REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
Bose Employees' Retirement Savings 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Bose Employees' Retirement Savings 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA

The supplemental schedule of assets (held at the end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from

the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule we evaluated whether the supplemental schedule other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bose Employees' Retirement Savings 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Bose (the "Company") Employees' Retirement Savings 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Certain employees of the Company who are at least 18 years of age are eligible to participate in the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in the age-based JP Morgan Smart Retirement Fund, unless the participant chooses otherwise. The automatic deferral percentages will increase 1% annually up to a maximum of 10% of compensation. Plan management is responsible for oversight of the Plan. The Benefits Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's management.

During 2023, Bose Corporation completed a sale of their Professional Division Employees to Transom Post Opco LLC. The Bose Professional Division Employees that were included in this transaction became 100% vested in their matching contributions upon the date of the sale.

Contributions

Each year, participants may contribute up to 75% of their eligible compensation, as defined by the Plan, in accordance with the Internal Revenue Code ("IRC"), subject to certain limitations. Participants are permitted to make pre-tax and Roth contributions to the Plan.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company provides a matching contribution equal to 50% of each participant's contribution not in excess of 4% of the participant's annual compensation. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, and Company contributions as well as an allocation of Plan earnings, and charged an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions made to the Plan plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

Effective January 1, 2024, all participants are 100% vested at all times in all of their accounts and vesting criteria doesn't apply to acceleration on death or disability.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2024 and 2023

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance and may only have one loan outstanding at a time. The notes are secured by the balance in the participant's account and bear interest at a rate of prime plus 2% at inception of the loan. Currently interest rates range from 5.25% to 10.50%. Principal and interest are paid ratably through payroll deductions.

Forfeitures

At December 31, 2024 and 2023, forfeited non-vested accounts totaled approximately \$416,809 and \$436,784, respectively. These accounts will be used to reduce future employer contributions. During 2024, approximately \$440,680 was used to reduce employer contributions. The Plan also includes uncashed checks to participants. Certain uncashed checks are redeposited into the forfeiture account until the check can be reissued to the participant. At December 31, 2024 and 2023, uncashed checks totaled approximately \$12,892 and \$16,603, respectively.

Payments of Benefits

On termination of service due to death, disability or retirement, a participant or their beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in installment payments. For termination of service for other reasons, a participant may elect to defer payment until normal retirement age, provided the participant's vested account is greater than \$1,000, or receive a lump-sum payment, installment payments or a direct rollover to another qualified plan or IRA. If a participant terminates employment for any reason and his or her vested account balance does not exceed \$1,000, the Plan Administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant.

A participant may request an in-service withdrawal of his/her rollover portion of his/her account, including earnings thereon.

At any time, for hardship reasons, a participant may request to withdraw any amount from the total amount of the participant's contributions and earnings accrued thereon.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP") and in compliance with Department of Labor Rules and Regulations for Reporting and Disclosures.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Benefits Committee determines the Plan's valuation policies utilizing information provided by the

Bose Employees' Retirement Savings 401(k) Plan

investment advisors and trustee. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis, interest income is recorded on an accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses. If a participant ceases to make his or her loan payments, and the administrator deems the participant's loan balance to be in default, the participant's loan balance is reduced, and a benefit payment is recorded.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

In addition, the Plan entered into a revenue-sharing agreement with Empower Retirement Services effective January 1, 2020, in which it collects excess revenue generated when investments pay revenue-sharing fees in excess of what is needed to administer the Plan and uses the monies to pay plan expenses or to allocate to plan participants. In 2024, no revenue credits were received.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - FAIR VALUE MEASUREMENTS

Promulgations of the Financial Accounting Standards Board have established a framework for measuring fair value, which provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The highest priority is assigned to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Bose Employees' Retirement Savings 401(k) Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2024 and 2023

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset values ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common and Collective Trusts

The Common and Collective Trusts, including the T. Rowe Price Stable Value Common Trust Fund, are valued based on the NAV of units of the fund. The NAV, as provided by the trustee, is used as a practical expedient for estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Investments in the Common and Collective Trust and Stable Value Funds can be redeemed daily without restriction, have no redemption notification provision or unfunded commitments. The funds have various objectives and certain funds seek to maximize long-term capital appreciation.

Participant-Directed Brokerage Account

Valued based on the fair value of the underlying investments which are carried at fair value based on quoted market prices.

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments at fair value as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Payable for investments purchased as shown in the statements of net assets available for benefits as of December 31, 2023.
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- The schedule of assets (held at end of year) at December 31, 2024.

Bose Employees' Retirement Savings 401(k) Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

NOTE 5 - RELATED-PARTY TRANSACTIONS

Under ERISA, parties-in-interest are defined to include the plan sponsor, officers, directors and employees of the sponsor; direct and indirect owners of the sponsor and their relatives, if they have combined voting power of 50% or more; the plan custodian or trustee and the Plan Administrator; other parties with fiduciary responsibilities; and a person and their relatives, or an organization that provides services to the Plan such as the plan actuary, auditors, lawyers, investment advisors, etc.

Certain plan investments are shares of investments managed by JP Morgan Chase Bank, an affiliate of Empower Trust Company, LLC, the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees earned by Empower Trust Company, LLC for record keeping services were \$110,393 which was directly paid by the Plan. In addition, notes receivable from participants and the revenue-sharing agreement (see Note 2) also qualify as party-in-interest transactions.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants would become 100% vested in their allocable employer contributions.

NOTE 7 - TAX STATUS

The Plan has adopted the prototype plan document of Empower Trust Company, LLC. The prototype plan document received a favorable opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the prototype plan document, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since the date of the last letter. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

Investment Risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 10, 2025, the date for which the financial statements were available for issuance. Management is not aware of any material subsequent events which would require recognition or disclosure in the accompanying financial statements.
