INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Roofers Local No. 54 Supplemental Benefit Plan
Seattle, WA 98111-0550

Opinion on the Financial Statements

We have audited the accompanying financial statements of Roofers Local No. 54 Supplemental Benefit Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2024 Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) and Delinquent Participant Contributions as of and for the year ended December 31, 2024 are presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ROOFERS LOCAL NO. 54 SUPPLEMENTAL BENEFIT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 - Description of Plan

The following description of the Roofers Local No. 54 Supplemental Benefit Plan (“the Plan”) provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) plan established on June 1, 1996, most recently restated effective January 1, 2014. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Board of Trustees is responsible for the oversight of the Plan.

Eligibility

The Plan covers eligible employees of employers who have executed collective bargaining agreements or special agreements with the United Union of Roofers, Waterproofers, and Allied Workers Local No. 54 (“the Union”). The employee must complete at least 1,000 hours of covered employment in no more than two consecutive Plan years in order to begin to participate in the Employer portion of the Plan.

Contributions

Each year, an employee may defer a portion of his or her salary by making deposits into the Plan. Such contributions and the related investment earnings are not taxed until they are withdrawn from the Plan. The salary deferrals cannot exceed a maximum dollar amount determined by the Internal Revenue Service (IRS) each year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans as defined. The employers contribute \$1.95 per hour worked by journeymen and \$1.70 per hour worked by apprentices.

Benefit Payments

The default method of payment is in the form of annuities; however, the participants may waive that right and may elect to receive the value of their account as a lump sum distribution or installments. A participant is eligible for benefits upon satisfaction of one of the following conditions: (a) normal retirement age of 62, (b) early retirement age of 52 and termination of covered employment in the roofing industry in the geographic jurisdiction of a local union sponsoring the Plan for at least three consecutive months, and (c) five months of total and permanent disability (not required for employee contributions). The employee portion of a participant’s account is available for distribution following termination of employment and completion of a 12-month waiting period during which no work for a participating employer is performed. Participants lose eligibility for the termination benefit prior to age 62 if the participant works for a nonunion roofing employer; however, it may be reinstated by returning to work in covered employment and having contributions for at least 1,000 hours of covered employment made to the Plan.

Account balances less than \$5,000 will be paid only in the form of a single lump sum payment unless transferred to another qualified plan or IRA.

Investment Direction

The Board of Trustees directs the allocation of contributions received by the Plan.

ROOFERS LOCAL NO. 54 SUPPLEMENTAL BENEFIT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Vesting

Participants are immediately vested in their contribution sources, plus actual earnings thereon. Employees are 100% vested in the Employer portion of their accounts, plus actual earnings thereon, after they become a participant in the Plan, as defined.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Employer's contribution, allocations of Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Forfeited nonvested accounts are used to reduce administrative expenses. There were no unallocated forfeited nonvested account balances as of December 31, 2024 and 2023.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Contributions

Contributions from participants are recorded in the period in which they are withheld from the participant's compensation. Matching contributions from the Company are recorded in the period in which the related participant contributions are recorded.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

December 31, 2024 and 2023

Administrative Expenses

All expenses of maintaining the Plan are paid by the Plan.

Concentration of Credit Risk

The Plan's cash balances are held at one financial institution located in the state of Washington. Accounts at this institution are insured by a government agency up to \$250,000. At times, the balance in these accounts may exceed the insured limit.

Subsequent Events

In preparing the financial statements, the Plan has evaluated subsequent events and transactions for potential recognition or disclosure through October 8, 2025, the date the audited financial statements were available to be issued.

Note 3 – Fair Value of Investments

Financial Accounting Standards Board *Accounting Standards Codification 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

ROOFERS LOCAL NO. 54 SUPPLEMENTAL BENEFIT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Cash: Cash is valued based on cost, which approximates fair value and is protected by the Federal Deposit Insurance Corporation.

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

103-12 Investment Entities: Valued based on NAV of units (or equivalents), which is based on the estimated fair value of the underlying assets of the Plan at year-end as determined in good faith by the fund managers. The NAV, as provided by the fund manager, is issued as a practical expedient to estimate fair value.

Due to the inherent uncertainty associated with the valuation of the 103-12 investment entities, the estimated fair values may differ significantly from values that would have been used had an observable market existed. The 103-12 investment entities' estimated fair value was \$4,640,355 and \$3,960,223 at December 31, 2024 and 2023, respectively. The fair values have been estimated by the Board of Trustees in the absence of observable fair value inputs. The Trustees' estimates are based on the information provided by the fund manager.

There were no restrictions on the Plan's ability to liquidate the 103-12 investment entities and the Plan was able to transact at the NAV price at December 31, 2024 and 2023.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Fair Value Measurement at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 980	\$ -	\$ -	\$ 980
Mutual funds	10,440,312	-	-	10,440,312
Total investments at fair value	\$ 10,441,292	\$ -	\$ -	10,441,292
Investments measured at NAV*				4,640,355
Total investments				\$ 15,081,647

Notes to Financial Statements

December 31, 2024 and 2023

	Fair Value Measurement at December 31, 2023			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 42	\$ -	\$ -	\$ 42
Mutual funds	10,540,647	-	-	10,540,647
Total investments at fair value	\$ 10,540,689	\$ -	\$ -	
Investments measured at NAV*				3,960,223
Total investments				\$ 14,500,912

*Certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate NAV per share (or its equivalent) as of December 31:

	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2024	2023			
103-12 investment entities:					
Mortgage income	\$ 3,100,544	\$ 2,527,905	\$ -	Monthly	15-day
Real estate equity	1,539,811	1,432,318	-	Monthly	15-day

Note 4 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 5 - Plan Termination

The Board of Trustees intends to continue the Plan indefinitely, but it necessarily reserves the right to amend or terminate the Plan at any time subject to ERISA. The trust and Plan shall terminate automatically when all collective bargaining agreements providing for contributions to the trust have expired and negotiations for extension thereof have ceased. In the event of termination, the Board of Trustees shall apply the assets of the Plan to pay, or to provide for the payment of, any and all obligations of the Plan, and shall distribute and allocate all assets of the Plan in accordance with the provisions of the Plan. In no event shall any of the assets remaining in the trust be paid to or be recoverable by any employer or union.

Notes to Financial Statements

December 31, 2024 and 2023

Note 6 - Plan Tax Status

The Plan is placing reliance on an opinion letter dated March 1, 2016, received from the IRS on the Plan indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under current income tax law. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax years in progress.

Note 7 - Related Party and Party-In-Interest Transactions

The Plan pays expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.
