INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Pension Fund for Hospital and
Health Care Employees -
Philadelphia and Vicinity

Opinion

We have audited the financial statements of the Pension Fund for Hospital and Health Care Employees - Philadelphia and Vicinity (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024, and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held at End of Year and Schedule of Reportable Transactions, together referred to as “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental Schedule of Assets Held at End of Year and Schedule of Reportable Transactions are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Supplemental information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Pension Fund for Hospital and Health Care Employees - Philadelphia and Vicinity (the Plan) provides only general information. Participants should refer to the Summary Plan Description for more complete information.

General

The Plan was established January 1, 1991, as a defined benefit plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The stated purpose of the Plan is to provide retirement benefits for all eligible participants covered under the collective bargaining agreements between the Union and contributing employers. As the Plan is a multi-employer plan, costs are calculated on a pooled basis. The Plan has met the ERISA minimum funding requirements.

Pension Benefits

A participant's accrued benefit is equal to one-twelfth of the sum of (1) average final pay multiplied by the future service multiplier, and (2) credited past service times the larger of (a) 1.6% of past service pay or (b) \$66.00. Normal retirement age is 65 years old with five years of service. Early retirement is available for participants aged 55 with ten years of service or aged 62 with five years of service.

Participants may elect to receive their pension benefits in the form of a joint and survivor annuity, a life annuity, or lifetime pension with 120 payments guaranteed. If participants terminate before rendering five years of service and never return to covered service or continuous-covered service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to the Plan's contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements have been prepared using the accrual basis of accounting.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments and Income Recognition - Investments in limited partnerships are carried at estimated fair value as provided by the management of the limited partnership. Common collective trusts are commingled investments which are carried at their estimated fair value on the last business day of the year, as established by the trusts. Investments in hedge fund of funds - limited partnerships are carried at estimated fair value as reported by the management of the respective funds. Investments in the common stock and mutual funds are carried at fair value as provided by the investment custodian, which generally represents quoted market price or net asset value of the mutual funds as of the last business day of the year. The money market mutual funds represent short-term cash investments and are carried at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service which employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

The actuarial present value of accumulated plan benefits is determined by the Plan's consulting actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Estimates - The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Property and Equipment - Property and equipment are recorded at cost. Major additions are capitalized, while replacements, maintenance, and repairs which do not improve or extend the lives of the respective assets are expensed as incurred. Depreciation is computed using the straight-line method over the estimated useful life of the assets. The useful lives for major classes of assets are 10 years for furniture and fixtures, 5 years for equipment and 31.5 years for leasehold improvements. Depreciation expense totaled \$6,019 and \$3,148 for the years ended December 2024 and 2023, respectively.

Contributions Receivable - Contributions due and not paid prior to year end are recorded as contributions receivable. The Plan believes that the receivables are fully collectible; therefore, no allowance for credit losses is recorded. As of December 31, 2024, the Plan recorded \$1,867,675 of contributions related to 2024 there were not received until 2025.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

NOTE 3. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan to be used for or diverted to purposes other than the exclusive benefit of the pensioners, beneficiaries, and participants. In the event the Plan terminates, the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a participant will receive full benefits, should the Plan terminate at some future time, will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

In addition, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's benefits. The PBGC does not guarantee all types of benefits and the amount of any individual participant's benefit protection is subject to certain limitations, particularly with respect to benefit increases as a result of plan amendments in effect for less than five years. Some benefits may be fully or partially provided for, while other benefits may not be provided at all.

NOTE 4. TAX STATUS

The Plan obtained its latest determination letter dated September 10, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code and was, therefore, exempt from Federal income taxes under the provisions of Section 501(a) of the Internal Revenue Code. The Trustees and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the U.S. Federal, state, or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Typically, Plan tax years will remain open for three years; however, this may differ depending upon the circumstances of the Plan.

NOTE 5. ACTUARIAL INFORMATION

Actuarial valuations of the Plan were made by a consulting actuary as of January 1, 2024. Information shown in the reports included the following:

Actuarial present value of accumulated plan benefits	
Vested accumulated benefits	
Retirees and beneficiaries in payment status	\$ 419,119,094

Net decrease	<u>(20,543,577)</u>
Actuarial present value of accumulated plan benefits as of January 1, 2024	
	<u>\$ 647,377,819</u>

* Modeled after method described in ERISA 4044.

The actuarial valuation as of January 1, 2024 was made using the Traditional Unit Credit Cost Method. Some of the more significant actuarial assumptions used in estimating the present value of accumulated plan benefits were:

Mortality	
Healthy lives	Males: RP-2014 Blue Collar Mortality Table for Males, set forward 4 years. Females: RP-2014 Blue Collar Mortality Table for Females, set forward 3 years.
	There is no projected mortality improvement.
Disabled lives	RP-2000 Disabled Mortality Tables

NOTE 5. ACTUARIAL INFORMATION (continued)

Interest rate (net of investment expenses)

RPA '94 current liability - 2.82% per year (previously 2.19%)

Withdrawal liability - 6.25% per year

All other purposes - 7.25% per year

Future salary increase - 2.00% per year

Administrative expense - Average of prior three years actual expenses, adjusted for 5% growth. The 2024 assumption was \$1,739,000.

Retirement Age	<u>Age</u>	<u>Rates</u>
	55-58	0.025
	59-60	0.050
	61	0.100
	62	0.400
	63-64	0.200
	65-66	0.300
	67-69	0.200
	70	1.000

Terminated Vested Age 62

A decreasing number of terminated vested participants are expected to claim benefits between ages 70 and 73. Those expected to claim benefits are assumed to do so immediately. No liability is assumed for the remainder.

The percentage of terminated vested participants expected to claim benefits is 100% at age 70, reduced by 33.33% per year until age 73. Terminated vested participants over age 72 are excluded from the valuation.

The following were assumption changes and changes in the actuarial basis from the prior year:

1. To comply with changes in RPA '94 prescribed interest, the interest rate for RPA '94 Current Liability purposes was changed from 2.19% to 2.82%.
2. To comply with changes in the prescribed mortality table, the mortality assumption for RPA '94 current liability purposes was changed from the gender-distinct static mortality tables, with separate rates for annuitants and non-annuitants, issued by the IRS for 2023 valuation dates to the gender-distinct static mortality tables, with separate rates for annuitants and non-annuitants, issued by the IRS for 2024 valuation dates.

The above actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining actuarial results. Pension benefits in excess of the present assets of the Plan are dependent upon contributions received under the Trust Agreement of the Plan and income from investments.

