Independent Auditor's Report

The Board of Trustees
Community Access Unlimited, Inc. 401(k) Plan
Elizabeth, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Community Access Unlimited, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Community Access Unlimited, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees (the Participants) of Community Access Unlimited, Inc. (the Plan Sponsor). The Plan was established in 1987 as a defined contribution money purchase plan. The Plan was amended in January 1988 as a defined contribution profit-sharing plan, and in December 2005 with regards to certain provisions related to forfeitures. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Board of Trustees is responsible for oversight of the Plan.

The recordkeeper of the Plan was Benefit Plans Administrative Services LLC (BPAS) through June 30, 2023. The Plan was amended and restated effective July 1, 2023, and Principal Life Insurance Company (Principal) became the recordkeeper of the Plan.

Eligibility

Prior to July 1, 2023, all employees of the Plan Sponsor aged 21 years or older, having completed one year of service with a minimum of 1,000 hours of service during the year were eligible to participate in the Plan. Effective July 1, 2023, employees who are age 18 years or older and who have completed three months of service if hired after July 1, 2023 are eligible to participate in the Plan.

Contributions

Participants may contribute up to 100% (92% prior to July 1, 2023) of their pretax annual compensation up to the maximum for 2023, as defined by the Internal Revenue Service (IRS) code. Participants direct the investment of their contributions into various investment options offered by the Plan. Effective July 1, 2023, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled Participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the Participant.

Prior to July 1, 2023, the Plan Sponsor matches 25% of a Participant's contribution up to 3% of the Participant's base compensation. The Plan Sponsor also contributed 3% of eligible participant's contributions each pay period as a pension contribution. Effective July 1, 2023, the Plan was amended to change the Plan Sponsor match to 100% of 2% of the participant's compensation, to contribute 3% of an employee's eligible contribution each pay period as a pension contribution, and to pay additional profit-sharing amounts. These contributions are discretionary may be changed at the option of the Plan Sponsor. For the years ended December 31, 2024 and 2023, the Plan Sponsor contributed an additional profit-sharing amount of $150,709 and $195,000, respectively.

Participant Accounts

Each Participant's account is credited with the Participant's contributions and the Plan Sponsor's matching contributions, as well as allocations of any discretionary profit-sharing contributions made by the Plan Sponsor and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on Participant earnings, account balances, or specific transactions, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. A Participant is 100% vested in the Plan Sponsor's matching and discretionary contributions after three years of credited service.

Forfeitures

The Plan allows forfeitures to be used to pay any administrative expenses and reduce employer contributions to the Plan. Forfeited nonvested accounts were used for administrative fees of $79,763 and $52,500 for the years ended December 31, 2024 and 2023, respectively, and for employer contributions of $50,567 for the year ended December 31, 2024. The balance of forfeitures that can be used to reduce future employer contributions and pay administrative expenses as of December 31, 2024 and 2023 was $6,923 and $15,944, respectively.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a Participant may elect to receive a single lump sum or partial lump sum in the amount equal to the value of the Participant's vested interest in his or her account.

Investments

All Participant balances are invested based on the direction of the individual Participant from a selection of investment vehicles offered by the Plan and selected by the Board of Trustees.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from the Participant notes fund. Loan terms range from one to five years, with the exception of personal residence loans, which are 25 years. The loans are secured by the balance in the Participant's account and bear interest at 1% plus the prime rate (prime rate as determined from *The Wall Street Journal* on the first day of each calendar quarter or month depending on the loan type). Principal and interest are paid ratably through bi-weekly payroll deductions.

Plan Termination

Although it has not expressed any interest in doing so, the Plan Sponsor reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of

ERISA. In the event of Plan termination, Participants would become 100% vested in their employer contributions.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value with the exception of fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by investment advisers and the trustee. See Note 6 for discussion of fair value measurements.

The Plan's fully benefit-responsive investment contract (see Note 7) is valued at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. These expenses include, but are not limited to, administrative expenses, legal fees, and other related costs. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the

participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued and concluded that no subsequent events occurred that would require recognition or disclosure in the financial statements.

3. Related Party and Party-in-Interest Transactions

Certain Plan investments were managed by Hand Benefits & Trust Company, the trustee for the Plan prior to July 1, 2023, and Principal; therefore, these transactions qualify as party-in-interest transactions. The Plan also issues loans to Participants, which are secured by the vested balance of the Participants' accounts. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

4. Tax Status

Prior to July 1, 2023, the Plan adopted a pre-approved plan document sponsored by BPAS, that received a favorable opinion letter from the IRS dated June 30, 2020, which stated that the plan document, as then-designed, satisfies the applicable Plan provisions of the Internal Revenue Code (IRC). Effective July 1, 2023, the Plan adopted a pre-approved plan document sponsored by Principal, that received a favorable opinion letter from the IRS dated June 30, 2020, which stated that the plan document, as then-designed, satisfies the applicable Plan provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Following a March 15, 2024 inquiry by the Department of Labor (DOL), the DOL commenced a review of the Plan on October 23, 2024, for the Plan year ended December 31, 2019 through the date of its letter. As of the date of this report, the DOL review had not been formally concluded.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress, other than as noted above.

5. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Hand Benefits & Trust Company, and Principal, qualified institutions.

6. Fair Value Measurements

The Plan accounts for fair value measurements in accordance with Financial Accounting Standards Board (FASB) guidance. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds – These funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund – The stable value fund is a collective investment trust valued at the NAV of the participation units held by the Plan at year-end. Quoted market prices of the underlying investments are used to value the participation units. The investment fund may impose a redemption fee if Participant accounts are moved in and out within a defined time period. However, there are no other restrictions on the redemption of these common collective funds at NAV. The NAV, as provided by the trustee of the fund, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell for an amount different than the reported NAV. Participant-initiated withdrawals may be requested and made

daily. Employer-initiated withdrawals require 12 months' notice. There are no unfunded commitments related to the fund. The fund is a direct filing entity.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 19,409,598	$ -	$ -	$ 19,409,598
Investments, at fair value	$ 19,409,598	$ -	$ -	$ 19,409,598

December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,859,480	$ -	$ -	$ 14,859,480
Stable value fund*	-	-	-	855,044
Investments, at fair value	$ 14,859,480	$ -	$ -	$ 15,714,524

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts included in these tables are intended to permit reconciliation of the fair value hierarchy table to the amounts presented in the statements of net assets available for benefits.

7. Fully Benefit-Responsive Guaranteed Investment Contract

In 2024, the Plan entered in a benefit-responsive guaranteed investment contract with Principal. Principal maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. All contributions allocated to the guaranteed interest contract are credited with interest at the current rate of interest. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing

investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

8. Reconciliation of Financial Statements to Schedule H of Form 5500

Information reported on Schedule H of Form 5500 was prepared on the accrual basis of accounting. The following schedule reconciles the financial statements to Schedule H of Form 5500:

December 31,	**2024**	2023
Net Assets Available for Benefits, per the financial statements	**$ 20,854,366**	$ 16,976,311
Adjustment from contract value to fair value	**-**	(31,271)
Net Assets Available for Benefits, per Schedule H (Form 5500)	**$ 20,854,366**	$ 16,945,040

Year ended December 31, 2024	
Net Increase in Net Assets Available for Benefits, per the financial statements	$ 3,878,055
Add: Prior year adjustment from contract value to fair value	31,271
Net Change in Benefits, per Schedule H (Form 5500)	$ 3,909,326

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the statements of net assets available for benefits.
