FRUTH & COMPANY, PLL
CERTIFIED PUBLIC ACCOUNTANTS

October 10, 2025

To the Administrative Committee of
NMC Group Retirement Plan
Fostoria, Ohio

We have audited the financial statements of NMC Group Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit) for the year ended December 31, 2024 and we will issue our report thereon dated October 10, 2025. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fifth Third Bank, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(2)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated August 14, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by NMC Group Retirement Plan are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2024. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no uncorrected misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Administrative Committee and Plan management of NMC Group Retirement Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Fruith & Company, PLLC

FRUTH & COMPANY, PLL

To the Administrative Committee of
NMC Group Retirement Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the NMC Group Retirement Plan (the “Plan”) as of and for the year ended December 31, 2024, in accordance with auditing standards generally accepted in the United States of America, we considered NMC Group Retirement Plan’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan’s internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fifth Third Bank that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan’s financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

Our consideration of internal control was for the limited purpose described in the first two paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a significant deficiency.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in NMC Group Retirement Plan's internal control to be a significant deficiency:

Preparation of Financial Statements – Standards and practices regarding internal controls require that the Organization's internal controls be adequately designed to ensure that its financial statements and related disclosures conform, in all material respects, to the requirements of the basis of accounting on which the statements are prepared. We noted that the Organization personnel understands the principles governing preparation of financial statements on the accrual basis of accounting, but does not possess the necessary skills to prepare the year-end financial statements and related disclosures in conformity with accounting principles generally accepted in the United States of America (the accrual basis). While the Organization has implemented adequate controls over the preparation of its monthly financial statements, and the Board, executive director and director of finance collectively possess the necessary skills, knowledge, and expertise to evaluate the accrual-basis statements we drafted, they do not currently provide the prepared financial statements as noted above.

This communication is intended solely for the information and use of Plan management, and those charged with governance, and others within the Plan, and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report

To the Administrative Committee of
NMC Group Retirement Plan
Fostoria, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of NMC Group Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of NMC Group Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NMC Group Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NMC Group Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of

assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NMC Group Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about NMC Group Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule for the year ended December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN

The following description of the NMC Group Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan (401(k)), effective July 1, 1985, covering all employees of Aviation Manufacturing Company, Inc., NMC Company, NMC, Inc., Callies Performance Products, Inc., Tecnomia, LLC and Energy Manufacturing, Ltd. (herein referred to as "the Companies") who have ninety days service and are age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation. Each year, participants may contribute up to the maximum amounts allowed by the Internal Revenue Service. The Companies contributed 100% of the first 4% of base compensation that a participant contributed to the Plan for the years ended December 31, 2024 and 2023.

Participant Accounts

Each participant's account is credited with (a) the participant's contribution and allocations of the Company's contribution and (b) Plan earnings; and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Effective July 1, 2022, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest from 7.5% to 10.5% for 2024, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are vested in the Companies' contributions immediately.

NMC Group Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in various investment options. Participants may change their investment options electronically on a daily basis.

Payment of Benefits

On termination of service, a participant may receive a lump sum payment equal to the value of the participant's vested interest in his or her account. If the participant's account exceeds \$5,000, the participant is entitled to postpone distribution until they reach age 72.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$15,178 and \$14,735, respectively. These accounts will be used to reduce future employer contributions.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrators to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation

Shares held in bank common trust funds are reported at fair value based on the unit prices quoted by the fund, representing the fair value of the underlying investments. Investments in marketable equity and debt securities are reported at fair value based on quoted market prices. Shares of registered investment companies (mutual funds) are reported at fair value based on the quoted market price of the fund which represents the net asset value of the shares held by the fund at year end. Shares of common collective trusts are reported at fair value based on the net asset value of the contracts.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plans gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTE C – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- a. Quoted prices for similar assets or liabilities in active markets
 - b. Quoted prices for identical or similar assets or liabilities in inactive markets
 - c. Inputs other than quoted prices that are observable for the asset or liability
 - d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs that are unobservable inputs for the asset or liability.

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Valuation methodologies used for assets and liabilities measured at fair value are as follows:

- Mutual Funds: Valued at closing price reported on the active market in which the individual securities are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Investments:				
Mutual funds	\$ 9,328,932	<u>9,328,932</u>		
Total	\$ <u>9,328,932</u>	<u>9,328,932</u>	<u> </u>	<u> </u>

Investments:				
Mutual funds	\$ 7,998,764	<u>7,998,764</u>		
Total	\$ <u>7,998,764</u>	<u>7,998,764</u>	<u> </u>	<u> </u>

NOTE D – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The credit rating is based on a formula established by the contract issuer but may not be less than one percent. The credit rate is reviewed on a quarterly basis for resetting.

The Plan’s ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The plan sponsor may choose to pay the market value adjustment directly, if applicable, so that participants’ contract values are not affected. If the plan sponsor views the occurrence of any of these events as probable as of the measurement date, details about market value adjustments or other withdrawal restrictions can be obtained through the plan’s account manager.

NMC Group Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

NOTE D – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The issuer may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, plan disqualification, and failure to adopt the plan in a reasonable period of time. Upon termination by the issuer, a market value adjustment or other withdrawal restrictions may apply. The plan sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected.

The guaranteed investment contract is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long-term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The average yield earned by the fund for the year ended December 31, 2024 was 2.66% and 1.91%.

NOTE E - PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right under the Plan to change or discontinue their contributions at any time and to terminate the Plan. In the event of plan termination, participants would be 100% vested in their accounts.

NOTE F - TAX STATUS

The Internal Revenue Service has determined, by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable provision of the IRC. Although the Plan has been amended since receivable the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE G – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2024	2023
Investments, at Fair Value		
Mutual Funds	\$ 9,328,932	7,998,764
Guaranteed Investment Fund	463,805	549,665
Investment Gains/(Losses)	541,339	933,726

NOTE H – RELATED-PARTY TRANSACTIONS AND PARTIES IN INTEREST

NMC Company, who is also one of the employers, is the plan administrator as defined by the Plan. They are responsible for the day-to-day administration and operation of the Plan. The Plan trustees are also officers of one of the employers of the Plan. The trustees are responsible for the safekeeping of the trust fund and must hold and invest Plan assets in a prudent manner. The Plan administrator hired a trustee, Fifth Third Bank, to oversee the plan, and for the day-to-day operations.

In the fiscal years ended December 31, 2024 and 2023, the Plan paid out of plan assets \$45,903 and \$39,791 to Great-West Life & Annuity Company and \$9,368 to Fifth Third Bank, respectively. All the above are considered parties in interest, however, they are exempt from the prohibited transactions rules under ERISA.

Fruth & Company, PLL performed the audit of the financial statements; therefore, fees paid for their services by the Plan qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to \$9,500 and \$9,500 for the years ended December 31, 2024, and 2023, respectively.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