NOTE 5. ACTUARIAL INFORMATION (continued)

Since information on the actuarial present value of accumulated plan benefits at December 31, 2024, and the changes therein for the year then ended, are not included above, these financial statements do not purport to present a complete presentation of the financial status of the Plan as of December 31, 2024, and the changes in its financial status for the year then ended, but only a presentation of the net assets available for benefits and the changes therein as of and for the year ended December 31, 2024. The complete financial status is presented as of and for the year ended December 31, 2023.

As of January 1, 2024 the actuary reported that the Plan is in critical status as identified under the Pension Protection Act of 2006. In November 2010, due to the Plan being reported by the actuary to be in critical status as of January 1, 2011, the Plan adopted a rehabilitation plan that began on July 1, 2011. The rehabilitation plan was most recently updated in December 2024.

NOTE 6. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Basis of Fair Value Measurement:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 6. FAIR VALUE MEASUREMENTS (continued)

In accordance with Subtopic 820, investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

* - Redemption is subject to the partnership's ability to make payments using available liquid assets to redeem all outstanding redemption interest, or, if available liquid assets are insufficient to redeem all such redemption, interest is calculated as of the last day of each calendar quarter for a redemption price.

** - All of the Hamilton Lane Funds' private equity investments are generally considered to be illiquid investments. The Hamilton Lane Funds will achieve liquidity only as and when the partnerships sell their portfolio investments and distribute the proceeds received from the disposition of those investments to the Hamilton Lane Funds. The partnerships are expected to have a life of eight to twelve years. It is possible for Hamilton Lane to dispose of its private equity investments in the secondary market. However, sales proceeds that could be obtained from such a sale would be based on market factors existing at the time of sale and could result in a significant discount to the fair values of the partnerships' underlying portfolio investments.

NOTE 6. FAIR VALUE MEASUREMENTS (continued)

*** - The Hamilton Lane Private Equity Fund FBO Marco Clients investment is generally considered to be an illiquid investment. The Partnership will achieve liquidity only as and when the fund sells its portfolio investments and distributes the proceeds received from the disposition of those investments. This fund is expected to have a life of six to ten years. It is also possible for the Partnership to dispose of its fund investment in the secondary market.

- Due to the loan commitments that are funding monthly construction draws, and the lack of liquidity in the credit markets to pay off completed projects, further redemptions will not be made in the near term.

% - Requests for redemptions of shares in the Fund may be made at any time after the Redemption Lockout period, with 30 days' written notification, and are effective at the end of the calendar quarter in which the request is received by American. The Redemption Lockout period will be a period of one year (two years should the net asset value of the Fund remain at less than \$250 million at the time the redemption request is made) from the date the investor's shares were issued. The shares that are subject to a redemption notice may be redeemed in full or in installments on a pro-rata basis as funds become available for such purpose, and the redemption price will be the value-per-share based on American's estimate of the fair value of the Fund's net assets as computed under generally accepted accounting principles at such time that each payment is made. Although American is required to use reasonable efforts to cause the Fund to pay the redemption price as soon as practicable after the effective date of the request, redemptions are subject to the availability of cash flow arising from investment transactions, sales, and other Fund operations occurring in the normal course of business. American is not required to liquidate or encumber assets or defer investments in order to satisfy redemption requests.

& - The directors of the Grosvenor Fund may impose certain restrictions upon the receipt of a written withdrawal request as of a relevant withdrawal date. The directors of the Fund may impose a minimum or maximum range of withdrawal amounts able to be withdrawn. In addition, the directors of the Fund may temporarily suspend or defer withdrawals if the directors believe that it is impractical or inadvisable to redeem sufficient assets to fund the requested withdrawals, in which event shares not then redeemed shall continue to participate in the profits and losses of the Fund. Also, withdrawals can be temporarily suspended or deferred in order to effect an orderly liquidation of the assets of the Fund.

The New Tower Multi-Employer Property Trust was established as a means for the collective investment in real estate loans and properties by funds of retirement, pension, profit sharing, and other organizations that are exempt from Federal income taxes.

The U.S. Real Estate Investment Fund, LLC's investment objectives are to invest in a pool of real estate assets that are diversified by geography and property type, with a focus on yield-driven investments and, to a lesser extent, on value-added investments. The manager of the Fund is Intercontinental Real Estate Corporation. The Fund is an open-end, commingled real estate investment fund and is intended to have an indefinite term. The Fund may be terminated sooner by the Manager or by the written consent of the members owning not less than two-thirds of the outstanding interests.

NOTE 6. FAIR VALUE MEASUREMENTS (continued)

The Hamilton Lane Capital Opportunities Fund invests in other private, collective investment funds that make private equity and equity-related investments. These investment funds have varying investment strategies and geographical focuses. Through the multi-faceted industry and geographical focuses of these underlying partnership investments, this fund-of-funds strategy allows Hamilton Lane to achieve broad diversification within the private equity investment market. In estimating fair value of the investments, Hamilton Lane considers various factors, such as the current net asset valuations of the partnerships and other information provided by the general partners of the partnerships. Because the partnerships' investments are primarily in private equity and equity-related investments that are not publicly traded, market quotations are generally not available to be used for valuation purposes. Therefore, most of the partnerships' underlying investments are generally required to be valued at estimated fair value using present value and other subjective techniques.

Landmark Equity Partners was formed to acquire a diversified portfolio of interests in (i) established venture capital funds, buy-out funds, mezzanine funds, and other pooled investment vehicles which primarily invest in equity oriented investments and (ii) direct private equity and equity related investments, primarily through secondary market purchases, with a maximum amount of 10% of capital commitments allocated to primary transactions. The Partnership will continue until the tenth anniversary of the date of the termination of the investment period unless extended (a) by the General Partner, at its sole discretion, for up to two consecutive one-year periods, (b) by the General Partner, with the consent of the Limited Partners, for consecutive one-year periods, or (c) until the Partnership is sooner dissolved pursuant to the Partnership Agreement. The investee limited partnerships generally have an original term of ten years; however, the timing of the liquidation of the underlying investments in the investee limited partnerships is uncertain.

Segal Marco - Select Private Equity focuses on investing with managers who have established top-tier franchises and developed sustainable competitive advantages in their industry or area of strategic focus. It targets investments in funds managed by firms that have produced consistently strong investment performance, realized low loss rates on invested capital and built deep, stable teams

of outstanding professionals with investment, operational and other skills and experience appropriate to their particular strategy and focus.

The Angelo Gordon Direct Lending L.P. was established to capitalize on investment opportunities available in middle market direct lending. The Partnership intends to provide corporate financing support to North American middle-market companies, focusing on senior secured debt and other debt instruments, including unitranche facilities, second lien debt, mezzanine loans and equity co-investments.

NOTE 6. FAIR VALUE MEASUREMENTS (continued)

The Arena Short Duration High Yield Fund, L.P. (the “Partnership”) is a Delaware Series limited partnership, formed on March 6, 2014 and commences operations on May 19, 2014. The Partnership’s Series A, Series B, Series C, Series D, Series E, Series F, Series G, and Series H’s investment objectives are to generate superior risk adjusted returns relative to the Bank of America Merrill Lynch 1-5 year US High Yield Constrained Index through a portfolio of short duration investments consisting primarily of high yield (i.e., generally rated, at the time of investment, as BBB or lower by Standard & Poor’s Corporation and/or Baa or lower by Moody’s Investors Service, Inc., or, if unrated, considered by the General Partner to be of comparable quality) convertible bonds, corporate loans, preferred equities, stressed and distressed securities, and “special situation” investments. Under normal market conditions, the portfolios are expected to have a duration of approximately one to three years and an average maturity of approximately three to five years. Allocations will shift towards those investment opportunities that the General Partner believes represent the best risk/reward dynamics based on quantitative and qualitative research, market conditions and situation specific investment research. The Partnership may also invest in cash, money market debt securities and derivative contracts for defensive purposes from time to time.

The LongView Ultra Construction Loan Investment Fund was established to invest the pooled contributions of eligible trusts principally in real estate construction loans which are secured by properties constructed with union labor. All loans made by the Fund have an initially approved exit strategy. During the last several years, the Fund took ownership of certain properties when the original borrower defaulted on loans made by the Fund. These properties are held in single member LLCs. It is the intention of the Fund to complete any necessary construction on these properties. For each of these properties, the Fund has individual plans that are designed to achieve maximum benefit to the Fund and its participants. Loans are made by the Fund based on the review and recommendation of the Trustees’ investment committee and are ultimately approved by the Trust committee. The outstanding loans are monitored on an ongoing basis by the portfolio managers and the investment committee. This monitoring includes, but is not limited to, obtaining financial information from the borrower, performing on-site visits of the projects, and monitoring the overall economic status of the project’s region.

The American Strategic Value Realty Fund, LP is an open-end investment fund and has been organized to allow Taft-Hartley pension funds, governmental retirement plans, corporate pension plans and qualified trusts forming part of a pension or profit-sharing plan, endowments, charitable foundations, and other taxable and tax-exempt organizations to pool their assets to make investments primarily in value-added real estate opportunities. The Grosvenor Portfolio MCG Altscape Fund is a closed-end alternative investment vehicle with the flexibility to invest opportunistically across the entire alternative investment landscape (e.g., hedge funds, private equity, real estate, infrastructure). The objectives of the Fund are to target a net return of U.S. 3 month T-Bills + 1,250 bps, to take advantage of the 3-8 year liquidity premium that generally falls between traditional hedge fund and private markets fund investments, and to provide multiple sources of current income generation to offset the Fund's intermediate-term liquidity profile.

The objective of the Grosvenor Multi-Asset Fund II LP is to provide a multi-asset approach which relaxes some or all of investment constraints by allowing the managers greater flexibility in making tactical asset allocation decisions.

The AFL-CIO Housing Investment Trust invests in high credit quality mortgage securities. The investment objective of the trust is to provide current income while preserving capital over time and obtaining returns competitive with industry benchmarks.

The Boyd Watterson GSA Fund, L.P. was formed to operate as a perpetual life, open-end, commingled collective investment fund and intends to invest primarily in real estate primarily leased to the U.S. federal government either through the General Services Administration ("GSA") or other federal government agencies.

NOTE 6. FAIR VALUE MEASUREMENTS (continued)

The Boyd Watterson State Government Fund's objective is to provide income stability and capital preservation while seeking to deliver excess returns with moderate risk over market cycles by investing predominantly in commercial real estate properties leased to State Governments Tenants. This will include single-tenant, multi-tenant, recently or to-be-constructed build-to-suit properties with the development risk borne by the developers/sellers. Investments undertaken by the Fund may take the form of (i) individual real estate or real estate-related assets or (ii) equity or other interests in entities that own or control such real estate or real estate-related assets (each, an "Investment" and collectively, the "Investments").

Institutional Credit Fund, LP was organized as a Cayman Islands exempted limited partnership and commenced operations on November 1, 2015. The Institutional Credit Master Fund, LP, which commenced operations on January 1, 2019, is a Cayman Islands exempted limited partnership and the Fund is a Limited Partner thereof. The Fund pursues its stated investment objective by investing substantially all of its partners' capital in the Master Fund through a "master-feeder" structure. The Master Fund has a stated objective to provide investors with attractive risk-adjusted returns with an emphasis on capital preservation and a view towards liquidity. The majority of the Master Fund's portfolio is expected to be invested in corporate debt instruments, including bank loans and high yield bonds. The Master Fund may also invest in other instruments, including equities, structured credit instruments, credit default swaps and other derivative products. The portfolio may be hedged to reduce volatility and protect against systemic risk.

The Loomis Sayles Trust Company, LLC Collective Trust for Employee Benefit Plans (the "Collective Trust"), a Massachusetts trust, is divided into separate collective trusts, one of which is the Loomis Sayles Small Mid Cap Growth Trust. The Trust's investment objective is long-term capital growth from investments in common stocks or other equity securities and to outperform the Russell 2500 Growth Index over a full market cycle.

The primary objective of the Northern Trust Russell 1000 Growth Index Fund is to approximate the risk and return characteristics of the Russell 1000 Growth Index. This Index is commonly used to represent the large cap segment of the U.S. market with a focus on the "growth" style of investing.

The Wedge QVM Large Cap Value CIT (the Fund) is designed to invest primarily in U.S. equity securities of large cap companies. The Fund was established for the investment and reinvestment of assets of certain eligible employee benefit plans.

Employer contributions are accounted for as exchange transactions. The contributions are due on a monthly basis. It is the policy of the Trustees to pursue monies due.

NOTE 9. RELATED PARTY TRANSACTIONS

The Plan has common Trustees and a shared administrative office with the Benefit Fund for Hospital and Health Care Employees - Philadelphia and Vicinity (the Benefit Fund). The Plan receives contributions from the Benefit Fund to provide pension benefits for employees of the Benefit Fund. In addition, shared operating expenses are paid by the Plan initially and then reimbursed by the Benefit Fund. Shared expenses are allocated based on the assigned responsibilities of the applicable shared employees.

The recorded activity for shared expenses with the Benefit Fund is as follows:

	<u>2024</u>	<u>2023</u>
Beginning of year due from (to) related parties and affiliates for shared administrative services	\$ 153,167	\$ 344,089
Expenses paid by fund on behalf of related party	890,204	920,882
Repayments from related parties	<u>(1,033,889)</u>	<u>(1,111,804)</u>
End of year due from (to) related parties and affiliates for shared administrative services	<u>\$ 9,482</u>	<u>\$ 153,167</u>

The Plan has common Trustees and a shared administrative office with District 1199c Legal Fund (the Legal Fund). The Plan makes contributions to the Legal Fund to provide legal benefits for employees of the Plan. During the years ended December 31, 2024 and 2023, the Plan made contributions to the Legal Fund of \$900 and \$759, respectively. As of December 31, 2024 and 2023 the Legal Fund owed the Plan \$2,891 and \$5,580, respectively.

The Plan has common Trustees and a shared administrative office with the Training and Upgrading Fund for Hospital and Health Care Workers - Philadelphia and Vicinity (the Training Fund). The Plan makes contributions to the Training Fund on behalf of its employees. During the years ended December 31, 2024 and 2023, the Plan made contributions to the Training Fund of \$5,518 and \$4,408, respectively. As of December 31, 2023, the Plan owed \$41 to the Training Fund.

NOTE 9. RELATED PARTY TRANSACTIONS (continued)

The Plan has common Trustees and a shared administrative office with the Defined Contribution Pension Plan for Nursing Home and Health Care Workers - Philadelphia and Vicinity (the Nursing Home Plan). Effective April 1, 2016, operating expenses of the Nursing Home Plan are initially paid by the Plan and then reimbursed by the Nursing Home Plan. Shared expenses are allocated based on the assigned responsibilities of the applicable shared employees.

The recorded activity for shared expenses with the Nursing Home Plan is as follows:

	<u>2024</u>	<u>2023</u>
Beginning of year due from (to) related parties and affiliates for shared administrative services	\$ 140,060	\$ 168,760
Expenses paid by fund on behalf of related party	847,937	724,555

End of year due from (to) related parties and affiliates for shared administrative services	<u>\$ (27,097)</u>	<u>\$ 140,060</u>

* - Amount due to the Nursing Home Plan was the result of the year-end reconciliation of related party transactions. The amount was used as a credit to the Nursing Home Plan's ongoing shared cost payments.

Principal Custody Solutions is the Plan's investment custodian. As noted on the Schedule of Assets Held at End of Year and Schedule of Reportable Transactions, the Plan's investment in the Allspring Government Money Market Fund is a party-in-interest transaction as defined by ERISA.

The transactions identified above qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

NOTE 10. MULTIEMPLOYER DEFINED BENEFIT PENSION PLAN

Employees of the Pension Plan and the Benefit Fund participate in the multiemployer defined benefit pension plan under the terms of participation agreements that cover its union-represented and non-collectively bargained employees. The Pension Plan remits the contributions to the multiemployer defined benefit pension plan for the shared employees on behalf of the Benefit Fund as well as the Pension Plan. The Benefit Fund reimburses the Plan for its share of the contributions based on a cost allocation. The risks of participating in the multiemployer defined benefit pension plan are different from a single-employer plan in the following aspects:

- a. Assets contributed to the multiemployer defined benefit pension plan by one employer may be used to provide benefits to employees of other participating employers.

NOTE 10. MULTIEMPLOYER DEFINED BENEFIT PENSION PLAN (continued)

- b. If a participating employer stops contributing to the multiemployer defined benefit pension plan, the unfunded obligations of the multiemployer defined benefit pension plan may be borne by the remaining participating employers.
- c. If the Pension Plan and Benefit Fund choose to stop participating in the multiemployer defined benefit pension plan, the Plan and Benefit Fund may be required to pay the multiemployer defined benefit pension plan an allocated amount based on the underfunded status of the multiemployer defined benefit pension plan, referred to as a withdrawal liability.

The Pension Plan's and Benefit Fund's participation in the multiemployer defined benefit pension plan for the annual periods ended December 31, 2024 and 2023 is outlined in the table below. The zone status is based on information received from the multiemployer defined benefit pension plan and is certified by the multiemployer defined benefit pension plan's actuary. Among other factors, pension plans in the red zone are generally less than 65 percent funded, pension plans in the yellow zone are less than 80 percent funded, and pension plans in the green zone are at least 80 percent funded.

NOTE 11. MULTIEMPLOYER PLAN THAT PROVIDES POSTRETIREMENT BENEFITS OTHER THAN PENSIONS

The Plan contributes to a multiemployer defined benefit health and welfare plan that provides postretirement benefits for its non-collectively bargained employees during the years ended December 31, 2024 and 2023. The Pension Plan remits the contributions to the multiemployer health and welfare plan that provides postretirement benefits for its employees and the shared employees on behalf of the Benefit Fund. The Benefit Fund reimburses the Pension Plan for its share of the contributions based on an even split of the shared employees. Information about the health and welfare plan is below:

The Benefit Fund reimbursed the Pension Plan \$66,062 and \$64,355, during the years ended December 31, 2024 and 2023, respectively, for the Benefit Fund's allocated share of the welfare contributions for shared employees participating in the Pension Fund for Hospital and Health Care Employees - Philadelphia and Vicinity.

The Benefit Fund is self-administered and, except for hospitalization and medical claims, is self-insured. The Fund provides postretirement health benefits (medical, hospital, surgical, major medical, and dental), prescription drug, death and accidental death and dismemberment, disability, hearing aid and vision benefits, and camp and scholarship.

NOTE 12. OBLIGATIONS UNDER OPERATING LEASES

In October 2014, the Plan signed a fifteen-month lease with a twelve-month automatic renewal for office space with monthly payments totaling \$7,485. The lease was renewed in 2023 with the final payment in December 31, 2024. Lease payments totaled \$89,815 for the years ended December 31, 2024 and 2023. The Plan's share of the lease expense totaled \$29,939 for the years ended December 31, 2024 and 2023. The lease is allocated evenly between the Plan, the Benefit Fund and the Nursing Fund.

NOTE 12. OBLIGATIONS UNDER OPERATING LEASES (continued)

March 2018, the Plan entered a sixty-month lease for a copier with minimum monthly payments of \$3,229. The final payments were due on March 30, 2023. Lease payments totaled \$0 and \$38,747 for the years ended December 31, 2024 and 2023, and the Plan's share of the lease expense totaled \$0 and \$19,373, respectively. The leases are allocated evenly between the Plan and the Benefit Fund.

Lease payments totaled \$15,552 and \$14,724 for the years ended December 31, 2024 and 2023, respectively. The lease is allocated evenly between the Plan, the Benefit Fund and the Nursing Fund.

NOTE 13. RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks such as economic, interest rate, market, and sector risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 14. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 6, 2025, the date the financial statements were available to be issued, and they have been evaluated in accordance with relevant accounting standards.

EIN: 23-2627428 - Plan Number: 001

Attachment F to 2024 Schedule MB of Form 5500
Schedule MB, line 6 - Summary of Plan Provisions

The following is a brief summary of principal plan provisions as in effect on the valuation date. Plan provisions which apply infrequently or to a limited group of participants may be omitted from this summary. The plan document will govern if there is any discrepancy with this summary.

Participation Each person for whom an employer is required to make contributions to the Pension Fund.

Definitions

Plan Year The calendar year.

Applicable Effective Date For each bargaining unit, the date on or after January 1, 1970 when the Contributing Employer becomes obligated to make contributions to the Fund for the unit.

Credited Service A participant's Credited Service equals the sum of his Credited Future Service and his Credited Past Service.

- Credited Future Service is equal to all service with a Contributing Employer after the Applicable Effective Date.
- Credited Past Service is equal to all service with a Contributing Employer prior to the Applicable Effective Date provided that the Applicable Effective Date is prior to January 1, 2000.

Past Service Pay Annual rate of base pay in effect on the Applicable Effective Date discounted to January 1, 1970.

EIN: 23-2627428 - Plan Number: 001

Attachment F to 2024 Schedule MB of Form 5500
Schedule MB, line 6 - Summary of Plan Provisions
(Continued)

Average Final Pay For terminations prior to 2006, the average of the five highest consecutive plan years' gross pay within the last ten plan years subsequent to the Applicable Effective Date. This transitions to a career average pay by increasing the 'five' in 'five highest consecutive plan years ...' by one each year for terminations in 2006 through 2009. For terminations in 2010 and later, Average Pay is the average of all gross pay earned subsequent to the later of 2000 and the Applicable Effective Date.

Accrued Benefit The accrued benefit is equal to one-twelfth of the sum of (1) and (2) below:

- (1) Average Final Pay multiplied by the Future Service Multiplier,
- (2) Credited Past Service times the larger of (a) 1.6% of Past Service Pay or (b) \$66.00.

Future Service Multiplier The sum of the years of Credited Future Service, multiplied by the accrual rate in effect for the Plan Year during which that service was earned. Different Plan Years have different accrual rates as shown below:

<u>Time Period</u>	<u>Accrual Rate</u>
Prior to 1/1/2004	2.60%
1/1/2004 – 12/31/2012	2.30%
1/1/2013 – 12/31/2013	2.00%
1/1/2014 – 12/31/2015	0.00%
1/1/2016 – 12/31/2017	0.50%
1/1/2018 – 12/31/2024	1.00%
1/1/2025 and later	2.00%

Optional Form Conversion Factors

*Normal and Optional
Forms of Payment*

Benefits under the plan are payable in five forms:

- Straight-Life Option
- Joint and 50% Survivor Option
- Joint and 75% Survivor Option
- Joint and 100% Survivor Option
- Lifetime Pension with 120 Payments Guaranteed Option

Each optional form of payment is the actuarial equivalent of the benefits payable under the Straight-Life Option. Effective for retirements on and after January 1, 2022, the Joint and Survivor optional forms of payment are restricted to married participants.

*Actuarial
Equivalence*

Unless specified contrary in the Plan, factors for actuarial equivalent benefits shall be based on a 7.25% interest assumption and the following mortality tables:

- (1) Non-Disabled Participants and Disabled Participants age 65 and over -- 1951 Group Annuity Mortality Table for Females projected to 1967 by Scale C
- (2) Disabled Participants under age 65 -- 1965 Railroad Board Ultimate Table of Mortality
- (3) Joint Pensioners and Beneficiaries -- 1951 Group Annuity Mortality Table for Males projected to 1967 by Scale C

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this actuarial certification is complete and accurate. As required by IRC Section 432(b)(3)(B)(iii), the projected industry activity is based on information provided by the plan sponsor. The projections are based on reasonable actuarial estimates, assumptions and methods that (other than projected industry activity) offer my best estimate of anticipated experience under the plan.

Dear Trustees and the Secretary of the Treasury:

ACTUARIAL CERTIFICATION FOR THE 2024 PLAN YEAR

Attached is the actuarial certification of the status of the Pension Plan for Hospital and Health Care Employees – Philadelphia and Vicinity under IRC Section 432 for the January 1, 2024 through December 31, 2024 Plan Year. This certification is intended to comply with the requirements of IRC Section 432(b)(3) and proposed regulation §1.432(b)-1(d).

Plan Status

The Plan is in critical and declining status for the 2024 Plan Year for purposes of Section 305 of ERISA and Section 432 of the Internal Revenue Code. The Plan is projected to be in critical status in at least one of the five succeeding plan years. Details of the certification tests are attached in a separate exhibit. The Plan is currently projected to become insolvent during the Plan Year beginning January 1, 2039.

This is the second year that the Plan has been certified to be in critical and declining status. The Plan was certified to be in critical status for the 2016 through 2022 Plan Years. The Plan's rehabilitation period began on January 1, 2019 and ends on December 31, 2028. The Plan is not projected to emerge from critical status by the end of the rehabilitation period. On October 13, 2020, the Board of Trustees determined that, based on reasonable actuarial assumptions and upon exhaustion of all reasonable measures, the plan could no longer reasonably be expected to emerge from critical status. The Rehabilitation Plan schedules of contributions and benefits have been formulated by the Trustees to enable the Plan to forestall insolvency as permitted by IRC 432(e)(3)(A)(ii). As of the date of this certification, the Plan is meeting the requirements of the rehabilitation plan.

Because the Plan is in critical and declining status, notification to the participants, beneficiaries, bargaining parties, PBGC, and Secretary of Labor is required within 30 days of the date of this certification.

Funded Percentage

The funded percentage is measured by the actuarial value of assets divided by the present value of accrued benefits (determined using funding assumptions). The funded percentage as of January 1, 2024 for certification purposes is 56.4% ($= \$375,941,000 \div \$665,982,000$).

Projection of Credit Balance

The Funding Standard Account Credit Balance is a measure of compliance with ERISA's minimum funding standards. If contributions exceed the minimum required, the credit balance will tend to grow. The credit balance will be reduced when contributions are less than the minimum required (before taking into account the credit balance offset). However, short-term fluctuations are not indicative of long-term trends. Consequently, a projection of 15-20 years is more informative as to the long-term health of the plan.

The projection of the credit balance as shown on the attached exhibit shows a funding deficiency (negative credit balance) during the current plan year (January 1, 2024 through December 31, 2024) and in all future plan years of the projection period.

Assumptions

The Plan's assets, liabilities and funding standard account credit balance were projected forward from the draft January 1, 2023 valuation for certification purposes based on the following:

- Plan Year January 1, 2023 – December 31, 2023 regular employer contributions are estimated to be \$23,370,000 and benefit payments are estimated to be \$52,338,000 based on information provided by the fund administrator.
 - Administrative expenses are estimated to be \$1,494,000 during 2023 based on information provided by the fund administrator and are assumed to increase by 5% per year thereafter.
 - The 2023 (net) return on the market value of assets is estimated to be 9.1% based on unaudited financial information provided by the investment manager and fund auditor, resulting in a January 1, 2024 market value of assets of approximately \$358,837,000.
 - All valuation assumptions other than the January 1, 2023 – December 31, 2023 investment return are met during the projection period including specifically that the Plan's investment return assumption of 7.25% is attained on the market value of assets from January 1, 2024 forward.
-

- Current differences between the market value of assets and the actuarial value of assets are phased in during the projection period in accordance with the regular operation of the asset valuation method.
- The collective bargaining agreements of all employers reflect the “Preferred Schedule A” of the Rehabilitation Plan. The contribution rate as of January 1, 2024 was 21.55% of gross pay and is not expected to change during the projection period. Accrual rates are assumed to change as shown in the table below.

<u>Accrual Rate</u>	
1/1/2023 – 12/31/2024	1.00%
1/1/2025 and later	2.00%

- Contributions in 2024 and beyond are equal to base contributions plus expected withdrawal liability payments (if applicable).
 - Contribution rates, taken in combination with covered pay, are assumed to produce base contributions of \$23,430,000 for the 2024 Plan Year.
 - Individual participants' earnings are assumed to increase 2% per year.
- Benefit payments, covered payroll, and normal costs are based on an open group projection reflecting the following assumptions:
 - Future new entrants are assumed to have the same demographic characteristics as new entrants during the prior plan year. New entrants for this purpose are defined as active participants as of the current valuation date who were not active participants as of the prior valuation date. The new entrant profile is comprised of 311 participants with the following characteristics:

At First Valuation Date of Participation

<u>Age Last Birthday</u>	<u>Count</u>	<u>Percent Male</u>	<u>Average Age</u>	<u>Average Service</u>	<u>Average Annual Salary</u>
< 30	30	43%	25.9	0.5	\$ 46,869
30 – 39	247	41%	33.2	0.5	\$ 43,911
40 – 49	15	53%	44.0	0.4	\$ 47,938
50 – 59	14	36%	55.1	0.6	\$ 51,378
> 60	5	20%	63.63	0.6	\$ 52,862
Average		41%	34.5	0.5	\$ 44,871

- The active plan participant count is assumed to remain level from year to year for the duration of the projection period.
- Individual participants' earnings are assumed to increase 2% per year. Future new entrants are assumed to have the same demographic characteristics as new

entrants during the prior plan year but with compensation adjusted by an inflation scale of 1% per year up to the year of entry.

The determination of whether the plan is in critical and declining status, the determination of whether the plan is projected to be in critical status within the succeeding 5 years, and the determination of whether the plan is making scheduled progress in meeting the requirements of the rehabilitation plan were all based on the above assumptions with no exceptions.

Activity in the industry (including future covered employment and contribution levels) is based upon information provided by the plan sponsor.

This certification is for the 2024 Plan Year only. Actual future valuation results will differ from those projected to the extent that future experience deviates from that anticipated.

In my opinion, the projections are based on reasonable actuarial estimates, assumptions and methods that, except for the projected industry activity supplied by the plan sponsor, offer my best estimate of anticipated experience under the Plan.

Sincerely,

Amanda Notaristefano, FSA, EA

Attachment K to 2024 Schedule MB of Form 5500
Schedule MB, line 11 - Justification for Change in Actuarial Assumptions

Actuarial Basis

The following were changes in the actuarial basis from the prior year:

1. To comply with changes in RPA '94 prescribed interest, the interest rate for RPA '94 Current Liability purposes was changed from 2.19% to 2.82%.
2. To comply with changes in the prescribed mortality table, the mortality assumption for RPA '94 current liability purposes was changed from the gender-distinct static mortality tables, with separate rates for annuitants and non-annuitants, issued by the IRS for 2023 valuation dates to the gender-distinct static mortality tables, with separate rates for annuitants and non-annuitants, issued by the IRS for 2024 valuation dates.

Plan of Benefits

There was one change to the plan of benefits since the prior valuation:

1. The future service accrual rate for 2024 was changed from 2.00% to 1.00%.

Other

The Plan submitted a lock-in application to the PBGC for Special Financial Assistance (“SFA”) on March 28, 2023 and intends to file a full application once the queue is opened by the PBGC. Anticipated SFA funds are not reflected in the valuation or the projections.

Actuarial Cost Method

The Actuarial Cost Method for determining the Actuarial Accrued Liability and Normal Cost is the Traditional Unit Credit Cost Method. This is the same method that was used in the prior valuation.

Asset Valuation Method

Twenty percent of the investment gain or loss on the market value of assets (total return compared to the assumed return) for each Plan Year is recognized over the five succeeding years. The actuarial value of assets determined above will never be permitted to be less than 80% nor more than 120% of the market value of assets.

Administrative Expenses Average of prior 3 years actual expenses, adjusted for 5.00% annual growth.
The 2024 assumption was \$1,739,000 as of the beginning of the year.

Rationale for Assumptions

Interest Rate

The interest rate assumption for all purposes other than for RPA '94 Current Liability reflects the anticipated investment return from the Pension Fund, net of investment expenses. This long-term assumption reflects past experience, future expectations, and input from the Fund's investment manager. Based on these factors, the Fund's asset allocation and our professional judgment, we consider 7.25% to be a reasonable assumption with no significant bias.

While the actuarial valuation is performed on an ongoing basis, withdrawal liability assessments are intended to estimate a one-time payment from a withdrawing employer. We consider 6.25% to be a reasonable assumption for measuring unfunded vested benefits for withdrawal liability purposes.

Demographic Assumptions

The assumptions for mortality, disability, withdrawal and retirement rates are reviewed annually to ensure their reasonableness on both an individual and an aggregate basis. These assumptions reflect past experience, future expectations, and applicable Plan provisions. Based on these factors and our professional judgment, we consider these assumptions to be reasonable with no significant bias.

Mortality Improvement

Based on past experience, future expectations, and our professional judgment, we consider the assumption of no mortality improvement beyond the valuation date to be reasonable.

I. INTRODUCTION

The Pension Plan For Hospital And Health Care Employees – Philadelphia and Vicinity (“Plan”) has been determined by the Plan’s actuary to be in “critical” status as defined in Section 432 of the Internal Revenue Code of 1986 (the “IRC”), as amended for the Plan Year beginning January 1, 2016. A Rehabilitation Plan was developed in 2016 and subsequently updated.

Actuarial Certification History	
Plan Year Beginning January 1,	Status
2008	The Plan was not in endangered or critical status.
2009	The Plan was not in endangered or critical status due to an election under 204(a) of WRERA '08 to freeze the zone status.
2010 - 2012	Critical
2013 - 2015	Endangered
2016 - 2022	Critical
2023 - 2024	Critical and Declining

Key Dates for Determining Rehabilitation Period	
Date collective bargaining agreements (“CBAs”) in effect on 3/30/2016 covering 75% of actives expire	6/30/2018
Rehabilitation Plan Adoption Period	3/30/2016 – 12/31/2018
Rehabilitation Period	1/1/2019 – 12/31/2028

II. REHABILITATION PLAN

A Rehabilitation Plan is a plan which consists of

- (i) actions, including options or a range of options to be proposed to the bargaining parties, formulated based on reasonably anticipated experience and reasonable actuarial assumptions, to enable the plan to cease to be in critical status by the end of the rehabilitation period and may include reductions in plan expenditures (including plan mergers and consolidations), reductions in future benefit accruals, or increases in contributions, if agreed to by the bargaining parties, or any combination of such actions,

or

- (ii) if the plan sponsor determines that, based on reasonable actuarial assumptions and upon exhaustion of all reasonable measures, the plan cannot reasonably be expected to emerge from critical status by the end of the rehabilitation period, reasonable measures to emerge from critical status at a later time or to forestall possible insolvency (within the meaning of Section 4245 of the Employee Retirement Income Security Act of 1974 (“ERISA”)).

When the Plan was first certified to be in Critical Status in 2010, the contribution rate was 9.86% of salary and the benefit accrual rate was 2.3% of final average pay. The Plan had already made significant changes in the benefits and contribution rates.

The collective bargaining agreements effective in 2016 reflected contribution rates up to 20.5% of salary and benefit accrual rates of 0.0% in 2014 and 2015 followed by 0.5% in 2016 and 2017 and 1.0% in 2018 and 2019. In addition, the Plan moved to a career average formula and eliminated certain adjustable benefits. In recognition that there was a limit to imposing more draconian contribution increases and benefit cuts and that it would be counterproductive to do so, the Trustees concluded that they had exhausted all reasonable measures for improving the financial solvency of the Fund and could not emerge from Critical Status by the end of the Rehabilitation Period. The 2016 Rehabilitation Plan schedules of contributions and benefits were formulated by the Trustees as reasonable measures which, under reasonable actuarial assumptions, were designed and projected to enable the Plan to emerge from critical status in 2038, which was 10 years after the end of the Rehabilitation Period.

On June 30, 2019, Philadelphia Academic Health System, LLC, the parent company of Hahnemann University Hospital, filed for Chapter 11 bankruptcy. Subsequently, in September 2019, Hahnemann University Hospital closed. The

hospital was a significant business location for multiple contributing employers to the Plan. Its closure resulted in a reduction of approximately 20% to the contribution base units for the Plan, which has significantly affected the Plan's projected financial outlook.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic. The COVID-19 outbreak has heavily affected the world in 2020 through thousands of fatalities, extreme market volatility, the closing of non-essential businesses and the issuance of stay-at-home orders for citizens.

In March 2020, the Plan's actuary certified that the Plan was no longer projected to emerge from critical status and that it was projected to go insolvent.

In recognition that (1) the pandemic has placed massive strains on health care systems, (2) a portion of the Plan's active participants lost their jobs due to the closure of Hahnemann University Hospital, (3) the Plan has significantly reduced its benefits since 2010, (4), the Plan has significantly increased the required contribution rate for contributing employers and (5) there is a limit to imposing more draconian contribution increases and benefit cuts and that it would be counterproductive to do so, the Trustees have concluded that they have exhausted all reasonable measures for improving the financial solvency of the Fund.

The Rehabilitation Plan as amended through the date of adoption is outlined below and is referenced as the 2024 Rehabilitation Plan. The 2024 Rehabilitation Plan schedules of contributions and benefits were formulated by the Trustees as reasonable measures which, under reasonable actuarial assumptions, were designed and projected to enable the Plan to forestall possible insolvency.

III. ADOPTION AND DURATION OF A SCHEDULE

The Plan was certified to be in critical status in consecutive years from 2016 through 2022. The Plan has been certified to be in critical and declining status in consecutive years from 2023 through 2024. All contributing employers have adopted Schedule A of the 2016 Rehabilitation Plan. Since there were no employers that adopted the Default Schedule or Schedule B of the 2016 Rehabilitation Plan, they have been removed from the Rehabilitation Plan

Once a Schedule takes effect, it shall remain in effect for the duration of the CBA. When a CBA comes up for negotiation, the bargaining parties may choose the most recent update of this Rehabilitation Plan and the schedule(s) within. Nothing in this document shall preclude the Trustees from amending this Rehabilitation Plan.

IV. UPDATES TO REHABILITATION PLAN AND SCHEDULES

The Trustees shall annually review the Rehabilitation Plan and update the Rehabilitation Plan as necessary. The Rehabilitation Plan effective as of the end of the applicable Plan Year shall be filed with the Plan's annual report under Section 104 of the ERISA. The annual update shall reflect updated projections of assets, liabilities and funding standard account credit balances provided by the Plan's actuaries, as well as a projection by the Plan's actuary as to whether or not the Plan is projected to emerge from Critical Status. Such update shall, to the extent practicable, be adopted by the Trustees prior to the end of each critical year. The updated Rehabilitation Plan shall include such additional actions, including the update of Contribution and Benefit Schedules, as the Trustees determine to be necessary to enable the Plan to emerge from Critical Status or forestall insolvency.

The Board of Trustees recognizes that actual experience may differ from the projections, and therefore, the exact year of critical status emergence or projected insolvency is subject to change.

The Trustees reserve the right to interpret and construe the provisions of the Rehabilitation Plan, and to decide such questions as may rise in connection with the operation of the Rehabilitation Plan, including interpretation of ambiguous provisions, consistent with the intent of the Rehabilitation Plan. The determination of the Trustees shall be subject to review only for abuse of discretion.

V. SCHEDULE A

A. Benefits

1. The participant will receive the greater of:
 - a) the benefit accrued as of the later of January 1, 2013 under the terms of the Plan as of that date; and
 - b) the benefit accrued as of the date of termination of covered employment, reduced by one-half percentage for each month, if any, by which the pension commencement date precedes age 65.
2. The future service benefit accrual rates will be:

<u>Effective</u> <u>January 1,</u>	<u>Accrual</u> <u>Rate</u>
2016 - 2017	0.50%
2018 – 2024	1.00%
2025 and later	2.00%

B. Contributions

<u>Effective</u> <u>July 1,</u>	<u>Contribution</u> <u>Rate</u>
2016	19.688%
2017	22.550%
2018	22.550%
2019 and later	21.550%

C. Effective Date

The Schedule A Effective Date is June 30, 2018, or the first of the month following the adoption of Schedule A by the collective bargaining parties, whichever is later.

VI. PLAN CHANGES

The following change has been made to the Pension Plan's benefits. The changes apply to all schedules of the Rehabilitation Plan:

- Effective for retirement dates on and after January 1, 2022, only the Spouse of a Participant may be the joint pensioner for purposes of the 50%, 75% or 100% Joint and Survivor forms of payment.

or Rehabilitation Plan

In the Plan Year in which the 2024 MB is filed (the 2025 Plan Year), the Pension Fund for Hospital and Health Care Employees – Philadelphia and Vicinity was certified to be in critical and declining status. It was certified to be in critical status for the 2016 through 2022 Plan Years.

The Trustees have adopted and implemented a Rehabilitation Plan with the Rehabilitation Period beginning on January 1, 2019 and ending on December 31, 2028. The Rehabilitation Plan schedules of contributions and benefits have been formulated by the Trustees as reasonable measures which, under reasonable actuarial assumptions, were designed and projected to enable the Plan to emerge from critical status after the end of the Rehabilitation Period as permitted by IRC 432(e)(3)(A)(ii). In October of 2020, the Board of Trustees determined that, based on reasonable actuarial assumptions and upon exhaustion of all reasonable measures, the plan could no longer reasonably be expected to emerge from critical status. The Rehabilitation Plan schedules of contributions and benefits have been formulated by the Trustees to enable the Plan to forestall insolvency as permitted by IRC 432(e)(3)(A)(ii).

As of the 2025 certification date the Plan is meeting the requirements of the Rehabilitation Plan.

Attachment D to 2024 Schedule MB of Form 5500
Schedule MB, line 4f – Cash Flow Projections from 2024 Certification

For purposes of the cash flow projections attachment, the Plan's assets, liabilities and funding standard account credit balance were projected forward from the draft January 1, 2024 valuation for certification purposes based on the following:

- Plan Year January 1, 2024 – December 31, 2024 regular employer contributions are estimated to be \$23,396,000 and benefit payments are estimated to be \$53,092,000 based on information provided by the fund administrator.
- Administrative expenses are estimated to be \$1,424,000 during 2024 based on information provided by the fund administrator. Starting January 1, 2025, annual administrative expenses are assumed to equal the average of the prior 3 years actual expenses, adjusted for 5% annual growth as of the beginning of the year.
- The market value return for the 2024 Plan Year is estimated to be 7.9%, net of fees, based on information provided by Plan's investment manager, resulting in a January 1, 2025 market value of assets of approximately \$351,800,000.
- All valuation assumptions other than the January 1, 2024 – December 31, 2024 investment return are met during the projection period including specifically that the Plan's investment return assumption of 7.25% is attained on the market value of assets from January 1, 2025 forward.
- Current differences between the market value of assets and the actuarial value of assets are phased in during the projection period in accordance with the regular operation of the asset valuation method.
- The collective bargaining agreements of all employers reflect the "Preferred Schedule A" of the Rehabilitation Plan. The contribution rate as of January 1, 2025 was 21.55% of gross pay and is not expected to change during the projection period. The future service accrual rate as of January 1, 2025 was 2.00% and is not expected to change during the projection period.
- For purposes of estimating future contributions and normal costs, individual participants' earnings are assumed to increase 2% per year. Additionally, covered earnings for the 2024 Plan Year were reduced by 6.4% to reflect the anticipated closing of a contributing employer.
- Contributions in 2025 and beyond are equal to base contributions plus expected withdrawal liability payments (if applicable). Contribution rates, taken in combination with covered pay, are assumed to produce base contributions of \$22,015,000 for the 2025 Plan Year.

Attachment D to 2023 Schedule MB of Form 5500
Schedule MB, line 4f – Cash Flow Projections from 2023 Certification

- Benefit payments, covered payroll, and normal costs are based on an open group projection reflecting the following assumptions:
 - Future new entrants are assumed to have the same demographic characteristics as new entrants during the prior plan year. New entrants for this purpose are defined as active participants as of the current valuation date who were not active participants as of the prior valuation date. The new entrant profile is comprised of 247 participants with the following characteristics:

At First Valuation Date of Participation

<u>Age Last Birthday</u>	<u>Count</u>	<u>Percent Male</u>	<u>Average Age</u>	<u>Average Service</u>	<u>Average Annual Salary</u>
< 30	18	28%	25.4	0.7	\$ 39,212
30 – 39	196	24%	33.2	0.6	\$ 44,109
40 – 49	10	0%	44.0	0.7	\$ 52,581
50 – 59	14	43%	55.1	0.5	\$ 49,854
> 60	9	67%	62.1	0.7	\$ 59,495
Average		26%	35.4	0.6	\$ 44,982

- The active plan participant count is assumed to remain level from year to year for the duration of the projection period.
- Individual participants' earnings are assumed to increase 2% per year. Future new entrants are assumed to have the same demographic characteristics as new entrants during the prior plan year but with compensation adjusted by an inflation scale of 1% per year up to the year of entry.

Summarized below are the projected benefit payments (not including administrative expenses) assuming (1) no additional accruals, (2) experience is in line with demographic assumptions, and (3) no new entrants are covered by the Plan. The benefit payments reflect the plan of benefits used for the January 1, 2024 valuation.
