INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Fitesa 401(k) Retirement Savings Plan
Simpsonville, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Fitesa 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements, referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Fitesa 401(k) Retirement Savings Plan
Notes to Financial Statements

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Fitesa 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan was established on March 1, 2012, by the Plan Sponsor, Fitesa Simpsonville, Inc. (the “Company”). The plan is intended to encourage and assist employees in adopting a regular savings program and to help provide additional security for their retirement.

The Plan is a defined contribution plan covering eligible employees of the employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investments offerings, monitors investment performance, and reports to the Plan’s Board of Trustees.

Participant Accounts – Each participant has an individual account established and maintained under the Plan that is credited with the participant’s contributions and withdrawals, company matching contributions, and plan earnings or losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Transaction fees charged for participant loans and distributions are allocated directly to that participant’s account. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Payment of Benefits – Upon retirement, disability, death, or termination, participants (or their beneficiaries) may elect to receive the value of their account by any one or more methods of payment authorized by the Plan, which includes a lump-sum amount or a series of installment payments over a specified time defined by the Plan. Participants may also choose to have their account balances transferred directly to another qualified plan or individual retirement account. Participants, who terminate employment with an account balance of less than \$1,000, or who requests distributions of less than \$1,000, automatically receive lump-sum distributions.

Participants may request withdrawals from their accounts based upon financial hardship as defined in U.S. Treasury regulations. In the event such a withdrawal is made, the distribution is subject to 20% federal withholding and a 10% excise tax if the participant has not attained the age 59½.

Contributions – Prior to 2024, employees, upon employment, could begin participation on the first day of each month following the day of employment. Subject to a Plan amendment effective January 1, 2024, an employee must complete 90 days of service before being eligible to participate in the Plan. Each participant may contribute on a pretax basis 1% to 85% of his or her compensation to the Plan, as defined by the plan document subject to the limitations in the Internal Revenue Code (IRC). For 2024, participant deferrals could not exceed \$23,000, unless the participant had reached age 50 before the end of the Plan year, therefore making them eligible for an additional catch-up contribution up to \$7,500 in 2024.

Fitesa 401(k) Retirement Savings Plan
Notes to Financial Statements

NOTE 1. DESCRIPTION OF THE PLAN (continued)

If the participant does not complete a salary deferral agreement or decline to participate within thirty (30) days of eligibility, the employer automatically enrolls the employee into the Plan and withholds four percent (4%) or five percent (5%), depending on the applicable employee group, of the eligible earnings from the participant's paycheck each payroll period. The automatic contributions to the Plan will be invested in a default investment fund selected by the Company unless the participant makes an investment election.

The safe harbor matching contribution will be determined on an annual basis; however, on a pay period basis, the Company has chosen to make the qualified safe harbor matching contribution on behalf of each eligible participant equal to 100% of the first 4% of the participant's compensation contributed to the Plan unless in a specified group of which the match is equal to 100% of the first 5% of the participant's compensation. There is also an additional discretionary match of 3% of annual compensation for participants other than those in a specified group. Prior to 2024, the discretionary match was made throughout the Plan year. Subject to a Plan amendment effective on January 1 2024, the participant had to be employed and an active participant on the last day of the Plan year to receive the discretionary match, with the matching contribution made subsequent to the Plan's year-end. Such contribution was made subsequent to year end and no allowance for credit losses was deemed necessary. Participants are eligible for matching immediately following their enrollment into the Plan. Contributions are limited by Section 401(k) of the Internal Revenue Code (IRC). The Plan permits rollover contributions from other qualified plans; however, rollover contributions are not eligible for the Company matching contributions.

Notes Receivable from Participants – Participants may borrow from a minimum of \$1,000 up to a maximum of 50% of their vested account balance, not to exceed \$50,000. Most notes must be repaid within five years, with the exception of a note established for the purchase of a principal residence, which can be repaid over a period of not more than ten years.

Interest rates range from 4.25% to 9.50% as of December 31, 2024. A participant may only have two loans outstanding at any given time. An outstanding note receivable becomes due upon termination, or when a required loan payment is not made. Any unpaid balance becomes a deemed distribution. Principal and interest are paid ratably through bi-weekly payroll deductions.

Forfeited Accounts – Upon termination, participants are fully vested in their participant deferrals, employer match and any nonelective contributions made by the employer. Therefore, forfeitures are immaterial to this plan.

Vesting – Participants are immediately 100% vested in their voluntary contributions, the employer match on participant contributions, employer nonelective contributions and actual earnings thereon.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported changes in net assets available for benefits during the reporting year and period. Actual results could differ from those estimates.

Fitesa 401(k) Retirement Savings Plan
Notes to Financial Statements

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

One of the investment options offered by the Plan, the Galliard Stable Return Fund PN (the "Stable Return Fund"), is a common collective trust which holds investments in general insurance contracts and security-backed contracts which are deemed to be fully benefit-responsive. The Plan reports its investment in the Stable Return Fund at fair value using the net asset value (NAV) of the units held by the fund at year-end as a practical expedient. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

There were no changes in the valuation methodologies used at December 31, 2024 compared to the prior year. See Note 5 for further discussion of the fair value investments.

Plan Administration – Participant and employer contributions are remitted to the trustee, who invests the cash received as directed by the participants. The trustee accounts for contributions, interest and dividend earnings, termination benefits, and unrealized gains and losses daily. Administrative expenses of the Plan for the year ended December 31, 2024 were \$141,281. Investment related expenses are included in the net appreciation of the fair value of the investments.

Certain administrative functions of the Plan are performed by employees of the Company. The Company employees do not receive compensation from the Plan. All administrative fees are paid by the Plan.

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Fair Value Measurements – The fair value hierarchy established by the standard on fair value measurements includes three levels which are based on the priority of the inputs to the valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument. In accordance with the standard on fair value, the Plan's financial assets and liabilities that are recorded on the Statements of Net Assets Available for Benefits are categorized based on the inputs to the valuation techniques as follows:

Level 1. Financial assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that we have the ability to access.

Level 2. Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability.

Fitesa 401(k) Retirement Savings Plan
Notes to Financial Statements

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value Measurements (continued) –

Level 3. Financial assets and liabilities whose values are based on model inputs that are unobservable.

The following is a description of the valuation methodologies used for these items, as well as the general classification of such items pursuant to the fair value hierarchy:

Mutual funds – Valued at the net asset value of shares held by the plan at year end and classified with Level 1 in the fair value hierarchy table in Note 5.

Common Collective Trust – The investment is valued at the respective NAV as reported by such trust funds, which are reported at fair value. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Payment of Benefits – Benefits are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Management reviews the notes receivable activity regularly to determine if outstanding balances are uncollectible or impaired. Management deems any loan with payments over 60 days past due to be uncollectible. It is unlikely a note receivable principal balance will be impaired because the note is secured by the participant's vested balance. When a participant's loan is defaulted it is reported on the Form 5500 as a deemed distributed loan and the note receivable balance is removed from the assets reported on the Form 5500.

NOTE 3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

NOTE 4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2024 and 2023 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by The Principal Trust Company (the "Trustee"). Accordingly, the Trustee has certified that the following data included in the accompanying financial statements is complete and accurate:

	<u>2024</u>	<u>2023</u>
Investments, at fair value	\$ 61,972,843	\$ 56,355,122
Participant notes receivable	2,019,134	1,990,630

For the year ended December 31, 2024:

Net investment appreciation	\$ 6,089,901
Dividends	1,094,510
Interest income on participant notes receivable	150,257

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 5. INVESTMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2024:

Investment Category	<u>Fair Value</u>	<u>Level 1 Inputs</u>	<u>Level 2 Inputs</u>	<u>Level 3 Inputs</u>
Mutual funds	\$ 58,721,861	\$ 58,721,861	\$ -	\$ -

NOTE 5. INVESTMENTS (continued)

Fitesa 401(k) Retirement Savings Plan
Notes to Financial Statements

- (a) In accordance with ASC Topic 820, the investments in common collective trust funds are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. Qualified Plan participant-initiated withdrawals are honored at any time without penalty, regardless of their frequency or amount unless payments are being delayed to all unit holders. There are no unfunded commitments.

NOTE 6. PLAN TERMINATION

While the Company has not expressed any intent to do so, they reserve the right to terminate the Plan at any time subject to the provisions of ERISA.

NOTE 7. TAX STATUS

The Plan operates under the non-standardized pre-approved profit-sharing plan with cash or deferred arrangement (CODA) provisions established by The Principal Life Insurance Company. The Internal Revenue Service (IRS) has issued a determination letter dated June 30, 2020, accepting the form of the plan. The IRS considers employers who adopt and adhere to the terms and provisions of the plan as meeting the requirements for qualifications in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan's trustee and the Plan Administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management has evaluated the tax positions taken by the plan and if a tax liability (or asset) exists for uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there were no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8. PARTY-IN-INTEREST TRANSACTIONS

Participants are considered parties in interest as defined by ERISA. However, loans to plan participants or beneficiaries are exempt from prohibited transaction rules.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the custodian, third party administrator, and an advisor totaling \$141,281 which were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

**Fitesa 401(k) Retirement Savings Plan
Notes to Financial Statements**

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to Form 5500:
