Independent Auditor's Report

Board of Trustees and Participants
V-T Industries, Inc. Retirement/Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of V-T Industries, Inc. Retirement/Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a—schedule of delinquent participant contributions and loan repayments for the year ended December 31, 2024, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

V-T Industries, Inc. Retirement/Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the V-T Industries, Inc. Retirement/Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General and eligibility: The Plan is a participant-directed defined contribution 401(k) and profit sharing plan covering substantially all employees of V-T Industries, Inc., its subsidiaries, and the affiliated entity through common ownership, Top-Sales & Marketing, Inc. (collectively, the Company). To be eligible to participate in the Plan and receive employer matching contributions, employees are required to have full-time employment status, defined as working 1,000 hours or more in one year, and complete one month of service following their date of hire. Participants enter the Plan on the first day of the month following their compliance with eligibility requirements. Employees must be employed on the last day of the plan year and have completed 1,000 hours of service in that plan year to be eligible to receive employer discretionary contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Trustees of the Company is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions and investment options: Each year, nonhighly compensated employees may contribute up to 100% of their pretax annual compensation, as defined in the Plan document, subject to certain Internal Revenue Code (IRC) limitations. Highly compensated employees (HCE) may not defer in any payroll period a percentage of their compensation that exceeds the HCE plan deferral limit, as defined and set annually by the Plan. The Plan adopted an auto-enrollment election of 2% of compensation for all employees who enter the Plan on or after January 1, 2017. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who are age 50 or older by the end of the calendar year are eligible to make catch-up contributions as outlined in the Plan document.

The Company matches 50% of the first 6% of elective deferral contributions to nonunion participants. In addition, each year the Company may declare additional discretionary contributions. Effective January 1, 2024, the Plan was amended to add a matching contribution for Two Rivers union employees, an adopting employer of Eggers Industries 401(k) Plan which was merged into the Plan effective January 1, 2023. The Company will match 50% of the first 2.5% of elective deferral contributions. Effective October 1, 2024, the Plan was amended to change the match to 50% of the first 5% of elective deferral contributions. Effective May 1, 2024, the Plan was amended to add a matching contribution for Neenah union employees, an adopting employer of Eggers Industries 401(k) Plan. The Company will match 50% of the first 6% of elective deferral contributions. No discretionary contributions were made for the year ended December 31, 2024. The amounts contributed by the employee and employer are deposited into one or more mutual fund options or a common collective trust fund option at the employee's discretion. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's matching contributions, an allocation of the Company's discretionary contributions and Plan earnings and is charged with an allocation of administrative expenses. The Company's discretionary contributions, when paid, are allocated based upon the participant's compensation. Plan earnings and administrative expenses are allocated based upon the participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their contributions and actual earnings thereon. Vesting in Company matching and discretionary contributions is based on years of service. Participants cliff vest after three years of service.

V-T Industries, Inc. Retirement/Savings Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their account balances a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in the previous 12-month period or 50% of their vested account balance. Participants can have up to two outstanding notes at any time. The term of the notes must be less than five years unless the loan is for the financing of a personal residence. The notes receivable are secured by the vested balance in the participant's account and bear interest at the prevailing rate as determined by the Plan Administrator on the date of loan issuance. Principal and interest are paid ratably through payroll deductions. Interest rates on loans outstanding at December 31, 2024, range from 4.25% to 9.50% and mature through February 2039. Notes receivable outstanding at December 31, 2023, had interest rates ranging from 4.25% to 9.50%.

Payment of benefits: Upon a participant's termination from the Plan, if the participant's vested balance is less than \$5,000, the participant is distributed a single lump-sum payment equal to the vested value of his or her account. If the participant's vested balance is greater than \$5,000, the participant may elect to receive either a lump-sum payment equal to the vested value of his or her account or installment payments over various periods as elected by the participant. The nonvested amounts are forfeited by the terminated participant.

Forfeitures: Forfeiture activity during the year ended December 31, 2024, included forfeited participant balances of approximately \$139,000 and investment income thereon of approximately \$3,600. During the year ended December 31, 2024, the Plan used approximately \$139,000 of forfeitures from nonvested account balances to reduce employer contributions. At December 31, 2024 and 2023, forfeited nonvested accounts totaled approximately \$127,000 and \$123,000, respectively. These accounts will be used to reduce future employer contributions or pay Plan expenses as directed by the Plan Administrator.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties: The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

V-T Industries, Inc. Retirement/Savings Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Delinquent loans are treated as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Contributions: Contributions from Plan participants and the contributions from the Plan Sponsor are recorded in the year in which the participant compensation is paid.

Payment of benefits: Benefit payments are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 8, 2025, which is the date the financial statements were available to be issued.

Note 3. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Plan.

Note 4. Information Certified and Provided by Fidelity Management Trust Company, the Trustee

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution:

	December 31	
	2024	2023
Investments:		
Mutual funds	\$ 100,046,935	\$ 88,302,919
Money market funds	27,067	9,071
Common collective trust fund	8,093,862	8,833,618
Notes receivable from participants	2,420,654	1,947,665

The trustee also certified to the completeness and accuracy of interest and dividend income from investments and net appreciation in the value of investments (including investments bought, sold and held during the year) and interest income on notes receivable from participants for the year ended December 31, 2024, as follows:

Interest and dividend income	\$ 2,944,670
Net appreciation in fair value of investments	9,926,734
Interest income on notes receivable from participants	152,784

V-T Industries, Inc. Retirement/Savings Plan

Notes to Financial Statements

Note 5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their employer contributions.

Note 6. Tax Status

Effective January 1, 2023, the Plan adopted a nonstandardized form of a preapproved plan sponsored by Fidelity Management Trust Company. The preapproved plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, as to the preapproved plan's qualified status. The preapproved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan was designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related-Party Transactions

The Company paid administrative expenses to the trustee and has notes receivable from participants. These transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled \$114,556 for the year ended December 31, 2024. The Sponsor also paid certain administrative expenses of the Plan.

Note 8. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) requires the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. In that regard, the Topic establishes a fair value hierarchy for valuation inputs that give the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

- Level 1:** Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2:** Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data.
- Level 3:** Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Note 8. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Money market fund	9,071	9,071	-	-
Total assets in the fair value hierarchy	88,311,990	\$ 88,311,990	\$ -	\$ -
Investments measured at net asset value, common collective trust fund*	8,833,618			
Total	<u>\$ 97,145,608</u>			

* In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share as of December 31, 2024 and 2023:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2024	2023			
Common collective trust fund	<u>\$ 8,093,862</u>	<u>\$ 8,833,618</u>	\$ -	Immediate	None

A description of the valuation methodologies used for investments measured at fair value, as well as the general classification of such investments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements. There have been no changes in the valuation methodologies at December 31, 2024, compared to December 31, 2023.

Note 8. Fair Value Measurements (Continued)

Mutual funds: These accounts represent investments in mutual funds for which a quoted market price is available on an active market. This fair value is determined by using the quoted market prices available and are classified within Level 1 of the valuation hierarchy.

Common collective trust fund: Valued at net asset value, used as a practical expedient, of the collective trust funds held by the Plan at year-end.

Note 9. Prohibited Transactions

During the year ended December 31, 2023, the Plan Sponsor inadvertently failed to deposit \$695,962 of participant deferrals within the required time frame as stated by the United States Department of Labor regulations. The Plan Sponsor intends to deposit lost earnings to correct this failure in 2025. The Plan Sponsor intends to file Form 5330 and intends to pay excise tax to the IRS. The correction and any excise taxes, if applicable, will be made from the Plan Sponsor's assets and not from the assets of the Plan.

