically affects the presentation of the amounts related to the Plan's participation in the fixed annuity investment option at December 31, 2024 and 2023 (see Note 5). As such, the statements of net assets available for benefits present the contract value of the fixed account.

CORESTATES INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

December 31, 2024 and 2023

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition

Investments are reported at fair value (except for those noted in Note 5, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation include the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and Company safe harbor matching contributions are recorded in the year in which the participant contributions are withheld from compensation.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

CORESTATES INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

December 31, 2024 and 2023

Note 2 - Summary of significant accounting policies - continued:

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Recent accounting pronouncements

The AICPA Financial Reporting Executive Committee (FinREC) approved enhanceive accounting updates related to accounting for revenue sharing arrangements in accordance with Financial Accounting Standards Board (FASB) ASC No. 606, Revenue from Contracts with Customers. Revenue sharing amounts are not considered revenue under ASC No. 606 due to the fact that they are intended to reduce administrative costs for the plan and not paid to the plan for delivering or producing goods, rendering services or undertaking other activities for the investment manager. A plan should consider all relevant facts and circumstances, including the terms of the agreement to determine the appropriate presentation of revenue sharing amounts. The presentation should be applied on a consistent basis and the plan should consider whether the presentation of revenue sharing amounts is a significant accounting policy that should be disclosed in the notes to the financial statements. If significant, the notes to the financial statements include a description of revenue sharing arrangements including how such arrangements are presented in the financial statements. The adoption did not have a material impact to the Plan's financial statements.

Recent legislative developments

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the years ended December 31, 2024 and 2023. Plan management continues to evaluate the impact of the optional provisions of SECURE 2.0 and awaiting additional regulatory guidance from the Internal Revenue Service (IRS) and Department of Labor. The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements for the plan years ended December 31, 2024 and 2023.

CORESTATES INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

December 31, 2024 and 2023

Note 3 - Investments and information certified:

Principal Life Insurance Company (Principal) is the trustee for the Plan. Principal holds the Plan's investment assets and executes investment transactions. Management has determined that Principal is a qualified institution and the information prepared and certified by Principal meets the requirements of ERISA Section 103(a)(3)(C). Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Principal.

Note 4 - Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CORESTATES INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

December 31, 2024 and 2023

Note 4 - Fair value measurements - continued:

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets and liabilities measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

- Mutual funds (or shares of registered investment companies) are valued at the net asset value of shares held by the Plan at year-end by obtaining quoted prices on nationally recognized securities exchanges.
- Pooled separate accounts are valued using NAV provided by the fund's trustee as a practical expedient to estimate fair value. NAV is based on the quoted market prices of the underlying investments held in the pooled separate accounts.

The methodology described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Since the investments are currently held by an insurance company, the investments are considered pooled separate accounts. The pooled separate accounts held at the end of the year were valued using NAV.

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or it's equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2024 and 2023:

Note 5 - Guaranteed investment contract with insurance company:

As described in Note 2, through an investment contract, the Plan currently offers a fixed annuity contract as an investment option. The objective of this investment is to maintain a competitive fixed interest rate. The fund is invested in the general asset account of Principal. The contract has certain restrictions that impact the participants' ability to collect the full contract value.

Because the fund is fully benefit-responsive, it is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Company does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6 - Related-party transactions:

Plan invested in shares of pooled separate accounts and a fixed income investment account managed by an affiliate of Principal. Transactions in such investments qualify as party-in-interest transactions and are exempt from the prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net appreciation on the statement of changes in net assets available for benefits.

CORESTATES INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

December 31, 2024 and 2023

Note 7 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 - Tax status:

The pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and; therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS pre-approved plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and; therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Delinquent participant contributions:

During 2024, and 2023 the Plan did not timely remit contributions for various pay dates. The missed earnings for these contributions will be calculated and funded as soon as administratively feasible.
