Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☐ Unmodified (2) ☐ Qualified (3) ☒ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **GRANT THORNTON LLP**

(2) EIN: **36-6055558**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
Northeastern University Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We were engaged to perform audits of the financial statements of Northeastern University Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Disclaimer of opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for disclaimer of opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other matter - supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Northeastern University Retirement Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of the Plan

The following description of the Northeastern University Retirement Plan, as amended, (the “Plan”) provides only general information. Participants should refer to the plan document and the summary plan description for a more complete description of the Plan’s provisions.

General

The Plan is a contributory defined contribution plan established July 1, 1946, most recently amended January 1, 2019, for eligible employees of Northeastern University (the “University” or “Plan Sponsor”) to save for a lifetime income when they retire. Plan assets acquired under this Plan as a result of contributions, investment income, and other additions to the Plan are administered for the exclusive benefit of the participants and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Northeastern University’s 403(b) Investment Committee serves as the plan administrator under the Plan (“Plan Administrator”). Fidelity Management Trust Company (“Fidelity”) and Teachers Insurance and Annuity Association (“TIAA”) and College Retirement Equity Fund (“CREF”) serve as the custodians for the Plan (the “Custodians”). Pursuant to the service agreement between TIAA and TIAA Trust N.A., a federal savings association, a duly authorized agent of TIAA was able to execute, as agent of TIAA, a certification of Plan records with respect to the institution’s mutual funds required by the Department of Labor Section 2520.103-5.

Eligibility

All employees are eligible to participate in the Plan upon date of hire on the first pay period with the exception of students enrolled in and regularly attending classes at the University. Employees must complete an enrollment form in order to participate.

Contributions

Participants determine the percentage they wish to contribute. Aggregate participant contributions to the Plan may not exceed the Internal Revenue Service (“IRS”) limit of \$23,000 in 2024. In addition to the IRS maximum contribution, participants who have attained age 50 or older by the end of the Plan year are eligible to contribute an additional \$7,500 in 2024 to the Plan. The University matches participants’ contributions in the amount of 10% of the participants’ eligible compensation providing that the participants contribute a minimum of 5% of their eligible compensation (“University match”). The eligible compensation limit was \$345,000 for the Plan year 2024. The University match is paid each pay period. In order to be eligible for the University match, a participant (faculty and staff) must have attained the age of 21, complete one year of service and work at least 20 hours or more per week. Temporary non-student employees who work in a non-benefits-eligible position for a specified limited period of time are not eligible for the University match.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the University’s matching contribution, and the participant’s allocation of Plan earnings based on the investment results of investments chosen by the participant and debited with the applicable expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. All participant accounts are invested in the various investment options made available from time to time under the Plan for such purpose. On a daily basis, participants have the opportunity to give instructions to the Plan’s Custodians as to the investment of the contributions among available investment options, subject to allocation rules, which may be prescribed by the University.

Participant Investment Account Options

Participants direct their contributions and the University's contributions to their accounts into various investment options offered by the Plan. Currently, the Plan offers a variety of different investment options plus Target Date Funds, which include registered investment companies, a pooled separate account and TIAA Traditional Annuity ("TIAA TA"). Participants also have access to direct their contributions into additional registered investment companies through a Self-Directed Brokerage Account option within the Plan, if they choose.

Vesting

Participants are immediately vested 100% in their voluntary contributions, rollover contributions, University's matching contributions, and the investment earnings/losses arising from these contributions.

Notes Receivable from Participants

Participants have the ability to borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of a portion of the participant's account balance. A participant can have up to 3 loans currently outstanding from the Plan. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. Loan interest rates are determined by Fidelity and TIAA based on the Prime rate plus 1%, fixed over the life of the loan and ranged from 4.25%-9.50% in 2024 and 2023. Principal and interest were paid by the participant directly to Fidelity and TIAA.

