Independent Auditors' Report

To the Administrative Committee of
Central Boston Elder Services, Inc. 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Central Boston Elder Services, Inc. 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Central Boston Elder Services, Inc. 403(b) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Central Boston Elder Services, Inc. 403(b) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Central Boston Elder Services, Inc. 403(b) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Central Boston Elder Services, Inc. 403(b) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Central Boston Elder Services, Inc. 403(b) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

403(b) Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

1. Description of Plan

The following description of the Central Boston Elder Services, Inc. 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the summary plan description or the plan document for more complete information of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering employees of Central Boston Elder Services, Inc. (the Organization). Employees are automatically eligible to participate in the Plan on their date of hire for elective deferrals. Employees must complete six months of service to receive Organization contributions with the exception of temporary and part time employees who must be credited with 1,000 hours of service in order to qualify. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Organization is responsible for oversight of the Plan. The Organization determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Participant and Employer Contributions

Each year, participants may contribute a percentage of their annual compensation, as defined in the plan document. Participants may make pretax 403(b) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Organization's contributions are based on the sole discretion of the Organization's board of directors. The Organization expects to vary the level of matching contributions that apply to participants depending on years of service with the Organization. For the years ended December 31, 2024 and 2023, the employer match based on years of service was as follows:

<u>Years of Service</u>	<u>Employer Match</u>
6 months - 1 year	2%
2 - 3 years	3%
4 years	4%
5 years or more	7%

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Organization's contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. *Description of Plan – Continued*

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The Organization's contributions and earnings thereon are allocated to participant accounts and are immediately vested. A vested benefit cannot be taken away from participants or forfeited.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest, 1% above the prime interest rate as determined at the time the loan is taken from the Plan. Interest rates on outstanding loans, as of December 31, 2024 and 2023, range from 4.25% to 9.50%. Principal and interest payments are made ratably through bi-weekly payroll deductions.

Payments of Benefits

On termination of service due to death, disability or retirement, a participant (or the beneficiary upon the participant's death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination due to death, the benefit payable to the participant's beneficiary can be made in the form of a survivor annuity which will provide monthly payments for his or her lifetime. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participants may make either hardship or in service withdrawals from certain funds within the Plan while still employed. Both types of withdrawals have specific limitations and conditions. Withdrawal elections may be made at any time, with thirty days' notice. There is no limit on the number of hardship or in service withdrawals a participant may make during employment with the Organization, unless restricted by the applicable funding vehicle.

2. *Significant Accounting Policies*

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

2. *Significant Accounting Policies – Continued*

Basis of Accounting – Continued

Investments held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All expenses of maintaining the Plan are paid by the Organization. Administrative expenses, which relate to the servicing of notes receivable from participants and certain investment fees, are paid via a reduction of participant account balances. Management fees and operating expenses charged to the Plan for investments in pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected.

3. *Information Prepared and Certified by Custodian (Unaudited)*

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Equitable Financial Life Insurance Company (Equitable), a qualified institution.

	2024	2023
Investments at fair value:		
Pooled separate accounts	\$ 9,256,896	\$ 7,623,775
Investments at contract value:		
Unallocated contract with insurance company	\$ 7,196,317	\$ 6,913,378
Notes receivable from participants	\$ 241,213	\$ 288,580
Net appreciation in fair value of investments	\$ 1,146,267	\$ 1,210,810
Interest and dividend income	\$ 169,887	\$ 161,592
Interest income on notes receivable from participants	\$ 17,157	\$ 12,207

4. *Risks and Uncertainties*

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

5. *Income Tax Status*

The Plan, as a 403(b) plan, currently is not required to be submitted to the IRS for determination. The Plan is required to operate in conformity with the Internal Revenue Code (IRC) to maintain its tax-exempt status. Plan management believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for Plan years prior to 2021.

6. *Fair Value Measurements*

The Financial Accounting Standards Board (FASB) *ASC 820, Fair Value Measurements and Disclosures* (ASC Topic 820) defines fair value as the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC Topic 820 requires disclosure of the extent to which fair value is used to measure financial and non-financial assets and liabilities, the inputs utilized in calculating valuation measurements, and the effect of the measurement of significant unobservable inputs on earnings, or changes in net assets, as of the measurement date.

ASC Topic 820 establishes a three-level valuation hierarchy based upon the transparency of inputs utilized in the measurement and valuation of financial assets or liabilities as of the measurement date, which are described as follows:

- Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled Separate Accounts

Pooled separate accounts are valued at the net unit value of shares held by the Plan at year end, based on the net asset value of the underlying mutual funds held less related charges. These funds are required to publish their daily net asset value and to transact at that price. The pooled separate accounts held by the Plan are deemed to be actively traded.

December 31, 2024 and 2023

6. Fair Value Measurements – Continued

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

<i>Description</i>	<i>Level 1</i>	<i>Total</i>
Pooled separate accounts	<u>\$ 9,256,896</u>	<u>\$ 9,256,896</u>

Assets at Fair Value as of December 31, 2023

<i>Description</i>	<i>Level 1</i>	<i>Total</i>
Pooled separate accounts	<u>\$ 7,623,775</u>	<u>\$ 7,623,775</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023, are reported in net appreciation in fair value of investments.

For the years ended December 31, 2024 and 2023, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

7. Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts overseen by Angell Pension, the third party administrator. These funds are held by Equitable. Angell Pension is the third party administrator and Equitable is the custodian, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Payment of related fees is made by the Plan. Total fees paid during 2024 and 2023, amounted to \$12,836 and \$8,520, respectively.

8. Guaranteed Investment Option with Insurance Company

The Plan holds a traditional fully benefit-responsive guaranteed investment contract with Equitable. Equitable maintains contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Equitable is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Central Boston Elder Services, Inc.
403(b) Retirement Plan
Notes to Financial Statements – *Continued*
December 31, 2024 and 2023

8. *Guaranteed Investment Option with Insurance Company – Continued*

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Equitable, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2024 and 2023, was \$7,196,317 and \$6,913,378, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. Rates are set periodically by the issuer.

Certain events limit the Plan's ability to transact at contract value with Equitable. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan, (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (e) premature termination of the contract. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. Plan management does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The traditional guaranteed investment contract does not permit the issuer to terminate the agreement prior to the scheduled maturity date.

9. *Plan Termination*

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

10. *Delinquent Participant Contributions*

During 2023, participant contributions were made through payroll withholdings according to the biweekly payroll schedule of the Organization. Remittances of these amounts were made each pay period to the Plan. For the year ended December 31, 2023, seven pay periods resulted in delinquent contributions totaling \$4,310. Plan management corrected the 2023 delinquent contributions during 2024, outside of the Voluntary Fiduciary Correction Program following the Department of Labor’s guidelines and calculator.

11. *Subsequent Events*

The Plan has evaluated subsequent events through October 7, 2025, which is the date the financial statements were available to be issued. No material subsequent events have occurred since December 31, 2024, that require recognition or disclosure in these financial statements.