Independent Auditor's Report

Board of Trustees and Participants
V-T Industries, Inc. Retirement/Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of V-T Industries, Inc. Retirement/Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a—schedule of delinquent participant contributions and loan repayments for the year ended December 31, 2024, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

V-T Industries, Inc. Retirement/Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the V-T Industries, Inc. Retirement/Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General and eligibility: The Plan is a participant-directed defined contribution 401(k) and profit sharing plan covering substantially all employees of V-T Industries, Inc., its subsidiaries, and the affiliated entity through common ownership, Top-Sales & Marketing, Inc. (collectively, the Company). To be eligible to participate in the Plan and receive employer matching contributions, employees are required to have full-time employment status, defined as working 1,000 hours or more in one year, and complete one month of service following their date of hire. Participants enter the Plan on the first day of the month following their compliance with eligibility requirements. Employees must be employed on the last day of the plan year and have completed 1,000 hours of service in that plan year to be eligible to receive employer discretionary contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Trustees of the Company is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions and investment options: Each year, nonhighly compensated employees may contribute up to 100% of their pretax annual compensation, as defined in the Plan document, subject to certain Internal Revenue Code (IRC) limitations. Highly compensated employees (HCE) may not defer in any payroll period a percentage of their compensation that exceeds the HCE plan deferral limit, as defined and set annually by the Plan. The Plan adopted an auto-enrollment election of 2% of compensation for all employees who enter the Plan on or after January 1, 2017. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who are age 50 or older by the end of the calendar year are eligible to make catch-up contributions as outlined in the Plan document.

The Company matches 50% of the first 6% of elective deferral contributions to nonunion participants. In addition, each year the Company may declare additional discretionary contributions. Effective January 1, 2024, the Plan was amended to add a matching contribution for Two Rivers union employees, an adopting employer of Eggers Industries 401(k) Plan which was merged into the Plan effective January 1, 2023. The Company will match 50% of the first 2.5% of elective deferral contributions. Effective October 1, 2024, the Plan was amended to change the match to 50% of the first 5% of elective deferral contributions. Effective May 1, 2024, the Plan was amended to add a matching contribution for Neenah union employees, an adopting employer of Eggers Industries 401(k) Plan. The Company will match 50% of the first 6% of elective deferral contributions. No discretionary contributions were made for the year ended December 31, 2024. The amounts contributed by the employee and employer are deposited into one or more mutual fund options or a common collective trust fund option at the employee's discretion. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's matching contributions, an allocation of the Company's discretionary contributions and Plan earnings and is charged with an allocation of administrative expenses. The Company's discretionary contributions, when paid, are allocated based upon the participant's compensation. Plan earnings and administrative expenses are allocated based upon the participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their contributions and actual earnings thereon. Vesting in Company matching and discretionary contributions is based on years of service. Participants cliff vest after three years of service.

V-T Industries, Inc. Retirement/Savings Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their account balances a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in the previous 12-month period or 50% of their vested account balance. Participants can have up to two outstanding notes at any time. The term of the notes must be less than five years unless the loan is for the financing of a personal residence. The notes receivable are secured by the vested balance in the participant's account and bear interest at the prevailing rate as determined by the Plan Administrator on the date of loan issuance. Principal and interest are paid ratably through payroll deductions. Interest rates on loans outstanding at December 31, 2024, range from 4.25% to 9.50% and mature through February 2039. Notes receivable outstanding at December 31, 2023, had interest rates ranging from 4.25% to 9.50%.

Payment of benefits: Upon a participant's termination from the Plan, if the participant's vested balance is less than \$5,000, the participant is distributed a single lump-sum payment equal to the vested value of his or her account. If the participant's vested balance is greater than \$5,000, the participant may elect to receive either a lump-sum payment equal to the vested value of his or her account or installment payments over various periods as elected by the participant. The nonvested amounts are forfeited by the terminated participant.