Plan Loans

Loans to participants are promissory note agreements executed by the participant and TIAA and CREF. Participants are required to transfer an amount from their account balance equal to 110% of their outstanding loan balances from their fund accounts to the TIAA TA to be held in collateral of the loans. This collateral remains invested in the Plan and the participants continue to earn TIAA TA contractual interest and additional amounts as declared by TIAA's Board of Trustees. If participants default on their loans, TIAA and CREF remove the portion of the collateral held in the TIAA TA equal to the participants' outstanding loan balances plus any unpaid accrued interest to pay off the defaulted loans. Participants have the ability to borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of the participant's vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. Loan interest rates are determined by TIAA and CREF and range from 4.00%-6.84% in 2024 and 2023. Principal and interest are paid by the participant directly to TIAA and CREF. The outstanding loan balances due to TIAA and CREF as of December 31, 2024 and 2023 were \$165,842 and \$326,328, respectively. These loans are collateralized by TIAA TA account balances of approximately \$182,426 and \$358,961 at December 31, 2024 and 2023, respectively.

Payment of Benefits

Benefits are payable upon death, separation from service, or proven hardship in a lump-sum distribution and partial payments, installment payments, and through annuity contracts. In any event, payment of benefits must commence no later than April 1 following the calendar year during which the participant's employment terminates or the participant reaches age 73, whichever is later. Hardship withdrawals are available from a participant's elective deferral account and allowed to meet a participant's immediate and heavy financial need.

Northeastern University Retirement Plan

Notes to Financial Statements

December 31, 2024 and 2023

If upon termination of service the participant elects to receive benefit payments under the lifetime income benefits available through the TIAA and CREF annuities, the benefit is based upon the value of the investment results, the mortality and the expense associated with the specific annuities available through TIAA and CREF. The annuities are used to purchase a guaranteed amount of future benefits. TIAA TA provides annuities to participants, which are considered unallocated contracts. Payments from the TIAA TA are made according to the predetermined installment schedule. Payments from other Plan assets can be made according to the permitted format of the investment.

Pension Contribution Benefit for Long-Term Disability

The Employer's long-term disability vendor makes contributions to the Plan for Participants qualified in accordance with the provisions of the long-term disability plan. During 2024 and 2023, \$287,510 and \$272,880, respectively, in long-term disability benefits were contributed to the Plan. These contributions are included in Employer contributions on the Statement of Changes in Net Assets Available for Benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

In November 2007, the Department of Labor ("DOL") issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting, disclosure, and audit requirements under Part 1 of Subtitle B of Title I of ERISA. The Plan, however, was established in 1946, and historically the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan sponsor. Accordingly, complete accounting records and supporting documents relating to certain annuity and custodial contracts issued to current and former employees prior to January 1, 2009, have not been maintained by the Plan. Consequently, the financial statements have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan, there can be no assurance as to the completeness or accuracy of the Plan's reported financial information.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussions of fair value measurements.

Northeastern University Retirement Plan

Notes to Financial Statements

December 31, 2024 and 2023

Net appreciation includes realized gains and losses on investments sold and the change in the unrealized appreciation/(depreciation) on investments held during the year. The cost of investments is determined using the average cost basis in calculating realized gains or losses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is deducted and a benefit payment is recorded.

Unit Values

Individual participant accounts for the pooled separate investment accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds but do have an interest therein represented by units which are valued daily. The funds earn dividends and interest, which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants' accounts are charged or credited with the number of units properly attributable to each participant.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Contributions

Participant and University contributions are recorded in the period in which the University makes payroll deductions from the participants' wages.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

Certain Plan administrative expenses are paid by the Plan and others are paid by the University. Investment transaction expenses are borne by the participants and are included in net appreciation of fair value of investments.

