## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Rolex Watch U.S.A., Inc. Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Supplemental Schedules Required by ERISA**

The supplemental schedules of: (1) Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and (2) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 1. Description of the Plan

The following brief description and summary of major plan provisions of the Rolex Watch U.S.A., Inc. Profit Sharing Plan (the "Plan") are provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

The Plan is a defined contribution plan covering substantially all employees of Rolex Watch U.S.A., Inc. and Rolex Industries, Inc. (collectively the "Employer"). The Plan is considered a single employer plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan incorporates a tax favored arrangement under Section 401(k) of the Internal Revenue Code, under which employees may defer income taxes on a portion of their pre-tax salary, by electing to contribute that portion into the Plan.

### *Eligibility*

All employees are eligible to participate in the Plan as of their employment commencement date, except those represented by a collective bargaining agreement and leased employees.

### *Normal Retirement*

Employees are eligible for normal retirement on the first day of the month coinciding with or following the attainment of age 65. Normal retirement date may be postponed with the written consent of the Employer to any later date.

### *Early Retirement Date*

Employees may retire early, after 15 years of service with the Employer and upon attaining age 55.

### *Disability Provision*

If an employee becomes disabled while a participant, the participant will be entitled to 100% of his or her account balance.

### *Employee Contributions*

Each participant may elect to contribute a portion of his or her pre-tax salary to the Plan each year. A participant's annual contribution may not exceed the lesser of 60% of the participant's total annual compensation or the legal limit set by the Internal Revenue Service. For participants over age 50, there is a catch-up contribution allowed, limited to an additional $7,500 per year. Participants may also contribute amounts representing distributions from other qualified plans.

## 1. Description of the Plan *(continued)*

### *Employer Contributions*

The Employer will make a matching contribution of 33% of the employees' contributions on up to 10% of their annual salary. The Employer may make a discretionary (elective) contribution to the Plan. During 2024, the Employer made a discretionary contribution of 10% of eligible compensation to eligible participants. The Employer's contributions for any Plan year shall not exceed the maximum deduction permitted for federal income tax purposes.

### *Participant Accounts*

Each participant's account is credited with participant and Employer contributions and the investment earnings thereon. Employer contributions are added to participant's accounts annually. The contributions are allocated among the investment options according to the participant's instructions. Allocations are based on participant earnings, account balances, or specific participant transactions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### *Vesting*

Participants are 100% vested in all contributions and earnings thereon.

### *Notes Receivable from Participants*

Loans of up to 50% of a participant's account balance, a minimum of $1,000 but not more than $50,000, are permitted. Loans are secured by the balance in the participants account and bear interest at prime rate plus 1%. Principal and interest are repaid through payroll deductions over a period of up to five years, unless the loan was made to acquire a primary residence, in which case the loan can be repaid over a ten year period.

### *Distribution During Employment*

A participant may withdraw all or a part of his or her account balance attributable to salary reduction election in the event of immediate and heavy financial need (hardship distribution). Upon attaining age 59 ½, participants may also take a withdrawal.

Participants hired before November 1, 1997 shall be permitted to make a pre-retirement withdrawal up to the amount in such participants' non-elective accounts which were vested and credited for at least two full Plan years prior to October 31, 1997.

### *Distribution Upon Termination of Employment*

Upon termination, a participant must give written consent to the Plan administrator to receive the value of any vested benefit in his or her account. If the vested benefit of the participant is less than $5,000, written consent is not necessary.

## 1. Description of the Plan *(continued)*

### *Distribution Upon Retirement*

The value in a participant's account shall be distributed in a lump sum payment or in installments and participants are subject to lifetime required minimum distributions.

## 2. Summary of Significant Accounting Policies

### *Basis of Presentation*

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

### *Use of Estimates*

Management makes estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities, and reported amounts of additions and deductions to net assets available for benefits during the period. Actual results could differ from those estimates.

### *Fair Value Measurements*

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

### *Valuation of Investments and Income Recognition*

The Plan's investments in mutual funds are stated at fair value. The Plan's mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price.

The Plan's investments in common/collective trusts are stated at fair value, except for the Galliard Stable Return Fund PN, which is stated at contract value. Contract value equals accumulated cash contributions, earnings credited to the Plan's contracts, and transfers in (if any), less any withdrawals and transfers out (if any). The common/collective trusts are valued at their NAV, as provided by the trustee, which is used as a practical expedient based on the fund's underlying investments. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Pursuant to U.S. GAAP guidance common/collective trusts where fair value is measured using NAV per share as a practical expedient are not categorized within the fair value hierarchy.

## 2. Summary of Significant Accounting Policies *(continued)*

### *Valuation of Investments and Income Recognition (continued)*

Purchases and sales of securities are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Realized and unrealized gains and losses are included in the determination of the change in net assets available for benefits. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

### *Notes Receivable from Participants*

Notes receivables from participants are valued at their outstanding balances, plus any unpaid interest. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded upon a distributable event.

