Independent Auditor's Report

To the Plan Administrator of Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust
(For Vector Resources)

Opinion

We have audited the financial statements of Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust (For Vector Resources) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust (For Vector Resources) as of December 31, 2024, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust (For Vector Resources) and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter - 2023 Financial Statement

The financial statements of Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust (For Vector Resources) as of December 31, 2023, were audited by other auditors whose report dated October 7, 2024, expressed an unmodified opinion on those statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust (For Vector Resources)'s ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust (For Vector Resources)'s internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust (For Vector Resources)'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter

Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan & Trust (the Trust) has been adopted by a number of employers that are reporting component pieces of the Trust. These financial statements encompass the interest in and activity of the Vector Resources Plan established under Vector Resources, Inc.'s adoption of the Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan & Trust prototype plan (see Note 1). Our auditors' opinion was not modified with respect to this matter.

1. Description of Plan

The following description of the Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust (For Vector Resources) (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective September 4, 2012. The Plan covers all employees of Vector Resources Inc. (the Company or Employer) once eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Vector Resources is responsible for oversight of the Plan. The Plan's oversight committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's oversight committee.

Master Trust

The Plan's investments are held in a Master Trust (the "Master Trust"), which was established for the investment of assets of the plan and several other NeuBridg, Inc sponsored retirement plans. Each participating retirement plan has a divided interest in the Master Trust. The assets of the Master Trust are held by City State Bank Trust & Investments (Trustee). The Master Trust holds a money market fund that is valued at \$1.

Contributions

The Company contributes a non-discretionary match of 7% of the straight hourly base rate for all hours worked for participants with less than or equal to eight years of service and 9% of the straight hourly base rate for all hours worked by participants with greater than eight years of service. Contributions are subject to one limitation. In no event shall an employee accrue benefits in an amount in excess of 26 weeks of supplemental unemployment benefits.

Participant accounts

Each participant's account is credited with the Company's contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

As of December 31, 2024 and 2023

1. Description of Plan (Continued)

Payment of benefits

Participants may receive a distribution from their account if they are eligible for state unemployment benefits, or if not eligible, ineligibility is due to having insufficient wage credits, exhausting all state unemployment benefits, or not met the waiting requirement for unemployment benefits under state law and if they have sufficient funds in their account to cover the benefit. Participants may not receive a benefit for less than eight hours during a work week the participant was out of work.

Once the participant becomes eligible for a distribution; the distribution is computed on a weekly basis. For any full or partial weeks where the employee experiences a qualifying temporary layoff or involuntary separation from service, the employee may request a distribution equal to the number of hours not worked in a week, up to 40 hours per week.

There is a one-week, look-back period for which a participant is able to claim a shortage of hours for a distribution. The distribution is calculated at the participant's quarterly average hourly rate of pay per qualifying hour up to a maximum of the balance in the participant's account.

Forfeitures

In the event that a participant's employment with the Company terminates for any reason, including death, and either no benefits are due under the Plan, or the benefits due are less than the balance of the participant's account, any amounts remaining in the participant's account on the last day of the first Plan year following the five-year anniversary of the participant's termination will be forfeited. Forfeited amounts are allocated to the accounts of remaining eligible employees, pro rata based on the employee's account balance as of the date of the forfeiture. There were forfeited amounts of \$2,656 and \$2,448 during the years ended December 31, 2024 and 2023, respectively. There were \$1,086 and \$ 2,895 forfeitures allocated to the accounts of remaining eligible employees for the year ended December 31, 2024 and 2023, respectively

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America.

Notes to Financial Statements

As of December 31, 2024 and 2023

2. Summary of Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held in the Master Trust are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan's interest in the investment gain of the Master Trust, in the accompanying Statement of Changes in Net Assets Available for Benefits includes the Plan's allocation of interest, dividends, realized gains or losses from the sale of investments, and unrealized appreciation or depreciation in the fair value of investments held by the Master Trust, and fees charged to the Master Trust, which are netted against or included with net appreciation (depreciation) in fair value of investments. These fees represent charges by the Trustee for services provided in connection with recordkeeping and investment management. Net unrealized appreciation (depreciation) in fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investments as of the beginning of the period or the cost of the investment if purchased during the year.

Contributions

Contributions from the Company paid to the Plan are recorded in the year in which the employee accrued the benefit.

Payment of Benefits

Benefits are recorded when paid.

Vector Resources)

Notes to Financial Statements

As of December 31, 2024 and 2023

2. Summary of Accounting Policies (Continued)

Expenses

Three amounts are deducted from participants' accounts. First, an administrative fee covering the costs of maintaining and administering the Plan are deducted at the time the Company makes a contribution to the participant's account. Second, a distribution fee is deducted any time that a benefit distribution is made to the participant. Third, taxes are withheld from each distribution of benefits to the participant based on the individual tax situation of the participant

Subsequent Events

Subsequent events were evaluated through October 3, 2025, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust (For
Vector Resources)

Notes to Financial Statements

As of December 31, 2024 and 2023

3. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

Money market funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, a summary of the investments in the Master Trust at fair value as of December 31, 2024 and 2023:

Master Trust Assets at Fair Value as of December 31, 2024	Level 1	Level 2	Level 3	Total
Money Market Funds	\$ 8,503,060	\$ -	\$ -	\$ 8,503,060
Total Master Trust assets, at fair value	\$ 8,503,060	\$ -	\$ -	\$ 8,503,060

Master Trust Assets at Fair Value as of December 31, 2023	Level 1	Level 2	Level 3	Total
Money Market Funds	\$ 6,933,641	\$ -	\$ -	\$ 6,933,641
Total Master Trust assets, at fair value	\$ 6,933,641	\$ -	\$ -	\$ 6,933,641

4. Interest in Master Trust

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Total investment income (including net appreciation (depreciation) in the fair value of investments) and administrative expenses of the Master Trust are allocated to the individual plans based upon the amount of the time the plan's assets were invested in the Master Trust.

The following table presents the investments and other assets and liabilities of the Master Trust as of December 31, 2024 and 2023:

The following are net appreciation (depreciation) in the fair value of investments and investment income for the Master Trust for the year ended December 31, 2024:

Investment Gain (Loss)	\$ 201,713
------------------------	------------

5. Related-Party and Party In Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. These parties may include investment advisory, recordkeeping and accounting services. During 2024, fees of \$48,614 were paid to Neubridg, Inc., in relation to recordkeeping and accounting services.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participant's account will first be applied to provide benefits to participants with respect to claims arising prior to the date of termination. Any remaining assets will be used to pay all administrative expenses and fees for professional services.

7. Tax Status

The Plan adopted a prototype plan offered by Neubridg, Inc. The prototype plan received an IRS Opinion Letter dated August 31, 2012, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust (For
Vector Resources)

Notes to Financial Statements

As of December 31, 2024 and 2023

7. Tax Status (Continued)

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023, to Form 5500:

Independent Auditor's Report

To the Plan Administrator of Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust
(For Vector Resources)

Opinion

We have audited the financial statements of Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust (For Vector Resources) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust (For Vector Resources) as of December 31, 2024, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust (For Vector Resources) and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter - 2023 Financial Statement

The financial statements of Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust (For Vector Resources) as of December 31, 2023, were audited by other auditors whose report dated October 7, 2024, expressed an unmodified opinion on those statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust (For Vector Resources)'s ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust (For Vector Resources)'s internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust (For Vector Resources)'s ability to continue as a going concern for a reasonable period of time.

1. Description of Plan

The following description of the Neubridg, Inc. Supplemental Unemployment Compensation Benefit Plan and Trust (For Vector Resources) (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective September 4, 2012. The Plan covers all employees of Vector Resources Inc. (the Company or Employer) once eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Vector Resources is responsible for oversight of the Plan. The Plan's oversight committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's oversight committee.

Master Trust

The Plan's investments are held in a Master Trust (the "Master Trust"), which was established for the investment of assets of the plan and several other NeuBridg, Inc sponsored retirement plans. Each participating retirement plan has a divided interest in the Master Trust. The assets of the Master Trust are held by City State Bank Trust & Investments (Trustee). The Master Trust holds a money market fund that is valued at \$1.

Contributions

The Company contributes a non-discretionary match of 7% of the straight hourly base rate for all hours worked for participants with less than or equal to eight years of service and 9% of the straight hourly base rate for all hours worked by participants with greater than eight years of service. Contributions are subject to one limitation. In no event shall an employee accrue benefits in an amount in excess of 26 weeks of supplemental unemployment benefits.

Participant accounts

Each participant's account is credited with the Company's contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

1. Description of Plan (Continued)

Payment of benefits

Participants may receive a distribution from their account if they are eligible for state unemployment benefits, or if not eligible, ineligibility is due to having insufficient wage credits, exhausting all state unemployment benefits, or not met the waiting requirement for unemployment benefits under state law and if they have sufficient funds in their account to cover the benefit. Participants may not receive a benefit for less than eight hours during a work week the participant was out of work.

