INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of

AMERICAN AIRLINES, INC. 401(k) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of *American Airlines, Inc. 401(k) Plan* ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements (the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditors' Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the "Auditors' Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AMERICAN AIRLINES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(1) Description of the Plan

The following description of the *American Airlines, Inc. 401(k) Plan* (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution program for eligible employees of American Airlines, Inc. (“American”). American, or its authorized delegate, is the Plan administrator. The Plan allows tax-deferred savings by eligible employees to provide funds for their retirement. The Plan is intended to meet the requirements of Sections 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended (the “Code”), as well as the requirements of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Fidelity Workplace Services, LLC serves as the Plan’s recordkeeper and provides other contract administration services for the Plan. Fidelity Management Trust Company (the “Trustee” or “Fidelity”) is the Plan’s trustee.

American has a trust agreement with Fidelity whereby all investments of the Plan are held in the Master Trust for Defined Contribution Plans of American Airlines, Inc. and Affiliates (the “Master Trust”).

Income tax status

The Plan is intended to be qualified and exempt under the applicable sections of the Code. The Plan has received a favorable determination letter from the Internal Revenue Service (“IRS”) regarding the Plan’s tax-qualified status. Although the Plan has since been amended, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore, believes the Plan continues to be tax-qualified. The Plan administrator has indicated that it will take the necessary steps to maintain the Plan’s qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Eligibility

Employees are eligible to participate in the Plan as soon as administratively possible following the employee’s hire date.

Contributions

The Plan is voluntary and provides that each participant may elect to allow the employer to deduct from the participant’s eligible compensation contributions to the Plan on a before-tax, Roth or after-tax basis. Such contributions are subject to certain limitations in accordance with provisions of the Code.

The Plan automatically enrolls all management and support staff (“MSS”) employees, employees represented by the Transportation Workers Union of America, AFL-CIO (“TWU represented employees”), employees represented by the Transport Workers Union and the International Association of Machinists and Aerospace Workers (“TWU-IAM”) and designated as TWU employees (“TWU designated

employees”), the Airline Customer Service Employee Association – Communication Workers of America and International Brotherhood of Teamsters (“CWA-IBT”) employees, the Professional Airline Flight Control Association (“PAFCA”) employees and flight attendants. Auto-enrollment commences at a 3% employee contribution rate after a 30-day grace period or, for all MSS employees hired or rehired on or after January 1, 2019, at a 6% employee contribution rate. Employees can elect a different contribution percentage or elect not to contribute to the Plan at any time.

After meeting the service requirement defined by the Plan, certain participants receive employer contributions. International Association of Machinists and Aerospace Workers (“IAM”) designated employees represented by the TWU-IAM receive 100% company matching contributions of up to 4% of eligible compensation, as defined by the Plan. TWU designated employees, TWU represented employees, and PAFCA employees receive non-elective employer contributions of 5% of eligible compensation plus 100% company matching contributions of up to 4% of eligible compensation, as defined by the Plan.

For pay received from January 1, 2024, through January 25, 2024, CWA-IBT participants received 100% company matching contributions of up to 5.5% of eligible compensation. For pay received on or after January 26, 2024, eligible CWA-IBT participants receive non-elective employer contributions of 5% of eligible compensation plus 100% company matching contributions of up to 4% of eligible compensation, as defined by the Plan.

For pay received through December 31, 2024, flight attendant participants received non-elective employer contributions of 3% of eligible compensation plus 100% company matching contributions on their before-tax and/or Roth contributions of up to 2.5% of eligible compensation, as defined by the Plan. For pay received on or after January 1, 2025, flight attendant participants will receive non-elective employer contributions of 5% of eligible compensation plus 100% company matching contributions of up to 4% of eligible compensation, as defined by the Plan.

For pay received through December 31, 2024, MSS participants received 100% company matching contributions of up to 5.5% of eligible compensation. For pay received on or after January 1, 2025, MSS participants will receive non-elective employer contributions of 5% of eligible compensation plus 100% company matching contributions of up to 4% of eligible compensation, as defined by the Plan.

