Independent Auditor's Report

To the Plan Administrator and Trustees
I. Spiewak & Sons, Inc. 401(k) Profit Sharing Plan & Trust
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of I. Spiewak & Sons, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the I. Spiewak & Sons, Inc. 401(k) Profit Sharing Plan & Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan, established January 1, 1998, is a participant-directed defined contribution plan covering all eligible employees of I. Spiewak & Sons, Inc. and its affiliate, Ruleville Manufacturing Company (collectively the “Company,” “Employer,” “Plan Administrator” or “Plan Sponsor”) as defined in the Plan document. The Plan provides eligible employees with a means to save for retirement. It also provides certain benefits in the event of death, disability, or other termination of employment. The Plan is for the exclusive benefit of eligible employees and their beneficiaries. Assets of the Plan are held by a trust established under the Plan with Counsel Trust d/b/a Mid Atlantic Trust Company (“Mid Atlantic” or the “Trustee”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was amended and restated effective December 23, 2024 to include the most recent regulations.

Plan Administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has appointed the Administrative Committee to oversee the operation and administration of the Plan. The Trustee serves as the Plan’s directed trustee and asset custodian and Paychex, Inc. provides record-keeping services and manages participant accounts and participant related transactions.

Contributions

Each year, participants may contribute to the Plan up to 100% of compensation on a pre-tax and/or Roth basis, with dollar limits established by the Internal Revenue Code (“IRC”). Such contributions are excluded from the participant’s Federal taxable income until received as a withdrawal or distribution from the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). During 2024, the maximum annual 401(k) pre-tax contribution limit was \$23,000, and the maximum annual catch-up contribution for participants aged 50 and older was \$7,500.

The Plan provides profit-sharing contributions based on a percentage of a participant’s compensation. Participants are not required to contribute to the plan to receive a portion of the employer profit sharing contribution. For the year ending December 31, 2024, the profit-sharing allocation is approximately 2% of participants annual wages or wages of since initial entry date of eligibility into the plan. The Plan recorded an employer matching contribution receivable of \$64,123 as of December 31, 2024, which was received by the Plan during 2025. In addition, the Company may also make discretionary contributions to the Plan to ensure compliance with ERISA requirements, allocable to salary reduction accounts. The Company did not make any Qualified Non-Elective Contributions (“QNECS”) to the Plan during 2024.

Participant Accounts

Each participant’s account is credited or charged with the participant’s contribution and allocations of (i) employer’s discretionary contributions, (ii) the participant’s share of earnings or losses on both employer and employee contributions, (iii) withdrawals, and (iv) administrative expenses. Each participant directs all amounts credited into their account into one or more of the investment options available under the Plan. Accordingly, as a participant-directed plan, each participant’s investments determine their share of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes to Financial Statements (Continued)

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their contributions, rollovers and QNECs, plus actual earnings thereon. Vesting in employer's contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in employer contributions and earnings thereon after four years of credited service.

<u>Years of Service</u>	<u>Vesting %</u>
Less than 1	20
1	40
2	60
3	80
4 or more	100

Investment Options

Upon enrollment in the Plan, participants may direct the Trustee to invest contributions in 1% increments in various investment options offered by the Plan. Participants may change their contribution investment options daily, transfer part or all of past investments to other funds daily, and may change their deferral percentage semi-annually and can stop making contributions at any time.

Notes Receivable from Participants

Participants may borrow from their vested fund account balance a minimum of \$1,000 up to a maximum equal to the lesser of 95% of one-half the vested account balance or 95% of the total vested account balance excluding the Roth Elective Deferral balance not to exceed \$50,000. A participant may have no more than one outstanding loan at any given time. The maximum payment term allowed for any loan will be 54 months (unless the loan is for the purchase of a principal residence in which case the term may be longer) with interest at a fixed rate using the prevailing prime rate (7.50% and 8.50% at December 31, 2024 and 2023, respectively) plus 1% that is set at the date of the loan. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions. The participant notes bear interest, at a minimum, 4.25%, and a maximum interest rate of 9.50% and mature at various dates through January 2029.

Hardship and In-Service Withdrawals

The Plan Administrator may authorize a lump-sum distribution of up to 100% of the participant's vested interest (excluding employer contributions) but not to exceed the amount necessary to meet the financial need created by the hardship provided the participant submits positive evidence of an immediate and heavy financial need as defined in the Plan. In-service distributions of the participant's vested interest are available for any reason upon attaining age 59 ½.

Deemed Distributions

When a participant fails to make loan repayments under the terms of the loan agreement, the loan is considered to be in default. Deemed distributions on defaulted loans are recorded immediately upon default. There were no deemed distributions for the year ended December 31, 2024.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Benefit Payments

Upon termination of service due to death, disability or retirement, as defined in the Plan, participants are entitled to a fully vested lump sum payment of their account balance. For termination of service due to other reasons, participants are entitled to the value of the vested interest in their account as a lump-sum distribution. Under the terms of the Plan, if the vested value of the account of a participant who has terminated employment is less than \$5,000, a lump sum distribution will be made. As of December 31, 2024 and 2023, all employees who elected to withdraw from the Plan had been paid.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements as defined in the Plan, the participant's account will be reinstated. Unvested forfeitures are used first to pay expenses of the Plan or restore previously forfeited accounts and then to reduce the Employer's contribution. Any remaining amounts may then be used to reduce future employer matching contributions. There were no forfeitures used to reduce contributions during the year ended December 31, 2024. Forfeited account balances were \$2,575 and \$9 as of December 31, 2024 and 2023, respectively.

Expenses of the Plan

Administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Certain plan expenses are deducted from participant accounts, and the remainder of the Plan expenses are generally paid by the Employer.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note Receivable from Participant

The note receivable from participant is measured at its unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Investment Valuation and Income Recognition

All Plan investments are held by the Trustee. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Notes to Financial Statements (Continued)

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Changes in the valuation of the investments, including gains and losses from investments sold, are reflected as net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Payment of Benefits

Participants' benefits payments are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were available for issuance, October 10, 2025.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic, the Trustee of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023;
- Net appreciation in the fair value of the investments, dividends, and interest income on the notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024; and
- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2024.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

I. SPIEWAK & SONS, INC. 401(k) PROFIT SHARING PLAN & TRUST

Notes to Financial Statements (Continued)

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Mutual funds and money market funds: Valued at the quoted market prices of share or units held by the Plan. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis:

As of December 31, 2024:	<u>Level 1</u>	<u>Total</u>
Money market fund	\$ 36,100	\$ 36,100
Mutual funds	<u>2,792,038</u>	<u>2,792,038</u>

Notes to Financial Statements (Continued)

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

NOTE 5 – EXEMPT PARTY-IN-INTEREST

At December 31, 2024, certain plan investments were managed by Mid Atlantic and Paycheck, the Trustee and Recordkeeper of the Plan and therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to these parties in interest were \$3,644 for the year ended December 31, 2024. The note receivable from participant also qualifies as a party-in-interest transaction.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

NOTE 7 – TAX STATUS

The Plan adopted a Non-Standardized Pre-Approved Profit Sharing Plan with Cash or Deferred Arrangement (“CODA”), sponsored by Paychex Inc. The Internal Revenue Service (“IRS”) has issued a favorable opinion letter dated August 31, 2020 on the prototype plan that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL. The Plan’s management does not believe it has any uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan’s administrator believes it is no longer subject to tax examinations for years prior to 2021.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits at December 31, 2024 and 2023 from the financial statements to the Form 5500:

Independent Auditor's Report

To the Plan Administrator and Trustees
I. Spiewak & Sons, Inc. 401(k) Profit Sharing Plan & Trust
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of I. Spiewak & Sons, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the I. Spiewak & Sons, Inc. 401(k) Profit Sharing Plan & Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan, established January 1, 1998, is a participant-directed defined contribution plan covering all eligible employees of I. Spiewak & Sons, Inc. and its affiliate, Ruleville Manufacturing Company (collectively the “Company,” “Employer,” “Plan Administrator” or “Plan Sponsor”) as defined in the Plan document. The Plan provides eligible employees with a means to save for retirement. It also provides certain benefits in the event of death, disability, or other termination of employment. The Plan is for the exclusive benefit of eligible employees and their beneficiaries. Assets of the Plan are held by a trust established under the Plan with Counsel Trust d/b/a Mid Atlantic Trust Company (“Mid Atlantic” or the “Trustee”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was amended and restated effective December 23, 2024 to include the most recent regulations.

Plan Administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has appointed the Administrative Committee to oversee the operation and administration of the Plan. The Trustee serves as the Plan’s directed trustee and asset custodian and Paychex, Inc. provides record-keeping services and manages participant accounts and participant related transactions.

Contributions

Each year, participants may contribute to the Plan up to 100% of compensation on a pre-tax and/or Roth basis, with dollar limits established by the Internal Revenue Code (“IRC”). Such contributions are excluded from the participant’s Federal taxable income until received as a withdrawal or distribution from the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). During 2024, the maximum annual 401(k) pre-tax contribution limit was \$23,000, and the maximum annual catch-up contribution for participants aged 50 and older was \$7,500.

The Plan provides profit-sharing contributions based on a percentage of a participant’s compensation. Participants are not required to contribute to the plan to receive a portion of the employer profit sharing contribution. For the year ending December 31, 2024, the profit-sharing allocation is approximately 2% of participants annual wages or wages of since initial entry date of eligibility into the plan. The Plan recorded an employer matching contribution receivable of \$64,123 as of December 31, 2024, which was received by the Plan during 2025. In addition, the Company may also make discretionary contributions to the Plan to ensure compliance with ERISA requirements, allocable to salary reduction accounts. The Company did not make any Qualified Non-Elective Contributions (“QNECS”) to the Plan during 2024.

