### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of University Neurosurgical Associates, P.C. VIP Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, the statement of accumulated plan benefits as of December 31, 2023, the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of University Neurosurgical Associates, P. C. VIP Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about University Neurosurgical Associates, P. C. VIP Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of University Neurosurgical Associates, P. C. VIP Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about University Neurosurgical Associates, P. C. VIP Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023****NOTE 1 – PLAN DESCRIPTION**

The following description of University Neurosurgical Associates P. C. VIP Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

**General** - The Plan is a defined benefit pension plan which provides retirement benefits to substantially all employees of University Neurosurgical Associates, P.C. (the “Company”) who are not covered by collective bargaining agreements, have completed one year of eligibility service and were age 21 or older. Employees in the Plan were eligible for annual accrued benefits as defined in the Plan agreement for each year in which they worked 1,000 hours through December 31, 2022.

Through a Plan amendment effective December 31, 2022, the plan was frozen. As a result of the Plan amendment, (i) all participants ceased to accrue additional benefits in accordance with the formulas set forth in the Plan agreement, (ii) the accrued benefit of each participant was frozen with respect to service performed and compensation earned as of such date, and (iii) no new employees were eligible to participate in the Plan.

**Participant Accounts** - Under the Plan provisions, amounts are credited by the Company to a pooled, trustee-directed account. Prior to January 1, 2023, contributions for benefit units accrued by each participant was equal to the applicable percentage indicated in the Plan agreement (ranging from .50% to 12.33%) multiplied by the compensation earned by the participant for each Plan year (not to exceed IRS compensation limits) and then divided by the unit value as of March 31st of the year immediately following each Plan year, plus earnings thereon.

**Funding** - The funding policy of the Plan is to make annual contributions to the Plan in amounts that are estimated to keep the Plan above the minimum required funding level. For the years ended December 31, 2024 and 2023, the Company was not required to make a contribution as the Plan was above the minimum required funding level.

**Pension Benefits** - Participants who satisfy the Plan's conditions for normal retirement (age 62) are entitled to monthly pension benefits beginning at normal retirement. Participants may elect to receive their pension benefits as a lump-sum distribution upon retirement or termination, or they may elect to receive their benefits as a life annuity payable monthly upon retirement. The monthly benefit to be accrued is dependent upon the number of benefit units accrued based on the service performed and compensation earned adjusted by the applicable percentage. A participant who is an employee and has attained the age of 62 may also elect to receive an in-service distribution in accordance with the terms of the Plan agreement. Participants were fully vested in benefits after six years of service.

**Death and Disability Benefits** - If an active participant becomes totally and permanently disabled as defined in the plan agreement prior to retirement or separation from service, the participant the benefits payable to the participant is based on the actuarial equivalent of the participant's accrued benefit. Upon death of the participant or retired participant, the benefits payable will be made in accordance with the plan agreement.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting** - The accompanying financial statements are prepared on the accrual basis of accounting.

**Use of Estimates** - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

---

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023****NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued**

**Investment Valuation and Income Recognition** – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Actuarial Present Value of Accumulated Plan Benefits** – Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of January 1, 2024 was (a) life expectancy of participants based on the 2024 Static Mortality Table – Annuitant and Non-Annuitant, (b) retirement age assumptions (the assumed average retirement age was 65), and (c) investment return. The interest rate used to discount the obligation was 4.75% for benefits payable in the first 5 years, 4.96% for benefits payable between 6 and 20 years and 5.59% for benefits payable more than 20 years in the future. The effective interest rate used to discount the obligation was 5.05%. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

**Payment of Benefits** – Benefit payments are recorded when paid.

**Expenses** – As provided in the Plan document, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid a portion of the operating expenses for the Plan. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid directly by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits (when applicable). In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

**Date of Management's Review of Subsequent Events** - The Plan has evaluated subsequent events for potential recognition or disclosure in the financial statements through October 6, 2025 the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

NOTE 3 – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements

Mutual Funds: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<b><u>December 31, 2024</u></b>				
Mutual funds	<u>\$ 12,725,480</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,725,480</u>
<b><u>December 31, 2023</u></b>				
Mutual funds	<u>\$ 12,279,089</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,279,089</u>

NOTE 4 – UNAUDITED INFORMATION CERTIFIED BY THE TRUSTEE

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, as trustee, has certified the completeness and accuracy of the investment information reflected on (1) the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, and (2) the related investment activity reflected in the statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023. Charles Schwab Trust Bank has also certified the completeness and accuracy of the investments reflected in Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2024.

---

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023****NOTE 5 – PLAN TERMINATION**

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employee, or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (“PBGC”) (a U.S. government agency) up to the applicable limitations (discussed below).
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor’s pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan’s termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual’s monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2025, the straight-line annuity ceiling for a 65 year old participant is \$7,432 per month. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of their retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan’s net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

**NOTE 6 – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**NOTE 7 - SIGNIFICANT CONCENTRATIONS**

The following table presents the investments that represent ten percent or more of the Plan's net assets at December 31:

	<u>2024</u>	<u>2023</u>
Vanguard Life Strategy Moderate Growth Fund Investor Shares	\$ 6,318,064	\$ 6,080,022
Vanguard Life Strategy Growth Fund Investor Shares	6,407,416	6,199,067

**NOTE 8 - TAX STATUS**

The Internal Revenue Service has determined and informed the Company by a letter dated July 26, 2017, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

**NOTE 9 - RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST**

The Plan paid certain expenses related to plan operations and investment activity to various service providers. Charles Schwab Trust Bank is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

# UNIVERSITY NEUROSURGICAL ASSOCIATES P.C. VIP PLAN

VALUATION AS OF JANUARY 1, 2024

## Valuation Assumptions and Funding Methods

---

### I. Valuation Method

The unit credit cost method, where the funding target is equal to the sum of the individual liabilities for all the participants. The individual's accrued liability is the present value of the benefit accrued in the prior plan years. The target normal cost is the present value of benefits accruing in the plan year.

### II. Actuarial Value of Assets

Market value of assets as of valuation date plus discounted contributions receivable.

### III. Employees Included in the Calculations

Based on employee data received from University Neurosurgical Associates P.C., all eligible employees as of the valuation date are included in the calculations.

### IV. Economic Assumptions

#### A. Interest Rates for Minimum Funding Requirement:

	<u>Current Year</u>	<u>Prior Year</u>
Segment 1 (0 – 5 years):	4.75%	4.75%
Segment 2 (5 – 20 years):	4.96%	5.00%
Segment 3 (20 + years):	5.59%	5.74%
Effective Interest Rate:	5.05%	5.09%
Look Back Month	None (January)	None (January)

#### B. Interest Rates for Maximum Tax-Deductible Contribution:
