INDEPENDENT AUDITORS' REPORT

Benefits and Retirement Plans Administrative Committee
CharterWest Bank Employees 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of CharterWest Bank Employees 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CharterWest Bank Employees 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the CharterWest Bank Employees 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about CharterWest Bank Employees 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of those financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CharterWest Bank Employees 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about CharterWest Bank Employees 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of the year ended December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN

The following description of the CharterWest Bank Employees 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all eligible employees of the CharterWest Bank (the Sponsor) who are 21 years of age. There is no minimum service requirement in order to make salary deferrals to the Plan. In order to receive employer contributions, participants must complete a year of service as described by the Plan. It is subject to and complies with the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

Each year eligible employees may defer a percentage of compensation, as defined by the Plan. If no salary deferral election is made by an eligible employee, the Sponsor will automatically withhold 3% of their plan compensation and deposit such amounts into the Plan. Such automatic deferrals will increase by 1% per year to a maximum of 10%. The employer contribution is discretionary, and the sponsor decides annually how much, if any, will be contributed to the plan. Contributions are subject to certain regulatory limitations.

3. Participant Accounts

Each participant's account is credited with the contributions of the participant and Sponsor. Participants may allocate their funds amongst an array of investment choices provided to them by the Plan Administrator. Investment earnings accumulate within each participant's account according to the allocation of funds selected by the participant and the rate of return, thereon. The benefit to which a participant is entitled is the vested portion of the accumulated balance of participant and Sponsor contributions and investment earnings accumulated thereon.

4. Vesting

Participants are immediately vested in their voluntary or automatic deferral contributions plus actual earnings thereon. Vesting in the portion of the participant's account balance contributed by the Sponsor, plus earnings thereon, is based on years of continuous service. A participant is 20% vested after two years of service which gradually increases to be 100% vested after six years of credited service.

NOTES TO FINANCIAL STATEMENTS – Continued

December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN – Continued

5. Notes Receivable from Participants

Notes receivable from participants are valued at unpaid principal balances. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance.

The loans are secured by the balance in the participant's account and bear interest rates at 1% above the prime interest rate at origination. Loan repayments must be made through payroll withholding, except to the extent that the Plan Administrator determines payroll withholding is not practical. Principal and interest is paid periodically, at least quarterly, throughout the loan period. If you take a loan from the Plan, your vested account balance will be used as security for the loan.

6. Payment of Benefits

Distributions from the participants' accounts are not permitted before age 59½ except in the event of death, disability, termination of employment or reasons of proven financial hardship. Benefits may be paid under one or more of the optional forms available under the Plan. However, if the participant's vested balance is less than \$1,000, the benefits will be paid in a single sum.

7. Forfeited Accounts

The non-vested portion of participant withdrawals is placed into a separate account by the Trustee. These accounts are used to reduce future employer contributions. In 2024 and 2023, employer contributions were reduced by \$0 and \$2,202, respectively, by utilizing funds from the forfeited non-vested account. As of December 31, 2024, the Plan held \$153 of forfeited funds which can be used to reduce future employer contributions or expenses.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting and present the net assets available for CharterWest Bank Employees 401(k) Profit Sharing Plan and Trust benefits and changes in those assets.

2. Administrative Expenses

The majority of administrative expenses (investment management, audit, etc.) are paid by the Sponsor of the Plan. For the year ending December 31, 2024 and 2023, \$56,328 and \$49,173 was paid, respectively, by the Sponsor on behalf of the Plan.

3. Income Tax Status

The Internal Revenue Service has informed the Sponsor in an opinion letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified.

Management believes the Plan does not have any uncertain tax positions and therefore, no provisions have been made. The Plan could still be subject to Department of Labor or Internal Revenue Service audits for the years ended December 31, 2023, 2022 or 2021, respectively.

4. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

5. Investment Valuation and Income Recognition

Investments are reported at fair value, or net asset value, which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

6. Notes Receivable from participants

Notes receivable from participants are measured at the unpaid principal balance. The Plan is required by generally accepted accounting principles of the United States (GAAP) to estimate and recognize an allowance for expected credit losses over the lifetime of the notes receivable. The Plan considers participant notes receivable to be collateralized by the participant's account balance in the Plan. The Plan evaluates collectability based on historical defaults, current economic conditions, and reasonable and supportable forecasts. Based on this evaluation, the Plan has determined that the expected credit losses on notes receivable from participants are not material, and therefore, no allowance for credit losses is recorded.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Delinquent participant loans are reclassified as distributions in accordance with the terms of the Plan document and applicable regulations.

7. Payment of Benefits

Benefits are recorded when paid.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE C – INSURER TRANSACTIONS (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from Security National Bank, the Trustee, that all information relating to the Plan's investments and related investment income is complete and accurate. Information as to the value of the investments in the trust fund managed by the Trustee, investment income, and all information in the supplemental schedule is presented in reliance solely upon those certifications.

NOTE D – PARTY IN INTEREST TRANSACTIONS

Three employees of the Sponsor provide oversight and guidance for the Plan, but the Plan does not compensate the sponsor or the employees directly for these services.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE F – FAIR VALUE MEASUREMENTS

The investments of the Plan are reported at fair value, as required by GAAP under FASB ASC 820, "Fair Value Measurement." The Plan categorizes its fair value measurements within the fair value hierarchy, which gives the highest priority to quoted prices in active markets for identical assets (Level 1), and the lowest to unobservable inputs (Level 3).

NOTE F – FAIR VALUE MEASUREMENTS – Continued

The three levels of the fair value hierarchy are described as follows:

- Level 1: Valuations based on quoted prices in active markets for identical assets or liabilities accessible by the Plan as of the measurement date.
- Level 2: Valuations based on inputs—other than quoted prices included in Level 1—that are observable for the asset, either directly or indirectly.
- Level 3: Valuations based on unobservable inputs for the asset, reflecting the Plan’s own assumptions about the inputs that market participants would use.

There are no Plan assets that require the use of Level 2 or Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value:

Money market and mutual funds: are based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the SEC. The funds must publish their daily net asset value and transact at that price. The money market and mutual funds held by the Plan are considered to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024:

	Level 1	Total
Mutual funds and money market funds	<u>\$ 15,292,761</u>	<u>\$ 15,292,761</u>
Total investments at fair value	<u>\$ 15,292,761</u>	<u>\$ 15,292,761</u>

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2023:

	Level 1	Total
Mutual funds and money market funds	<u>\$ 13,404,190</u>	<u>\$ 13,404,190</u>
Total investments at fair value	<u>\$ 13,404,190</u>	<u>\$ 13,404,190</u>

NOTE G – SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 23, 2025, the date the financial statements were available to be issued. No events or transactions were noted to that date which require further disclosure.
