Report of Independent Auditors

To the Plan Administrator of the
Sculptor Capital LP 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sculptor Capital LP 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024, and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate that raises substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Shape the future
with confidence

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

SCULPTOR CAPITAL 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of the Sculptor Capital LP 401(k) Plan (the “Plan”) provides only general information about the Plan’s provisions. Sculptor Capital LP (the “Plan Administrator”) is the plan administrator. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions, copies of which may be obtained from the Plan Administrator.

General

The Plan, which became effective January 1, 1995, is a defined contribution plan covering all employees of the Plan Administrator who meet certain eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Fidelity Management Trust Company serves as the trustee (the “Trustee”) and Fidelity Workplace Services LLC provides the recordkeeping services for the Plan.

The Plan Administrator is a wholly owned subsidiary of Sculptor Capital Management, Inc. On November 17, 2023, Rithm Capital Corp. (“Rithm Capital”) acquired all of Sculptor Capital Management, Inc.’s outstanding equity interests (“Sculptor Acquisition”). As a result, the Plan Administrator is a wholly owned subsidiary of Rithm Capital. Rithm Capital sponsors the Rithm Capital Family of Companies 401(k) Plan (“Parent Company Plan”), which is managed by Charles Schwab Corporation.

During 2024, Rithm Capital Management decided to merge the Plan with the Parent Company Plan and formally adopted the merger resolution on December 10, 2024, with an effective date after the close of business on December 31, 2024. In accordance with the merger resolution, net assets available for benefits was \$0 as of December 31, 2024 as these assets are now included in the Parent Company Plan. On December 31, 2024, the Trustee initiated the transfer of \$104.5 million of the Plan’s assets to the Parent Company Plan on December 31, 2024. The Plan’s remaining assets of \$1.5 million transferred to the Parent Company Plan on January 6, 2025. Effective January 1, 2025, participant benefits, contributions, vesting and forfeitures will be determined in accordance with provisions of the Parent Company Plan.

Plan mergers which occur as a result of the acquisition of an entity by another entity, generally do not use the liquidation basis of accounting set out in ASC 205-30, because the plan obligations are not settled with the participants; rather, the plan’s assets and obligations are transferred to another plan. Accordingly, a plan merger is not accounted for using the liquidation basis of accounting.

Eligibility

Employees under the age of 21 are not eligible to participate in the Plan. For employees of the age 21 and over, eligibility under the Plan begins at the start of employment, except for the matching employer contribution, which begins after employees complete one year of service.

Contributions

Participants may contribute up to 60% of pre-tax annual compensation. Participants may contribute 1% to 100% of any employer paid bonus which may not exceed 60% of the pre-tax annual compensation. Participants may also contribute amounts representing distributions from their qualified defined benefit or defined contribution plans. In 2024, participants could contribute up to a maximum of \$23,000 with an additional \$7,500 catch-up contribution for employees over 50 years of age. After a participant completes one year of service for the Plan Administrator, the Plan Administrator makes matching contributions annually equal to 100% of the participant’s pre-tax contributions, subject to a maximum of \$3,000 of the participant’s eligible compensation if the participant is employed by the Plan Administrator on the last day of the contribution period. Participants can designate a portion or all of their contribution as Roth 401(k) contributions.

SCULPTOR CAPITAL 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Participant Accounts

Each participant may direct participant and employer contributions to be invested in any of the investment options offered by the Plan. Each participant's account is credited with the participant's contribution, the Plan Administrator's matching contribution and Plan earnings or losses based on their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions, employer matching contributions, and rollover contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of (a) \$50,000 reduced by the highest outstanding balance of the loan, if any, from the Plan to the participant during the 12 month period ending on the loan determination date, or (b) 50% of their vested account balance. During 2024, loans bore interest rates ranging between 4.25% and 9.50% per annum, as determined by the Plan Administrator. Up to 50% of the participant's vested account balance serves as collateral for the loan. Principal and interest are paid ratably through after-tax payroll deductions on at least a quarterly basis. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. As of December 31, 2024, there were no outstanding loans.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over the life of the participant or designated beneficiary, as applicable. If the annual installments are payable to the participant and their spouse or designated beneficiary, the payment period of the installments may be for as long as either the participant or his spouse or designated beneficiary lives. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, or may elect to have the entire distribution rolled into an individual retirement account ("IRA") or a new employer's qualified plan if it accepts rollover contributions. Participants may also elect to receive some of the distribution and have the balance rolled into an IRA or a new employer's qualified plan. Participants may withdraw their contributions upon attaining age 59½ or demonstrating economic hardship.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in conformity with U.S. generally accepted accounting principles ("U.S. GAAP").

Payment of Benefits

Benefit payments are recorded when paid.

SCULPTOR CAPITAL 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds held by the Plan at year end are valued at net asset value, based on quoted market prices. Loans to participants are valued at their outstanding balances, including accrued interest. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date. Net appreciation and depreciation in fair value of investments is composed of realized and unrealized gains and losses. Realized gains and losses are calculated as the difference between the proceeds from sales and the related investment's acquisition cost. Unrealized gains and losses are calculated as the difference between the fair value of investments at the end of the year less their fair value at the beginning of the year, or acquisition cost, if acquired during the year.

Administrative Expenses

Certain expenses are paid by the Plan Administrator. All other reasonable costs and expenses incurred by the Plan Administrator and the Trustee in administering the Plan will be paid by the Plan.

Use of Estimates

The preparation of financial statements in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and U.S. GAAP require the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, as of the date of the financial statements and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Recent Accounting Pronouncements

None of the changes to U.S. GAAP that went into effect in 2024 had a material effect on the Plan's financial statements.

3. Tax Status

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the written form of the underlying pre-approved document is qualified under Section 401 of the Internal Revenue Code ("the Code"). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires the Plan's management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Information Prepared and Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

The following information represents investment income, including interest income on notes receivables, of the Plan for the year ended December 31, 2024:

Dividend and interest income	\$ 3,557,033
Net realized and unrealized appreciation in fair value of investments – mutual funds	18,328,630
Interest income on notes receivable from participants	20,619
	<u>\$ 21,906,282</u>

5. Risks and Uncertainties

In the normal course of business, all of the Plan's assets are transacted with and held by its trustee. The Plan is subject to credit risk to the extent the Trustee is unable to fulfill contractual obligations on its behalf. The Plan does not anticipate any losses from this counterparty.

The Plan invests in various mutual funds. Mutual funds are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain mutual funds, it is at least reasonably possible that changes in the values of mutual funds will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Related-Party and Party-in-Interest Transactions

The Plan holds units of mutual funds managed by Fidelity, the Trustee and participant recordkeeper for the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from prohibited transaction rules under ERISA. The Trustee and an affiliated entity of the Trustee also provide investment management and accounting services to the Plan as well as certain Funds held in the Plan, for which they charge investment management fees. These fees offset certain administrative fees that otherwise would have been charged to the Plan.

7. Fair Value Measurements

U.S. GAAP establishes a fair value hierarchy for the inputs used in valuation models and techniques used to measure fair value. Fair value represents the price that would be received upon the sale of an asset or paid upon the transfer of a liability in an orderly transaction between market participants at the measurement date (an exit price). Assets and liabilities measured at fair value are classified into one of the following categories:

- **Level I** – Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Assets and liabilities included in this category include listed securities.