Distribution payments

In accordance with the Plan document and as allowed under Section 401(k) of the Code, distributions of participants’ vested account balances are available upon attainment of age 59½, death, disability, or separation from service and in amounts necessary to satisfy a financial hardship. Participants may withdraw after-tax and rollover contributions at any time.

Notes receivable from participants

Participants may borrow from their vested accounts a maximum amount equal to the lesser of \$50,000 (less certain prior loan amounts) or 50% of their vested account balance. Note receivable transactions are treated as transfers between the investment funds and notes receivable from participants. Terms cannot exceed five years, except for notes obtained to purchase a primary residence, which cannot exceed 30 years. The notes are secured by the vested balance in the participant's account and bear interest based on the prime interest rate as published on the first business day of each month, as defined by the Plan, plus one percent. For active participants, principal and interest are paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

Forfeitures and vesting

Participants are immediately vested in their participant contributions plus earnings thereon. The Plan requires participants to be employed for two years before becoming 100% vested in company contributions, plus earnings thereon. Accounts that are voluntarily transferred into the Plan from a plan sponsored by a related employer are subject to the vesting rules in effect under the prior plan but will otherwise be subject to the terms of the Plan.

At December 31, 2024 and 2023, forfeitures totaled \$1,945,000 and \$1,674,000 respectively. These accounts are used to restore reemployed participants' previously forfeited account balances and then to reduce employer contributions.

Plan termination

While American has not expressed any intent to terminate the Plan, it is free to do so at any time, subject to the provisions of ERISA and the applicable provisions, if any, of the collective bargaining agreements covering participants of the Plan. If the Plan is terminated, each participant will become fully vested in his/her account balance.

Plan transfers

The Plan allows certain Plan participants to voluntarily transfer their accounts from the Envoy Air Inc. 401(k) Plan, the Piedmont Airlines, Inc. Employee Savings Plan, the Piedmont Airlines, Inc. 401(k) Savings Plan for Pilots, or the PSA Airlines, Inc. 401(k) Savings Plan to the Plan.

(2) Summary of significant accounting policies

Basis of accounting

The Plan's financial statements are prepared on the accrual basis of accounting, except for distribution payments, in accordance with accounting principles generally accepted in the United States of America.

Investments

American maintains the investments of the Plan and its other defined contribution plan in the Master Trust. The Master Trust is maintained to maximize the investment and income potential for all plans and to limit the exposure to loss for any single plan.

Investments held by the Master Trust are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date.

Participant accounts

Each participant's account is credited with the participant's contributions, rollovers, employer contributions, and an allocation of earnings or losses, and is charged with an allocation of any related expenses or charges, as defined by the Plan. Allocations are based on participant account balances, as defined by the Plan. The benefit to which a participant is entitled is limited to that which can be provided from the participant's vested account.

AMERICAN AIRLINES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

Allocations from Master Trust

Net investment income allocated from the Master Trust, including net appreciation in fair value of investments, interest and dividend income and investment expenses, is allocated daily to all participating plans based on the fair value of each plan's interest in the Master Trust.

Net appreciation in fair value of investments held in the Master Trust includes realized and unrealized investment gains and losses, as well as capital gain distributions.

Realized gains and losses on the disposal of securities are determined based on the average cost of securities sold, while unrealized gains and losses are determined on the basis of the average cost of securities held at the end of the year.

Contributions

Contributions are recorded in the year when payroll deductions are made for Plan participants.

Distribution payments

Distribution payments are recorded when paid.

Administrative expenses

Administrative expenses, including recordkeeping and maintenance fees, are paid by the Plan through direct participant account allocations.

Notes receivable from participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a distribution is recorded.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

Risks and uncertainties

The Master Trust invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

Subsequent events

The Plan's management has evaluated subsequent events through October 6, 2025, which is the date the financial statements were available to be issued and determined that there were no subsequent events or transactions requiring recognition or disclosure in the financial statements.

