REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
The Black Knight 401(k) Profit Sharing Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit¹

We have performed audits of the financial statements of The Black Knight 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

(1) Description of the Plan

The following description of The Black Knight 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Black Knight, Inc. and its subsidiaries (“Black Knight” or the “Company”), who have attained age 18 and have elected to participate in the Plan. Part-time employees must complete at least 500 hours of service in the plan year to be eligible to participate in the Plan. Temporary and seasonal employees must complete at least 1,000 hours of service in the plan year to be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Company’s indirect subsidiary, Black Knight InfoServ, LLC (“BKIS”), adopted and established the Plan effective September 29, 2017.

The Plan and its related trust are intended to qualify as a profit-sharing plan and trust under section 401(a) and 501(a) of the Internal Revenue Code (“IRC”), with a cash or deferred arrangement within the meaning of section 401(k) of the IRC.

Administration

The trustee of the Plan is Fidelity Management Trust Company (“Fidelity”) and Fidelity Workplace Services LLC is the Plan’s recordkeeper. BKIS is the Plan’s sponsor. The Black Knight 401(k) Profit Sharing Plan Committee oversees the Plan’s operations.

Contributions

During 2024 participants were automatically enrolled at 3% and could generally contribute up to 75% of their pretax annual compensation, as defined in the Plan. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution retirement plans, as well as direct rollovers from individual retirement accounts or annuities. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides an employer match whereby the Company matches \$0.375 on each \$1.00 contributed up to the first 6% of eligible earnings contributed to the Plan. The employer match to participants is allocated based on the participant's chosen asset allocation. At the option of the Company's board of directors, discretionary contributions may also be made by the Company. No discretionary contributions were made by the Company during the year ended December 31, 2024. All Company contributions are participant directed. Contributions are subject to certain limitations established by the Internal Revenue Service (“IRS”).

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s contribution, as applicable, and an allocation of Plan earnings and charged with participant’s withdrawals and an allocation of Plan losses, if any.

Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon, is based on years of service as follows:

<u>Number of years of service</u>	<u>Vested Percentage</u>
Less than 1 year	-%
1 year	34%
2 years	67%
3 years or more	100%

Effective December 31, 2024, the Plan was amended such that all participants became fully vested in their accounts.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the preceding 12 months, or 50% of their vested account balance. Participants may only have two loans outstanding under the Plan at any one time. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. Interest rates are determined in accordance with the terms of the Plan and do not exceed the maximum amount permitted under applicable state usury law. Principal and interest are paid ratably through payroll deductions. A participant loan is delinquent when the scheduled payment is 30 days past due. A delinquent participant loan is in default when the scheduled payment is 90 days past due. Interest will continue to accrue on delinquent and default loans. As of December 31, 2024 and 2023, there were no participant loans on nonaccrual status.

Benefits Paid to Participants

Upon retirement, termination of service, disability or the attainment of age 59 1/2, a participant may receive all or part of the value of the vested interest in their account as a lump-sum distribution. Upon death of a participant, the balance of the vested interest in their account will be distributed in a lump sum to the participant's beneficiary. Certain other withdrawals are allowed by the Plan under very limited circumstances as described in the Plan document.

Forfeited Accounts

Forfeitures may be allocated to current participants' accounts or may be used to restore the accounts of former participants, pay administrative expenses of the Plan if not paid by the Plan sponsor, or reduce future Company contributions. The Company did not use forfeitures to pay administrative expenses or reduce Employer contributions for the year ended December 31, 2024.

Administrative Expenses

Administrative expenses of the Plan that are not paid by the Plan sponsor are paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the participant-initiated withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in Net appreciation in investments in the Statement of Changes in Net Assets Available for Benefits.

(2) Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The fair value of money market funds and mutual funds are based on quoted net asset values of the shares held by the Plan. The Managed Income Portfolio II – Class I fund (the "MIP II Fund") is a collective trust that

is an indirect investment in contracts deemed to be fully benefit-responsive and reported at fair value using the net asset value of the units held by the fund at year-end as a practical expedient. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Redemptions from the fund are permitted at current net asset value following a 12-month notice period and there were no unfunded commitments as of December 31, 2024 and 2023.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

There were no changes in the valuation methodologies used during the year ended December 31, 2024.

See Note 3 — *Fair Value Measurements* for further discussion of the fair value of the Plan's investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefits Paid to Participants

Benefits are recorded when paid.

(3) Fair Value Measurements

Fair value represents the amount that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the standard on fair value, the Plan's financial assets and liabilities that are recorded on the Statements of Net Assets Available for Benefits are determined using the following fair value hierarchy:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Company has the ability to access.
- Level 2 inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability; and
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Company believes its valuation methods are appropriate and consistent with other market participants. The use of different methodologies or assumptions to determine the fair value of certain financial assets and liabilities could result in a different fair value measurement at the reporting date.

The following tables present the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 588,539,092	-	-	\$ 588,539,092
Money market fund	6,988,634	-	-	6,988,634
Total investments in the fair value hierarchy	595,527,726	-	-	595,527,726
Collective trust fund measured at net asset value (1)				12,703,909
Total investments, at fair value	<u>\$ 595,527,726</u>	<u>-</u>	<u>-</u>	<u>\$ 608,231,635</u>

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 558,066,617	-	-	\$ 558,066,617
Money market funds	3,167,339	-	-	3,167,339
Total investments in the fair value hierarchy	561,233,956	-	-	561,233,956
Collective trust fund measured at net asset value (1)				14,327,308
Total investments, at fair value	<u>\$ 561,233,956</u>	<u>-</u>	<u>-</u>	<u>\$ 575,561,264</u>

(1) In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

See Note 2 — *Summary of Significant Accounting Policies* for a description of the fair value measures used for each type of investment.

The Plan has no assets or liabilities measured at fair value that are categorized as Level 2 or Level 3.

(4) Investments

As stated in Note 2 — *Summary of Significant Accounting Policies*, the Plan was invested in money market funds, mutual funds and a collective trust fund, most of which were managed by Fidelity. The MIP II Fund is an indirect investment in fully benefit responsive contracts, is valued at the net asset value. The net asset value, as provided by the Trustee, is used to estimate fair value and is based on the contract value of the underlying investments. The Fidelity 500 Index Fund is an index fund with a primary investment strategy that seeks to closely track the returns and characteristics of the Standard & Poor's 500 Index. The Harbor Capital Appreciation Institutional Fund is a mutual fund with a primary investment strategy to seek long-term growth of capital by investing in equity securities of U. S. companies with market capitalization of at least \$1 billion at the time of purchase. In addition to these funds, the Plan participants could choose to invest in the Fidelity Freedom® funds, or target date funds. These mutual funds are managed by Fidelity and include a broad range of investments in stock, bond, and money market funds with a primary investment strategy to seek appropriate asset allocation based on the specific fund's target retirement year. The funds handle investment selection, asset allocation, and rebalancing through retirement and automatically become more conservative as the funds approach their target retirement date and beyond.

(5) Party-in-Interest Transactions

Certain Plan investments during the years presented were shares of money market funds, a collective trust fund and mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan, and therefore, these transactions and notes receivable from participants qualify as party-in-interest transactions.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan sponsor to terminate the Plan subject to the provisions of ERISA. See Note 10 — *Subsequent Events* for further discussion of the Plan transfer of assets and merger.

(7) Tax Status

The IRS has determined and informed us by a letter dated August 1, 2018, that the Plan and the related trust are designed in accordance with applicable provisions of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax exempt.

Plan management evaluates tax positions taken by the Plan and recognizes a tax asset or liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2024 and 2023, no

uncertain tax positions have been taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Reconciliation of Financial Statements to Form 5500

The following table presents a reconciliation of net assets available for benefits per the financial statements to the net assets per Form 5500:

	December 31,	
	2024	2023
Net assets available for benefits, per financial statements	\$ 617,710,988	\$ 586,439,070

Transfer of assets from this Plan	(617,601,664)	-
Net assets, per Form 5500	<u>\$ -</u>	<u>\$ 585,521,262</u>

The following table presents a reconciliation of net decrease in net assets available for benefits per the financial statements to the net income per Form 5500:

	Year ended
	December 31, 2024
Net increase in Net assets available for benefits, per financial statements	\$ 31,271,918
Net adjustment from contract value to fair value for fully benefit-responsive investment contracts	802,956
Less: certain deemed distributions on participant loans	5,528
Net increase in assets available for benefits, per Form 5500	<u>\$ 32,080,402</u>

(9) Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments at fair value and notes receivable from participants held at December 31, 2024 and 2023, respectively, and net appreciation in investments, dividends and interest income, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company.

(10) Subsequent Events

Effective January 1, 2025, the Company merged all assets of this Plan into the Intercontinental Exchange, Inc. 401(k) Plan (“Successor Plan”). The Successor Plan is sponsored by an affiliate of the Company. The total transfer of assets from this Plan into the Successor Plan was \$617,601,664.

The Plan has evaluated the financial statements for subsequent events through October 9, 2025, the date the financial statements were available to be issued. No further subsequent events were identified requiring additional recognition or disclosure in the accompanying financial statements.
