INDEPENDENT AUDITOR'S REPORT

Board of Trustees
UFCW - Hawaii Food Employers Retiree
Health and Welfare Plan
560 North Nimitz Way, Suite 114B
Honolulu, Hawaii 96817

Members of the Board:

Opinion

We have audited the accompanying financial statements of UFCW - Hawaii Food Employers Retiree Health and Welfare Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits and of plan benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in benefit obligations and related schedule in support of statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and benefit obligations of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the

Board of Trustees

Health and Welfare Plan

underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

UFCW - HAWAII FOOD EMPLOYERS RETIREE HEALTH AND WELFARE PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The UFCW - Hawaii Food Employers Retiree Health and Welfare Plan (the "Plan") is a multiemployer welfare benefit plan providing medical, prescription drug, vision care, and chiropractic benefits to eligible retired participants and their dependents. Certain benefits are provided by an insurance contract or are provided by contracts with prepaid health plans. Other benefits are paid directly by the Plan. The Plan also provides continuation of certain benefits to a surviving spouse and dependent children through the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) upon losing coverage as a result of a qualifying event. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is funded by employer contributions in accordance with applicable Collective Bargaining Agreements or participation agreements between the United Food and Commercial Workers Union, Local 480 ("Union Local"), and various Hawaii Food Employers. Eligible retired participants are required to make monthly self-payments. The Board of Trustees is comprised of both union and employer trustees who are bonded in accordance with the law. Trustees serve without compensation from the Plan; they may be reimbursed for reasonable expenses incurred in the performance of their duties as trustees. The Board of Trustees has the right under the Plan to modify the benefits provided by the Plan.

THE PLAN DOCUMENTS INCLUDE DETAILED RULES FOR EACH SITUATION. PARTICIPANTS SHOULD REFER TO THE PLAN AGREEMENT AND ANY AMENDMENTS REGARDING SPECIFIC PROVISIONS OF THE PLAN.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Contributions

Contributions are reported on the financial statements on the accrual basis. Employer contributions as reported are contributions made by employers on behalf of employees for hours worked during the year pursuant to various collective bargaining agreements or written participation agreements. Employer contributions receivable is estimated based on contributions received subsequent to the end of the year. Retiree self-payments are contributions from retired participants for coverage during the year. No allowance is provided for uncollectible accounts. Contributions received as a result of employer compliance procedures are generally recorded when collected.

D. Employer Payroll Compliance Program

Employer remittance reports were accepted as submitted, without examination or verification of employers' payroll records. The system of internal control provides for examination of employers' records by the Plan's independent accountants under a separate employer payroll compliance program.

UFCW - HAWAII FOOD EMPLOYERS RETIREE HEALTH AND WELFARE PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Benefits and Benefit Obligations

Benefits reported are segregated by premiums for eligible participants paid during the year (Premiums Paid), and benefit claims for participant services paid during the year under the self-insured medical, dental (for eligible dependents) and prescription plans, net of rebates (Claims - Net).

Benefit obligations are segregated based on estimates at the end of the year of premiums for coverage during the year unpaid (Premiums Payable); claims incurred during the year, reported but unpaid (Claims Payable); claims incurred during the year but not reported nor paid (Claims Incurred But Not Reported) and the actuarial present value of those estimated future benefits expected to be paid to or for (1) currently retired or terminated participants and their beneficiaries and dependents and (2) active participants and their beneficiaries and dependents after retirement from service with participating employers (Postretirement Benefit Obligations). See Note 9. The statement of benefit obligations reports the components of the changes in benefit obligations.

The claims incurred but not reported ("IBNR") reserve as of December 31, 2024 and 2023 were calculated using the completion factor method applied to lag data received from the various insurance carriers. The IBNR reserves as of December 31, 2024 and 2023 were calculated by the Plan benefit consultants.

The Plan has purchased stop-loss insurance on behalf of the participants covered under the self-insured health plan in order to limit its exposure, which will reimburse the Plan for total individual claims and total aggregate claims exceeding certain limits.

F. Cash

Cash consists of cash deposited with a financial institution in a checking account.

G. Other Income and Expenses

Other income and expense are reported on the accrual basis, except for nominal amounts of recurring monthly expenses.

H. Prescription Rebates

The Plan utilizes a pharmacy benefits manager (PBM) which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs. The PBM is contracted to pay all payments it receives from drug manufacturers or intermediaries that are denominated as rebates by such manufacturers or intermediaries and that are attributable to prescription drug services utilized by participants. The rebates receivable as of December 31, 2024 and 2023 were \$67,249 and \$68,500, respectively. Prescription rebates in 2024 and 2023 totaled \$77,258 and \$106,862, respectively.

NOTE 3 - INVESTMENT VALUATION AND INCOME RECOGNITION

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active

markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable measurements (level 3 measurements). The three levels of the hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Money Market Fund: The fair value of temporary cash invested in a money market fund is valued at cost which approximates fair value (Level 1).

Mutual Funds: The fair value of mutual funds is based on the closing price reported on the active market on which the mutual funds are traded (Level 1).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize the Plan's investments based on the inputs at December 31, 2024 and 2023 used to value them:

Description	2024			Total
	Level 1	Level 2	Level 3	
Money Market Fund	\$ 11,240	\$ -	\$ -	\$ 11,240
Mutual Funds	195,195	-	-	195,195

NOTE 3 - INVESTMENT VALUATION AND INCOME RECOGNITION (Continued)

Description	2023			
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 10,214	\$ -	\$ -	\$ 10,214
Mutual Funds	187,325	-	-	187,325

Purchases and sales of securities are recorded on the trade date basis. Investment income and expense including gain and losses on sale of investments are reported on an accrual basis. Realized gain and losses, including unrealized appreciation or depreciation in the fair value of investments, is reported as net appreciation of investments. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis.

Form 5500 requires realized gains and losses to be reported as the difference between proceeds from the sale or redemption of investments and the current (market) value of the investment at the beginning of the year, for those investments on hand at the beginning of the year, or the purchase price of investments acquired during the year. The different methods of computing realized gain or loss and the residual unrealized appreciation of investments results in differences in reporting on the financial statements and Form 5500.

NOTE 4 - RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

	December 31, 2024	December 31, 2023
Net Assets Available for Benefits Per the Financial Statements	\$ 3,642,634	\$ 2,731,839
Less: Benefit Obligations Other than Postretirement Benefit Obligations	<u>49,167</u>	<u>46,803</u>
Net Assets Per the Form 5500	<u>\$ 3,593,467</u>	<u>\$ 2,685,036</u>

The following is a reconciliation of total benefits per participants, beneficiaries and dependents per the financial statements to the Form 5500:

	January 1, 2024 to December 31, 2024
Total Benefits Per the Financial Statements	\$ 1,385,196
Add: Benefit Obligations Other than Postretirement Benefit Obligations at December 31, 2024	49,167
Less: Benefit Obligations Other than Postretirement Benefit Obligations at December 31, 2023	<u>(46,803)</u>
Total Benefits Per the Form 5500	<u>\$ 1,387,560</u>

Total benefits per the financial statements is the total of premiums and claims paid during the year net of benefit refunds. Total benefits per the Form 5500 is the total of premiums for coverage during the year, claims incurred during the year, net of refunds, all for participants, dependents, and beneficiaries.

UFCW - HAWAII FOOD EMPLOYERS RETIREE HEALTH AND WELFARE PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 5 - SEGREGATION OF ACTIVE AND RETIREE FUNDS

The Board of Trustees have segregated the Active and Retiree funds into two separate plans, the Active Plan and the Retiree Plan. Separate accounting records are maintained for each Plan. The Active Plan is for active participants, while the Retiree Plan is for retired participants. Postretirement benefits are only provided for participants in the Plan.

NOTE 6 - CONCENTRATION OF EMPLOYER CONTRIBUTIONS

One employer subject to the collective bargaining agreement provides a significant amount of employer contributions to the Plan. As of December 31, 2024 and 2023, employer contributions receivable include \$177,393 and \$178,758, respectively, from the significant employer. Employer contributions from the significant employer totaled \$2,100,831 or 96% and \$2,056,008 or 97% of total employer contributions for the years ended December 31, 2024 and 2023, respectively.

NOTE 7 - RELATED PARTY TRANSACTIONS

The Plan shares common administration expenses with the Active Plan. An allocation formula, approved by the Board of Trustees, based upon member count is used to allocate expenses between the Plan and the Active Plan. The Plan then pays each vendor directly its share of the allocated expenses. The allocation percentage is reviewed every six months. Effective January 1, 2022, the allocation percentage applicable to the Plan was 10%.

NOTE 8 - PLAN TERMINATION

The Plan shall continue until all the collective bargaining agreements providing for contributions to the Plan have expired and negotiations for extension thereof have ceased. The Plan and trust agreement may be terminated at an earlier date by written agreement of all of the employers and the Union Local, subject to all of the requirements and procedures for plan termination provided by ERISA, and all regulations issued pursuant to such public law.

In the event the obligations of all the employers to make contributions to the Plan shall terminate or the Plan otherwise terminates, the Trustees shall determine the disposition of any assets in the Plan remaining after all expenses of the Plan have been paid; provided that any such distribution shall be made only for the benefit of former participants and for the purpose set forth in the Plan. Upon termination of the Plan, the Trustees shall continue in such capacity for the purpose of dissolution of the Plan with full powers as herein provided and may execute any and all instruments which may be required.

NOTE 9 - POSTRETIREMENT BENEFITS

The postretirement benefit obligations represent the actuarial present value of those estimated future benefits that are attributed to participants' service rendered to December 31, reduced by the actuarial present value of contributions expected to be received in the future from current Plan participants. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired participants and their beneficiaries and dependents, and (2) active participants and their beneficiaries and dependents after retirement from service with the participating employers. Prior to an active participant's full eligibility date, the Accumulated Postretirement Benefit Obligation is the portion of the expected postretirement benefit obligation that is attributed to that participant's service in the industry rendered to the valuation date.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 9 - POSTRETIREMENT BENEFITS (Continued)

The postretirement benefit obligations are determined by the Retiree Plan actuary and are the amounts that result from applying actuarial assumptions to historical claims-cost data in order to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used at December 31, 2024 [2023] were:

Discount Rate:	5.50% [4.75%] per annum.
Health Trend Rates:	5.00%, grading to ultimate 4.00% per year.
Self-Pay Increase Rates:	None.
Disability Incidence Rates:	No rates applied.
Mortality Rates:	Pri-2012 with MP-2019 generational projection, and 85% adjustment for disabled retirees.
Operating Expenses:	\$604 per retiree in Plan Year 2024 [\$599 per retiree in Plan Year 2023], increased at 4% per year. Includes self-funded claims administration.

Other assumptions were for turnover rates, retirement rates, participation, plan selection, spouse coverage, and initial per capita health costs, among others.

The health care cost trend and expense increase assumptions have a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates were increased by one percentage point in each year, then the adjusted Accumulated Postretirement Benefit Obligation ("APBO") as of December 31, 2024 and 2023 would be \$58,386,600 and \$64,678,100, respectively. If the assumed rates were instead decreased by one percentage point in each year, then the adjusted APBO as of December 31, 2024 and 2023 would be \$41,967,200 and \$46,094,400, respectively.

The foregoing assumptions are based on the presumption that the Plan will continue to provide benefits. Were the retiree benefits to be terminated or amended, then different actuarial assumptions and other factors might be applicable in determining the postretirement benefit obligations.

NOTE 10 - DEFICIENCY OF NET ASSETS AVAILABLE FOR BENEFITS OVER BENEFIT OBLIGATIONS

The Plan's deficiency of net assets available for benefits over total benefit obligations of \$45,658,633 and \$51,619,364 at December 31, 2024 and 2023, respectively, relates primarily to the postretirement benefit obligations, the funding of which has not been covered by the contribution rates provided in the bargaining agreements. The calculation and reporting of the postretirement benefit obligations does not imply that there is any legal liability to provide the benefits valued, nor is there any implication that the Plan is required to implement a funding policy to satisfy the projected expense.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 11 - TAX-EXEMPT STATUS

No provision for federal income tax is made. The Plan has received tax-exempt status from the federal government under Internal Revenue Code (IRC) Section 501(c)(9). Plan management believes that the Trust, as amended, continues to qualify and to operate in accordance with applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 12 - RISKS AND UNCERTAINTIES

Plan investments are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Postretirement benefit obligations are reported based on certain assumptions pertaining to interest rates, inflation rates, employee demographics and other factors, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

NOTE 13 - CONCENTRATION OF CREDIT RISK

The Plan maintains its cash balances in a high credit quality financial institution that is insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000 per bank. The coverage is based on deposits maintained under the same employer identification number ("EIN"); since the Active and Retiree Plans share the same EIN, the limit would be \$250,000 for the aggregate balances maintained by the Plans. As of December 31, 2024, the Active and Retiree Plans maintained cash balances of \$15,111,198 in excess of the federally insured limit. The Plans have not incurred any losses on the uninsured balances.

NOTE 14 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 26, 2025, the date on which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosures in these financial statements.
