REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Participants and Retirement Committee of The CareFirst 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The CareFirst 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal controls-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of the Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other record used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial

statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE CAREFIRST 401(k) PLAN

Notes to Financial Statements

As of December 31, 2024 and 2023, and For the Year Ended December 31, 2024

(In Thousands)

1. DESCRIPTION OF THE PLAN

The following description of The CareFirst 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan's document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of CareFirst, Inc. and its affiliates (the Company). New and rehired eligible employees are automatically enrolled as a participant making a 6% salary reduction contribution on a pre-tax basis to the Plan, unless an affirmative election is made. Effective January 1, 2023, the Plan was amended to include a provision whereby pre-tax salary deferral contributions automatically increase 1% annually up to 15% of eligible pay, unless an affirmative opt out of the increase is made. Employees may change the contribution rate at any time. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended and is administered by the Retirement Committee of CareFirst, Inc. (the Committee).

Contributions

Participants may contribute between 1% and 50% of pre-tax annual compensation, as defined in the Plan, up to the limits specified in the Internal Revenue Code (the Code). Participants over age 50, or those turning age 50 during the Plan year, may elect to make additional catch-up contributions each pay period, up to the limits specified in the Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company matches 100% of the first 2% plus 50% of the next 4% of eligible compensation that a participant contributes to the Plan.

The Company makes an additional non-elective contribution equal to 3% of eligible compensation or a minimum contribution of \$2,000 to the Plan for all eligible employees, subject to the Plan's eligibility requirements.

The Company makes an additional transitional non-elective 3% contribution to the Plan for any eligible employee who is currently enrolled in the CareFirst, Inc. Retirement Plan or the Service Benefit Plan Administrative Services Corporation Retirement Plan, subject to the Plan's eligibility requirements.

The Company's Board of Directors has the option to authorize additional contributions; however, no such additional amounts were contributed to the Plan for the 2024 plan year.

1. DESCRIPTION OF THE PLAN (continued)

Contributions (continued)

In addition to the pre-tax 401(k) option, participants have the choice of contributing to a Roth 401(k), or a combination of the two. Contributions for the Roth 401(k) option are made on an after-tax basis. Upon distribution, qualified Roth contribution earnings are tax-free. Roth contributions are under the same limits specified in the Code as pre-tax 401(k) contributions. The Company's matching contribution is the same for the Roth as the pre-tax 401(k) plan. Each dollar of a Roth contribution reduces the amount that can be contributed pre-tax (and vice versa).

Participants direct their elective contributions into the Plan's various investment options and they may change their investment elections daily. If a participant is automatically enrolled, their contributions are invested in a qualified default investment alternative until the participant changes their election. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts are used, at the Committee's discretion, to reduce future Company contributions or to pay Plan expenses. During the year ended December 31, 2024, forfeitures of approximately \$832 were used to reduce the Company's contributions. Forfeited non-vested accounts totaled \$1,370 and \$832, as of December 31, 2024 and 2023, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, and (b) the Plan's earnings or losses, and is charged with an allocation of administrative expenses as determined by the funds in which a participant is invested. Allocations are based on the participant's earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their elective contributions and transitional non-elective 3% contribution plus actual earnings or losses thereon. Vesting in the Company's matching contribution and non-elective 3% contribution portions of their accounts plus actual earnings or losses thereon is based on years of service, as defined by the Plan. A participant is 100% vested in the Company's matching contribution and the non-elective 3% contribution after two years of service.

THE CAREFIRST 401(k) PLAN

Notes to Financial Statements

As of December 31, 2024 and 2023, and For the Year Ended December 31, 2024

(In Thousands)

1. DESCRIPTION OF THE PLAN (continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of five hundred dollars up to a maximum equal to the lesser of fifty thousand dollars or 50% of their vested account balance. Loan terms range from 6 to 60 months or up to 120 months for the purchase of a primary residence. The loans are secured by the balance in the participant's account, with the interest rate equaling the prime rate plus one percentage point published in the Federal Reserve Statistical Release. No more than one loan may be outstanding at a time. Principal and interest are paid ratably through payroll deductions each pay period.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may receive a lump-sum amount equal to the vested value of their account or elect to receive installments. Certain participants may elect to receive annuity payments. Under the Plan, terminated participants' vested accounts with balances of one thousand dollars or less require mandatory cash out. A participant who has not had a severance from employment may, upon the attainment of age 59-1/2, withdraw any amount of the vested portion of his or her account.

Plan Termination

Although no such intent has been expressed, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to ERISA's provisions. Should the Plan terminate, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses was recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan deems the participant loan to be a distribution, the participant's loan balance is reduced and a benefit payment is recorded.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Investment Valuation and Income Recognition

Investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., exit price). See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought, sold, and held during the year.