Once the participant becomes eligible for a distribution; the distribution is computed on a weekly basis. For any full or partial weeks where the employee experiences a qualifying temporary layoff or involuntary separation from service, the employee may request a distribution equal to the number of hours not worked in a week, up to 40 hours per week.

There is a one-week, look-back period for which a participant is able to claim a shortage of hours for a distribution. The distribution is calculated at the participant's quarterly average hourly rate of pay per qualifying hour up to a maximum of the balance in the participant's account.

Forfeitures

In the event that a participant's employment with the Company terminates for any reason, including death, and either no benefits are due under the Plan, or the benefits due are less than the balance of the participant's account, any amounts remaining in the participant's account on the last day of the first Plan year following the five-year anniversary of the participant's termination will be forfeited. Forfeited amounts are allocated to the accounts of remaining eligible employees, pro rata based on the employee's account balance as of the date of the forfeiture. There were forfeited amounts of \$2,656 and \$2,448 during the years ended December 31, 2024 and 2023, respectively. There were \$1,086 and \$ 2,895 forfeitures allocated to the accounts of remaining eligible employees for the year ended December 31, 2024 and 2023, respectively

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America.

2. Summary of Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held in the Master Trust are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan's interest in the investment gain of the Master Trust, in the accompanying Statement of Changes in Net Assets Available for Benefits includes the Plan's allocation of interest, dividends, realized gains or losses from the sale of investments, and unrealized appreciation or depreciation in the fair value of investments held by the Master Trust, and fees charged to the Master Trust, which are netted against or included with net appreciation (depreciation) in fair value of investments. These fees represent charges by the Trustee for services provided in connection with recordkeeping and investment management. Net unrealized appreciation (depreciation) in fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investments as of the beginning of the period or the cost of the investment if purchased during the year.

Contributions

Contributions from the Company paid to the Plan are recorded in the year in which the employee accrued the benefit.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Accounting Policies (Continued)

Expenses

Three amounts are deducted from participants' accounts. First, an administrative fee covering the costs of maintaining and administering the Plan are deducted at the time the Company makes a contribution to the participant's account. Second, a distribution fee is deducted any time that a benefit distribution is made to the participant. Third, taxes are withheld from each distribution of benefits to the participant based on the individual tax situation of the participant

Subsequent Events

Subsequent events were evaluated through October 3, 2025, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

3. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

Money market funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, a summary of the investments in the Master Trust at fair value as of December 31, 2024 and 2023:

Master Trust Assets at Fair Value as of December 31, 2024	Level 1	Level 2	Level 3	Total
Money Market Funds	\$ 8,503,060	\$ -	\$ -	\$ 8,503,060
Total Master Trust assets, at fair value	\$ 8,503,060	\$ -	\$ -	\$ 8,503,060

Master Trust Assets at Fair Value as of December 31, 2023	Level 1	Level 2	Level 3	Total
Money Market Funds	\$ 6,933,641	\$ -	\$ -	\$ 6,933,641
Total Master Trust assets, at fair value	\$ 6,933,641	\$ -	\$ -	\$ 6,933,641

4. Interest in Master Trust

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Total investment income (including net appreciation (depreciation) in the fair value of investments) and administrative expenses of the Master Trust are allocated to the individual plans based upon the amount of the time the plan's assets were invested in the Master Trust.

The following table presents the investments and other assets and liabilities of the Master Trust as of December 31, 2024 and 2023:

The following are net appreciation (depreciation) in the fair value of investments and investment income for the Master Trust for the year ended December 31, 2024:

Investment Gain (Loss)	\$ 201,713
------------------------	------------

5. Related-Party and Party In Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. These parties may include investment advisory, recordkeeping and accounting services. During 2024, fees of \$48,614 were paid to Neubridg, Inc., in relation to recordkeeping and accounting services.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participant's account will first be applied to provide benefits to participants with respect to claims arising prior to the date of termination. Any remaining assets will be used to pay all administrative expenses and fees for professional services.

7. Tax Status

The Plan adopted a prototype plan offered by Neubridg, Inc. The prototype plan received an IRS Opinion Letter dated August 31, 2012, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

As of December 31, 2024 and 2023

7. Tax Status (Continued)

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023, to Form 5500:
