REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Plan Administrator of
Ryan Specialty 401(k) Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Ryan Specialty 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from

the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ryan Specialty 401(k) Savings Plan

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Ryan Specialty 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan.

General

The Plan is a defined contribution plan covering substantially all full-time U.S. employees of Ryan Specialty, LLC (the "Company" or "Plan Administrator"). The Plan became effective on November 1, 2010. The Board of Directors of the Company has appointed the Benefits Committee to control and manage the operation and administration of the Plan. Empower Retirement ("Empower" or the "Recordkeeper") serves as the record keeper and administers the Plan's assets for the benefit of participants. Empower Trust Company, LLC (formerly Great-West Trust Company, LLC) (the "Trustee") serves as the trustee of the Plan's investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA").

The Company has acquired several companies in recent years. Employees of acquired companies retained by the Company became eligible to participate in the Plan after the effective date of the acquisitions. Companies with outstanding loan balances were allowed to roll over their pre-acquisition loan balances to the Plan, subject to a maximum amount of \$50,000 or 50.0% of their vested account balance.

Effective October 16, 2023 the Plan was amended to merge Socius Insurance Services 401(k) Plan. Socius Insurance Services 401(k) Plan was acquired as a part of the business combination between the Plan Sponsor and Socius Insurance Services.

Eligibility and Participation

All U.S. employees who work full time are eligible to participate in the Plan on their start date, new hires are auto enrolled in the Plan at 6% contribution.

Contributions

Participants in the Plan may elect to have a portion of their compensation, as defined in the Plan agreement, contributed to the Plan on a before-tax basis pursuant to Internal Revenue Code ("IRC") Section 401(k). Such contributions are excluded from the participant's taxable income for U.S. Federal income tax purposes until received as a withdrawal or distribution from the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions; these additional contributions are ineligible for a Company matching contribution.

Employer contributions are made at the discretion of the Company and are subject to certain limitations. For 2024 and 2023, the Company contributed an amount equal to 50% of participant contributions that are not catch-up contributions. In 2022, the Company made a \$2,646,586 discretionary contribution for the purchase of the Company's parent common stock, Ryan Specialty Holdings, Inc. (the "Parent"), that was not participant directed and it related to the 2021 Plan year.

The Plan allows participants to make Roth 401(k) contributions to the Plan. Roth contributions are made on an after-tax basis, and participants owe no further tax on these contributions or their earnings thereon after meeting applicable requirements.

The Plan allows participants to make further after-tax contributions to the Plan which are taxable upon contribution, and the earnings of which are taxable upon withdrawal.

Ryan Specialty 401(k) Savings Plan

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("Rollover contributions").

Participants who have made contributions before tax, or have made non-Roth after-tax contributions, may convert balances arising from such contributions to Roth 401(k) balances. For the purposes of income tax, these conversions are accounted for as distributions but are not subject to the 10% Internal Revenue Service ("IRS") penalty on early distributions from retirement accounts. After conversion, participants owe no further tax on their contributions or the earnings thereon, according to the rules for Roth 401(k) accounts.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. As of December 31, 2024 there were \$1,573 of Plan limit excess contributions and they were distributed on March 12, 2025. As of December 31, 2023 there were \$1,259 of Plan limit excess contributions and they were distributed on February 26, 2024.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and allocations of the Company's employer contribution and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Investments

Both participant and Company contributions to the Plan are invested in any of the various investment alternatives offered by the Plan in any whole percentages as directed by the participant. Participants can transact and change investments daily other than purchasing the Parent common stock. The purchase of the Parent's common stock was a discretionary contribution and participants cannot elect it as an investment option.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts and earnings is based on years of continuous service. For vesting purposes, a year of continuous service is defined as 1,000 service hours in one Plan Year. A participant's Company contribution vests one third after fulfilling the 1,000 service hour threshold in one Plan Year. Therefore, a participant can be fully vested by providing 1,000 service hours each Plan Year for three Plan Years.

Notes Receivable from Participants

Participants may apply for a loan under the terms of the Plan. Loans are made available to all participants on a reasonably equivalent basis. Loans are not made available to highly compensated employees in an amount greater than the amount available to other employees; outstanding loan balances are subject to a limitation of the lesser of \$50,000 or 50% of the vested portion of their account balance. The interest rate on loans is 1% over the Prime Rate published by the Wall Street Journal on the first business day of the month before the loan is originated and fixed for the life of the loan. Loans provide for periodic repayment over a reasonable amount of time; principal and interest are paid ratably through monthly payroll deductions. Loans are secured by the balance in the participant's account. Participant can have one loan outstanding at a time.

Ryan Specialty 401(k) Savings Plan

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Loan maturities range from one to five years; however, the maturity may exceed five years if the loan is issued for the purchase of a primary residence. Participant loans outstanding as of December 31, 2024 have maturities through 2038 and interest rates are between 3.25% and 10.5%.

Participant loans are party-in-interest transactions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in their account in either a lump-sum amount or in substantially equal installments. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution or a direct rollover distribution. Participants of age 70 1/2 (if born before July 1, 1949) or age 72 (if born after June 30, 1949) are required to take required minimum distributions from their account.

Participants are also eligible to make hardship withdrawals from their account in the event of certain financial hardships.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the unvested portion of the participant's account, as defined by the Plan, constitutes a forfeiture. The Plan agreement permits the use of forfeitures to reduce either future employer contributions or plan administrative expenses for the year. However, if a participant is re-employed and fulfills certain requirements outlined in the Plan agreement, the account will be reinstated.

Forfeited amounts were used to pay Plan expenses of \$223,639 and \$131,148 in 2024 and 2023, respectively. There were \$226,449 and \$24,862 in forfeited unvested accounts as of December 31, 2024 and 2023 included in Total investments on the statement of net assets available for benefits.

Accrued Administrative Expenses

Administrative expenses may be paid from Plan assets or by the Company. As of December 31, 2024, there were \$45,320 of fees accrued. As of December 31, 2023 there were \$33,119 of fees accrued. The Plan recognized \$118,415 of administrative expenses for 2024.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

The significant accounting policies of the Plan follow:

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the financial statements that conform to U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Actual results may differ, materially, from estimates.

Ryan Specialty 401(k) Savings Plan

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Risks and Uncertainties

The Plan provides various investment options to its participants. Generally, investments are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility, among others. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between independent market participants at the measurement date. See Note 4, Fair Value Measurements, for more information regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plans' gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded based upon the terms of the Plan document.

Revenue-Sharing Agreement

The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to the Recordkeeper. Revenue sharing payments are credited to participant accounts based on their investment options. For the year ended December 31, 2024, the Plan earned \$2,232 from these revenue-sharing agreements which is included in other income on the statement of changes in net assets available for benefits.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. The Plan pays all other administrative fees for maintaining the Plan.

Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Certain amounts received from a revenue-sharing agreement with the Recordkeeper are utilized to offset administrative expenses.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but had not yet been paid as of December 31, 2024 and 2023.

Excess Contributions

The Plan is required to return contributions received during the year in excess of IRC limits.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected to have the audit performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan Administrator determined that the certification received from the Trustee meets the requirements of ERISA Section 103(a)(3)(C). The Trustee certified that the following data included in the accompanying financial statements are complete and accurate:

- Empower certified investments at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Empower certified net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Empower certified schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2024.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value as follows:

- Level 1 - Securities valued using unadjusted quoted prices from active markets for identical assets or liabilities;
- Level 2 - Securities not traded on an active market but for which observable market inputs are readily available; and
- Level 3 - Securities valued based on significant unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes to the methodology used as of December 31, 2024 and 2023.

Common stock consists of the Company's parent stock and is valued at the daily closing price as reported by the exchange. Common stock held by the Plan is registered with the Securities and Exchange Commission. The common stock held by the Plan is deemed to be actively traded.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Ryan Specialty 401(k) Savings Plan

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

The Mellon Stable Value Fund (the “Fund”) is composed primarily of fully benefit-responsive investment contracts and is reported at fair value using net asset value (“NAV”) as a practical expedient. This NAV represents the Plan’s fair value since this is the NAV at which the Plan transacts with the Fund. This practical expedient is used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

Common Collective Trust Funds are valued using the NAV of units of the respective collective trusts. Participant transactions (purchases and sales) in the Fund may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months’ notification in order to ensure that securities liquidations will be carried out in an orderly manner.

All investments valued using NAV allow for daily redemption, do not have any redemption restrictions, or notice requirements besides as noted above, and do not have any unfunded commitments.

The following table presents the Plan’s fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31, 2024 and 2023.

<u>As of December 31,</u>	<u>2024</u>	<u>2023</u>
Level 1 assets		
Common stock	\$ 3,961,181	\$ 2,848,534
Mutual funds	<u>154,098,521</u>	<u>106,686,449</u>
Total level 1 assets	158,059,702	109,534,983
NAV-based assets		
Stable value fund	8,179,666	6,711,339
Common collective trust funds	<u>463,950,362</u>	<u>382,116,218</u>
Total NAV-based assets	<u>472,130,028</u>	<u>388,827,557</u>
Total assets	<u>\$ 630,189,730</u>	<u>\$ 498,362,540</u>

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - FEDERAL INCOME TAX STATUS

An opinion letter dated November 14, 2022 was issued by the Internal Revenue Service to the Trustee for the non-standardized pre-approved profit sharing plan used by the Plan beginning April 2, 2018. The letter states that the prototype document satisfies the applicable provisions of the IRC. Although the Plan has been amended since the prototype plan received the opinion letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the

Ryan Specialty 401(k) Savings Plan

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
