INDEPENDENT AUDITORS' REPORT

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
of Superior Plus Energy Services Inc. 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Superior Plus Energy Services Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**SUPERIOR PLUS ENERGY SERVICES INC.
401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

1. DESCRIPTION OF PLAN

The following description of the Superior Plus Energy Services Inc. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General -

Superior Plus Energy Services Inc. (the “Company”) is a wholly-owned subsidiary of Superior Plus Corp., a Canadian public company that operates certain energy related businesses within the United States of America. The Plan was established on November 1, 2009 for the employees of such businesses. The Plan is a defined contribution 401(k) and profit sharing plan covering substantially all employees of the Company who have met certain eligibility requirements, including ranges from zero to sixty days of service depending on employee group, as defined. Effective February 10, 2024, the Plan was amended, and the days of service for eligibility now range from zero to thirty days, depending on the employee group. Various groups were established in the Plan document to address varying eligibility and contribution requirements which were honored under existing union agreements and plan mergers as a result of several acquisitions by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Transfer to other plan -

During the year ended December 31, 2024, a subset of participants of the Plan terminated trustee services and appointed a successor trustee. As a result, effective July 23, 2024, \$91,615 was transferred from the Plan’s assets to a successor plan.

Administration -

The Company serves as the Plan administrator (the “Administrator”) and is solely responsible for the general administration of the Plan and carrying out Plan provisions. T. Rowe Price Trust Company (the “Trustee”) serves as the trustee of the Plan and custodian of Plan assets. T. Rowe Price Retirement Plan Services, Inc. provides third-party recordkeeping services. Graystone Consulting, a business of Morgan Stanley, provides investment advisory services to the Plan.

Contributions -

Participants may elect to contribute up to 90% of their eligible compensation to the Plan, subject to the maximum amount allowed under the Internal Revenue Code (the “Code”). Deferral limits under the Code were \$23,000 for the year ended December 31, 2024. In addition, participants age fifty and over at the end of the Plan year could elect to contribute a “catch-up” contribution of \$7,500 during the year ended December 31, 2024.

Each year, the Company may make a discretionary non-elective contribution on behalf of eligible employee groups as defined by the Plan document who were employed on the last day of the Plan year and reached 500 hours of service during the Plan year. In addition, eligible employees in another employee group who elected not to be covered by their previous employer's plan receive a non-discretionary non-elective contribution of \$100 per week, which is paid on a quarterly basis. For the year ended December 31, 2024, the Company made discretionary and non-discretionary non-elective contributions to all eligible participants which totaled \$2,445,196.

For the year ended December 31, 2024, the Company made matching contributions to eligible employees in each of the employee groups as follows:

<u>Employee group</u>	<u>Company matching contribution</u>
Group 1	100% of eligible elective deferrals up to a maximum of 5.5% of eligible employee group's elective deferrals
Group 2	Discretionary - 100% of eligible elective deferrals up to a maximum of \$50 per week
Group 3	100% of eligible elective deferrals that do not exceed 3%, plus 50% of eligible employee group's elective deferrals that exceed 3% but not to exceed 5% (maximum match of 4%).
Group 4	100% of eligible elective deferrals that do not exceed 3%, plus 50% of eligible employee group's elective deferrals that exceed 3% but not to exceed 5% (maximum match of 4%).
Group 5	Discretionary - 100% of eligible elective deferrals up to a maximum of 2.5%

Effective April 1, 2024, Groups 3 and 4 combined into one group.

The matching contributions were made each payroll period and totaled \$3,526,750 for the year ended December 31, 2024.

Participants are allowed to make rollover contributions from other qualified plans into the Plan in accordance with regulations under the Code. Further, participants are allowed to make Roth contributions into the Plan.

The Plan provides for automatic participant enrollment beginning thirty days following the participant's date of hire. The initial elective deferral rate is equal to 6% of the participant's eligible compensation and is increased by 1% each year, not to exceed 10% of eligible compensation, unless elected by the participant.

Participant accounts -

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary non-elective and discretionary matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting -

Participants are immediately vested in their elective deferrals, rollover contributions, Roth contributions, and discretionary non-elective contributions plus actual earnings thereon. In addition, Group A, Group C, and Group D employees are immediately vested in their non-discretionary matching contributions plus actual earnings thereon. Vesting of Group B employees' discretionary matching and non-discretionary non-elective contribution and Group E employees' discretionary matching contribution portion of their account plus earnings is based on years of continuous service, as defined. The Plan recognizes prior continuous service with certain businesses acquired by the Company for vesting purposes.

Discretionary matching contributions and non-discretionary non-elective contributions for Group B employees electing to be covered by the Plan vest according to the following schedule:

<u>Years of service</u>	<u>Percentage</u>
Less than one	0%
At least one but less than two	25%
At least two but less than three	50%
At least three but less than four	75%
Four or more	100%

Discretionary matching contributions for Group E employees vest according to the following schedule:

<u>Years of service</u>	<u>Percentage</u>
Less than one	0%
At least one but less than two	0%
At least two but less than three	0%
Three or more	100%

Investment options -

Participants direct the investment of their account into various investment options offered by the Plan. The Plan offers a number of investment options including mutual funds, the T. Rowe Price Stable Value Common Trust Fund (the "Stable Value Fund"), and common trusts as selected by the Administrator.

Notes receivable from participants -

Participants may borrow up to a maximum of 50% of their vested account balance or \$50,000, whichever is less. Note repayment terms range up to a maximum of five years unless the loan qualifies as a primary residence loan, with interest generally at the prime rate plus 1% at the date of the loan application and are collateralized by the individual participant's account. Principal and interest is paid ratably through payroll deductions.

Payment of benefits -

Upon termination of service due to death, disability or retirement, a participant with an account balance over \$5,000 may elect to receive a single lump-sum amount equal to the vested portion of his or her account or periodic installments. Participants with an account balance less than \$5,000 may only receive a single lump-sum amount equal to the vested portion of his or her account balance.

If upon termination of service, a participant does not attain normal retirement age and the participant's vested account balance is greater than \$5,000, the participant may elect to receive a lump-sum amount, a direct rollover to a qualified plan under the Code, a direct rollover to a qualified Individual Retirement Account equal to the value of his or her vested account balance, or may elect to keep their investments in the Plan. If the vested account balance is less than \$5,000, the balance will be distributed to the participant as soon as administratively feasible, either as a cash distribution or a rollover to an individual retirement account designated by the Plan Administrator.

Forfeitures -

Participants whose employment with the Company has been terminated and who receive a distribution of the vested percentage of their account shall forfeit any amounts which are in excess of their vested interest as of the date of distribution. The non-vested portion will be restored to the participant's account in the event the employee returns to employment before five consecutive one-year breaks in service and pays back the distribution received from the Plan. After restoration of any of these benefits, the remaining forfeitures may be used to pay administrative expenses or reduce the Company's discretionary contributions.

The cumulative balance of forfeitures available to offset future administrative expenses or discretionary Company contributions totaled approximately \$12,000 at December 31, 2024. Forfeitures of approximately \$611,000 were used to reduce the Company's contributions during the year ended December 31, 2024.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting -

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates -

The preparation of financial statements in conformity with GAAP requires the Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Significant estimates include, but are not limited to, the fair value of investments and the valuation of notes receivable from participants. Actual results may differ from those estimates.

Investment valuation and income recognition -

Investments are reported at fair value or the net asset value (“NAV”) as a practical expedient. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrator determines the Plan’s valuation policies utilizing information provided by the Trustee. See Note 4 for a discussion of fair value measurements.

Contributions are recorded by the Plan when withheld from participants. Interest income is recorded by the Plan as earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants -

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Administrator deems the participant’s note receivable to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits -

Benefit payments to participants are recorded when paid.

Expenses -

Certain expenses of maintaining the Plan, including trustee and legal fees are paid directly by the Company and are excluded from these financial statements. Administrative expenses include investment advisory fees, recordkeeping fees, and audit fees. Participants are also charged administrative expenses for specific transactions within the Plan. Administrative expenses charged to the Plan totaled \$368,609 for the year ended December 31, 2024.

Investment related expenses are included in net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

Subsequent events -

The Administrator has evaluated subsequent events through October 6, 2025, which is the date that the accompanying financial statements were available to be issued.

3. FINANCIAL INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the investment information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared by, or derived from, information provided by the Trustee and furnished to the Administrator.

The Administrator has obtained a certification from the Trustee that the information below is complete and accurate as of December 31, 2024 and 2023, and for the year ended December 31, 2024:

	2024	2023
Mutual funds	\$ 11,661,990	\$ 14,602,549
Common trusts	165,982,025	141,939,640
Money market fund	97,499	250,624
Notes receivable from participants	5,705,132	4,754,204
Net appreciation in fair value of investments	17,931,786	
Interest and dividend income	901,354	
Interest income on notes receivable from participants	409,450	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

Mutual and money market funds: Mutual and money market funds are valued at NAV of shares held by the Plan at year end. NAV is derived from the quoted prices in active markets of the underlying investments. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission.

Common trusts: The Plan uses NAV as a practical expedient to determine the fair value of the common trusts. NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Redemption for the stable value common trust is permitted daily with no other restrictions or notice periods and there are no unfunded commitments. Were the Plan to initiate a full redemption of the stable value common trust, the investment advisor reserves the right to temporarily delay withdrawal from the stable value common trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The fair value of investments measured on a recurring basis at December 31, 2024 is presented below:

	Level 1	Total
Mutual funds	\$11,661,990	\$ 11,661,990
Money market fund	97,499	97,499
Common trusts measured at NAV as a practical expedient	-	165,982,025
	<u>\$11,759,489</u>	<u>\$177,741,514</u>

The fair value of investments measured on a recurring basis at December 31, 2023 is presented below:

	Level 1	Total
Mutual funds	\$14,602,549	\$ 14,602,549
Money market fund	250,624	250,624
Common trusts measured at NAV as a practical expedient	-	141,939,640
	<u>\$14,853,173</u>	<u>\$156,792,813</u>

5. PARTY-IN-INTEREST TRANSACTIONS

The Trustee serves as custodian of the Plan's assets. All transactions between the Plan and the Trustee qualify as exempt party-in-interest transactions. Transactions involving notes receivable from participants qualify as exempt party-in-interest transactions.

6. TAX STATUS

The Company adopted a non-standardized pre-approved profit sharing/money purchase/cash or deferred arrangement plan sponsored by T. Rowe Price Retirement Plan Services, Inc. that received a favorable opinion letter from the Internal Revenue Service dated August 19, 2020. The opinion letter stated that the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements for the year ended December 31, 2024.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Company discretionary matching and non-discretionary non-elective contribution account balance as of the date of termination.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits.