Forfeitures: Forfeiture activity during the year ended December 31, 2024, included forfeited participant balances of approximately \$139,000 and investment income thereon of approximately \$3,600. During the year ended December 31, 2024, the Plan used approximately \$139,000 of forfeitures from nonvested account balances to reduce employer contributions. At December 31, 2024 and 2023, forfeited nonvested accounts totaled approximately \$127,000 and \$123,000, respectively. These accounts will be used to reduce future employer contributions or pay Plan expenses as directed by the Plan Administrator.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties: The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

V-T Industries, Inc. Retirement/Savings Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Delinquent loans are treated as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Contributions: Contributions from Plan participants and the contributions from the Plan Sponsor are recorded in the year in which the participant compensation is paid.

Payment of benefits: Benefit payments are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 8, 2025, which is the date the financial statements were available to be issued.

Note 3. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Plan.

Note 4. Information Certified and Provided by Fidelity Management Trust Company, the Trustee

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution:

	December 31	
	2024	2023
Investments:		
Mutual funds	\$ 100,046,935	\$ 88,302,919
Money market funds	27,067	9,071
Common collective trust fund	8,093,862	8,833,618
Notes receivable from participants	2,420,654	1,947,665

The trustee also certified to the completeness and accuracy of interest and dividend income from investments and net appreciation in the value of investments (including investments bought, sold and held during the year) and interest income on notes receivable from participants for the year ended December 31, 2024, as follows:

Interest and dividend income	\$ 2,944,670
Net appreciation in fair value of investments	9,926,734
Interest income on notes receivable from participants	152,784

V-T Industries, Inc. Retirement/Savings Plan

Notes to Financial Statements

Note 5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their employer contributions.

Note 6. Tax Status

Effective January 1, 2023, the Plan adopted a nonstandardized form of a preapproved plan sponsored by Fidelity Management Trust Company. The preapproved plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, as to the preapproved plan's qualified status. The preapproved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan was designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related-Party Transactions

The Company paid administrative expenses to the trustee and has notes receivable from participants. These transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled \$114,556 for the year ended December 31, 2024. The Sponsor also paid certain administrative expenses of the Plan.

Note 8. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) requires the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. In that regard, the Topic establishes a fair value hierarchy for valuation inputs that give the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

- Level 1:** Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2:** Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data.
- Level 3:** Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Note 8. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets:

Investments measured at net asset value, common collective trust fund*	8,093,862			
Total	<u>\$ 108,167,864</u>			

	2023			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets:				
Mutual funds	\$ 88,302,919	\$ 88,302,919	\$ -	\$ -
Money market fund	9,071	9,071	-	-
Total assets in the fair value hierarchy	88,311,990	<u>\$ 88,311,990</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value, common collective trust fund*	8,833,618			
Total	<u>\$ 97,145,608</u>			

* In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share as of December 31, 2024 and 2023:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2024	2023			
Common collective trust fund	<u>\$ 8,093,862</u>	<u>\$ 8,833,618</u>	\$ -	Immediate	None

A description of the valuation methodologies used for investments measured at fair value, as well as the general classification of such investments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements. There have been no changes in the valuation methodologies at December 31, 2024, compared to December 31, 2023.

Note 8. Fair Value Measurements (Continued)

Mutual funds: These accounts represent investments in mutual funds for which a quoted market price is available on an active market. This fair value is determined by using the quoted market prices available and are classified within Level 1 of the valuation hierarchy.

Common collective trust fund: Valued at net asset value, used as a practical expedient, of the collective trust funds held by the Plan at year-end.

Note 9. Prohibited Transactions

During the year ended December 31, 2023, the Plan Sponsor inadvertently failed to deposit \$695,962 of participant deferrals within the required time frame as stated by the United States Department of Labor regulations. The Plan Sponsor intends to deposit lost earnings to correct this failure in 2025. The Plan Sponsor intends to file Form 5330 and intends to pay excise tax to the IRS. The correction and any excise taxes, if applicable, will be made from the Plan Sponsor's assets and not from the assets of the Plan.