### *Payments of Benefits*

Benefits are recorded when paid.

### *Expenses*

Fees related to the administration of the Plan are paid directly by the Plan and included in these financial statements. Other investment related expenses are paid directly by the respective investment vehicle and are included in net appreciation in value of investments.

### *Subsequent Events Evaluation by Management*

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 3, 2025.

## 3. Investments Certified by the Trustee (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in value of investments, dividend income and interest on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a qualified institution.

## 4. Investments

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

| | 2024 | | |
|---|---|---|---|
| | Level 1 | Other Investments Measured at NAV* | Total |
| Mutual funds | $222,987,237 | $ - | $222,987,237 |

| | $222,987,237 | $ 12,524,876 | 235,512,113 |
| Common/collective trust - contract value | | | 28,695,583 |
| | | | $264,207,696 |

| | 2023 | | |
|---|---|---|---|
| | Level 1 | Other Investments Measured at NAV* | Total |
| Mutual funds | $190,672,174 | $ - | $190,672,174 |
| Common/Collective Trusts - fair value | | | |
| Principal/MFS Value CIT N (a) | - | 11,361,727 | 11,361,727 |
| | $190,672,174 | $ 11,361,727 | 202,033,901 |
| Common/collective trust - contract value | | | 31,101,819 |
| | | | $233,135,720 |

## 4. Investments *(continued)*

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

Issuances and redemptions for common/collective trusts reported at fair value are made on each business day and are redeemed based on NAV per unit. There are no restrictions or unfunded commitments.

a) The collective fund seeks to provide investors with a moderate level of stable income without principal volatility.

## 5. Investment in Common/Collective Trust – Contract Value

The Plan has entered into a fully benefit-responsive common/collective trust called the Galliard Stable Return PN with Galliard (the "Issuer"). The Galliard Stable Return PN is a common/collective trust that invests all of its assets in the Galliard Stable Return Fund Core. The Galliard Stable Return Fund Core invests in investment contracts, including traditional guaranteed investment contracts and security-backed contracts issued by insurance companies and other financial institutions. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the Issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the Issuer. Each investment contract has a zero percent floor on the crediting interest rate. The crediting interest rates are reset on a quarterly basis. The value of the fully benefit-responsive common/collective trust at December 31, 2024 and 2023 was $28,695,583 and $31,101,819, and represented approximately 10% and 13% of net assets, respectively.

There are several risks specific to investment contracts. One of the primary risks involved is credit risk of the contract issuer. Credit risk for security-backed contracts includes risks arising from the potential inability of the issuer to meet the terms of the contract wrapper and the potential default of the underlying fixed-income securities.

Secondly, liquidity is limited because of the unique characteristics of investment contracts and the absence of an actively traded secondary market. Interest rate risk is also present because rates may be fixed with these products. The NAV is calculated daily. Net investment income, if any, and realized and unrealized gains on investments are not distributed but rather are reinvested and reflected in the NAV of the fund. Units are issued and redeemed at the latest NAV. Redemptions by participating plans occur at NAV following the 12-month notice period.

## 6. Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

## 7. Tax Status

The Internal Revenue Service ("IRS") has informed the prototype plan preparer by an opinion letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition or disclosure at December 31, 2024. The Plan administrator believes it is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to 2021.

## 8. Party-in-Interest

Certain Plan investments are shares of common/collective trusts managed by Principal Trust Company ("Principal"). Principal is a trustee as defined by the Plan, and therefore, these transactions are exempt party-in-interest transactions under ERISA.

Certain employees of the Employer, who may also be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

## 9. Prohibited Transactions

During the 2022 Plan year and prior, the Employer failed to transmit to the Plan certain participant's contributions and loan repayments totaling $25,118 within the period described by Department of Labor regulations. Delays in remitting these amounts to the Plan were due to an administrative oversight. The Employer is in the process of calculating and remitting lost earnings for the remaining uncorrected contributions of $25,118 as of December 31, 2024.

## 10. Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## 11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 at December 31:

| | 2024 | 2023 |
|---|---|---|
| Net assets available for benefits per financial statements | $ 274,957,707 | $ 243,383,356 |
| Difference in valuation for common/collective trust | (1,383,184) | (1,416,127) |
| Net Assets Available for Benefits per Form 5500 | $ 273,574,523 | $ 241,967,229 |

The following is a reconciliation of the total additions per the financial statements to the Form 5500 at December 31, 2024:

| | |
|---|---|
| Total additions per financial statements | $ 47,470,302 |
| Prior year difference in valuation for common/collective trust | 1,416,127 |
| Current year difference in valuation for common/collective trust | (1,383,184) |
| Total Additions per Form 5500 | $ 47,503,245 |
