## Independent Auditors' Report

### The Plan Administrator and Participants of Covenant House Savings and Retirement Plan

#### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the accompanying financial statements of Covenant House Savings and Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institutions").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

#### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.
- the information in the financial statements referred to above related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**The Plan Administrator and Participants of  
Covenant House Savings and Retirement Plan**  
Page 2

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Emphasis of Matter - Basis of Accounting***

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

## **The Plan Administrator and Participants of Covenant House Savings and Retirement Plan**

Page 3

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting as described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with modified cash basis of accounting as described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Supplemental Schedules Required by ERISA***

The supplemental schedules of: (1) Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions (modified cash basis) for the year ended December 31, 2024 and (2) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules (modified cash basis) related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

## Covenant House Savings and Retirement Plan

Notes to Financial Statements  
(Modified Cash Basis)  
December 31, 2024

### 1. Description of Plan

The following description of the Covenant House Savings and Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### ***General and Eligibility***

The Plan is a defined contribution plan covering substantially all employees of Covenant House and its United States affiliates (the "Employer"). An employee must be 21 years of age and complete one year of service to be eligible for participation in the Plan. One year of service is defined as working 1,000 hours or more. Employees who are non-resident aliens are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

#### ***Contributions***

The Plan has an automatic deferral feature of 2% which applies to all participants who are eligible to defer. Participants may elect to have a percentage deducted on a pre or after tax basis from their compensation as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. A participant may elect to increase, decrease or suspend their contributions according to procedures established by the Employer. There is an annual dollar limit as to the amount that can be contributed on a pre-tax basis into the Plan which is determined by Internal Revenue Service ("IRS") and adjusted annually.

At the Employer's sole discretion, the Employer may make matching contributions on behalf of each participant in any specific percentage of the participants' elective deferrals. Participants who work less than 1,000 hours per year are not eligible for matching contributions.

In addition to the matching contribution, the Employer may make a discretionary non-elective contribution. The Employer non-elective contribution for each eligible participant is a percentage of eligible compensation using the uniform points allocation method based on the sum of the participant's age and service for the prior Plan year in accordance with the following schedule:

<u>Points (Sum of Age and Service)</u>	<u>Percentage of Eligible Compensation</u>
0 - 34	1.00%
35-44	2.00%
45-54	3.50%
55-64	5.50%
65-74	7.25%
75 and up	9.00%

## Covenant House Savings and Retirement Plan

Notes to Financial Statements  
(Modified Cash Basis)  
December 31, 2024

### 1. Description of Plan *(continued)*

#### ***Contributions (continued)***

Participants who work less than 1,000 hours per year are not eligible for non-elective contributions.

#### ***Vesting***

A participant is 100% vested in their own contributions including allocated earnings thereon at all times. Matching and non-elective contributions are subject to a vesting schedule and could be forfeited if a participant terminates their employment, prior to obtaining 3 years of service, or has a break in service. A year of vesting service is defined as working at least 1,000 hours during each Plan year. Matching and non-elective contributions vest as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 3 years of service	0%
3 or more years of service	100%

#### ***Participant Accounts***

Each participant's account is credited with the participant's contributions and an allocation of (a) the Employer's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations of Plan earnings are based on each participant's account balance while Employer contribution allocations of earnings are based on the participant's compensation using a uniform points allocation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### ***Notes Receivable from Participants***

Participants may borrow from their account balance a minimum of \$1,000 up to a maximum of the lesser of one-half of their vested account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1%. Loan repayments must be made through payroll deductions over a term of five years unless the proceeds of the loan are used to purchase the participant's principal residence, in which case the loan term may not exceed ten years. Principal and interest is paid ratably through payroll deductions.

#### ***Payment of Benefits***

Upon termination of service due to death, disability, retirement or other reason, or due to financial hardship a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account.

## Covenant House Savings and Retirement Plan

Notes to Financial Statements  
(Modified Cash Basis)  
December 31, 2024

### 1. Description of Plan (*continued*)

#### ***Forfeitures***

Forfeitures resulting from non-vested portions of participants' account balances will be used to reduce Employer matching and non-elective contributions. At December 31, 2024 and 2023, forfeited account balances held in non-participant directed accounts were \$60,543 and \$99,172. A total of \$101,637 of forfeitures were used to reduce Employer contributions and non-elective contributions for the year ended December 31, 2024.