(4) Fair value measurements

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to observable inputs in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 Observable inputs such as quoted prices available in active markets for identical assets or liabilities;
- Level 2 Inputs other than quoted prices in active markets for similar assets or liabilities, that are observable either directly or indirectly; and
- Level 3 Unobservable inputs for the asset or liability that are supported by little or no market activity, which require the reporting entity to develop its own assumptions.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The Master Trust's assets measured at fair value on a recurring basis are as follows (in thousands):

	Fair Value Measurements at December 31, 2024

AMERICAN AIRLINES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

- (a) Certain investments that are measured using net asset value per share (or its equivalent) as a practical expedient for fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the Master Trust amounts presented in Note 3.

The following is a description of the valuation methodologies used for assets measured at fair value.

Money market fund

Investments in shares of money market funds are stated at net asset value, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions, and are classified as Level 1 investments.

Self-directed brokerage accounts and AAL stock fund

The self-directed brokerage accounts primarily hold corporate common stocks, exchange-traded funds (“ETFs”) and mutual funds that are exchange traded and valued based on quoted market prices. The AAL stock fund holds AAL common stock that is exchange traded and valued based on quoted market prices. These investments are stated at fair value as quoted on a recognized securities exchange and are valued at the last reported sales price on the last business day of the Plan year and are primarily classified as Level 1 investments.

Demand deposits

This option seeks income by investing in assets managed by the American Airlines Federal Credit Union. The American Airlines Federal Credit Union is a non-profit organization which invests primarily in loans to its members and in high-quality securities with maturities up to five years. Assets are stated at par value based on the principal and associated interest accrued in the account. Demand deposits are classified as Level 1 investments.

Separate accounts

This category of investments represent funds that are tailored to either actively beat a market index, also known as “actively managed funds,” or passively track a market index, also known as “index funds,” as well as a diversified mix of stocks, bonds, short-term investments and other options or also known as “target date funds.” Some of these funds can be comprised of more than one portfolio of investments. Each investor then receives “units” in the separate account, with each unit representing a mix of all the underlying portfolios, which are stated at unit value, or the equivalent of net asset value, which is a practical expedient for estimating fair value. These investments have no unfunded commitments as of December 31, 2024 and 2023, and can be redeemed daily with no redemption notice period or other redemption restrictions.

Stable value common collective trust (“SVCCT”)

This investment is an indirect fully benefit-responsive investment and is valued at contract value, or the equivalent of net asset value, which is a practical expedient for estimating fair value. The Master Trust’s SVCCT seeks to preserve principal investment while earning a level of interest income that is consistent with principal preservation. The SVCCT invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds. This investment has no unfunded commitments as of December 31, 2024 and 2023, and can be

redeemed by plan participants daily with no redemption notice period. These investment redemptions may be subject to reinvestment restrictions for a period of 90 days with regards to competing funds.

(5) Information certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments held in the Master Trust, at fair value
- Notes receivable from participants
- Interest income on notes receivable from participants
- Net investment income allocated from the Master Trust
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(6) Related party transactions and parties-in-interest

Certain Master Trust investments are managed by the Trustee. All investment transactions with the Trustee qualify as party-in-interest and were exempt from the prohibited transaction rules. The Plan also paid administrative expenses totaling \$9,111,000 to the Trustee of the Plan and other parties-in-interest during the year ended December 31, 2024. Furthermore, certain Plan investments were shares of common stock of American Airlines Group Inc., American's parent corporation and, therefore, these transactions qualified as exempt party-in-interest transactions. These shares were held in the AAL stock fund.

(7) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31 (in thousands):

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 16,206,547	\$ 14,708,014
Adjustments to fair value from contract value related to fully benefit-responsive investment contracts	(15,425)	(29,912)
Net assets per Form 5500	<u>\$ 16,191,122</u>	<u>\$ 14,678,102</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2024 to the Form 5500 (in thousands):

Net increase in net assets before plan asset transfers per the financial statements	\$ 1,495,326
Adjustment to fair value from contract value related to fully benefit-responsive investment contracts as of December 31, 2024	14,487
