PGT Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of PGT Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances.

Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2024 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

PGT Savings Plan
Notes to Financial Statements (Modified Cash Basis)
December 31, 2024 and 2023

1. Plan Description

The following description of the PGT Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution Plan covering all eligible employees of PGT Innovations, Inc. ("PGTI") On January 17, 2024, PGTI, the parent of the Plan Sponsor, and MITER Brands™ ("MITER"), a nationwide manufacturer of precision-built windows and doors, announced they entered into a definitive merger agreement whereby MITER subsequently acquired all PGTI's outstanding shares of common stock. The merger was effective on March 29, 2024. See Note 8, for a discussion of the termination of the Plan and transfer of the Plan's assets effective on December 31, 2024 ("Plan Termination"), which resulted in the Plan having zero assets as of December 31, 2024.

The Plan became effective on October 1, 1982 and amended and restated through the adoption of a non-standardized prototype adoption agreement effective January 1, 2009, including subsequent amendments. See Note 3, Income Tax Status. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 "ERISA", as amended.

Eligibility

Prior to Plan Termination, employees were eligible to participate in the Plan as of the first day of the next month following the employee's completion of three months of service as defined in the Plan document.

Contributions

Prior to Plan Termination, the Plan included a 401(k) provision, which allowed qualified employees to make contributions (through payroll deductions) to the Plan, thereby deferring taxation on the portion of their earnings contributed to the Plan. Prior to the Plan Termination, employees could defer up to 80% of their annual compensation subject to Internal Revenue Code ("IRC") maximum limitations. Employees who had attained age 50 before the end of the Plan year were also able to make additional catch-up contributions, subject to IRC limitations.

For each Plan year prior to Plan Termination, the Company could contribute to the Plan, on behalf of each eligible participant, a matching contribution equal to a percentage of the eligible participant's elective deferrals made. The Plan Sponsor determined the amount, if any, of the matching contribution. The Company's matching contributions were at the Company's discretion.

For the Plan year ended December 31, 2024, the Company made matching contributions totaling \$6,751,577, net of forfeited matching, at an employer matching rate of three percent.

The Company, by action of its Board of Directors, could also make a discretionary profit-sharing contribution. Profit-sharing contributions, if any, would be allocated to all participating employees credited with at least 1,000 hours of service in the Plan year, based on the ratio that

the participant's compensation bore to the total compensation of all eligible participants for the Plan year. No profit-sharing contributions were made during 2024.

Notes Receivable from Participants

Prior to Plan Termination, the aggregate amount of any loan to a participant was, at a minimum, \$1,000 and could not exceed the lesser of \$50,000 or 50% of the participant's vested balance in the Plan. Loan terms ranged from one to five years, except when used for the purchase of a participant's principal residence, in which case the repayment period could extend to no more than 15 years. The participant's account balance secured the loan and bore interest at a rate commensurate to regional bank rates for similar loans. The participant paid principal and interest through weekly payroll deductions. The Plan treated loans to terminated participants and loans in default as distributions to the participant. Prior to Plan Termination, loan policy limited the number of outstanding loans at any point in time to no more than two loans.

Vesting and Benefits

Prior to Plan Termination, participants were fully vested in contributions they made and the earnings thereon. Participants fully vested in the Company's matching contributions, and profit-sharing contributions, if any, and earnings thereon at the rate of 20% per year of service when the participant had worked at least 1,000 hours of credited service during the Plan year. A participant was always fully vested in prior matching contributions, which included contributions that were made either (i) to the Plan under provisions that were no longer in effect or (ii) to another plan that had merged into the Plan.

Prior to Plan Termination, upon retirement, death, or disability, participants or their beneficiaries were fully vested in all contributions and earnings. Retirement benefits were paid to the participant in a single, lump-sum payment. Hardship withdrawals by Plan participants could be made upon written request to and approval by the Plan administrator.

Investments

Prior to Plan Termination, T. Rowe Price was the trustee of the Plan. T. Rowe Price invested Plan contributions and held the assets of the Plan. Contributions were invested in a money market fund, various diverse mutual funds and a common/collective trust available to the participants of the Plan. Participant accounts were credited with their contributions allocated among the funds as requested. Employer contributions were invested based on the participant's allocation directions.

Participant Accounts

Prior to Plan Termination, each participant's account was credited with the participant's contributions and allocations of: (a) the Company's contributions; and (b) Plan investment results. Allocations were based on participant contributions, individual fund earnings or account balances, as defined. Forfeited, non-vested balances were used to reduce Employer contributions or pay qualified Plan expenses. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Forfeited non-vested accounts in the years ended December 31, 2024 and 2023 were \$0 and \$625,222, respectively. Forfeitures used to reduce Employer contributions in the year ended December 31, 2024 totaled \$1,272,948.