### 2. Summary of Significant Accounting Policies

#### ***Basis of Accounting***

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP"). Contributions and investment income (loss) are recognized when received and expenses are recognized when paid, except for investment gains or losses which are measured at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with U.S. GAAP. Plan management has determined that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances.

#### ***Use of Estimates***

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### ***Fair Value Measurements***

The Plan follows U.S. GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. All investments measured at fair value at December 31, 2024 and 2023 were valued using level 1 inputs under the fair value hierarchy.

## **Covenant House Savings and Retirement Plan**

Notes to Financial Statements  
(Modified Cash Basis)  
December 31, 2024

### **2. Summary of Significant Accounting Policies (*continued*)**

#### ***Investment Valuation and Income Recognition***

The insurance company investment contract is valued at contract value, and represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price.

Purchase and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

#### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

#### ***Payment of Benefits***

Benefits are recorded when paid.

#### ***Expenses***

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

#### ***Subsequent Events Evaluation by Management***

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 10, 2025.

### **3. Information Certified (Unaudited)**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, line 4i – Schedule of Assets (Held at End of Year) including investments held and notes receivable from participants at December 31, 2024 and 2023, interest and dividends and net appreciation in value of investments and interest on notes receivable from participants, for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by State Street Bank and Trust Company, a qualified institution.

## Covenant House Savings and Retirement Plan

Notes to Financial Statements  
(Modified Cash Basis)  
December 31, 2024

### 4. Insurance Company Investment Contract

The Plan has a fully benefit-responsive investment contract (the "Contract") with Prudential Retirement Insurance and Annuity Company. Contract value represents deposits made to the Contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The Contract issuer is contractually obligated to repay the principal and interest that is guaranteed to participants. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Contract is collateralized by Prudential Retirement Insurance and Annuity Company's general account. There are no specific securities in the general account that back this Contract. The Contract issuer has a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specific period of time as outlined in the Contract.

Interest is credited on Contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the Contract regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis. When establishing interest crediting rates for this Contract, Prudential Retirement Insurance and Annuity Company considers many factors, which include current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio with the issuer's general account.

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the Contract and which require the Plan sponsor to settle at an amount different than contract value paid either within 90 days or over time. The Plan administrator does not believe that the occurrence of any event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The Contract represents approximately 6% and 10% of the Plan's net assets available for benefits as of December 31, 2024 and 2023. The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: S&P Global (A+) (March 2025), Moody's (A1) (December 2024) and A.M. Best (A) (January 2025).

### 5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants accounts will become 100% vested in any unvested Employer contributions allocated to their accounts.

## Covenant House Savings and Retirement Plan

Notes to Financial Statements  
(Modified Cash Basis)  
December 31, 2024

### 6. Tax Status

On March 31, 2017, the Internal Revenue Service issued an opinion letter to the prototype document preparer indicating that the Plan, as then designed, qualifies under Section 403(b) of the IRC. The Plan has since been amended and the Plan administrator believes that the Plan, as amended, is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2021.

### 7. Party-in-Interest Transactions

State Street Bank and Trust Company through Transamerica Retirement Solutions is the Plan's trustee. Accordingly, these transactions are considered exempt party-in-interest transactions under ERISA. Administrative fees paid by the Plan to the trustee amounted to \$239,203.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants on the statements of net assets available for benefits.

Certain employees of the Employer, who may also be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

### 8. Prohibited Transactions

During 2024, the Employer failed to remit to the Plan certain participants' contributions totaling \$237,585 within the period prescribed by Department of Labor regulations. Delays in remitting the contributions to the Plan were due to administrative oversight and the Employer is in the process of making the necessary corrections. The delinquent contributions pertaining to 2023 totaling \$138,670 remain uncorrected as of the date these financial statements were available for issuance. The delinquent contributions pertaining to 2022 totaling \$358,586 were corrected on April 5, 2024.

### 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.
