INDEPENDENT AUDITORS' REPORT

To the Board of Directors of the
QCHC Management Services 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of QCHC Management Services 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of QCHC Management Services 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note B.

- The information in the financial statements referred to above is related to assets held by and certified to by a qualified institution that agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of QCHC Management Services 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about QCHC Management Services 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in *the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a

whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of QCHC Management Services 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about QCHC Management Services 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule (modified cash basis) of Schedule H, Line 4i — Schedule Of Assets (Held at End of Year) as of December 31, 2024, is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such

information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

QCHC MANAGEMENT SERVICES 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE A. DESCRIPTION OF PLAN

The following description provides only general information about the QCHC Management Services 401(k) Profit Sharing Plan and Trust (the Plan). Participants should refer to the Plan agreement for a more complete description of its provisions.

General

The Plan is a defined contribution plan covering the Company's employees who meet the Plan's service requirements. Employees are eligible to participate in the Plan on the next eligibility date after they have completed three months of service. Eligibility dates are the first day of the month coinciding with or the next date on which the employee meets the eligibility requirements. At December 31, 2024 and 2023, there were 159 and 157 participants, respectively, with account balances in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, the Company may contribute, without regard to net profits, an amount at its sole discretion that it elects for the Plan year. Participants may contribute 100% of pretax annual compensation, as defined in the Plan, up to an annual dollar limit of \$23,000 and \$22,500 for 2024 and 2023, respectively. Participants who reach the age of 50 before the end of the year are eligible to make catch-up contributions. The Plan is a safe harbor plan. Under the safe harbor provision, the Company is required to make matching contributions on behalf of participants who contribute during the year. The safe harbor contribution for each eligible participant is calculated as follows: 100% of the participant's elective deferrals up to 3% of compensation and 50% of elective deferrals that exceed 3% but do not exceed 5% of compensation. The safe harbor matching contribution for the year ended December 31, 2024 was \$295,556. At its discretion, the Company may make profit-sharing contributions on behalf of all eligible participants. The total profit-sharing contribution for the year ended December 31, 2024 was \$0.

Vesting

Participants are immediately vested in their pretax contributions, Company matching contributions, and qualified non-elective contributions plus actual earnings thereon. Vesting in the Company's profit-sharing portion plus the actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of accredited service.

NOTE A. DESCRIPTION OF PLAN — CONTINUED

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' wages or account balances, as defined. Participants direct their investment options at the time of enrollment by choosing from several portfolios that contain various levels of risk, which allows participants to manage their investments based on their personal risk tolerance. At December 31, 2024 and 2023, 100% of the Plan's investments were participant directed. A participant is entitled to the benefit that can be provided from the participant's vested account. For the years ended December 31, 2024 and 2023, forfeitures used to offset plan expenses were \$0. The remaining administration expenses not offset by forfeitures were allocated to participant accounts.

Payment of Benefits

Benefits are recorded when paid. Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in their account or a combination of a single sum and annual installments in the amount and on the dates selected by them. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. At December 31, 2024 and 2023, vested benefits held by the Plan on separated participants were \$539,056 and \$475,479, respectively.

Participant Loans

Participants may borrow from \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance from their fund accounts. The loans are secured by the balance in the participant's account and bear interest at a rate that is reasonable compared to rates charged for a loan under similar circumstances. Once the participant's loan is established, that interest rate will be fixed for the life of the loan. Current rates in effect range from 4.25% to 9.50%. The principal and interest are paid ratably through bi-weekly payroll deductions. Participant loans are valued at the amortized cost of the loans.

Operating Expenses

Most operating expenses are absorbed by the Plan sponsor, except \$29,133, which the Plan paid in the year ended December 31, 2024.

NOTE B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements and supplemental schedule of the Plan were prepared under the modified cash method of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis, certain revenues and the related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred. Investments are also reported at market value rather than historical cost.

Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note G for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2024 are reported in net appreciation in the fair value of investments.

NOTE C. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants will become 100% vested in their accounts in the event of Plan termination.

