## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
S\TEC Group, Inc.  
401(k) Employee Stock Ownership Plan  
Hammond, Indiana

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of S\TEC Group, Inc. 401(k) Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

---

(Continued)

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Emphasis of Matter***

As discussed in Note 5, investments amounting to \$15,718,079 and \$14,251,481 as of December 31, 2024 and 2023, respectively, have been valued at estimated fair value as determined by independent appraisals which have been reviewed and approved by Plan management. These amounts represent 37% and 38% of net assets available for benefits as of December 31, 2024 and 2023. Our opinion is not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

---

(Continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental schedule of Schedule H, Line 4(i) - Schedule of Assets (Held at the End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SITEC GROUP, INC. 401(k) EMPLOYEE STOCK OWNERSHIP PLAN  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2024 and 2023

---

**NOTE 1 - DESCRIPTION OF PLAN**

The following description of the SITEC Group, Inc. 401(k) Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information.

General: The Plan was established effective July 1, 1990. The Plan is a defined contribution plan covering all eligible employees of SITEC Group, Inc. (the Company) who have completed two months of service, are age eighteen or older, are not covered by a collective bargaining agreement, and are not a non-resident alien. Employees who have completed a year of service, are age eighteen or older, are not covered by a collective bargaining agreement, and are not a non-resident alien, and are employed on December 31<sup>st</sup> of the current Plan year are eligible to receive the employer matching contributions. Employees who have completed one year of service, are eighteen or older, are not covered by a collective bargaining agreement, are not a non-resident alien, and are employed on December 31<sup>st</sup> of the current Plan year are eligible to receive ESOP allocations. Employees not earning any U.S. income are also excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Participants may contribute tax deferred contributions up to the lesser of the federal statutory limit or 50% of the participant's compensation. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company may make a discretionary 401(k) match in an amount determined by the Board of Directors annually. For 2024, the Board elected to make discretionary 401(k) matching contributions to the participants' accounts equal to 40% of the participants' deferral, up to a maximum of \$2,000. Additional discretionary profit-sharing contributions may be made by the Company. For the 2024 Plan year, the Company elected not to make a discretionary profit-sharing contribution.

The Company may, at the discretion of its Board of Directors, make additional cash or employer stock contributions to the Plan as long as the total contributions do not exceed the maximum allowable under federal income tax regulations. The Company made an additional cash contribution of \$1,257,395 in 2024. The Company elected not to make a discretionary stock contribution. Only the Company can make a stock contribution to the Plan.

Participant Accounts: Each participant's account is credited with the participant's contribution, and an allocation of (a) the Company's contributions, (b) the Plan's earnings, and (c) forfeitures of terminated participants' nonvested accounts after expenses are paid. Allocations are based on participant earnings, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Retirement, Death, and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon and the Company's discretionary 401(k) matching contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. Service prior to the effective date of the Plan is excluded for vesting purposes. A participant is 100% vested after 6 years of credited service. Forfeitures of terminated participants' nonvested accounts are re-allocated to eligible participants after expenses are paid.

**NOTE 1 - DESCRIPTION OF PLAN** (Continued)

Voting Rights: The Plan trustees vote all Company shares held by the plan as amended in the January 2008 plan restatement. In the event of any matter involving the voting of Company stock with respect to approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, dissolution, sale of substantially all of the assets of a trade or business, or other transactions prescribed by regulation, each participant is entitled to direct the trustees as to the exercise of any shareholder voting rights attributable to shares allocated to their account, but only to the extent required by ERISA.

Diversification: Participants who have attained the age of 55 and completed 10 years of qualified service are allowed to direct a portion (as defined in the plan document) of the investment of their company stock balances in the Plan into the participants' other investments account in order to diversify their retirement portfolio. For 2024, eligible participants elect to diversify their balance for the amounts of \$391,269. This is included as "Net Participant Transfers" in Statement of Changes in Net Assets Available for Benefits.

Payment of Benefits: On termination of service, for the portion of a participant's account that is not attributable to company stock, a participant may elect to receive either a lump-sum amount equal to the value of his or her vested account or annual installments over designated periods. The portion of the participant's account attributable to company stock will be paid in five equal annual installments, beginning at the end of the sixth year following separation from service. If there is an outstanding stock acquisition loan in the Plan, payments from the company stock account will be further deferred until this loan is paid off. Distributions from the company stock account will be paid in the form of cash, as the Company will repurchase the stock from the participant's account at fair value. As of December 31, 2024 and 2023, there were no benefits requested from the Plan which had not been paid.