Risks and Uncertainties

The Plan invests in various types of investment securities, including registered investment companies, self-directed brokerage accounts, a pooled separate account and traditional annuities. Investment securities are exposed to various risks, such as interest rate, market and credit risks, and global events such as international conflicts. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Northeastern University Retirement Plan

Notes to Financial Statements

December 31, 2024 and 2023

3. Investments

Plan investments are held in registered investment companies, traditional annuities, and a pooled separate investment account by the Plan's custodians, Fidelity Management Trust Company, TIAA and CREF and TIAA as agent for TIAA Trust N.A. The fair and contract values of investments as of December 31, 2024 and 2023, and all investment transactions for the year ended December 31, 2024 including interest and dividends and net appreciation in fair values are reported to the Plan and certified as complete and accurate by the custodians. Information included in the supplemental Schedule of Assets (Held at End of Year) has also been derived from information certified by the custodians.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Valuations using quoted prices in active markets for identical assets or liabilities. Valuations of these products do not require a significant degree of judgment. |
| Level 2 | Valuations using observable inputs other than Level 1 prices such as quoted prices in active markets for similar assets or liabilities; quoted prices for identical or similar assets or liabilities in markets that are not active; broker or dealer quotations; or other inputs that are observable or can be corroborated by observable market data for substantially the same term of the assets or liabilities. |
| Level 3 | Valuations using unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the investments and valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered Investment Companies and Self-Directed Brokerage Accounts

Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and valued at daily closing price as reported by the fund. Self-directed brokerage accounts primarily consist of mutual funds that are valued on the basis of readily determinable market prices.

Northeastern University Retirement Plan

Notes to Financial Statements

December 31, 2024 and 2023

Pooled Separate Account - TIAA and CREF Real Estate Account

Real estate investments in the TIAA Real Estate Account (a pooled separate account) are valued using independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund has funds available to meet participant redemption, transfer, or cash withdrawal requests. Redemptions are allowed daily not to exceed one per calendar quarter.

TIAA Traditional Annuity ("TIAA TA")

The TIAA TA is a fixed annuity unallocated insurance contract fully and unconditionally guaranteed by TIAA. Contributions to TIAA TA buy a contractual or guaranteed amount of future benefits for the employee. TIAA TA contracts issued by TIAA are unconditionally guaranteed by its general account. The Traditional Annuity is offered through a variety of contract types. Only Retirement Annuities (RA) contracts are offered by the Plan. RA contracts are non benefit-responsive investment contracts. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claim-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

Investments in the TIAA TA may not be immediately withdrawn or transferred to other plan assets. Withdrawals and transfers are restricted to ensure account performance. Requested withdrawals or transfers (transfer payout annuity assets) are paid out over a ten-year period in equal increments per year.

Northeastern University Retirement Plan

Notes to Financial Statements

December 31, 2024 and 2023

The RA contract does not allow lump-sum cash withdrawals, and transfers must be spread over ten annual installments. When a participant's accumulation in the TIAA TA is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the Statement of Changes in Net Assets Available for Benefits. Operating expenses are deducted from TIAA TA earnings.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2024 and 2023 was \$358,025,486 and \$359,991,843, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are periodically reviewed for resetting.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

Northeastern University Retirement Plan

Notes to Financial Statements

December 31, 2024 and 2023

Based on the fair value hierarchy levels, the Plan investments at December 31, 2024 and 2023 are as follows:

Assets at Fair Value as of December 31, 2024				
	Total 12/31/2024	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
Registered investment companies	\$ 2,089,879,852	\$ 2,089,879,852	\$ -	\$ -
Self-directed brokerage accounts	95,550,465	95,550,465	-	-
Pooled separate account	24,437,588	24,437,588	-	-
TIAA traditional annuities	358,025,486	-	-	358,025,486
Investments at fair value	\$ 2,567,893,391	\$ 2,209,867,905	\$ -	\$ 358,025,486

Assets at Fair Value as of December 31, 2023				
	Total 12/31/2023	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
Registered investment companies	\$ 1,787,785,405	\$ 1,787,785,405	\$ -	\$ -
Self-directed brokerage accounts	77,976,365	77,976,365	-	-
Pooled separate account	29,953,052	29,953,052	-	-
TIAA traditional annuities	359,991,843	-	-	359,991,843
Investments at fair value	\$ 2,255,706,665	\$ 1,895,714,822	\$ -	\$ 359,991,843

During 2024 and 2023, the Level 3 investment had purchases of \$1,425,887 and \$2,164,922, respectively.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The significance of transfers between levels is evaluated based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of Level 3.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements for the Non Benefit-Responsive Contracts (RA)

The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy at December 31, 2024 and 2023:

Type	12/31/2024 Fair Value	12/31/2023 Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
TIAA Traditional Annuity	\$358,025,486	\$359,991,843	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	Rates noted below by contract

The crediting interest rates for 2024 and 2023 for RA contracts were 4.44% and 4.56%, respectively.