**NOTE D. INVESTMENTS — INFORMATION CERTIFIED BY THE TRUSTEE
(UNAUDITED)**

At December 31, 2024 and 2023, the Plan’s investments were held by the trustee. All of the Plan’s investments are participant directed. The following is a summary of the Plan’s financial information that is included in the financial statements and supplemental schedule based on information certified by Mid-Atlantic Trust Company dba American Trust Custody as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

DECEMBER 31, 2024 AND 2023

NOTE E. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits. Significant concentration of investments exists because American Funds made up 67% of the Plan's investments at December 31, 2024 with a total fair market value of \$2,418,782, and J.P. Morgan funds made up 67% of the Plan's investments at December 31, 2023 with a fair market value of \$2,006,808.

NOTE F. TAX STATUS

The Plan has not applied to the Internal Revenue Service for a determination letter as of this date. However, Paychex Inc. received a favorable opinion letter from the Internal Revenue Service dated August 31, 2020, for its Prototype Non-Standardized Pre-Approved Profit-Sharing Plan with CODA. This letter stated that the prototype plan was in compliance with the applicable requirements of the Internal Revenue Code for use by employers for the benefit of their employees. QCHC Management Services 401(k) Profit Sharing Plan and Trust has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Service Code. Therefore, the administrator believes the Plan is qualified, and the related trust was tax-exempt, as of the financial statement dates. In evaluating the Plan's tax provisions and accruals, future taxable income, and the reversal of temporary differences, interpretations, and tax planning strategies are considered. The Plan believes its estimates are appropriate based on current facts and circumstances.

NOTE G. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS — CONTINUED
DECEMBER 31, 2024 AND 2023

NOTE G. FAIR VALUE MEASUREMENTS — CONTINUED

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets or liabilities, and Level 3 inputs consist of unobservable inputs and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs determined by an independent third party to value its insurance company's general account. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE G. FAIR VALUE MEASUREMENTS — CONTINUED

The following is a description of the valuation methodologies used for assets measured at fair value.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock and U.S. government securities are based on quoted market prices in an active market.

Assets at Fair Value as of December 31, 2024

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of the
QCHC Management Services 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of QCHC Management Services 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of QCHC Management Services 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note B.

- The information in the financial statements referred to above is related to assets held by and certified to by a qualified institution that agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of QCHC Management Services 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about QCHC Management Services 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in *the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a

whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of QCHC Management Services 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about QCHC Management Services 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule (modified cash basis) of Schedule H, Line 4i — Schedule Of Assets (Held at End of Year) as of December 31, 2024, is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such

information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

QCHC MANAGEMENT SERVICES 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE A. DESCRIPTION OF PLAN

The following description provides only general information about the QCHC Management Services 401(k) Profit Sharing Plan and Trust (the Plan). Participants should refer to the Plan agreement for a more complete description of its provisions.

General

The Plan is a defined contribution plan covering the Company's employees who meet the Plan's service requirements. Employees are eligible to participate in the Plan on the next eligibility date after they have completed three months of service. Eligibility dates are the first day of the month coinciding with or the next date on which the employee meets the eligibility requirements. At December 31, 2024 and 2023, there were 159 and 157 participants, respectively, with account balances in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, the Company may contribute, without regard to net profits, an amount at its sole discretion that it elects for the Plan year. Participants may contribute 100% of pretax annual compensation, as defined in the Plan, up to an annual dollar limit of \$23,000 and \$22,500 for 2024 and 2023, respectively. Participants who reach the age of 50 before the end of the year are eligible to make catch-up contributions. The Plan is a safe harbor plan. Under the safe harbor provision, the Company is required to make matching contributions on behalf of participants who contribute during the year. The safe harbor contribution for each eligible participant is calculated as follows: 100% of the participant's elective deferrals up to 3% of compensation and 50% of elective deferrals that exceed 3% but do not exceed 5% of compensation. The safe harbor matching contribution for the year ended December 31, 2024 was \$295,556. At its discretion, the Company may make profit-sharing contributions on behalf of all eligible participants. The total profit-sharing contribution for the year ended December 31, 2024 was \$0.