Certified Investments

All investment information disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments held and notes receivable from participants as of December 31, 2024 and 2023, and net appreciation/(depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information Fidelity Management Trust Company (the Trustee) certified as complete and accurate.

Administrative Expenses

Expenses incurred in the Plan's administration and operations are paid by the Plan unless they are paid by the Company at the Committee's direction. Certain administrative expenses were paid by the Company on behalf of the Plan in Plan year 2024. These administrative expenses are not included in the accompanying financial statements.

During the year ended December 31, 2024, income of \$111 and dividends earned of \$11 were deposited into the Plan's dedicated revenue credit program (RCP) account, and \$154 was used to pay for RCP related administrative expenses. As of December 31, 2024 and 2023, the RCP dedicated account balance was \$454 and \$486, respectively.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board guidance on fair value measurements establishes a framework for measuring fair value and expands disclosures about fair value measurements. The fair value hierarchy is as follows:

Level 1: Quoted (unadjusted) prices for identical assets or liabilities in active markets.

Level 2: Other observable inputs, either directly or indirectly.

Level 3: Unobservable inputs that cannot be corroborated by observable market data.

In instances in which the inputs used to measure fair value fall within different levels of the fair value hierarchy, the fair value measurement has been determined based on the lowest level input that is significant to the fair value measurement in its entirety.

There were no transfers into or out of Level 3 during the years ended December 31, 2024 and 2023.

THE CAREFIRST 401(k) PLAN

Notes to Financial Statements

As of December 31, 2024 and 2023, and For the Year Ended December 31, 2024

(In Thousands)

3. FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value:

	As of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 319,182	\$ -	\$ -	\$ 319,182
Common/collective trusts and other investment trust funds	-	693,857	-	693,857
Total Investments at Fair Value	\$ 319,182	\$ 693,857	\$ -	\$ 1,013,039

	As of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 274,004	\$ -	\$ -	\$ 274,004
Common/collective trusts and other investment trust funds	-	584,328	-	584,328
Total Investments at Fair Value	\$ 274,004	\$ 584,328	\$ -	\$ 858,332

The following methods and assumptions were used to estimate the fair value of mutual funds.

Mutual funds: Mutual funds consist of Fidelity and non-Fidelity mutual funds. The funds' net asset value (NAV) is calculated as of the close of business of the New York Stock Exchange. There are no restrictions with respect to daily fund redemption. The fair value of the mutual funds is the market quoted price. The funds are considered actively traded; therefore, are classified as Level 1.

Common/collective trusts and other investment trust funds: Collective trust funds are measured using the NAV, which is published daily on the Trustee's website and can be redeemed by participants at the NAV as of the transaction date. As these investments are not traded on an exchange, they are classified as Level 2.

The preceding methods may produce a fair value calculation that may not indicate net realizable value or reflect future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, using different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

Notes to Financial Statements

As of December 31, 2024 and 2023, and For the Year Ended December 31, 2024

(In Thousands)

4. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and a common/collective trust fund managed by the Trustee. Therefore, these transactions qualify as exempt party-in-interest transactions. In addition, the Plan received income of \$111 from the RCP with the Trustee, which was used to pay for certain allowable expenses to the Trustee for the year ended December 31, 2024. The RCP also qualifies as an exempt party-in-interest transaction.

5. TAX STATUS

The Plan has received a favorable letter of determination from the Internal Revenue Service dated December 13, 2017, which stated that the Plan is qualified under Section 401(a) of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan believes that it is operating in compliance with the applicable requirements of the Code and, therefore, it is qualified and the related trust is tax exempt.

6. RISK AND UNCERTAINTIES

The Plan invests in investment securities that are exposed to risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term. The changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. FULLY BENEFIT-RESPONSIVE GUARANTEED INVESTMENT CONTRACT

The Plan invests in the Fidelity Managed Income Portfolio which is a synthetic guaranteed investment contract. This fund is maintained in a separate account by the Trustee and has the overall objective to preserve capital. Investments in fully benefit-responsive contracts are presented in the financial statements at contract value.

Participants can withdrawal or transfer all of part of their fully benefit-responsive contract account balance at contract value. Contract value, also referred to as book value, represents participant contributions plus credited interest. There are certain events that may limit the ability to transact at contract value which includes the following: (1) layoffs; (2) early retirement windows; (3) spin-offs; (4) sale of a division; (5) facility closings; (6) plan terminations; (7) partial plan terminations; or (8) changes in laws.

8. SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events that have occurred for recognition or disclosure through October 10, 2025, the date of the issuance of the financial statements.
