Independent Auditors' Report

To the Retirement Plans Committee of
Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

To the Retirement Plans Committee of
Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. Profit Sharing Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

The following description of the Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. (the Firm). Eligible employees include those who have completed a minimum of two years of service and are age 21 or older.

The Plan excludes associates, contract partners and of counsel employees who, in each case, are not alternate track, as well as law clerks, student associates, summer associates, technical specialists, patent agents, interns, nonresident aliens, international guests, leased employees, and individuals hired in an office which is not located in the United States that is eligible to participate in a local governmental or privately sponsored retirement program. The Plan was established effective 1974. The Plan was most recently restated effective January 1, 2014. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Firm pays the administrative expenses of the Plan other than certain recordkeeping and investment management fees that are included with net appreciation in fair value of investments on the accompanying Statement of Changes in Net Assets Available for Benefits.

Contributions

Each pay period, participants may make pre-tax salary deferral or post-tax Roth contributions to the Plan in amounts between 2% and 50% of their annual compensation, as defined in the plan document, subject to limits established by the Internal Revenue Service (IRS). Additionally, participants who are at least 50 years of age by the end of the respective calendar year are eligible to make catch-up contributions to the Plan. For 2024, the maximum amount of catch-up contributions was \$7,500. The Plan has an automatic enrollment and escalation provision whereby newly eligible or rehired participants are enrolled in the Plan with a 4% pre-tax elective deferral and an annual increase of 1% each January, unless an affirmative election is made otherwise.

The Firm may make a discretionary profit sharing contribution to the Plan. For the year ended December 31, 2024, discretionary contributions of 8% of eligible compensation, up to the Social Security Wage Base and 13.7% of eligible compensation over the Social Security Wage Base, limited to the IRS compensation limit, were allocated to each eligible participant under the Plan, except for share partners. For the year ended December 31, 2024, share partners received discretionary contributions equal to the amount required to ensure each share partner received the maximum allowed contribution under IRS guidelines. The allocation was made using Social Security integration. The determination for share partners is made on a basis which complies with the requirements of Sections 410(b) and 401(a)(4) of the Internal Revenue Code (IRC).

The Plan also allows participants to make rollover contributions.

Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. Profit Sharing Plan

Notes to Financial Statements

December 31, 2024 and 2023

Participant Accounts

Participants' accounts are credited with the participants' contributions (pre-tax and/or Roth), the Firm's contributions, rollover contributions, if any, and earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants may direct their investments by investing in one or more of the investment options available in the Plan.

Vesting

Participants are immediately vested in all contributions and the actual investment return thereon.

Notes Receivable From Participants

The Plan may make loans to participants in an amount not exceeding the lesser of \$50,000 or 50% of the aggregate amount in the participant's pre-tax and/or post-tax Roth salary deferral account and rollover account. The loans bear interest at the prevailing U.S. bank prime rate of interest plus 1% at the time of making the loan, and the repayment period cannot exceed five years, unless the purpose of the loan is in connection with the purchase of a primary residence. In this case, the repayment period is up to 30 years. All loans are secured by a portion of the participant's salary deferral account and rollover account equal to the amount of the loan. All outstanding loans as of December 31, 2024 and 2023 were issued at interest rates between 4.25% and 9.50%.

Payment of Benefits

On termination of service, participants may elect a lump sum payment, annual installments or partial distributions. If the participant's vested account is greater than \$1,000 but no more than \$7,000, the participant's entire vested account shall be rolled into an individual retirement account designated by the Retirement Plans Committee. If a participant's vested account is less than \$1,000, the participant's entire vested account shall be distributed as a lump sum payment. Such distributions are made no later than 60 days after the end of the plan year in which the participant's termination of service occurs. In addition, the Plan allows for hardship distributions if certain criteria are met.

Transfers (to) From the Finnegan, Henderson, Farabow, Garrett & Dunner L.L.P. 401(k) Plan

In addition to this Plan, the Firm also sponsors the Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. 401(k) Plan (the 401(k) Plan). When employees participating in the 401(k) Plan meet the eligibility requirements and become participants in the Plan, their active participation in the 401(k) Plan ceases. Accordingly, the respective participant account balances are transferred into the Plan from the 401(k) Plan. This is reflected as transfers from the Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. 401(k) Plan on the accompanying Statement of Changes in Net Assets Available for Benefits. Conversely, when participants change to an ineligible class of employee, their active participation in the Plan ceases and their account balances are transferred from the Plan to the 401(k) Plan. This is reflected as transfers to the Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. 401(k) Plan on the accompanying Statement of Changes in Net Assets Available for Benefits.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value, except for the fully-benefit responsive contract which was reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 3 for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

The Plan's investment in the fully benefit-responsive investment contract was reported at contract value. Contract value was the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value was the amount participants normally would receive if they initiated permitted transactions under the terms of the Plan.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Benefits are recorded when paid.

Recent Regulatory Updates

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory and certain optional provisions effective for the year ended December 31, 2024, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of the SECURE 2.0 Act did not have a material effect on the Plan's financial statements.

Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. Profit Sharing Plan

Notes to Financial Statements

December 31, 2024 and 2023

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Firm. Expenses that are paid by the Firm are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 8, 2025, the date the accompanying financial statements were available to be issued.

3. Fair Value Measurements

The Plan follows U.S. GAAP for measuring, reporting and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported and/or disclosed on a fair value basis.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. Profit Sharing Plan

Notes to Financial Statements

December 31, 2024 and 2023

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments measured at net asset value: Consisting of common collective trusts, valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner

Self-directed brokerage accounts: These accounts include investments in mutual funds and exchange-traded funds and are valued based on the quoted market prices of the investments held by the Plan at year-end. As these prices are available on active markets, these fair value measurements are classified as having used Level 1 inputs.

The plan administrator is responsible for the determination of fair value. Accordingly, it performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan administrator has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 256,794,644	\$ -	\$ -	\$ 256,794,644

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments That Calculate Net Asset Value

The following table summarizes investments measured at fair value based on NAVs per share as of December 31, 2024. No such investments were held as of December 31, 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Common Collective Trusts	\$ 194,990,393	N/A	Daily	N/A

4. Fully Benefit-Responsive Investment Contracts

As of December 31, 2023, the Plan held a fully benefit-responsive guaranteed investment contract, Vanguard Retirement Savings Trust (VRST), for which contributions were maintained in a collective trust account. The Plan no longer invested in VRST as of December 31, 2024. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants were permitted to direct the withdrawal or transfer of all or a portion of their investment at contract value. There were no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer but was not less than zero. Such interest rates were reviewed on a quarterly basis for resetting.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) material plan amendments (including partial or complete termination of the Plan or merger of the Plan with another plan); (2) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited exemption under ERISA; (3) changes in the Plan's prohibition or competing investment options and (4) the closing of a business unit of the plan sponsor or the bankruptcy of the plan sponsor. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable of occurring.

5. Related-Party and Party in Interest Transactions

Certain Plan investments are managed by an affiliate of the trustee, as defined by the Plan. Transactions in such investments qualify as party in interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan for investment management services of funds managed by the trustee are party in interest transactions. These fees are netted with investment income.

Fees for fund investment managers are included in net appreciation (depreciation) in the fair value of the investment. Prior to October 1, 2024 certain administrative recordkeeping fees were paid to the Trustee through revenue sharing which was included in net appreciation (depreciation) in the fair value of the investment. Effective October 1, 2024, the Plan transitioned to new investment fund share classes with lower fees and an annual fee deducted in quarterly installments from participant accounts. The Plan or Plan Sponsor may make payments to the Trustee for administrative expenses not covered by revenue sharing or the annual participant fee.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Firm. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Plan obtained its latest determination letter on June 3, 2016, in which the Internal Revenue Service (IRS) stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan has been amended since the date this determination letter was received. The plan administrator believes the Plan is currently designed and being operated in accordance with the applicable requirements of the IRC.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

Notes to Financial Statements

December 31, 2024 and 2023

As of December 31, 2024 and 2023, the Plan's investment in the Vanguard Institutional Index Fund Inst'l Shares totaled \$79,936,230 and \$66,434,419, respectively, representing greater than 10% of net assets available for benefits.

9. Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, Vanguard Fiduciary Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024. Such information was obtained by management and agreed to or derived from information certified as complete and accurate by a qualified institution.

Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. Profit Sharing Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

The following description of the Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. (the Firm). Eligible employees include those who have completed a minimum of two years of service and are age 21 or older.

The Plan excludes associates, contract partners and of counsel employees who, in each case, are not alternate track, as well as law clerks, student associates, summer associates, technical specialists, patent agents, interns, nonresident aliens, international guests, leased employees, and individuals hired in an office which is not located in the United States that is eligible to participate in a local governmental or privately sponsored retirement program. The Plan was established effective 1974. The Plan was most recently restated effective January 1, 2014. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Firm pays the administrative expenses of the Plan other than certain recordkeeping and investment management fees that are included with net appreciation in fair value of investments on the accompanying Statement of Changes in Net Assets Available for Benefits.

Contributions

Each pay period, participants may make pre-tax salary deferral or post-tax Roth contributions to the Plan in amounts between 2% and 50% of their annual compensation, as defined in the plan document, subject to limits established by the Internal Revenue Service (IRS). Additionally, participants who are at least 50 years of age by the end of the respective calendar year are eligible to make catch-up contributions to the Plan. For 2024, the maximum amount of catch-up contributions was \$7,500. The Plan has an automatic enrollment and escalation provision whereby newly eligible or rehired participants are enrolled in the Plan with a 4% pre-tax elective deferral and an annual increase of 1% each January, unless an affirmative election is made otherwise.

The Firm may make a discretionary profit sharing contribution to the Plan. For the year ended December 31, 2024, discretionary contributions of 8% of eligible compensation, up to the Social Security Wage Base and 13.7% of eligible compensation over the Social Security Wage Base, limited to the IRS compensation limit, were allocated to each eligible participant under the Plan, except for share partners. For the year ended December 31, 2024, share partners received discretionary contributions equal to the amount required to ensure each share partner received the maximum allowed contribution under IRS guidelines. The allocation was made using Social Security integration. The determination for share partners is made on a basis which complies with the requirements of Sections 410(b) and 401(a)(4) of the Internal Revenue Code (IRC).

The Plan also allows participants to make rollover contributions.

Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. Profit Sharing Plan

Notes to Financial Statements

December 31, 2024 and 2023

Participant Accounts

Participants' accounts are credited with the participants' contributions (pre-tax and/or Roth), the Firm's contributions, rollover contributions, if any, and earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants may direct their investments by investing in one or more of the investment options available in the Plan.

Vesting

Participants are immediately vested in all contributions and the actual investment return thereon.

Notes Receivable From Participants

The Plan may make loans to participants in an amount not exceeding the lesser of \$50,000 or 50% of the aggregate amount in the participant's pre-tax and/or post-tax Roth salary deferral account and rollover account. The loans bear interest at the prevailing U.S. bank prime rate of interest plus 1% at the time of making the loan, and the repayment period cannot exceed five years, unless the purpose of the loan is in connection with the purchase of a primary residence. In this case, the repayment period is up to 30 years. All loans are secured by a portion of the participant's salary deferral account and rollover account equal to the amount of the loan. All outstanding loans as of December 31, 2024 and 2023 were issued at interest rates between 4.25% and 9.50%.

Payment of Benefits

On termination of service, participants may elect a lump sum payment, annual installments or partial distributions. If the participant's vested account is greater than \$1,000 but no more than \$7,000, the participant's entire vested account shall be rolled into an individual retirement account designated by the Retirement Plans Committee. If a participant's vested account is less than \$1,000, the participant's entire vested account shall be distributed as a lump sum payment. Such distributions are made no later than 60 days after the end of the plan year in which the participant's termination of service occurs. In addition, the Plan allows for hardship distributions if certain criteria are met.

Transfers (to) From the Finnegan, Henderson, Farabow, Garrett & Dunner L.L.P. 401(k) Plan

In addition to this Plan, the Firm also sponsors the Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. 401(k) Plan (the 401(k) Plan). When employees participating in the 401(k) Plan meet the eligibility requirements and become participants in the Plan, their active participation in the 401(k) Plan ceases. Accordingly, the respective participant account balances are transferred into the Plan from the 401(k) Plan. This is reflected as transfers from the Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. 401(k) Plan on the accompanying Statement of Changes in Net Assets Available for Benefits. Conversely, when participants change to an ineligible class of employee, their active participation in the Plan ceases and their account balances are transferred from the Plan to the 401(k) Plan. This is reflected as transfers to the Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. 401(k) Plan on the accompanying Statement of Changes in Net Assets Available for Benefits.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value, except for the fully-benefit responsive contract which was reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 3 for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

The Plan's investment in the fully benefit-responsive investment contract was reported at contract value. Contract value was the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value was the amount participants normally would receive if they initiated permitted transactions under the terms of the Plan.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Benefits are recorded when paid.

Recent Regulatory Updates

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory and certain optional provisions effective for the year ended December 31, 2024, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of the SECURE 2.0 Act did not have a material effect on the Plan's financial statements.

Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. Profit Sharing Plan

Notes to Financial Statements

December 31, 2024 and 2023

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Firm. Expenses that are paid by the Firm are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 8, 2025, the date the accompanying financial statements were available to be issued.

3. Fair Value Measurements

The Plan follows U.S. GAAP for measuring, reporting and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported and/or disclosed on a fair value basis.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Finnegan, Henderson, Farabow, Garrett & Dunner, L.L.P. Profit Sharing Plan

Notes to Financial Statements

December 31, 2024 and 2023

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments measured at net asset value: Consisting of common collective trusts, valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner

Self-directed brokerage accounts: These accounts include investments in mutual funds and exchange-traded funds and are valued based on the quoted market prices of the investments held by the Plan at year-end. As these prices are available on active markets, these fair value measurements are classified as having used Level 1 inputs.

The plan administrator is responsible for the determination of fair value. Accordingly, it performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan administrator has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 256,794,644	\$ -	\$ -	\$ 256,794,644

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments That Calculate Net Asset Value

The following table summarizes investments measured at fair value based on NAVs per share as of December 31, 2024. No such investments were held as of December 31, 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Common Collective Trusts	\$ 194,990,393	N/A	Daily	N/A

4. Fully Benefit-Responsive Investment Contracts

As of December 31, 2023, the Plan held a fully benefit-responsive guaranteed investment contract, Vanguard Retirement Savings Trust (VRST), for which contributions were maintained in a collective trust account. The Plan no longer invested in VRST as of December 31, 2024. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants were permitted to direct the withdrawal or transfer of all or a portion of their investment at contract value. There were no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer but was not less than zero. Such interest rates were reviewed on a quarterly basis for resetting.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) material plan amendments (including partial or complete termination of the Plan or merger of the Plan with another plan); (2) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited exemption under ERISA; (3) changes in the Plan's prohibition or competing investment options and (4) the closing of a business unit of the plan sponsor or the bankruptcy of the plan sponsor. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable of occurring.

5. Related-Party and Party in Interest Transactions

Certain Plan investments are managed by an affiliate of the trustee, as defined by the Plan. Transactions in such investments qualify as party in interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan for investment management services of funds managed by the trustee are party in interest transactions. These fees are netted with investment income.

Fees for fund investment managers are included in net appreciation (depreciation) in the fair value of the investment. Prior to October 1, 2024 certain administrative recordkeeping fees were paid to the Trustee through revenue sharing which was included in net appreciation (depreciation) in the fair value of the investment. Effective October 1, 2024, the Plan transitioned to new investment fund share classes with lower fees and an annual fee deducted in quarterly installments from participant accounts. The Plan or Plan Sponsor may make payments to the Trustee for administrative expenses not covered by revenue sharing or the annual participant fee.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Firm. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Plan obtained its latest determination letter on June 3, 2016, in which the Internal Revenue Service (IRS) stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan has been amended since the date this determination letter was received. The plan administrator believes the Plan is currently designed and being operated in accordance with the applicable requirements of the IRC.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

Notes to Financial Statements

December 31, 2024 and 2023

As of December 31, 2024 and 2023, the Plan's investment in the Vanguard Institutional Index Fund Inst'l Shares totaled \$79,936,230 and \$66,434,419, respectively, representing greater than 10% of net assets available for benefits.

9. Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, Vanguard Fiduciary Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024. Such information was obtained by management and agreed to or derived from information certified as complete and accurate by a qualified institution.
