Independent Auditor's Report

Plan Administrator
RLJ Lodging Trust, L.P. 401(k) Plan
Bethesda, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of RLJ Lodging Trust, L.P. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RLJ Lodging Trust, L.P. 401(k) Plan

Notes to the Financial Statements

1. Description of the Plan

The following brief description of RLJ Lodging Trust, L.P. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted effective January 1, 2004, and was most recently restated effective February 28, 2022, by RLJ Lodging Trust, L.P. (the Company), the sponsor of the Plan. The Plan is a defined contribution plan covering all eligible employees of the Company who have attained age 18. Employees who are covered by a collective bargaining agreement and nonresident aliens are not eligible to participate in the Plan. Seasonal employees, temporary employees, and interns are also excluded from participation unless the employee has attained age 21 and completed 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee, Custodian, and Administration of the Plan

The trustee and custodian of the Plan is Fidelity Management Trust Company, and the recordkeeper of the Plan is Fidelity Workplace Services, LLC, for which FMTC served as trustee (collectively, Fidelity). The administrator of the Plan is the Company. Fidelity holds all assets of the Plan in accordance with the service provider contract with the Company. The 401(k) Plan Advisory Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 100% of their pre-tax annual compensation, as defined by the Plan, on either a pre-tax basis or as a Roth contribution. Salary deferral agreements shall be made, terminated or changed according to procedures and limitations set up by the Plan Administrator and the Plan Document. The Company may allow participants, upon proper notice and approval, to enter into a special salary deferral agreement to make employee deferral contributions of up to 100% of any employer paid cash bonus designated by the Company. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees hired or rehired on or after January 1, 2015, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation. Their automatic contributions are made on a pre-tax basis, and their contributions are invested in a designated target date retirement fund until changed by the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

RLJ Lodging Trust, L.P. 401(k) Plan

Notes to the Financial Statements

The Company contributes safe harbor matching contributions equal to 100% of the first 4% of eligible compensation that a participant contributes to the Plan. At year-end, the Company performs a true-up calculation of the employer matching contribution for all participants and makes any necessary additional matching contribution in the subsequent year. The true-up contributions of \$144,896 and \$98,581 for 2024 and 2023, respectively, are recorded as employer contributions receivable in the accompanying statements of net assets available for benefits.

The Company may also make an additional discretionary employer matching contribution up to 4% of eligible compensation for the Plan year, and a discretionary non-elective employer contribution (profit-sharing contribution). No profit-sharing contributions were made during the year ended December 31, 2024.

Eligibility for Company contributions requires employees to complete six months or 500 hours of service, except in the event of death, disability or retirement during the year. Participants who have not completed 501 hours of service during the Plan year are still eligible to receive a profit-sharing contribution if they are employed as of the end of the Plan year.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are 100% vested in all contributions and the allocated earnings thereon.

Payment of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant may elect to receive a lump-sum amount, installment payments equal to the vested portion of the participant's account, leave the account in the Plan, or roll over the vested balance to another qualified retirement plan or IRA. For terminated participants with vested balances greater than \$1,000, but less than \$5,000, their vested balance will be rolled into an IRA with Fidelity unless otherwise elected. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan. Participants may also withdrawal an amount at age 59½ if certain criteria are met.

Forfeitures

At December 31, 2024 and 2023, there were no forfeited non-vested accounts. These accounts may be used to pay administrative expenses and/or reduce future employer contributions. There were no forfeited funds that were used to pay administrative expenses and/or fund employer contributions in 2024.

RLJ Lodging Trust, L.P. 401(k) Plan

Notes to the Financial Statements

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. A participant may only have two loans outstanding at any time. Loans are secured by the participant's account and bear interest at local prevailing rates as determined by the Plan Administrator, which would be made under similar circumstances and are fixed for the term of the loan. The notes are repaid ratably through payroll deductions over a period of five years, unless used to purchase a principal residence, in which case the loan repayment period may not extend beyond ten years. These loans are subject to certain restrictions as defined by the Plan and applicable restrictions under the Internal Revenue Code (IRC).

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions Receivable

Participant contributions and any related discretionary employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Discretionary profit sharing contributions are recorded in the period in which the profit-sharing contribution relates to in accordance with the terms in the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Plan Advisory Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and Fidelity. See Note 4 for additional information related to fair value measurements.

