REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and the Retirement Plan Investment Committee
Navy Pier, Inc. 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Navy Pier, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2024 and schedule of assets (held at end of year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN

The following description of the Navy Pier, Inc. (“NPI”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering employees who have reached the age of 21. Employees who are part-time, seasonal or in temporary status must have either (a) completed 1,000 hours of continuous service in their anniversary year or (b) completed 500 hours of service per year for each of the three preceding years to be eligible for participation. NPI contributes to the Plan for eligible non-union employees, and the Plan also permits eligible employees to defer a portion of their salaries. The Plan allows for voluntary contributions from union employees; however, these employees do not receive employer contributions (matching contributions and safe harbor contributions). The Plan commenced in August 2013 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions

The Plan’s provisions allow contributions to be made as follows:

i. Employee Contributions:

- Regular Deferral Contributions - All eligible employees are automatically enrolled in the Plan by deferring 3% of their eligible compensation as defined by the Plan. Enrolled employees may elect to adjust their deferrals from 0% up to 100% of eligible compensation. All deferrals are subject to the Internal Revenue Service (“IRS”) limits, which was \$23,000 in 2024. Such contributions may be made on a pre-tax basis, or as Roth deferral contributions (after-tax).
- Catch-up Contributions - the Plan provides that participants aged 50 (or who are projected to be age 50 or older by the end of the calendar year) and who are making deferral contributions in the Plan, may also make a catch-up contribution up to the IRS limit, which was \$7,500 in 2024.
- Rollover Contributions - participants may contribute into the Plan amounts representing distributions from other qualified defined benefit or contribution plans.

ii. Employer Contributions:

- Matching Contributions - NPI made a discretionary matching contribution equal to 100% of the first 3% of annual salary contributed by the eligible employee.
- Safe Harbor Nonelective Contributions - NPI contributes 3% of eligible compensation to all eligible employees who are not covered by a collective bargaining agreement.

The total maximum employer contribution was 6% during 2024.

Investment Funds

Participants may direct the investment of contributions to the Plan among the investment options contained in the Plan’s fund lineup. Participants may change investment directions with respect to their future plan contributions or existing individual account balances at any time as long as they act in accordance with the investment fund’s prospectus or other governing document. The Plan’s fund lineup includes various mutual funds that are traded on a national exchange. The fund lineup includes a variety of investment options

Navy Pier, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

which reflect the investment objectives and policies, risk and return characteristics, operating expenses, and diversification of assets. Participants receive updates of fund information annually or upon request in the form of prospectuses and shareholder reports.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) NPI's contributions and (b) Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the employer contributions, plus actual earnings thereon.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of one half of the vested balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%. Principal and interest are paid ratably through biweekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or may receive a required minimum distribution at least annually until all assets in the account are distributed. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also allows for hardship withdrawals under certain conditions upon approval by the Plan Administrator.

Forfeited Accounts

All contributions vest immediately. There are no forfeited nonvested accounts in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounts of the Plan are maintained on an accrual basis of accounting. The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). A description of those accounting policies of particular significance follows.

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee and investment adviser. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan agreement.

Payments of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by NPI and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses, such as management fees and operating expenses are charged to the Plan's investments. Consequently, these expenses are reflected as a reduction of investment returns.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan follows the guidance issued under the *Fair Value Measurements and Disclosures* topic of the Financial Accounting Standards Board Accounting Standards Codification, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the guidance are described as follows:

- Level 1 - Inputs to the valuation are unadjusted quoted prices in active markets for identical assets or liabilities for which the Plan has the ability to access as of the reporting date;
- Level 2 - Valuation inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets, or inputs that are derived principally from or corroborated by observable market data by correlation or other means; and
- Level 3 - Valuation inputs are unobservable inputs, such as internally-developed pricing models for the asset due to little or no market activity for the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Navy Pier, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds (Registered Investment Company securities): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are primarily open-end mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily net assets value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and have been categorized as Level 1. The Plan has a brokerage account and is comprised primarily of a mutual fund.

Brokerage account: The brokerage primarily holds common stocks which are valued at quoted net asset value of shares held by the Plan at year-end.

Collective trust funds: Valued at the net asset value ("NAV") of the units of the collective trust. The NAV is used as a practical expedient fair value and is based on the fair value of the underlying securities, minus liabilities, and then divided by the number of units held by the Plan at year end. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily without restriction.

The following tables present assets measured and recorded at fair value in the Plan's statements of net assets available for benefits on a recurring basis and their level within the fair value hierarchy as of December 31, 2024 and 2023:

	2024

Navy Pier, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

In accordance with Accounting Standards Update 2015-07, investments that are measured at fair value using the NAV per share as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented are intended to permit reconciliation of fair value hierarchy to the total value of plan assets.

NOTE D - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from the trustee that the following data included in the accompanying financial statements and schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023;
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024; and
- The schedule of assets (held at end of year) as of December 31, 2024.

NOTE E - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

NOTE F - RISK AND UNCERTAINTIES

The Plan utilized various investment instruments. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, NPI has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to a participant's account at the time of termination are fully vested and will be distributed in accordance with the normal distribution rules of the Plan and ERISA.

NOTE H - TAX STATUS

The Plan is a Pre-Approved Defined Contribution Plan ("Prototype Plan") sponsored by Fidelity Management & Research Company and adopted by NPI. The IRS issued an opinion letter dated June 30, 2020, indicating that the Prototype Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended, the Plan Administrator

Navy Pier, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

believes that the Plan is designed, and is currently being operated in accordance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

NOTE I - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2024 financial statements for subsequent events through October 1, 2025, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events that would require recognition or additional disclosure in the financial statements.