Independent Auditor's Report

Board of Trustees and Participants
V-T Industries, Inc. Retirement/Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of V-T Industries, Inc. Retirement/Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a—schedule of delinquent participant contributions and loan repayments for the year ended December 31, 2024, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

V-T Industries, Inc. Retirement/Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the V-T Industries, Inc. Retirement/Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General and eligibility: The Plan is a participant-directed defined contribution 401(k) and profit sharing plan covering substantially all employees of V-T Industries, Inc., its subsidiaries, and the affiliated entity through common ownership, Top-Sales & Marketing, Inc. (collectively, the Company). To be eligible to participate in the Plan and receive employer matching contributions, employees are required to have full-time employment status, defined as working 1,000 hours or more in one year, and complete one month of service following their date of hire. Participants enter the Plan on the first day of the month following their compliance with eligibility requirements. Employees must be employed on the last day of the plan year and have completed 1,000 hours of service in that plan year to be eligible to receive employer discretionary contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Trustees of the Company is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions and investment options: Each year, nonhighly compensated employees may contribute up to 100% of their pretax annual compensation, as defined in the Plan document, subject to certain Internal Revenue Code (IRC) limitations. Highly compensated employees (HCE) may not defer in any payroll period a percentage of their compensation that exceeds the HCE plan deferral limit, as defined and set annually by the Plan. The Plan adopted an auto-enrollment election of 2% of compensation for all employees who enter the Plan on or after January 1, 2017. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who are age 50 or older by the end of the calendar year are eligible to make catch-up contributions as outlined in the Plan document.

The Company matches 50% of the first 6% of elective deferral contributions to nonunion participants. In addition, each year the Company may declare additional discretionary contributions. Effective January 1, 2024, the Plan was amended to add a matching contribution for Two Rivers union employees, an adopting employer of Eggers Industries 401(k) Plan which was merged into the Plan effective January 1, 2023. The Company will match 50% of the first 2.5% of elective deferral contributions. Effective October 1, 2024, the Plan was amended to change the match to 50% of the first 5% of elective deferral contributions. Effective May 1, 2024, the Plan was amended to add a matching contribution for Neenah union employees, an adopting employer of Eggers Industries 401(k) Plan. The Company will match 50% of the first 6% of elective deferral contributions. No discretionary contributions were made for the year ended December 31, 2024. The amounts contributed by the employee and employer are deposited into one or more mutual fund options or a common collective trust fund option at the employee's discretion. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's matching contributions, an allocation of the Company's discretionary contributions and Plan earnings and is charged with an allocation of administrative expenses. The Company's discretionary contributions, when paid, are allocated based upon the participant's compensation. Plan earnings and administrative expenses are allocated based upon the participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their contributions and actual earnings thereon. Vesting in Company matching and discretionary contributions is based on years of service. Participants cliff vest after three years of service.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their account balances a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in the previous 12-month period or 50% of their vested account balance. Participants can have up to two outstanding notes at any time. The term of the notes must be less than five years unless the loan is for the financing of a personal residence. The notes receivable are secured by the vested balance in the participant's account and bear interest at the prevailing rate as determined by the Plan Administrator on the date of loan issuance. Principal and interest are paid ratably through payroll deductions. Interest rates on loans outstanding at December 31, 2024, range from 4.25% to 9.50% and mature through February 2039. Notes receivable outstanding at December 31, 2023, had interest rates ranging from 4.25% to 9.50%.

Payment of benefits: Upon a participant's termination from the Plan, if the participant's vested balance is less than \$5,000, the participant is distributed a single lump-sum payment equal to the vested value of his or her account. If the participant's vested balance is greater than \$5,000, the participant may elect to receive either a lump-sum payment equal to the vested value of his or her account or installment payments over various periods as elected by the participant. The nonvested amounts are forfeited by the terminated participant.