Mutual Funds - The Plan's shares of mutual funds and the money market fund are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

RLJ Lodging Trust, L.P. 401(k) Plan

Notes to the Financial Statements

Collective Trust Fund - The investment in the collective trust is valued at the NAV of units of a collective trust fund. The NAV, as provided by the trustee of the collective investment trust, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. There are no unfunded commitments and the collective trust is a direct filing entity.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest is de minimis. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

RLJ Lodging Trust, L.P. 401(k) Plan

Notes to the Financial Statements

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value and maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring the use of observable inputs when available. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 or 2023. The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,753,431	\$ -	\$ -	\$ 24,753,431

Total Investments , in the fair value hierarchy	\$ 26,258,044	\$ -	\$ -	
Investments, measured at NAV*				814,158
Total Investments , at fair value				\$ 27,072,202

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share:

December 31,

	Fair Value		Redemption	Redemption
	2024	2023	Frequency	Notice Period
Collective Trust				
Reliance Trust New York Life Anchor:				
Account Series I Class O	\$ 592,566	\$ 814,158	Daily	None

5. Income Tax Status

Effective February 28, 2022, the Plan adopted a pre-approved plan document sponsored by Fidelity. Fidelity received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

6. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Fidelity, or its subsidiaries and affiliates. Participant loan and distribution processing fees are paid to Fidelity by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

RLJ Lodging Trust, L.P. 401(k) Plan

Notes to the Financial Statements

7. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions on behalf of the employees at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants would remain 100% vested in their accounts.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

<i>December 31,</i>	2024	2023
Net Assets Available for Benefits , per financial statements	\$ 25,578,535	\$ 27,327,474
Less: employer contributions receivable	(144,896)	(98,581)
Net Assets Available for Benefits , per Form 5500	\$ 25,433,639	\$ 27,228,893

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Form 5500:

<i>Year ended December 31, 2024</i>	
Net Decrease in Net Assets Available for Benefits , per financial statements	\$ (1,748,939)
Add: 2023 employer contributions receivable	98,581
Less: 2024 employer contributions receivable	(144,896)
Net Loss , per Form 5500	\$ (1,795,254)

10. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 8, 2025 the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of RLJ Lodging Trust, L.P. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RLJ Lodging Trust, L.P. 401(k) Plan

Notes to the Financial Statements

1. Description of the Plan

The following brief description of RLJ Lodging Trust, L.P. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted effective January 1, 2004, and was most recently restated effective February 28, 2022, by RLJ Lodging Trust, L.P. (the Company), the sponsor of the Plan. The Plan is a defined contribution plan covering all eligible employees of the Company who have attained age 18. Employees who are covered by a collective bargaining agreement and nonresident aliens are not eligible to participate in the Plan. Seasonal employees, temporary employees, and interns are also excluded from participation unless the employee has attained age 21 and completed 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee, Custodian, and Administration of the Plan

The trustee and custodian of the Plan is Fidelity Management Trust Company, and the recordkeeper of the Plan is Fidelity Workplace Services, LLC, for which FMTC served as trustee (collectively, Fidelity). The administrator of the Plan is the Company. Fidelity holds all assets of the Plan in accordance with the service provider contract with the Company. The 401(k) Plan Advisory Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 100% of their pre-tax annual compensation, as defined by the Plan, on either a pre-tax basis or as a Roth contribution. Salary deferral agreements shall be made, terminated or changed according to procedures and limitations set up by the Plan Administrator and the Plan Document. The Company may allow participants, upon proper notice and approval, to enter into a special salary deferral agreement to make employee deferral contributions of up to 100% of any employer paid cash bonus designated by the Company. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees hired or rehired on or after January 1, 2015, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation. Their automatic contributions are made on a pre-tax basis, and their contributions are invested in a designated target date retirement fund until changed by the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

RLJ Lodging Trust, L.P. 401(k) Plan

Notes to the Financial Statements

The Company contributes safe harbor matching contributions equal to 100% of the first 4% of eligible compensation that a participant contributes to the Plan. At year-end, the Company performs a true-up calculation of the employer matching contribution for all participants and makes any necessary additional matching contribution in the subsequent year. The true-up contributions of \$144,896 and \$98,581 for 2024 and 2023, respectively, are recorded as employer contributions receivable in the accompanying statements of net assets available for benefits.

The Company may also make an additional discretionary employer matching contribution up to 4% of eligible compensation for the Plan year, and a discretionary non-elective employer contribution (profit-sharing contribution). No profit-sharing contributions were made during the year ended December 31, 2024.

Eligibility for Company contributions requires employees to complete six months or 500 hours of service, except in the event of death, disability or retirement during the year. Participants who have not completed 501 hours of service during the Plan year are still eligible to receive a profit-sharing contribution if they are employed as of the end of the Plan year.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are 100% vested in all contributions and the allocated earnings thereon.

Payment of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant may elect to receive a lump-sum amount, installment payments equal to the vested portion of the participant's account, leave the account in the Plan, or roll over the vested balance to another qualified retirement plan or IRA. For terminated participants with vested balances greater than \$1,000, but less than \$5,000, their vested balance will be rolled into an IRA with Fidelity unless otherwise elected. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan. Participants may also withdrawal an amount at age 59½ if certain criteria are met.

Forfeitures

At December 31, 2024 and 2023, there were no forfeited non-vested accounts. These accounts may be used to pay administrative expenses and/or reduce future employer contributions. There were no forfeited funds that were used to pay administrative expenses and/or fund employer contributions in 2024.

RLJ Lodging Trust, L.P. 401(k) Plan

Notes to the Financial Statements

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. A participant may only have two loans outstanding at any time. Loans are secured by the participant's account and bear interest at local prevailing rates as determined by the Plan Administrator, which would be made under similar circumstances and are fixed for the term of the loan. The notes are repaid ratably through payroll deductions over a period of five years, unless used to purchase a principal residence, in which case the loan repayment period may not extend beyond ten years. These loans are subject to certain restrictions as defined by the Plan and applicable restrictions under the Internal Revenue Code (IRC).

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions Receivable

Participant contributions and any related discretionary employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Discretionary profit sharing contributions are recorded in the period in which the profit-sharing contribution relates to in accordance with the terms in the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Plan Advisory Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and Fidelity. See Note 4 for additional information related to fair value measurements.

Mutual Funds - The Plan's shares of mutual funds and the money market fund are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

RLJ Lodging Trust, L.P. 401(k) Plan

Notes to the Financial Statements

Collective Trust Fund - The investment in the collective trust is valued at the NAV of units of a collective trust fund. The NAV, as provided by the trustee of the collective investment trust, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. There are no unfunded commitments and the collective trust is a direct filing entity.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest is de minimis. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

RLJ Lodging Trust, L.P. 401(k) Plan

Notes to the Financial Statements

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value and maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring the use of observable inputs when available. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 or 2023. The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,753,431	\$ -	\$ -	\$ 24,753,431

Investments, measured at NAV*				814,158
Total Investments , at fair value				\$ 27,072,202

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share:

December 31,

	Fair Value		Redemption	Redemption
	2024	2023	Frequency	Notice Period
Collective Trust				
Reliance Trust New York Life Anchor:				
Account Series I Class 0	\$ 592,566	\$ 814,158	Daily	None

5. Income Tax Status

Effective February 28, 2022, the Plan adopted a pre-approved plan document sponsored by Fidelity. Fidelity received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

6. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Fidelity, or its subsidiaries and affiliates. Participant loan and distribution processing fees are paid to Fidelity by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

RLJ Lodging Trust, L.P. 401(k) Plan

Notes to the Financial Statements

7. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions on behalf of the employees at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants would remain 100% vested in their accounts.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

<i>December 31,</i>	2024	2023
Net Assets Available for Benefits, per financial statements	\$ 25,578,535	\$ 27,327,474
Less: employer contributions receivable	(144,896)	(98,581)
Net Assets Available for Benefits, per Form 5500	\$ 25,433,639	\$ 27,228,893

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Form 5500:

Year ended December 31, 2024

Net Decrease in Net Assets Available for Benefits, per financial statements	\$ (1,748,939)
Add: 2023 employer contributions receivable	98,581
Less: 2024 employer contributions receivable	(144,896)
Net Loss, per Form 5500	\$ (1,795,254)

10. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 8, 2025 the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
