INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Michigan Trowel Trades
Health and Welfare Fund
6525 Centurion Drive
Lansing, MI 48917

Trustees:

Opinion

We have audited the accompanying financial statements of Outstate Michigan Trowel Trades Health and Welfare Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Outstate Michigan Trowel Trades Health and Welfare Fund as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Outstate Michigan Trowel Trades Health & Welfare Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Outstate Michigan Trowel Trades Health and Welfare Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Outstate Michigan Trowel Trades Health and Welfare Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Outstate Michigan Trowel Trades Health and Welfare Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

HEALTH AND WELFARE FUND**

NOTES TO FINANCIAL STATEMENTS

Note A: **Description of the Plan**

The following brief description of the Michigan Trowel Trades Health and Welfare Fund, as in effect on December 31, 2024, is provided for general purposes only. For more complete information, refer to the plan document.

1. **General** – The Health and Welfare Fund was established effective December 1, 1964 as a result of collective bargaining and has subsequently been amended. It is a multi-employer plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.
2. **Benefits** – The Plan provides participants, beneficiaries, and covered dependents with hospitalization, surgical, medical, dental, vision, death, prescription, and other related health care benefits. For more complete information concerning eligibility and benefits provided, refer to the Plan’s summary plan description.
3. **Contributions** – Contributions are obtained from participating employers and plan participants. Contributions from employers are based on hours worked by plan participants at hourly rates specified in the collective bargaining agreements. Contributions from participants are based on rates established by the Board of Trustees.

Note B: **Summary of Significant Accounting Policies**

1. **General** – The accounting records of the Plan are maintained on the accrual basis. Contributions received subsequent to December 31, 2024 attributable to hours worked prior to January 1, 2025, are reflected as contributions due from employers as of December 31, 2024 in accordance with the consistent policy of the Fund.
2. **Estimates** – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, benefit obligations, and changes therein, eligibility credits, claims payable and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
3. **Investment Valuation and Income Recognition** – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

HEALTH AND WELFARE FUND**

**NOTES TO FINANCIAL STATEMENTS
(Continued)**

Note C: Benefit Obligations

1. Claims Incurred but Not Reported – Claims incurred but not reported includes the estimated ultimate cost of settling claims and has been projected based on claims paid subsequent to December 31, 2024 representing claims incurred prior to and including that date.
2. Accumulated Eligibility Credits – Accumulated eligibility credits represent estimated future benefits expected to be paid for post accumulated credit hours. The liability includes all eligible participants of the Plan with the exception of the retirees who reimburse the Fund on a self-payment basis. The liability is based on the estimated monthly cost of future eligibility earned as of December 31, 2024 and eligibility projections.
3. Postretirement Benefit Obligations – As of December 31, 2024, there is no longer a subsidy provided for participants or retirees for postretirement benefits. Therefore, there are no postretirement benefit obligations.

Note D: Administrative Service Contract

The Fund contracted Blue Cross and Blue Shield of Michigan to administer health care benefits effective July 1, 2006. Under the current arrangement, the Fund pays an amount weekly which is comprised of actual claims, administration fees and stop loss insurance premiums. The figure representing claims, administration fees and stop loss premiums due is reported as health care benefits payable (liability) in the amount of \$166,479.

Note E: Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

**MICHIGAN TROWEL TRADES
HEALTH AND WELFARE FUND**

**NOTES TO FINANCIAL STATEMENTS
(Continued)**

Note E: Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. These level 3 fair value measurements are based primarily on management's own estimates, using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the assets. Significant level 3 inputs include information provided by fund managers, third-party appraisals, year-end audited financial statements, projected discounted cash flows, and net asset value with adjustments related to certain restrictions. Management assesses the valuation of these investments through the engagement of a third-party investment advisor and periodic meetings to review these investments.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Fund's assessment of the significance of particular inputs to these fair value measurements requires judgement and considers factors specific to each asset.

The following valuation methodologies have been used to value the Fund's investments:

Mutual funds – Mutual funds are valued at closing quoted prices reported in active markets.

Money market funds – These investments are valued at their outstanding balance, which is the best estimate of fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to estimate fair value could result in a different fair value measurement at the reporting date.

Note J: Priorities Upon Termination

In the event of termination, the Trustees shall direct the Fund to pay any and all obligations to the extent possible and distribute and apply any remaining surplus in such manner as will, in their opinion, best effectuate the purposes of the trust.

Note K: Tax Status

The trust established under the Plan to hold the Plan's assets is qualified and exempt from income taxes pursuant to Section 501(c)(9) of the Internal Revenue Code. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service and the Plan sponsor believes the Plan, as amended, continues to qualify and to operate as designed.

**MICHIGAN TROWEL TRADES
HEALTH AND WELFARE FUND**

**NOTES TO FINANCIAL STATEMENTS
(Continued)**

Note L: Tax Uncertainties and Open Tax Years

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Fund and recognize a tax liability (or asset) if the Fund has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. Management has analyzed the tax positions taken by the Fund, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Fund is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examination for years prior to December 31, 2021.

Note M: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

In addition to investments and cash equivalents, financial instruments which potentially subject the Plan to concentrations of credit risk consist principally of cash. The Plan places its cash with tier I financial institutions. At times, the amount of cash on deposit in banks may be in excess of the respective financial institution's FDIC insurance limit.

Note P: **Party-in-Interest Transactions**

Plan investments are held at Comerica Bank (the custodian). The transactions of the custodian qualify as party-in-interest transactions.

Fees paid during the year for legal, auditing, investment manager, investment advisor, and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note Q: **Subsequent Events**

The date to which events occurring after December 31, 2024, the date of the most recent Statement of Net Assets Available for Benefits, have been evaluated for possible adjustments to the financial statements or disclosure is August 6, 2025, which is the date in which the financial statements were available to be issued.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investments and schedule of reportable transactions for the year ended are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