Forfeitures: Forfeiture activity during the year ended December 31, 2024, included forfeited participant balances of approximately \$139,000 and investment income thereon of approximately \$3,600. During the year ended December 31, 2024, the Plan used approximately \$139,000 of forfeitures from nonvested account balances to reduce employer contributions. At December 31, 2024 and 2023, forfeited nonvested accounts totaled approximately \$127,000 and \$123,000, respectively. These accounts will be used to reduce future employer contributions or pay Plan expenses as directed by the Plan Administrator.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties: The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

V-T Industries, Inc. Retirement/Savings Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Delinquent loans are treated as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Contributions: Contributions from Plan participants and the contributions from the Plan Sponsor are recorded in the year in which the participant compensation is paid.

Payment of benefits: Benefit payments are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 8, 2025, which is the date the financial statements were available to be issued.

Note 3. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Plan.

Note 4. Information Certified and Provided by Fidelity Management Trust Company, the Trustee

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution:

	December 31	
	2024	2023
Investments:		
Mutual funds	\$ 100,046,935	\$ 88,302,919
Money market funds	27,067	9,071
Common collective trust fund	8,093,862	8,833,618
Notes receivable from participants	2,420,654	1,947,665

The trustee also certified to the completeness and accuracy of interest and dividend income from investments and net appreciation in the value of investments (including investments bought, sold and held during the year) and interest income on notes receivable from participants for the year ended December 31, 2024, as follows:

Interest and dividend income	\$ 2,944,670
Net appreciation in fair value of investments	9,926,734
Interest income on notes receivable from participants	152,784

Notes to Financial Statements

Note 5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their employer contributions.

Note 6. Tax Status

Effective January 1, 2023, the Plan adopted a nonstandardized form of a preapproved plan sponsored by Fidelity Management Trust Company. The preapproved plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, as to the preapproved plan's qualified status. The preapproved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan was designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related-Party Transactions

The Company paid administrative expenses to the trustee and has notes receivable from participants. These transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled \$114,556 for the year ended December 31, 2024. The Sponsor also paid certain administrative expenses of the Plan.

Note 8. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) requires the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. In that regard, the Topic establishes a fair value hierarchy for valuation inputs that give the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

- Level 1:** Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2:** Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data.
- Level 3:** Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Note 8. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets:

Money market fund	27,067	27,067	-	-
Total assets in the fair value hierarchy	100,074,002	<u>\$ 100,074,002</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value, common collective trust fund*	8,093,862			
Total	<u>\$ 108,167,864</u>			

	2023			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets:				
Mutual funds	\$ 88,302,919	\$ 88,302,919	\$ -	\$ -
Money market fund	9,071	9,071	-	-
Total assets in the fair value hierarchy	88,311,990	<u>\$ 88,311,990</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value, common collective trust fund*	8,833,618			
Total	<u>\$ 97,145,608</u>			

* In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share as of December 31, 2024 and 2023:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2024	2023			
Common collective trust fund	<u>\$ 8,093,862</u>	<u>\$ 8,833,618</u>	\$ -	Immediate	None

A description of the valuation methodologies used for investments measured at fair value, as well as the general classification of such investments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements. There have been no changes in the valuation methodologies at December 31, 2024, compared to December 31, 2023.

Note 8. Fair Value Measurements (Continued)

Mutual funds: These accounts represent investments in mutual funds for which a quoted market price is available on an active market. This fair value is determined by using the quoted market prices available and are classified within Level 1 of the valuation hierarchy.

Common collective trust fund: Valued at net asset value, used as a practical expedient, of the collective trust funds held by the Plan at year-end.

Note 9. Prohibited Transactions

During the year ended December 31, 2023, the Plan Sponsor inadvertently failed to deposit \$695,962 of participant deferrals within the required time frame as stated by the United States Department of Labor regulations. The Plan Sponsor intends to deposit lost earnings to correct this failure in 2025. The Plan Sponsor intends to file Form 5330 and intends to pay excise tax to the IRS. The correction and any excise taxes, if applicable, will be made from the Plan Sponsor's assets and not from the assets of the Plan.