Participant Accounts

Each participant’s account is credited or charged with the participant’s contribution and allocations of (i) employer’s discretionary contributions, (ii) the participant’s share of earnings or losses on both employer and employee contributions, (iii) withdrawals, and (iv) administrative expenses. Each participant directs all amounts credited into their account into one or more of the investment options available under the Plan. Accordingly, as a participant-directed plan, each participant’s investments determine their share of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes to Financial Statements (Continued)

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their contributions, rollovers and QNECs, plus actual earnings thereon. Vesting in employer's contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in employer contributions and earnings thereon after four years of credited service.

<u>Years of Service</u>	<u>Vesting %</u>
Less than 1	20
1	40
2	60
3	80
4 or more	100

Investment Options

Upon enrollment in the Plan, participants may direct the Trustee to invest contributions in 1% increments in various investment options offered by the Plan. Participants may change their contribution investment options daily, transfer part or all of past investments to other funds daily, and may change their deferral percentage semi-annually and can stop making contributions at any time.

Notes Receivable from Participants

Participants may borrow from their vested fund account balance a minimum of \$1,000 up to a maximum equal to the lesser of 95% of one-half the vested account balance or 95% of the total vested account balance excluding the Roth Elective Deferral balance not to exceed \$50,000. A participant may have no more than one outstanding loan at any given time. The maximum payment term allowed for any loan will be 54 months (unless the loan is for the purchase of a principal residence in which case the term may be longer) with interest at a fixed rate using the prevailing prime rate (7.50% and 8.50% at December 31, 2024 and 2023, respectively) plus 1% that is set at the date of the loan. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions. The participant notes bear interest, at a minimum, 4.25%, and a maximum interest rate of 9.50% and mature at various dates through January 2029.

Hardship and In-Service Withdrawals

The Plan Administrator may authorize a lump-sum distribution of up to 100% of the participant's vested interest (excluding employer contributions) but not to exceed the amount necessary to meet the financial need created by the hardship provided the participant submits positive evidence of an immediate and heavy financial need as defined in the Plan. In-service distributions of the participant's vested interest are available for any reason upon attaining age 59 ½.

Deemed Distributions

When a participant fails to make loan repayments under the terms of the loan agreement, the loan is considered to be in default. Deemed distributions on defaulted loans are recorded immediately upon default. There were no deemed distributions for the year ended December 31, 2024.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Benefit Payments

Upon termination of service due to death, disability or retirement, as defined in the Plan, participants are entitled to a fully vested lump sum payment of their account balance. For termination of service due to other reasons, participants are entitled to the value of the vested interest in their account as a lump-sum distribution. Under the terms of the Plan, if the vested value of the account of a participant who has terminated employment is less than \$5,000, a lump sum distribution will be made. As of December 31, 2024 and 2023, all employees who elected to withdraw from the Plan had been paid.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements as defined in the Plan, the participant's account will be reinstated. Unvested forfeitures are used first to pay expenses of the Plan or restore previously forfeited accounts and then to reduce the Employer's contribution. Any remaining amounts may then be used to reduce future employer matching contributions. There were no forfeitures used to reduce contributions during the year ended December 31, 2024. Forfeited account balances were \$2,575 and \$9 as of December 31, 2024 and 2023, respectively.

Expenses of the Plan

Administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Certain plan expenses are deducted from participant accounts, and the remainder of the Plan expenses are generally paid by the Employer.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note Receivable from Participant

The note receivable from participant is measured at its unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Investment Valuation and Income Recognition

All Plan investments are held by the Trustee. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Changes in the valuation of the investments, including gains and losses from investments sold, are reflected as net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Payment of Benefits

Participants' benefits payments are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were available for issuance, October 10, 2025.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic, the Trustee of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023;
- Net appreciation in the fair value of the investments, dividends, and interest income on the notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024; and
- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2024.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Notes to Financial Statements (Continued)

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Mutual funds and money market funds: Valued at the quoted market prices of share or units held by the Plan. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis:

As of December 31, 2024:	<u>Level 1</u>	<u>Total</u>
Money market fund	\$ 36,100	\$ 36,100
Mutual funds	<u>2,792,038</u>	<u>2,792,038</u>

NOTE 5 – EXEMPT PARTY-IN-INTEREST

At December 31, 2024, certain plan investments were managed by Mid Atlantic and Paycheck, the Trustee and Recordkeeper of the Plan and therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to these parties in interest were \$3,644 for the year ended December 31, 2024. The note receivable from participant also qualifies as a party-in-interest transaction.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

NOTE 7 – TAX STATUS

The Plan adopted a Non-Standardized Pre-Approved Profit Sharing Plan with Cash or Deferred Arrangement (“CODA”), sponsored by Paychex Inc. The Internal Revenue Service (“IRS”) has issued a favorable opinion letter dated August 31, 2020 on the prototype plan that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL. The Plan’s management does not believe it has any uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan’s administrator believes it is no longer subject to tax examinations for years prior to 2021.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits at December 31, 2024 and 2023 from the financial statements to the Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 2,918,102	\$ 2,511,816
