## Independent Auditor's Report

**To the Board of Directors  
University of South Carolina School of Medicine  
Educational Trust Retirement Plan  
Columbia, South Carolina**

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of **University of South Carolina School of Medicine Educational Trust Retirement Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the University of South Carolina School of Medicine Educational Trust Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the University of South Carolina School of Medicine Educational Trust Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University of South Carolina School of Medicine Educational Trust Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University of South Carolina School of Medicine Educational Trust Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the University of South Carolina School of Medicine Educational Trust Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedule Required by ERISA**

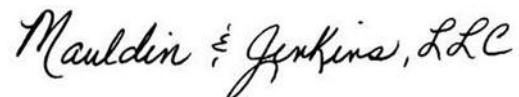

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTE 1. PLAN DESCRIPTION

### **General**

The University of South Carolina School of Medicine Educational Trust Retirement Plan (the "Plan") is a defined contribution plan covering substantially all employees of the University of South Carolina School of Medicine Educational Trust (the "Trust") providing healthcare pursuant to the Clinical Faculty Practice Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

### **Eligibility**

Participants will become enrolled in the Plan upon the date of employment by the employer pursuant to the Clinical Faculty Practice Plan of the University of South Carolina School of Medicine.

### **Contributions**

The employer contributes ten percent of wages, as defined, for each employee, subject to statutory limits. Participants may transfer balances from other qualified plans but are not permitted to contribute. Employer contributions are currently funded.

The Plan records employer contributions receivable when compensation is paid. In accordance with ASC 326, *Financial Instruments - Credit Losses*, no allowance for credit losses has been recorded at December 31, 2024, as employer contributions receivable have never historically incurred losses and current conditions and supportable forecasts show zero risk of nonpayment.

### **Payment of Benefits**

Upon termination, retirement, disability, death, or dissolution of the Plan, the participant or beneficiary will receive a single lump-sum distribution if the participant is vested in the Plan. Participants may also receive partial distributions in the case of early retirement or attaining the age for required distributions.

Three options exist for the payment of benefits when a participant is no longer employed by the employer. The participant may request a lump sum cash distribution in which 20% is withheld from the gross amount for federal income taxes. The participant may request a rollover into an IRA or other qualified plan, as long as the employee provides proof of existence of the alternative plan. Finally, the participant may instruct the current trustee to maintain his or her account until the employee requests a distribution or reaches retirement age, if the vested interest is more than \$5,000. If the vested interest does not exceed \$5,000, but more than \$1,000, the Plan Administrator may rollover the balance to an IRA account; and if the balance is less than \$1,000, a payment of benefits will be made in a lump sum as soon as administratively feasible.

## **NOTE 1. PLAN DESCRIPTION (CONTINUED)**

### **Participant Accounts**

Each participant's account is credited with the employer's contribution and an allocation of the plan's earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is solely the benefit that can be provided from the participant's vested account.

### **Participant Investment Options**

Participants may direct contributions to a Bank of America mutual fund or can choose from multiple featured mutual funds chosen by the Plan's investment committee. Participants may also choose to open Bank of America brokerage accounts and direct the trustee to purchase any traded security. Participants may change their selected investment options at any time.

### **Vesting**

A year of credited service is earned for each year in which at least 1,000 hours of service have been performed for the employer. A participant is 100% vested after three years of service, as defined in the plan agreement. Additionally, a participant is also 100% vested upon date of normal retirement age of 65, death or disability.

### **Forfeitures**

During 2024, employer contributions were reduced by \$0 from forfeited nonvested accounts. Forfeited balances of terminated participants' nonvested accounts are used to reduce future employer contributions. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$216,803 and \$210,043, respectively.

## **NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **Basis of Accounting**

The financial statements have been prepared on an accrual basis and in conformity with generally accepted accounting principles in the United States of America. Benefits are recorded when paid.

### **Valuation of Investments and Recognition of Income**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Administrative Expenses

Certain administrative functions of the Plan are performed by officers or employees of the Trust. No such officer or employee receives compensation from the Plan. The Trust paid no fees on behalf of the Plan for 2024.

### Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires that the Plan Administrator makes estimates and uses assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates. The Plan Administrator is not aware of any condition or event that is likely to severely affect its estimates in the near term.

## NOTE 3. INFORMATION CERTIFIED AND PROVIDED BY BANK OF AMERICA, N.A.

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Bank of America, N.A., Trustee of the Plan, except for comparing such amounts to information included in the Plan's financial statements and supplemental schedule.

The Plan Administrator has obtained certifications from the Trustee that the following information is complete and accurate.

	<u>2024</u>	<u>2023</u>
<b>Statements of net assets available for benefits:</b>		
Investments	\$ 51,390,358	\$ 44,562,577
Noninterest bearing cash	-	25
<b>Statement of changes in net assets available for benefits:</b>		
Net appreciation in fair value of investments	\$ 3,841,300	
Dividends	1,829,370	

**Supplemental schedule:** All investment balances and information in the supplemental **schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year).**

## NOTE 4. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1      Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
  
- Level 2      Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
  - a.      Quoted prices for similar assets or liabilities in active markets.
  - b.      Quoted prices for identical or similar assets in inactive markets.
  - c.      Inputs other than quoted prices that are observable for the asset or liability.
  - d.      Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
  
- Level 3      Inputs to the valuation methodology that are unobservable for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

### **Mutual Funds**

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

### **Participant-directed Accounts**

Accounts primarily consist of mutual funds and common stocks and are valued using quoted market prices.

**NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)**

**Common/Collective Trusts**

A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve (12) months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

<b>Assets at Fair Value as of December 31, 2024</b>				
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	\$ 41,744,414	\$ -	\$ -	\$ 41,744,414
Participant-directed accounts	8,178,485	-	-	8,178,485
Total assets in the fair value hierarchy	49,922,899	-	-	49,922,899
Investments measured at net asset value (a)	-	-	-	1,467,459
<b>Total assets at fair value</b>	<b>\$ 49,922,899</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 51,390,358</b>

<b>Assets at Fair Value as of December 31, 2023</b>				
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	\$ 35,938,930	\$ -	\$ -	\$ 35,938,930
Participant-directed accounts	7,185,139	-	-	7,185,139
Total assets in the fair value hierarchy	43,124,069	-	-	43,124,069
Investments measured at net asset value (a)	-	-	-	1,438,508
Total assets at fair value	\$ 43,124,069	\$ -	\$ -	\$ 44,562,577

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets.

**Transfers Between Levels**

For years ended December 31, 2024 and 2023, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3.

**NOTE 5. PLAN TERMINATION**

Although the Plan Trustees have not expressed any intent to do so, they have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**NOTE 6. TAX STATUS**

On January 13, 2003, the Internal Revenue Service issued a letter of determination stating that the Plan and related trust was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan Administrator has evaluated tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require disclosure in the financial statements.

**NOTE 7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are managed by the trustee. All transactions with the trustee qualify as party-in-interest transactions.

**NOTE 8. RISK AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as market and credit risks. Due to levels of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

**NOTE 9. SUBSEQUENT EVENTS**

The Plan has evaluated subsequent events through September 21, 2025, which is the date the financial statements were available to be issued. No events have occurred through this date that would require recognition or disclosure in the financial statements.