5. Fully Benefit-Responsive Investment Contracts

Following is a description of the investments and valuation methodologies for fully benefit-responsive investment contracts:

TIAA Traditional Annuity

Supplemental Retirement Annuities ("SRA") and Group Supplemental Retirement Annuities ("GSRA") contracts are also traditional annuity contracts as discussed in Note 4. SRA and GSRA contracts have no liquidity restrictions and are therefore fully benefit-responsive contracts reported at contract value. If a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the Statement of Changes in Net Assets Available for Benefits.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The following represents fully benefit-responsive investment contracts at December 31, 2024 and 2023:

	2024	2023
Fully Benefit-Responsive Investment Contracts, at contract value:		
TIAA Traditional (SRA and GSRA)	\$ 69,373,734	\$ 75,497,480

Northeastern University Retirement Plan

Notes to Financial Statements

December 31, 2024 and 2023

The crediting interest rate for 2024 and 2023 was 3.7% and 3.81%, respectively, for both SRA and GSRA contracts.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and other investment products which are managed by Fidelity, TIAA and CREF and TIAA as agent for TIAA Trust N.A.. Fidelity, TIAA and CREF and TIAA as agent for TIAA Trust N.A. are the Plan Custodians and, as such, these transactions are considered as party-in-interest transactions.

During the year ended December 31, 2024, the Plan received revenue credits of \$794,000 and \$974,991 from TIAA and CREF and Fidelity, respectively. The Plan used \$129,910 and \$90,571 of these credits to offset Plan expenses from TIAA and CREF and Fidelity, respectively. The Plan allocated net credits of \$682,653 and \$869,820 to participants from TIAA and CREF and Fidelity, respectively, which are reported as other income on the Statement of Changes in Net Assets Available for Benefits.

7. Termination of the Plan

Although it has not expressed any intent to do so, the University has the right to terminate the Plan and to discontinue contributions at any time. The Plan Administrator, upon termination, shall cause the assets of the Plan to be allocated as described in the Plan agreement.

8. Tax Status

On January 1, 2019, the Plan was amended to adopt the TIAA Volume Submitter 403(b) Plan Document that received an IRS opinion letter on August 7, 2017 which stated that the Plan is acceptable under Section 403(b) of the Internal Revenue Code (the "Code") for use by eligible Employers for the benefit of their employees. The Plan Administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the Plan is qualified and the related custodial accounts and tax-deferred annuities are tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

December 31, 2024 and 2023

9. Subsequent Events

Management has evaluated the impact of subsequent events through September 29th, 2025, the date the financial statements were available for issuance.

On June 16, 2025, the University became the sole corporate member of Northeastern-New York City, a New York education corporation, which in turn became the sole member of Marymount Manhattan College in accordance with the transaction agreement between the University and Marymount Manhattan College dated September 21, 2023. The Marymount Manhattan College plan will be merged into the Plan within one year of the final execution of the statutory merger between Northeastern-New York City and Manhattan Marymount College, which is pending regulatory approval from the United States Department of Education and is expected to be received by June 30, 2026.

No other significant matters were identified for disclosure during the evaluation.

10. Certified Financial Information

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, included throughout the Plan's financial statements and supplementary schedule, that was prepared by or derived from information provided by TIAA, CREF and Fidelity, the custodians of the Plan. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator related to the following assets is complete and accurate. This certification extends to investments which TIAA Trust, N.A., a national trust bank, held as the directed trustee or custodian that were record kept by TIAA for the years ending December 31, 2024 and 2023, respectively. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplementary information related to the following assets.

- Investments, at fair value and contract value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- The amount of interest and dividend income, net appreciation in the fair value of investments, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2024.
