Independent Auditor's Report

Administrative Committee and Participants
Marcone Appliance Parts Center 401(k) Profit Sharing Plan
St. Louis, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Marcone Appliance Parts Center 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Marcone Appliance Parts Center 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Marcone Appliance Parts Center 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Marcone Appliance Parts Center 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Marcone Appliance Parts Center 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Marcone Appliance Parts Center 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As defined in the Plan document, the Adopting employers also include WLM Holdings, LLC, Professional Plumbing Group DBA Marcone Group, Air Purchases of New Hampshire, Inc., Total Air Supply, Inc., Munch's Supply, LLC, Great Plains Supply Inc., Spiral Air Manufacturing, Inc., Munch's Supply O'Connor, LLC, Great Plains Pool & Spa Products, Inc., The Bell Pump Service Company, Inc., The Simons Company, LLC, Clark & Company, and Burner Supply Co., Inc., (collectively Marcone) and the Adopting Employers are referred to as the "Employer", "Company", or "Plan Sponsor". The Plan covers all employees of the Company, who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 1, 2024, the Plan was amended a third time to allow for certain plan mergers into the Plan during 2024 and inclusion of employees from the Bell Pump Service Company Inc.

On January 1, 2024, all the assets from the Bell Pump Service Company, Inc 401(k) Profit Sharing Plan were transferred into this Plan.

Secure 2.0 Act

The SECURE 2.0 Act of 2022 ("SECURE 2.0"), signed into law on December 29, 2022, makes significant changes to existing law for retirement plans by building upon provisions in the SECURE Act of 2019. SECURE 2.0 introduces new requirements and considerations for plan sponsors that are intended to expand coverage, increase savings, preserve income, and simplify plan rules and administrative procedures. Each of the provisions in SECURE 2.0 has its own effective date ranging from the date of enactment to 2028 and beyond, with the bulk of the provisions taking effect in 2023 and 2024. In accordance with SECURE 2.0, the Plan increased the age for required minimum distributions (RMD) from age 72 to age 73 effective January 2023. Further changes set forth in the SECURE 2.0. Act include eliminating pre-death RMD rules for Roth accounts and several voluntary changes to distribution provisions, effective January 2024. The Plan is in the process of evaluating other voluntary provisions. The Plan is required to be amended in regard to other requirements of SECURE 2.0 by December 31, 2026.

Eligibility

Employees of the Company who are not covered under a collective bargaining agreement and have completed at least 90 days of service are eligible to participate in the Plan.

Notes to the Financial Statements

Note 1: Description of Plan (Continued)

Contributions

Participants may elect to reduce their salary and have the amount contributed to the Plan. The elective deferral amount may not be more than the lesser of (a) maximum dollar limit allowed under requirements of the Internal Revenue Code (IRC) or (b) such lesser amount as determined by discrimination tests for the Plan. Participants may make Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions to participants from another qualified plan are permitted as defined in the Plan. The Employer may make discretionary matching contributions of employees' salary reduction amounts at a percentage to be determined by the Employer. The Employer made a discretionary matching contribution in an amount equal to 50% of the first 6% of each participant's salary deferral in 2024. The Employer may also make discretionary, nonelective contributions to be determined by the Employer allocated based on participant's salary during the year. No discretionary, nonelective contributions were made in 2024. Participants may direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options at any time pursuant to procedures established in the Plan document.

Participant Accounts

Participant accounts are credited with their contributions, the Plan Sponsor's matching contributions, an allocation of the Plan's earnings and the Plan Sponsor's discretionary nonelective contributions, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral and, if applicable, rollover contributions plus earnings thereon. Prior to the Plan's amendments on January 1, 2023, participants enrolled in the Plan prior to January 1, 2023 are vested in employer matching contributions and discretionary, nonelective contributions after four years of continuous service as follows:

After one year of service	10 %
After two years of service	30 %
After three years of service	60 %
After four years of service	100 %

Marcone Appliance Parts Center 401(k) Profit Sharing Plan

Notes to the Financial Statements

Note 1: Description of Plan (Continued)

Vesting (Continued)

Effective with the Plan's amendments on January 1, 2023, participants enrolled in the Plan after January 1, 2023 are vested in employer matching contributions and discretionary, nonelective contributions after five years of continuous service as follows:

After one year of service	20 %
After two years of service	40 %
After three years of service	60 %
After four years of service	80 %
After five years of service	100 %

For the plan mergers described in the general section, the Plan Sponsor honored the previous vesting schedules from those previous plans over employer matching contributions and discretionary, nonelective contributions for the participants in those plans at the time of merger.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Interest rates range from 3.3% to 9.0%, which are commensurate with local prevailing rates as determined by the plan administrator. The loans generally are between 3 years and 5 years in length, which mature at various dates through 2029. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Principal and interest is paid ratably through weekly or bi-weekly payroll deductions.

Payment of Benefits

On termination of service, the Plan shall automatically distribute the vested value of an account balance, as defined, if less than \$1,000, in a lump-sum amount. If the vested value of an account balance is greater than \$1,000, but does not exceed \$7,000, if no timely election information is received from the participant, the balance will be automatically rolled over to an Individual Retirement Account (IRA) selected by the Plan administrator. Vested account balances, as defined, with a value greater than \$7,000, shall be distributed upon the participant's request. The Plan allows for in-service distributions if a participant reaches age 59 1/2.

Participant Hardship Withdrawals

Participants may withdraw any part of the participant's total vested account in the event of undue financial hardship and limited to the total vested balance.

Marcone Appliance Parts Center 401(k) Profit Sharing Plan

Notes to the Financial Statements

Note 1: Description of Plan (Continued)

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$30,654 and \$16,003, respectively. These accounts will be used to reduce future employer contributions and pay Plan administrative expenses. In 2024, employer contributions were reduced by \$150,829 from the forfeited non-vested account.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become 100% vested in their account balances.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The Plan follows the accrual basis of accounting in conformity with accounting principles generally accepted in the United States (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP, requires the Plan sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment trustee and insurance company. See Note 3 for a discussion of fair value measurements and the Plan's investment contracts with insurance companies.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold during the year as well as held during the year. Management fees and operating expenses charged to the Plan for investments in registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits

Benefits are recorded upon distribution.

Marcone Appliance Parts Center 401(k) Profit Sharing Plan

Notes to the Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Investment management fees and other expenses that apply to specific investments in which your account and the accounts of other plan participants are invested. These are expenses related to the operation of the plan and are adjustments to the investment rate that is credited to that specific investment.

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in the total investment income.

Subsequent Events

Effective June 1, 2025, the Plan was restated through Amendment No. 4, which replaces all prior amendments and the original Adoption Agreement.

The Plan has evaluated subsequent events through October 8, 2025, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level I – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level II – Inputs other than quoted prices included within Level I that are observable for the asset or liability, either directly or indirectly. Level II inputs include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Unobservable inputs for the asset or liability for which there is little, if any, market activity for the asset or liability at the measurement date. Unobservable inputs reflect the trustee's own assumptions about what market participants would use to price the asset or liability. These inputs may include internally developed pricing models, discounted cash flow methodologies, as well as instruments for which the fair value determination requires significant management judgment.

Marcone Appliance Parts Center 401(k) Profit Sharing Plan

Notes to the Financial Statements

Note 3: Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies: Registered investment companies are mutual funds and valued at the closing price reported on the active market on which the individual securities are traded as reported by the fund. The funds held by the Plan are open-ended and are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price.

Pooled separate accounts: Valued at the daily closing price as reported by the fund. Pooled separate accounts held by the Plan are open-end mutual funds or common stocks that track specific indexes and are registered with the Securities and Exchange Commission. The pooled separate accounts held by the Plan are valued at a unit value which approximates the fair value of the underlying mutual funds which are deemed to be actively traded.

Common collective trusts: Valued at the net asset value (NAV) of units of the collective trust. The net asset value as provided by the trustee is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that security liquidations will be carried out in an orderly business manner. There are no unfunded commitments, or other redemption restrictions or notice periods.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

December 31, 2024	Fair Value Measurements			
	Level I	Level II	Level III	Total
Investments in fair value hierarchy:				
Registered investment companies	\$ 53,984,729	\$ -	\$ -	\$ 53,984,729

Total investments in fair value hierarchy	\$ 53,984,729	\$ 10,871,426	\$ -	\$ 64,856,155
Common collective trusts, at net asset value (a)				6,565,950

Note 3: Fair Value Measurements (Continued)

December 31, 2023	Fair Value Measurements			
	Level I	Level II	Level III	Total
Investments in fair value hierarchy:				
Registered investment companies	\$ 43,913,957	\$ -	\$ -	\$ 43,913,957
Pooled separate accounts	-	9,349,468	-	9,349,468
Total investments in fair value hierarchy	\$ 43,913,957	\$ 9,349,468	\$ -	\$ 53,263,425
Common collective trusts, at net asset value (a)				1,623,476
Total investments, at fair value	\$ 43,913,957	\$ 9,349,468	\$ -	\$ 54,886,901

(a) In accordance with the relevant accounting standards, certain investments that are measured at fair value using the NAV per share (or its equivalent) have not been classified in the fair value hierarchy. These investments include collective trust funds, whose primary objective is the safety and preservation of principal and accumulated interest for participant-initiated transactions.

The type of investments at fair value and fair value leveling previously presented for December 31, 2023 has been reclassified to conform to the 2024 presentation.

Note 4: Guaranteed Investment Contract

The Plan has a fully benefit-responsive investment contract with Delaware Charter Guarantee & Trust Company d/b/a Principal Trust. Delaware Charter Guarantee & Trust Company d/b/a Principal Trust maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The fully benefit-responsive investment contract is recorded in investments, at contract value on the statements of net assets available for benefits at December 31, 2024 and 2023 totaling \$26,072,235 and \$22,759,000, respectively.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but will never be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Marcone Appliance Parts Center 401(k) Profit Sharing Plan

Notes to the Financial Statements

Note 4: Guaranteed Investment Contract (Continued)

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 5: Information Certified by Trustee and Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments, at fair value, investments, at contract value, and notes receivable from participants at December 31, 2024 and 2023 and total investment income and interest income on notes receivables from participants for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal"), the Trustee and Custodian of the Plan.

Note 6: Tax Status

The Plan is a non-standardized profit sharing plan document that received a favorable determination letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the prior three tax years.

Note 7: Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Marcone Appliance Parts Center 401(k) Profit Sharing Plan

Notes to the Financial Statements

Note 7: Party-In-Interest Transactions (Continued)

Principal is the Trustee and Custodian of the Plan assets. Therefore, these transactions qualify as party-in-interest transactions. Certain Plan investments are shares of investment funds managed by Principal. The Plan incurs expenses related to general administration and record-keeping. Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from prohibited transaction rules of ERISA.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to Form 5500:

	2024	2023
Net assets available for benefits per the financial statements	\$ 99,278,808	\$ 79,349,947

Net assets available for benefits per the Form 5500	\$ 99,536,408	\$ 79,362,954

The following is a reconciliation of the changes in net assets available for benefits per the financial statement for the year ended December 31, 2024 to the Form 5500 net income:

Net change in net assets available for benefits per the financial statements	\$ (331,394)
