Independent Auditor's Report

To the Plan Administrator of
Security Mutual Life Insurance Company of New York
Career Agents' Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Security Mutual Life Insurance Company of New York Career Agents' Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

To the Plan Administrator of
Security Mutual Life Insurance Company of New York
Career Agents' Profit Sharing Plan

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Security Mutual Life Insurance Company of New York Career Agents' Profit Sharing Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

To the Plan Administrator of
Security Mutual Life Insurance Company of New York
Career Agents' Profit Sharing Plan

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator of
Security Mutual Life Insurance Company of New York
Career Agents' Profit Sharing Plan

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

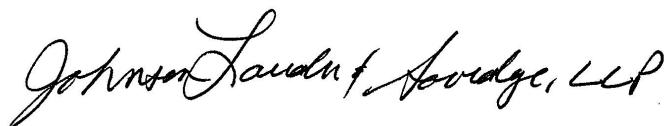

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SECURITY MUTUAL LIFE INSURANCE COMPANY OF NEW YORK
CAREER AGENTS' PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 1: DESCRIPTION OF THE PLAN

General

The following brief description of Security Mutual Life Insurance Company of New York Career Agents' Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Plan Sponsor: Security Mutual Life Insurance Company of New York
Plan Name: Career Agents' Profit Sharing Plan
Three-Digit Plan Number: 002
Participating Employer Identification Number: 15-0442730

The Plan is a defined contribution money purchase plan covering all career agents of Security Mutual Life Insurance Company of New York (the Sponsor) who have met certain requirements as to length of service and age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by the Plan Sponsor. The Plan utilizes Fidelity Management Trust Company (FMTC), a private trust bank, as custodian and trustee. Additionally, the Plan utilized Security Mutual Life Insurance Company of New York, a regulated insurance custodian, as trustee and custodian for insurance contract investments for the entirety of the years ended December 31, 2024 and 2023.

Eligibility

Only career agents are eligible to enter into the Plan. A career agent signs a contract with the Sponsor to sell the Sponsor's insurance policies and must abide by that contract to remain eligible. Once the contract is signed, a career agent is eligible to begin deferring compensation and receiving employer discretionary contributions upon completion of one calendar year of service, with entry dates on January 1 and July 1.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, the Sponsor's contribution and allocations of plan earnings. Each participant's account is also charged with allocations of plan gains, losses and administrative expenses. Allocations are based proportionally on participant account balances, or as an equal dollar amount based on the number of participants in the Plan, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments are held within various investment funds offered and maintained by FMTC. Contributions to the Plan are invested, at the discretion of the participant, in one or a combination of available investment fund options. Investment elections can be changed at any time by request of the participant.

Forfeitures

Contributions

Participants may elect to defer their compensation into the Plan up to statutory amounts allowed by the Internal Revenue Code. For individuals who will be at least 50 years of age by the end of the calendar year, a "catch-up" contribution beyond regular limits is permitted. The maximum "catch-up" contribution by employees is defined annually by the Internal Revenue Code.

The Sponsor's contribution to the Plan is based on a percentage (see table) of participants' compensation earned and paid during the Plan year, as defined by the Plan, less non-vested benefits forfeited by terminated participants. The Sponsor's policy is to fund contributions accrued, and to meet the requirements of ERISA minimum funding standards.

The premium is deducted from the participant's account on a prorated basis.

Notes Receivable from Participants

Participants may borrow from the Plan a minimum of \$5,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The notes are collateralized by the vested balance in the participant's account and bear interest at 2% above the prime rate. Principal and interest are paid through commission reduction over a maximum of 5 years (15 years if it is for the purchase of a primary residence). Upon termination, any outstanding loan must be fully repaid by the participant, or it will be deemed a distribution subject to distribution treatment.

Payment of Benefits

Benefits under the Plan are paid to retirees and beneficiaries principally in the form of lump sum payments or in the form of joint and survivor annuities. It is the policy of the Plan Administrator to purchase these annuities from the Company at rates normally charged for such contracts, which are considered competitive within the life insurance industry.

Vesting

Participants are fully vested in their compensation deferral balances at all times. Vesting information for the Sponsor contribution balance as per the summary plan description is summarized as follows:

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Administrative Expenses and Exempt Parties in Interest Transactions

Administrative expenses may be paid for by the Plan or the Company. Fees associated with plan loans by participants are deducted from the participant accounts. Investment-related expenses are included in the net appreciation of fair value of investments.

FMTC, as trustee, holds the funds for the Plan and is responsible for managing the Plan's investment assets and executing all investment transactions. For the years ended December 31, 2024 and 2023, certain Plan investments were shares of funds managed by Fidelity Investments as part of the Fidelity Workplace Services, LLC. Transactions involving these funds qualify as party-in-interest transactions. Those transactions, however, are specifically exempt from the Department of Labor's party-in-interest reporting requirements.

Notes receivable from participants qualify as party-in-interest transactions, as defined by ERISA, but are also exempt from party-in-interest reporting requirements. Those amounts totaled \$67,505 and \$91,551 at December 31, 2024 and 2023, respectively.

Plan Termination

The Plan is administered by a Plan Administrator appointed by the Chief Executive Officer of the Sponsor. The Sponsor anticipates and believes the Plan will continue; however, in the event of a termination of the Plan, the Plan provides that the net assets of the Plan are to be set aside for the exclusive benefit of the participants. Benefits accrued up to the date of a Plan termination, to the extent funded, shall be non-forfeitable.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements for the Plan have been prepared using the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Administrative Fees and Expenses

Administrative fees and expenses are paid by the Sponsor, except for those administrative fees and expenses paid to the third-party trustee. The administrative fees and expenses charged to the Plan were \$26,854 and \$29,403 for the years ended December 31, 2024 and 2023, respectively. Expenses that are paid by the Sponsor are excluded from these financial statements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Currently, the Plan's assets are held by FMTC, the trustee and custodian. All transactions are recorded on a trade-date basis. Investments at year-end are valued at the last business day net asset value or last reported sales price. Shares of registered investment companies and common/collective trusts are valued at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value, see Note 8. In general, the reported fair value quotes are considered to be from active markets. Participant loans are valued at amortized cost based on actual outstanding principal amounts of all individual loans.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains (losses) on investments bought and sold as well as held during the year.

Plan Accounting Policy

FMTC reports on a cash basis and uses a daily valuation system for valuing plan investments.

The system is designed so that each plan participant has his/her own individual account. Contributions and investment earnings are allocated upon receipt to each participant's account. The Plan's assets are calculated daily using the net asset value (NAV) for each investment option.

Cost is the amount paid for an asset. The recordkeeping system tracks historical cost for all purchases and sales of each investment option at the participant level. This cost is reported on a moving-average cost basis and is used to calculate the realized gain/loss included in the Summary of 5% Reportable Transactions Report, the Trial Balance Report and the Administrative Report.

Contributions

Contributions from the Sponsor are recorded using the accrual basis.

Benefits

Benefits to participants and their beneficiaries are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued unpaid interest. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent notes receivable are reclassified as distributions per the terms of the plan document.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reclassifications

Certain amounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates, including subsequent fluctuation in fair market values of investments available for plan benefits in the future.

Events Occurring After Reporting Date

The Company has evaluated events and transactions that have occurred between December 31, 2024 and October 9, 2025, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements. The Company found no such transactions or events during that period that would require adjustment to, or disclosure in, these financial statements.

NOTE 3: PARTICIPANT BALANCE INFORMATION

The components of net assets available for benefits at December 31, 2024 and 2023 are as follows:

	2024	2023
Vested balances of inactive participants	\$ 4,649,231	\$ 4,281,479
All other participant balances	<u>13,266,969</u>	<u>14,525,442</u>
	<u>\$ 17,916,200</u>	<u>\$ 18,806,921</u>

NOTE 4: RELATED PARTIES

The plan administrator is an employee of the Sponsor. Costs associated with administering the Plan are not readily available but are absorbed by the Sponsor.

Plan participants are permitted to purchase insurance from the Plan sponsor as part of their self-directed investment choices. Five participants paid premiums totaling \$36,968 and \$41,368 for this life insurance in the years ended December 31, 2024 and 2023, respectively. These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 5: CONTINGENT LIFE INSURANCE SURRENDER CHARGES

A total of six participants had life insurance contracts in force as of December 31, 2024 and 2023, these policies and others in force at the time had a net surrender value of \$170,122 and \$148,136, respectively. These insurance contracts are not adjusted to fair value on a recurring basis and need not be disclosed any further unless impaired.

NOTE 6: CONTRIBUTIONS RECEIVABLE

The employer contributions receivable was \$119,927 and \$96,816 at December 31, 2024 and 2023, respectively. The contributions receivable from participants were \$5,561 and \$22,609 at December 31, 2024 and 2023, respectively. As the financial statements were prepared after funding was made in each subsequent year, no allowance for collectability was deemed necessary at December 31, 2024 and 2023.

NOTE 7: INVESTMENTS AND FAIR VALUE MEASUREMENTS

The Plan utilizes FMTC's services to determine its securities' fair values. The fair value of an asset is the amount at which that asset could be bought or sold in a current transaction between willing parties, that is, other than a forced liquidation sale. The Plan's financial assets carried at fair value have been classified, for disclosure purposes, and are based on the hierarchy defined by FASB Codification Section 820. The Plan does not have any financial liabilities applicable under this guidance.

The levels of fair value hierarchy are as follows:

- Level 1:* Observable inputs based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2:* Observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within active markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset/liability.
- Level 3:* Unobservable inputs for the particular asset/liability due to little or no market activity and are significant to the fair value of the asset/liability. The inputs reflect assumptions that market participants would use when valuing the particular asset/liability.

The asset/liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 7: INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for investments as measured below:

Fidelity Money Market: Considered to be cash equivalent, valued at the net asset value of the amount held by the Plan at year end.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Self-directed brokerage accounts: Valued at the aggregate value of the investments held. Money market accounts are valued at cost plus accrued interest. Mutual funds are valued at the daily closing price as reported by the fund. Corporate stocks are valued at closing price reported on the active market on which the individual securities are traded. Corporate and government bonds are valued at quoted closing prices within active markets.

Collective investment trusts: Valued at the NAV of units held. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

Investment levels by investment category for investments measured at fair value for 2024 are:

Investment Category	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total
Assets in fair value heirachy:				
Fidelity money market	\$ 12,421	\$ -	\$ -	\$ 12,421
Mutual funds	10,253,824	-	-	10,253,824
Brokerage accounts	<u>3,632,943</u>	<u>401,728</u>	-	<u>4,034,671</u>

NOTE 7: INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

Investment levels by investment category for 2023 are:

Investment Category	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total
Assets in fair value heirachy:				
Fidelity money market	\$ 5,338	\$ -	\$ -	\$ 5,338
Mutual funds	13,029,929	-	-	13,029,929
Brokerage accounts	<u>1,916,791</u>	<u>1,931,920</u>	<u>-</u>	<u>3,848,711</u>
Total assets at fair value	<u>\$ 14,952,058</u>	<u>\$ 1,931,920</u>	<u>\$ -</u>	<u>\$ 16,883,978</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The plan administrator has evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2024 and 2023, there were no such significant transfers.

The following tables set forth a summary of the Plan's investments whose NAV is used as a practical expedient to estimate fair value as of December 31:

Investment	Fair Value at December 31,		Unfunded	Redemption	Redemption
	2024	2023	Commitments	Frequency (If Eligible)	Notice Period

NOTE 8: GUARANTEED INVESTMENT CONTRACT

The Plan has a fully benefit-responsive investment contract with Invesco Trust Company, Invesco Stable Value Trust (Invesco), which is classified as a collective investment trust on the statements of net assets available for benefits. Invesco maintains the contributions in a group annuity (general account). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed on the Plan.

This contract meets the fully benefit-responsive investment contract criteria and is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by FMTC, represents contributions made under the contract, plus earnings, less participants' withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Sponsor or other Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. As of December 31, 2024 and 2023, no such events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or with its participants.

NOTE 9: INFORMATION CERTIFIED BY THE TRUSTEE

The accompanying financial statements, together with the data in the following table, summarize financial information of the Plan certified as complete and accurate by FMTC, the trustee of the Plan and Private Trust Banks, in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

NOTE 11: INCOME TAX STATUS

The Plan amended the plan document to the Fidelity Non-Standardized Pre-Approved Defined Contribution plan effective January 1, 2021. Per the IRS opinion letter dated June 30, 2020, this pre-approved plan document is acceptable for use by employers for the benefit of their employees under Internal Revenue Code (IRC) Section 401. Although the pre-approved plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRS, and therefore, believe the Plan is qualified, and the related trust is tax-exempt.

NOTE 12: RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in their values in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
