## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the  
Albany College of Pharmacy and Health Sciences 403(b) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Albany College of Pharmacy and Health Sciences 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and December 31, 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Albany College of Pharmacy and Health Sciences 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Albany College of Pharmacy and Health Sciences 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Albany College of Pharmacy and Health Sciences 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Albany College of Pharmacy and Health Sciences 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter – Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**ALBANY COLLEGE OF PHARMACY AND HEALTH SCIENCES 403(b) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**NOTE 1 — DESCRIPTION OF THE PLAN**

The following description of the Albany College of Pharmacy and Health Sciences 403(b) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

Albany College of Pharmacy and Health Sciences 403(b) Plan was adopted January 1, 1948. The Plan is a defined contribution plan under Section 403(b) of the Internal Revenue Code. The Plan covers substantially all non-student employees of Albany College of Pharmacy and Health Sciences (the "College") who have met certain age and length of service requirements as described below. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Teachers Insurance and Annuity Association (TIAA) is the Plan's recordkeeper, and together with College Retirement Equities Fund (CREF) (collectively "TIAA") is the insurance company issuer of the annuity contracts to the Plan.

**Eligibility**

All salaried and hourly non-student employees over the age of 21 become eligible to join the Plan and make participant contributions as defined below immediately upon employment.

All salaried and hourly non-student employees over the age of 21 become eligible for the employer contributions as defined below when they reach one year of service with at least 1,000 hours of service. New employees with existing TIAA contracts are eligible for employer contributions immediately upon employment.

**Contributions**

Each eligible employee, as defined above, can elect to make salary deferral contributions into the Plan up to 100% of their eligible compensation subject to certain limitations under the Internal Revenue Code (IRC). Participants who are projected to be age 50 or older by the end of the calendar year are eligible to make catch-up contributions up to the dollar amount permissible under the IRS. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Participants direct the investment of contributions into various investment options offered by the Plan.

The College also makes a nonelective employer contribution for each employee eligible for the employer contribution, as defined above, equal to 6% of eligible compensation. The College also makes a matching contribution equal to 100% of an eligible participant's deferrals that do not exceed 4% of eligible compensation.

**Participant Accounts**

Each participant's account is credited with the participant's and employer contributions and optional participant rollovers, if any, plus allocations of Plan earnings (losses) and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is based on a participant's vested account.

**Vesting**

Participants are immediately vested in all contributions plus actual earnings thereon.

**ALBANY COLLEGE OF PHARMACY AND HEALTH SCIENCES 403(b) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**NOTE 1 — DESCRIPTION OF THE PLAN** (Continued)

**Payment of Benefits**

Benefits are distributed in a lump sum, installment, ad-hoc or periodic annuity payment and are based on normal retirement date, disability, death or termination of employment of the participant. Participants may also request an in-service withdrawal after age 59½ or hardship withdrawals upon meeting certain requirements as outlined by the Internal Revenue Service (IRS).

Effective February 1, 2024, terminated participants with a vested account balance equal to or less than \$5,000 will receive an automatic distribution. Any distribution greater than \$1,000 that is automatically distributed to a participant without the participant's consent before the participant's normal retirement age will be rolled over to an individual retirement account designated by the Plan Administrator.

**Plan Loans**

Plan loans are available to participants through TIAA, subject to certain limitations. Plan loans are issued directly from funds owned by TIAA and loan proceeds are not removed from a participant's account balance. However, a portion of the participant's TIAA Traditional Annuity account balance is reserved, or held in collateral, to cover the outstanding loan amount for the period of time the loan is outstanding.

For active loans, investments equal to 110% of the outstanding loan amount are reflected in the statements of net assets available for benefits and serve as collateral for the loan. Investments underlying defaulted loan balances are reflected in the statements of net assets available for benefits until a distribution event occurs.

At December 31, 2024 and 2023, participants had outstanding Plan loan balances due to TIAA of approximately \$13,800 and \$18,500, respectively. There were no outstanding Plan loans due to TIAA in default status as of December 31, 2024 and 2023.

**Notes Receivable from Participants**

Participants may borrow from their accounts a minimum amount of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the present value of the participant's vested accrued benefit, or 45% of the TIAA and CREF employee accumulations. The interest rate will be fixed for the duration of the loan. A one-time origination fee will be charged at the time of the loan and an annual maintenance fee will be charged each year the loan is outstanding. These loans generally have repayment terms not to exceed five years and participants may have a maximum of three outstanding loans at one time.

Loans are reflected in the statements of net assets available for benefits as notes receivable from participants. Loan payments are credited to participant accounts as received.

**NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**ALBANY COLLEGE OF PHARMACY AND HEALTH SCIENCES 403(b) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**NOTE 2 — SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

**Investments Valuation and Income Recognition**

The Plan's investments are stated at fair value, other than benefit responsive investments. Net appreciation or depreciation in the fair value of investments includes the realized gains and losses on investments bought and sold as well as unrealized gains and losses on investments held during the year. Purchases and sales of securities are reported on a trade date basis. Interest earned on investments is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Fixed annuity contracts are TIAA Traditional Annuity contracts (TIAA Traditional Annuity) that are unallocated fixed annuity contracts that are fully and unconditionally guaranteed by TIAA. TIAA Traditional Annuity within liquid contracts are benefit responsive. TIAA Traditional Annuity within illiquid contracts are non-benefit responsive. TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3%, but in some contracts between 1% and 3%) and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. Contributions to a participant's account purchases a guaranteed amount of lifetime annuity income. When a participant's account in the TIAA Traditional Annuity is annuitized based on available options, the present value of the stream of payments is equal to the account balance.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events are probable of occurring that might limit the ability of the Plan to transact at contract value with TIAA or Plan participants.

TIAA Traditional Annuity, Benefit Responsive is valued at contract value. Because the annuity is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the annuity.

TIAA Traditional Annuity, Non Benefit Responsive is reported at contract value, which approximates fair value.

The fair value of the pooled separate account and registered investment companies are equal to the net asset value reported by the funds of the shares or units held.

**Payment of Benefits**

Benefits are recorded when paid.

**ALBANY COLLEGE OF PHARMACY AND HEALTH SCIENCES 403(b) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**NOTE 2 — SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Administrative Expenses**

All administrative expenses except certain direct fees and those related to the investment transactions are paid by the College. Expenses relative to the investment transactions are netted against investment income when reported by TIAA.

**Subsequent Events**

The Plan has evaluated subsequent events through August 14, 2025, the date the financial statements were available for issuance.

Effective July 1, 2025, the College amended the Plan to change the employer nonelective contribution from a fixed rate of 6% of eligible compensation to a discretionary contribution to be determined annually. The College also changed the employer matching contribution from 100% of an eligible participant's deferrals that do not exceed 4% of eligible compensation to 5% of eligible compensation.

**NOTE 3 — INFORMATION CERTIFIED BY TIAA AND CREF**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, as the insurance companies of the Plan, have certified to the completeness and accuracy of information included in the financial statements and supplemental schedule as of and for the year ended December 31 as follows:

	<u>2024</u>	<u>2023</u>
Investments, at fair value:		
Fixed annuity contracts, non benefit responsive	<u>\$ 11,946,109</u>	<u>\$ 11,576,590</u>
Pooled separate account	<u>\$ 3,072,468</u>	<u>\$ 3,459,491</u>
Registered investment companies	<u>\$ 75,166,548</u>	<u>\$ 69,269,185</u>
Investments, at contract value:		
Fixed annuity contracts, benefit responsive	<u>\$ 5,761,618</u>	<u>\$ 5,434,733</u>
Interest, dividends and other	<u>\$ 2,439,508</u>	
Net appreciation in fair value of investments	<u>\$ 7,916,499</u>	

**NOTE 4 — FAIR VALUE MEASUREMENTS**

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 – inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

**ALBANY COLLEGE OF PHARMACY AND HEALTH SCIENCES 403(b) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**NOTE 4 — FAIR VALUE MEASUREMENTS (Continued)**

- Level 2 – inputs include: quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset and; inputs derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset.
- Level 3 – inputs are unobservable and cannot be corroborated by observable market data.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Fixed Annuity Contracts, Non Benefit Responsive:* Reported at contract value, which approximates fair value. The contract value of the TIAA Traditional Annuity equals the accumulated cash contributions and interest credited to the Plan's contracts, and transfers, less any withdrawals and transfers. The TIAA Traditional Annuity is not available for sale or transfer on any securities exchange, accordingly, transactions in similar investment instruments are not observable.

*Pooled Separate Account:* The pooled separate account investments are valued daily at the net asset value of the units held and is comprised of investments in the TIAA Real Estate Account (REA), an insurance company separate account, of TIAA investing mainly in real estate and real estate-related investments. This is a variable annuity. The REA's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The REA sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. The TIAA general account provides the REA with a liquidity guarantee. Units in the REA are available for transactions daily at the closing net asset value. Transfers out of the REA are limited to one per calendar quarter.

*Registered Investment Companies:* Registered investment companies investments are valued daily at the net asset value of the shares or units held.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following represents the Plan's assets measured at fair value and the level within the fair value hierarchy in which the fair value measurements fell, at December 31:

	December 31, 2024			Total

There were no transfers into or out of level 3 investments for the years ended December 31, 2024 and 2023. Purchases of level 3 investments were approximately \$969,100 and \$436,700 the years ended December 31, 2024 and 2023, respectively.

**Quantitative Information Regarding Level 3 Fair Value Measurements**

The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy at:

December 31, 2024				
Type	Fair value	Valuation technique	Significant unobservable inputs	Range
TIAA Traditional Annuity - Non Benefit Responsive	\$ 11,946,109	Discounted cash flow	Risk-adjusted discount rate applied	RC- 3.90% - 6.75% RA- 3.65% - 6.50%

  

December 31, 2023				
Type	Fair value	Valuation technique	Significant unobservable inputs	Range
TIAA Traditional Annuity - Non Benefit Responsive	\$ 11,576,590	Discounted cash flow	Risk-adjusted discount rate applied	RC- 4.25% - 7.00% RA- 4.00% - 6.75%

The Plan reviews fair value estimates which are certified by the insurance company.

**NOTE 5 — TAX STATUS**

The Plan has adopted the volume submitter 403(b) plan sponsored by TIAA, with the latest opinion letter dated August 7, 2017, in which the IRS stated that the plan, as then designed, was in compliance with the applicable requirements of the IRC and therefore, the Plan is exempt from federal income tax under Section 403(b) of the Code. To maintain its qualification, the Plan is required to operate in conformity with the IRC. Although the Plan has been amended since receiving the advisory opinion, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress.

**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**NOTE 6 — PARTY-IN-INTEREST TRANSACTIONS**

Plan investments are managed by TIAA. TIAA is the Plan's record keeper and insurance company which holds plan assets and executes investment transactions and is the issuer of the annuity contracts of the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.

**NOTE 7 — PLAN TERMINATION**

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.

**NOTE 8 — RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities and investment contracts. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
