INDEPENDENT AUDITOR'S REPORT

To the Plan Administrators
CDI 401(K) Plan
St. Louis, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of CDI 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2024 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of CDI 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of CDI 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CDI 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CDI 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CDI 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees, to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2023 Financial Statement

Plan management is responsible for the accompanying financial statement of CDI 401(K) Plan, which comprises the statement of net assets available for benefits as of December 31, 2023. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the financial statement.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 (AUDITED) AND 2023 (COMPILED)

NOTE 1 PLAN DESCRIPTION

The following description of the CDI 401(K) Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a defined contribution plan effective January 1, 2014. The Plan covers employees of Civil Design, Inc. (Company).

The Plan is administered by management personnel appointed by the Company. Third party administrators serve as the provider, maintain the records of participant data, and hold the Plan assets.

Eligibility

Employees are generally eligible to make contributions to the Plan and receive safe harbor and discretionary employer matching contributions upon attainment of age 21. Employees are able to enter the Plan upon meeting eligibility requirements on the first day of the quarter coinciding with or next following after meeting eligibility requirements.

To be eligible for the discretionary profit-sharing contributions, an employee must be 21 years of age, have worked 1,000 hours during the Plan year, and be employed on the last day of the Plan year in order to be eligible to receive discretionary profit-sharing contributions. There are exceptions for death, disability or attainment of normal retirement age.

Contributions

Each participant in the Plan may withhold up to 100% of their compensation. However, the maximum deferral amount may not exceed IRS limits. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to allocate contributions between pre-tax and after-tax (Roth 401(k)) deferrals.

The Company makes safe harbor matching contributions equivalent to 100% of the participant's elective deferral that do not exceed 3% of the participant's compensation and 50% of the participant's elective deferral that exceeds 3% of the participant's compensation, but does not exceed 6% of the participant's compensation.

The Company may also contribute a discretionary employer match up to 4% of the participant's compensation. No discretionary employer matching contributions were made to the Plan in 2024 or 2023.

CDI 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024 (AUDITED) AND 2023 (COMPILED)

The Company may make discretionary profit-sharing contributions. Profit-sharing contributions are determined by the Company using the new comparability – one group per participant formula. Under this formula, each participant is considered a group and the Company designates an amount for each group (i.e. participant). Discretionary profit-sharing contributions for the years ended December 31, 2024 and 2023 were 0% and 1.40%, respectively, of each participant's eligible compensation.

Participants may make rollover contributions for amounts representing distributions from other qualified defined benefit plans, contribution plans, or individual retirement accounts.

Participant's Accounts

Each participant's account is credited with the participant's contributions and Company's contributions. Plan earnings are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan allows for participant-directed investment programs for which separate funds are maintained. The value of each participant's account is determined daily.

Participants' Investment Options

Participants must direct their salary deferral contributions and Company discretionary profit sharing contributions, if any, to selected investments as offered by the Plan. Participants may change their investment options throughout the year by contacting the third-party administrator.

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant with a vested account balance of more than \$7,000 can receive a lump sum payment or installment payments equal to the value of the participant's vested interest. Distributions of benefits upon termination become automatic if the participant's account balance is less than \$7,000.

Hardship distributions and in-service retirement distributions are also permitted for participants who have not separated from service. Participants must have attained age 59 ½ or become disabled to qualify for in-service retirement distributions.

Distributions are allowed from rollover accounts at any time.

Generally, certain minimum distributions are required for participants who have separated from service and have reached required minimum distribution age.

Vesting

Participants are always immediately 100% vested in their elective deferrals and safe harbor matching contributions, plus actual earnings thereon. Vesting for discretionary employer matching contributions and discretionary profit-share contributions are based on years of service with the Company. A participant is 100% vested after 6 years of service with the Company.

CDI 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024 (AUDITED) AND 2023 (COMPILED)

Forfeitures

The non-vested portion of a paid participant's balance is used to offset administrative fees, reduce the employer contributions, or reallocate as employer contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$7,311 and \$2,597, respectively. Forfeitures of \$2,606 and \$4,516 were used to offset employer matching contributions during the years ended December 31, 2024 and 2023, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America, ("GAAP"), as codified by the Financial Accounting Standards Board.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisors and the plan provider. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year and is reflected in the statement of changes in net assets available for benefits.

Contributions

Contributions from Plan participants and matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

CDI 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024 (AUDITED) AND 2023 (COMPILED)

Payment of Benefits

Benefits to participants are recorded when paid.

Administrative Fees

The investment funds in the Plan are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Certain administrative fees of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Income Taxes

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

NOTE 3 INFORMATION CERTIFIED BY PROVIDER

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the provider, Lincoln National Life Insurance Company:

Pooled Separate Accounts	\$ 12,130,845
Guaranteed Stable Value Account	39,955

NOTE 4 FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;

CDI 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024 (AUDITED) AND 2023 (COMPILED)

Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data
by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be
observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair
value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based
on the lowest level of any input that is significant to the fair value measurement. Valuation
techniques used need to maximize the use of observable inputs and minimize the use of
unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.
There have been no changes in the methodology used at December 31, 2024 and 2023.

Pooled Separate Accounts: Valued at the net asset value (NAV) of shares held by the
Plan at year end. The NAV, as provided by the insurance company, is used as a
practical expedient to estimate fair value. The NAV is based on the fair value of the
underlying investments held by the account less its liabilities. This practical expedient
is not used when it is determined to be probable that the account will sell the
investment for an amount different than the reported NAV. Participant transactions
(purchases and sales) may occur daily. Were the Plan to initiate a full redemption of
the accounts, the investment advisor reserves the right to temporarily delay withdrawal
from the account in order to ensure that securities liquidations will be carried out in an
orderly business manner.

The method described above may produce a fair value calculation that may not be indicative
of net realizable value or reflective of future fair values. Furthermore, while the Plan believes
its valuation method is appropriate and consistent with other market participants, the use of
different methodologies or assumptions to determine the fair value of certain financial
instruments could result in a different fair value measurement at the reporting date.

The Plan does not have any assets to be classified within the fair value hierarchy table. See
Investments Measured Using the Net Asset Value per Share Practical Expedient table below
to reconcile to investments at fair value on the statements of net assets available for benefits.

CDI 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024 (AUDITED) AND 2023 (COMPILED)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>Investment Type</u>	December 31		<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
	2024	2023			
	<u>Fair Market</u> <u>Value</u>	<u>Fair Market</u> <u>Value</u>			
Pooled Separate Accounts	<u>\$ 12,130,845</u>	<u>\$ 9,151,217</u>	-	Daily	Daily

NOTE 5 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

Investment contracts held by a defined-contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Guaranteed Stable Value Account

The Plan entered into a group annuity contract with Lincoln National Life Insurance Company (Lincoln National), known as the Guaranteed Stable Value Account. The group annuity contract is a fully benefit-responsive guaranteed investment contract. Lincoln National maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Lincoln National is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. The average crediting interest rate as of December 31, 2024 and 2023, was 2.77% and 2.54%, respectively.

Because the contract is fully benefit-responsive, contract value is the relevant measure for the contract as this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract held with Lincoln National at December 31, 2024 and 2023 was \$39,955 and \$28,720, respectively.

The Plan's ability to receive amounts due is dependent on Lincoln National's ability to meet financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Guarantees are based on the claims-paying ability of Lincoln National and not the value of the securities within the insurer's general account. The credit rating of the issuer at December 31, 2024 and 2023 was bbb+ as reported by A.M. Best.

CDI 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024 (AUDITED) AND 2023 (COMPILED)

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, participant-initiated withdrawals to a competing fund are not permitted. In addition, withdrawals will not be permitted for 90 days after a transfer from any other investment option in the Plan to competing fund. If a withdrawal from this contract is allowed for a participant, transfers thereafter from any other investment option in the Plan to a competing plan will not be permitted for 90 days. Plan initiated withdrawals will be subject to the same restrictions.

Certain events might limit the ability of the Plan to transact at contract value with the participants in the Plan. Such events include the following:

- 1) Premature terminations of the contracts by the Plan,
- 2) Plan closings,
- 3) Layoffs,
- 4) Plan terminations,
- 5) Bankruptcies,
- 6) Mergers, and
- 7) Early retirement incentives.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligations under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with contract issuer and that would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6 INCOME TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan sponsored by CCH Incorporated DBA FTWilliam Com. The pre-approved plan received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the plan is acceptable under Section 401 of the Internal Revenue Code (IRC). The Plan has not requested its own determination letter from the IRS. The Company and plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024 (AUDITED) AND 2023 (COMPILED)

NOTE 7 EXEMPT TRANSACTIONS WITH PARTIES-IN-INTEREST

Lincoln National Life Insurance Company, the provider of the Plan, manages certain Plan investments. Therefore, these transactions qualify as party-in-interest transactions. In addition, Benefit Plan Plus, Inc. perform administrative functions for the Plan and thus fees paid to them for these services also qualify as party-in-interest transactions. Fees paid for the investment management services are allocated to the individual plan participants' accounts and amounted to \$47,945 for the year ended December 31, 2024. Fees paid for the administrative services are allocated to the individual plan participants' accounts and amounted to \$875 for the year ended December 31, 2024.

NOTE 8 AMENDMENT AND TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right at any time to amend or terminate the Plan subject to the provisions of the Plan and ERISA. If the Company terminates contributions or the Plan is terminated, all participants become fully vested.

NOTE 9 RISKS AND UNCERTAINTIES

Participants direct the investment of their accounts into various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 SUBSEQUENT EVENTS

No significant events have occurred subsequent to the Plan's year end. Subsequent events have been evaluated through October 10, 2025, which is the date these financial statements were available to be issued.
