INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Aero Gear, Inc. 401(k) Plan
Windsor, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Aero Gear, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Aero Gear, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 11 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Aero Gear, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Aero Gear, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Aero Gear, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Aero Gear, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITORS' REPORT (Continued)

Other Matter - Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Aero Gear, Inc. 401(k) Plan
Notes to Financial Statements**

1. **Description of the Plan:**

The following description of the Aero Gear, Inc. (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General:

The Plan is a defined contribution plan covering substantially all employees of the Company who have completed three consecutive months of service from date of hire, have attained age nineteen, and have elected to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The trustees of the Plan oversee governance of the Plan, as well as determine the appropriateness of the Plan’s investment offerings and monitor investment performance.

Contributions:

Each year, participants may contribute the maximum amount allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Upon enrollment in the Plan, a participant may direct employer and participant contributions among any of the investment options offered by the Plan. The Plan provides for a discretionary matching formula and, for the years ending December 31, 2024 and 2023, the Company matched 50% of participant elective deferrals, up to 3% of base compensation, which a participant contributed to the Plan. Additional amounts may be contributed at the option of the Company’s board of directors. For the years ended December 31, 2024 and 2023, there were no additional amounts contributed to the Plan.

Participant Accounts:

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants’ non-vested accounts are first used to pay Plan administrative expenses, if any, and any remaining amounts are used to reduce future employer contributions. The benefit to which a participant is entitled to receive is the benefit that can be provided from the participant’s vested account balance.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s matching and discretionary contribution portion of their accounts plus actual earnings thereon is at the rate of 20% per year of credited service and a participant becomes 100% vested after five years of credited service.

Notes to Financial Statements

1. **Description of the Plan:** (Continued)

Payments of Benefits:

On termination of service due to death, disability or retirement, a participant may elect to receive a distribution in a single lump-sum payment, partial withdrawals, installments for Required Minimum Distributions only, or, in limited circumstances, an annuity, equal to the value of the participant's vested interest in his or her account. For in-service distributions, a participant must be age 59 ½. Distributions are generally made only in cash. Under the provisions of the Plan, hardship withdrawals are not permitted.

Notes Receivable from Participants:

Participants may borrow from their account balance a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is lower. The notes are secured by the balance in a participant's account and bear interest at rates ranging from 4.50% to 9.50%. The notes are also required to be repaid over a period not to exceed five years, unless to acquire a principal residence, via payroll deduction. Participants are permitted to have one note outstanding. At December 31, 2024 and 2023, there were \$175,315 and \$104,287 participant notes outstanding, respectively.

Forfeited Accounts:

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$0 and \$2, respectively. Forfeited non-vested accounts are used to reduce employer contributions and/or pay Plan expenses. During the years ended December 31, 2024 and 2023, \$565 and \$2,356 in forfeitures were used to reduce Plan expenses, respectively.

2. **Summary of Significant Accounting Policies:**

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Aero Gear, Inc. 401(k) Plan
Notes to Financial Statements**

2. **Summary of Significant Accounting Policies:** (Continued)

Investment Valuation and Income Recognition:

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by investment advisors and the Plan's custodian. See Note 4, "Fair Value Measurements", for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. In accordance with the Plan's provisions, if a participant's loan is determined to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment.

Excess Contributions Payable:

Amounts refundable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as excess contributions payable with a corresponding reduction to contributions. There were \$1,285 and \$24,041 in excess contributions, including respective earnings, at December 31, 2024 and 2023, respectively. The Plan distributed the 2024 and 2023 excess contributions on the fourth and first of February, 2025 and February, 2024, respectively.

Payments of Benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and, therefore, are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses, consisting of fees charged by fund managers of the underlying investments held by the Plan, are included in net appreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits. Investment fees, other than those charged by underlying fund managers, are separately stated in the accompanying statements of changes in net assets available for benefits.

**Aero Gear, Inc. 401(k) Plan
Notes to Financial Statements**

2. **Summary of Significant Accounting Policies:** (Continued)

Date of Management's Review of Subsequent Events:

Management has evaluated subsequent events through October 6, 2025, which is the date the financial statements were available to be issued.

Recent Legislation:

On December 29, 2022, the SECURE 2.0 Act was signed into law. This legislation contains various mandatory and optional provisions impacting retirement plans. Certain provisions became effective in 2023 with others scheduled to become effective in various years through 2028. Plan management has complied with all mandatory provisions effective for the 2024 tax year, and is currently in the process of ensuring future compliance with mandatory provisions contained in the Act, as well as optional provisions management determines will be adopted.

3. **Guaranteed Investment Contract with Insurance Company:**

In 2013, the Plan entered into a contract with Voya Retirement Insurance and Annuity Company ("VRIAC"). Under the contract, the Plan offers the option to invest in both pooled separate accounts and a guaranteed investment contract with VRIAC whereby contributions are maintained in a general account. The guaranteed investment contract is considered fully benefit-responsive and is reported at contract value, as reported to the Plan by VRIAC. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The guaranteed investment contract is fully benefit-responsive and, therefore, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is reported at contract value in the accompanying statements of net assets available for benefits. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1%. Such interest rate is reviewed on a monthly basis for resetting. Contract value of the investment at December 31, 2024 and 2023 was \$693,231 and \$534,910, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligation. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

**Aero Gear, Inc. 401(k) Plan
Notes to Financial Statements**

3. Guaranteed Investment Contract with Insurance Company: (Continued)

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact contract value with the participants. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

4. Fair Value Measurements:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs have the highest priority and consist of unadjusted quoted prices in active markets for identical assets or liabilities, Level 2 inputs consist of observable inputs other than quoted prices for identical assets or liabilities (Level 1), and Level 3 inputs are unobservable and have the lowest priority. The level in the fair value hierarchy within which the fair value measurement is reported is based on the lowest level input that is significant to the measurement in its entirety. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan maximizes the use of relevant observable inputs, Level 1 inputs, because they generally provide the most reliable evidence of fair value. Level 2 inputs are used if Level 1 inputs are not available. The Plan minimizes the use of Level 3 unobservable inputs. During the years ending December 31, 2024 and 2023, the Plan held no Level 3 assets or liabilities measured at fair value and reported within the fair value hierarchy.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**Aero Gear, Inc. 401(k) Plan
Notes to Financial Statements**

4. **Fair Value Measurements:** (Continued)

Level 2 (continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of assets or liabilities within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While Plan management believes the valuation methodologies are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Insurance Company Separate Accounts:

The Plan offers a wide variety of underlying investments via pooled separate accounts held through its investment contract with Voya Retirement Insurance and Annuity Company. The pooled separate accounts are valued based on the number of units held by the Plan at year end multiplied by their “accumulation unit value” (AUV). The pooled separate accounts are valued daily based on the number of accumulation units held multiplied by the daily determined AUV. The daily AUV is determined based on the underlying investment’s net asset value, the fund’s dividends, and any separate account contract charges.

The underlying investments are in registered investment companies and a money market fund. Investments in the Plan’s pooled separate accounts are measured at fair value using net asset value per share (or its equivalent) as a practical expedient in accordance with Subtopic 820-10 and, therefore, have not been classified in the fair value hierarchy. For the years ending December 31, 2024 and 2023, there were no unfunded commitments or redemption restrictions on the Plan’s investments in pooled separate accounts due to the nature of these accounts as discussed above. Plan sponsors generally must provide 90 days notice prior to redemption of the contract.

5. **Plan Termination:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**Aero Gear, Inc. 401(k) Plan
Notes to Financial Statements**

6. Tax Status:

On January 5, 2022, the Plan was amended and restated to the Pension Consultants, Inc. Non-Standardized Defined Contribution Pre-Approved Plan effective January 1, 2021. Employers adopting this form of plan may rely on an opinion letter, under Revenue Procedure 2017-41, issued on May 26, 2021 by the Internal Revenue Service as evidence that the plan is qualified under Code Section 401(a) to the extent of the Revenue Procedure. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has not been amended since obtaining the above opinion letter.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator believes that the Plan has no uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns for the last three years are subject to examination by the taxing authorities.

7. Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2024 and 2023 to Schedule H of the Form 5500:

Appreciation per Schedule H of the Form 5500	<u>\$ 2,527,218</u>	<u>\$ 2,545,947</u>

8. Party-in-Interest Transactions:

The party-in-interest transactions described below are covered by exemptions from the prohibited transaction provisions of ERISA and the Internal Revenue Code.

Certain Plan assets are in investments managed by Voya Retirement Insurance and Annuity Company, the custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan to Voya, for the years ending December 31, 2024 and 2023 totaled \$0 and \$0, respectively.

The Plan has entered into a third-party expense offset arrangement with Voya Retirement Insurance and Annuity Company. During the years ended December 31, 2024 and 2023, \$25,126 and \$16,884, respectively, in reimbursements were utilized by the Plan to pay Plan administrative expenses. The account is invested in the Voya Government Money Market Fund pooled separate account. At December 31, 2024 and 2023, the balance in the account was \$2,061 and \$3,576, Respectively.

Certain administration expenses and auditing fees of the Plan are paid directly by the Plan sponsor.

The Plan issues loans to participants which are secured by the balances in the participants' accounts. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

9. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