Vesting

Participants are immediately vested in their pretax contributions, Company matching contributions, and qualified non-elective contributions plus actual earnings thereon. Vesting in the Company's profit-sharing portion plus the actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of accredited service.

NOTE A. DESCRIPTION OF PLAN — CONTINUED

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' wages or account balances, as defined. Participants direct their investment options at the time of enrollment by choosing from several portfolios that contain various levels of risk, which allows participants to manage their investments based on their personal risk tolerance. At December 31, 2024 and 2023, 100% of the Plan's investments were participant directed. A participant is entitled to the benefit that can be provided from the participant's vested account. For the years ended December 31, 2024 and 2023, forfeitures used to offset plan expenses were \$0. The remaining administration expenses not offset by forfeitures were allocated to participant accounts.

Payment of Benefits

Benefits are recorded when paid. Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in their account or a combination of a single sum and annual installments in the amount and on the dates selected by them. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. At December 31, 2024 and 2023, vested benefits held by the Plan on separated participants were \$539,056 and \$475,479, respectively.

Participant Loans

Participants may borrow from \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance from their fund accounts. The loans are secured by the balance in the participant's account and bear interest at a rate that is reasonable compared to rates charged for a loan under similar circumstances. Once the participant's loan is established, that interest rate will be fixed for the life of the loan. Current rates in effect range from 4.25% to 9.50%. The principal and interest are paid ratably through bi-weekly payroll deductions. Participant loans are valued at the amortized cost of the loans.

Operating Expenses

Most operating expenses are absorbed by the Plan sponsor, except \$29,133, which the Plan paid in the year ended December 31, 2024.

NOTE B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements and supplemental schedule of the Plan were prepared under the modified cash method of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis, certain revenues and the related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred. Investments are also reported at market value rather than historical cost.

Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note G for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2024 are reported in net appreciation in the fair value of investments.

NOTE C. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants will become 100% vested in their accounts in the event of Plan termination.

**NOTE D. INVESTMENTS — INFORMATION CERTIFIED BY THE TRUSTEE
(UNAUDITED)**

At December 31, 2024 and 2023, the Plan’s investments were held by the trustee. All of the Plan’s investments are participant directed. The following is a summary of the Plan’s financial information that is included in the financial statements and supplemental schedule based on information certified by Mid-Atlantic Trust Company dba American Trust Custody as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE E. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits. Significant concentration of investments exists because American Funds made up 67% of the Plan's investments at December 31, 2024 with a total fair market value of \$2,418,782, and J.P. Morgan funds made up 67% of the Plan's investments at December 31, 2023 with a fair market value of \$2,006,808.

NOTE F. TAX STATUS

The Plan has not applied to the Internal Revenue Service for a determination letter as of this date. However, Paychex Inc. received a favorable opinion letter from the Internal Revenue Service dated August 31, 2020, for its Prototype Non-Standardized Pre-Approved Profit-Sharing Plan with CODA. This letter stated that the prototype plan was in compliance with the applicable requirements of the Internal Revenue Code for use by employers for the benefit of their employees. QCHC Management Services 401(k) Profit Sharing Plan and Trust has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Service Code. Therefore, the administrator believes the Plan is qualified, and the related trust was tax-exempt, as of the financial statement dates. In evaluating the Plan's tax provisions and accruals, future taxable income, and the reversal of temporary differences, interpretations, and tax planning strategies are considered. The Plan believes its estimates are appropriate based on current facts and circumstances.

NOTE G. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE G. FAIR VALUE MEASUREMENTS — CONTINUED

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets or liabilities, and Level 3 inputs consist of unobservable inputs and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs determined by an independent third party to value its insurance company's general account. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE G. FAIR VALUE MEASUREMENTS — CONTINUED

The following is a description of the valuation methodologies used for assets measured at fair value.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock and U.S. government securities are based on quoted market prices in an active market.

Assets at Fair Value as of December 31, 2024