Investment Funds: Participants have the option of directing their pre-tax contributions and the Company's matching and profit-sharing contributions to any or all of several mutual funds, a pooled separate account, and a collective trust (liquidated as of the year end). Employer mandatory and discretionary contributions under the ESOP portion of the Plan are invested in Company common stock.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The principles and policies that significantly affect the determination of net assets and results of operations are summarized below.

Basis of Accounting: The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation: Investments are stated at fair value as further described in Note 5. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net Appreciation/Depreciation of Investments: In accordance with the policy of stating investments at fair value, net unrealized appreciation or depreciation for the year is reflected in the statement of changes in net assets available for benefits.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates. An estimate that is more susceptible to change in the near term is the fair value of the investment in common stock of the Company.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks, including risks related to a global event. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits: Benefit payments are recorded when paid.

**NOTE 3 – CERTIFIED INVESTMENTS**

With the exception of information presented in Note 4, certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments (other than employer stock) held at December 31, 2024 and 2023, and net appreciation in fair value of investments (other than employer stock), interest and dividends for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company.

**NOTE 4 – NON-PARTICIPANT DIRECTED INVESTMENTS**

The following represents the Plan's non-participant directed investments, at fair value, that are held by the Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, but have not been certified:

	<u>2024</u>	<u>2023</u>
S\TEC Group, Inc. common shares:		
Number of shares	<u>85,281</u>	<u>85,446</u>
Appraised value per share	\$ 184.31	\$ 166.79
Estimated fair value	<u>\$ 15,718,079</u>	<u>\$ 14,251,481</u>

The Plan's investment in the Company's stock constitutes approximately 37% and 38% of the Plan's total assets at December 31, 2024 and 2023. The activity is illustrated in the statement of changes in net assets available for benefits. As of December 31, 2024 and 2023, the Plan owned 100% of the Company's issued and outstanding stock.

During 2024, the Plan's investment in employer stock appreciated in value by \$1,497,008.

## NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The effect of a change in valuation technique or its application on a fair value estimate is accounted for prospectively as a change in accounting estimate. When evaluating indications of fair value resulting from the use of multiple valuation techniques, the Plan is to select the point within the fair value measurements as determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs.

The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

*Mutual funds:* The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

*Company common stock:* The fair value of the SITEC Group, Inc. common stock is estimated annually as of the financial statement date, based upon the results of an independent third-party appraisal performed by a business appraiser selected by the Plan Trustee, who is accredited by the American Society of Appraisers. The appraisal is performed using the discounted cash flow method (Level 3 inputs). Under the discounted cash flow method, cash flow projections are based upon past performance as identified in audited and unaudited financial statements of the Company and management's projections of the Company's future performance. The resulting cash flow projections are discounted using a market related discount rate (which incorporates the Company's estimated weighted average cost of capital). A discount for lack of marketability is applied since the Company's stock is not readily tradeable on an established market. The fair value of the shares of the Company stock at December 31, 2024 and 2023 was \$184.31 and \$166.79 per share, respectively.

*Pooled separate account:* The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit.

**NOTE 5 - FAIR VALUE MEASUREMENTS** (Continued)

*Collective trust:* The fair value of the interest in the stable value collective trust is based upon the net asset values of such fund. The collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2024

\* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

Plan investments measured at fair value on a recurring basis using significant unobservable inputs (Level 3) for the year ended December 31, 2024 included no purchases or issuances.

**NOTE 5 - FAIR VALUE MEASUREMENTS** (Continued)

During 2024, the Company's employee benefit trust reflected a reduction of 165 shares. The reduction was not the result of a repurchase transaction or a sale of shares back to the Company. Instead, the shares were applied to cover plan-related administrative expenses.

**NOTE 6 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

**NOTE 7 - TAX STATUS**

The trust established under the Plan to hold the Plan's assets is designed to be qualified pursuant to the appropriate section of the Internal Revenue Code (IRC), and accordingly, the trust's net investment income is exempt from income taxes. The Plan had obtained a favorable tax determination letter from the Internal Revenue Service (IRS) dated November 1, 2013. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the PDIan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

**NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS**

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others.

The Plan paid administrative expenses during 2024 to the following parties-in-interest:

<u>Identity</u>	<u>Relationship</u>
Comstock Advisors	Valuation Firm
Crowe LLP	Auditor
Principal Financial Group	Contract Administrator
Strategic Retirement Partners	Investment Advisory

In addition, certain plan investments are considered party-in-interest investments as they are either shares of common stock of the Company or are investments managed by the Principal Financial Group or one of its affiliates. The Plan's investment in Company common stock is considered to be a party-in-interest transaction (see Note 4).