Plan Termination

The Company had the right to amend or discontinue the Plan at any time subject to the provisions of ERISA. See Note 8, for a discussion of Plan Termination, which resulted in the Plan having zero assets as of December 31, 2024. Upon Plan Termination, each participant became fully vested in the value of his or her account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles. The preparation of financial statements on the modified cash basis requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets, additions to net assets, deductions from net assets and liabilities and disclosures of contingent liabilities, if any. Actual results could differ from those estimates and assumptions. Contributions are recorded when received, investment income is recorded as it is collected, and benefit payments and expenses are recorded when paid.

Investment Valuation and Income Recognition

As of December 31, 2023, the Plan's investments were stated at fair. The Plan had no investments as of December 31, 2024 due to Plan Termination. The shares of mutual funds were valued at quoted market prices, which represented the net asset values of shares held by the Plan at year-ended December 31, 2023. The fair value of the participation units in common collective trusts was based on quoted redemption values on the last business day of the Plan's year-ended December 31, 2023. Participant loans were valued at their unpaid principal balances. Purchases and sales of securities were reflected on a trade-date basis. Interest income and dividends were recorded as received.

Administrative Expenses

During the year ended December 31, 2024, the Plan paid administrative expenses, including trustee consulting and recordkeeping fees of T. Rowe Price of \$461,835. Other administrative expenses of the Plan, including audit fees, are absorbed by the Plan Sponsor.

3. Income Tax Status

The Plan was created by inclusion in a non-standardized prototype plan with a pre-approved profit-sharing plan with cash or deferred arrangement ("Pre-Approved Plan"), which obtained its latest determination letter from the Internal Revenue Service on August 19, 2020. This latest determination letter stated that the Pre-Approved Plan, as then designed, was in-compliance with the applicable requirements of the IRC. The Pre-Approved Plan has been amended since receiving the determination letter. However, our Plan administrator and our Plan's tax counsel believe that the Pre-Approved Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in these Plan financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

4. Unaudited Information Certified by Trustee

The accompanying financial information includes the following unaudited financial information as of December 31, 2024 and 2023, and for the year ended December 31, 2024 that was obtained from the data prepared and certified to be complete and accurate by the Plan's Trustee:

	2024	2023
Investments, at fair value	\$ –	\$ 132,469,440
Notes receivable from participants	–	7,521,598
Interest and dividends	4,145,137	
Net appreciation in fair value of investments	13,084,449	
Interest income on notes receivable from participants	629,628	

5. Fair Value Measurements

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the assets or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

Mutual/Money Market Funds: Values are determined based on quoted market prices in active markets.

Common/Collective Trust Fund: The T. Rowe Price Stable Value Fund is held in common collective trust funds, which consist of investments in mutual funds, collective trusts and pooled separate accounts. The Principal Stable Value Fund, held in a common collective trust fund, invests in fully benefit-responsive guaranteed investment contracts. These investments are valued at their net asset values (“NAV”) per share as of the close of business on the valuation date. The NAV is quoted on a private market that is not active; however, the unit price is based on the value of the underlying investment assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. There are no unfunded commitments, and the units may be redeemed on a daily basis. These investments are valued at the NAV of the units held by the Plan. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

Description	At December 31, 2023	Level 1	Level 2	Level 3
Mutual/money market funds	\$ 127,199,743	\$ 127,199,743	\$ –	\$ –
PGTI common stock	-	-	-	-
	127,199,743	<u>\$ 127,199,743</u>	<u>\$ –</u>	<u>\$ –</u>
Common/collective trust fund ⁽¹⁾	5,269,697			
Investments at fair value	<u>\$ 132,469,440</u>			

(1) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented are intended to reconcile the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The Plan currently has no nonfinancial assets or liabilities that are recognized or disclosed at fair value on a recurring basis. Changes in fair value of investments held at the end of the period are reported in net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits. For the year ended December 31, 2024, the net amount reported was appreciation of \$13,084,449.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Fair Value of Common/ Collective Trust Fund	At December 31, 2023	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
\$	5,269,697	None	Daily	None

6. Party-in-Interest Transactions

For the year ended December 31, 2023, certain Plan investments were mutual/money market funds managed by T. Rowe Price, a party-in-interest to the Plan.

The Plan had notes receivable from active Plan participants of \$7,521,598 at December 31, 2023.

Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid for administrative services were \$461,835 for the year ended December 31, 2024.

7. Risks and Uncertainties

Prior to Plan Termination, the Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Plan Termination and Transfer of Plan Assets

On January 17, 2024, PGTI, the parent of the Plan Sponsor, and MITER Brands™ ("MITER"), a nationwide manufacturer of precision-built windows and doors, announced they entered into a definitive merger agreement whereby MITER subsequently acquired all of PGTI's outstanding shares of common stock. The merger was effective on March 29, 2024. Subsequent to the effective date of the merger, the Company determined to terminate the Plan effective on December 31, 2024, which will result in the transfer of the Plan's assets into a plan sponsored by MITER. Total assets transferred from the Plan into the plan sponsored by MITER were \$148,393,458, including \$139,578,873 of net investments and \$8,814,585 of notes receivable from participants.

9. Subsequent Events

The Plan Sponsor evaluated subsequent events for recognition or disclosure in the financial statements through October 9, 2025, the day the financial statements were available to be issued.
