Independent Auditors' Report

To the Plan administrator of the
BTS USA, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of BTS USA, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report (continued)

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditors' Report (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at Year End) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Independent Auditors' Report (continued)

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BTS USA, Inc. 401(k) Retirement Plan

Notes to Financial Statements

1. Description of Plan

The following description of the BTS USA, Inc. 401(k) Retirement Plan (the Plan) is provided for general purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established on January 1, 1995, is a defined contribution plan, available to all employees of BTS USA, Inc. (the Company) who have met the eligibility requirements stipulated by the Plan. The Plan is administered by the management of the Company and is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Eligibility

Employees are eligible to participate in the Plan upon hire and attainment of age 21. Employees who meet the eligibility requirements can enter into the Plan at any time.

Contributions

Each year, participants may contribute a percentage up to 80% of their pretax annual compensation as defined by the Plan. Participant contributions are subject to limitations imposed by the Internal Revenue Code, which was \$23,000 for 2024 and \$22,500 for 2023 (plus an additional \$7,500 for 2024 and 2023 for certain eligible catch-up contributions). Participants may also designate a portion of their contributions as Roth 401(k) contributions, which are taxable to the participant at the time of deferral.

The Company matches employee contributions on a per-paycheck basis at a flat percentage rate of 50% up to 6% of the employee's compensation. Employee bonus payments are not eligible for the matching contribution.

Investment Options

All of the assets of the Plan are held by Fidelity Management Trust Company. All investments are fully participant directed. Participants may direct the investment of their contributions and the Company matching contribution into any of the Plan's available investment options.

Participant Accounts

The account of each participant reflects a separate record of participant contributions, Company discretionary contributions, withdrawals, expenses, and investment gains and losses.

BTS USA, Inc. 401(k) Retirement Plan
Notes to Financial Statements (continued)

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants vest in the Company's matching contribution and any earnings thereon in accordance with the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 years or more	100%

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowances for credit losses have been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance and a minimum of \$1,000. Loans must be repaid over a period of no more than 5 years except in the case of a loan used to acquire a principal residence in which case the repayment period may not exceed 10 years from the date of the loan. Payments of principal and interest are made through payroll deductions no less frequently than quarterly over the loan period. A loan is secured by the vested balance in the participant's account. The loan bears interest at a rate that is determined by the Plan administrator based on prevailing market conditions and is fixed over the life of the note. Interest rates on participant loans ranged from 4.25% to 9.50% at December 31, 2024.

Upon termination, participants may request that the Plan administrator roll over the loan to a new retirement plan.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document and reported to the Internal Revenue Service (IRS) as ordinary income.

1. Description of Plan (continued)

Payment of Benefits

Upon a participant's separation from service due to death, disability, termination, or retirement, benefits may be distributed to them in a single lump sum amount equal to the vested value of their account or through various types of annuities of the participant's election. Active participants may also withdraw funds from their accounts under certain hardship conditions.

If the vested benefit is less than \$1,000, the Plan administrator may initiate an involuntary distribution. Prior to such distribution, the participant has the right to request that the amount be distributed directly to the participant in the form of a lump sum amount or request that it be rolled over to a different IRA provider or another retirement plan eligible to receive rollover contributions.

Forfeitures

Upon a participant's separation from service, unvested contributions are forfeited by the participant and may be used to reduce future employer contributions. The forfeited nonvested accounts totaled \$51,854, and \$201,983 at December 31, 2024 and 2023, respectively. During 2024 and 2023, amounts forfeited totaled \$92,820 and \$66,675, respectively, and the Company used \$248,101 and \$7,773 to offset employer contribution, respectively.

Administrative Expenses

The Plan provides that all expenses incurred in administering the Plan may be paid by the Plan or the Company. During 2024 and 2023, administrative expenses paid by the Plan include recordkeeping and other administrative expenses. Certain expenses related to the administration of the Plan are paid by the Company.

The plan is permitted to require participants to pay certain administrative fees in connection with the operation of the Plan from individual participant accounts.

The Plan also incorporates a revenue-sharing agreement whereby certain investments return a portion of the investment fees to participant accounts. For the years ended December 31, 2024 and 2023, revenue credits of \$97,227 and \$74,541, respectively, were applied to individual participant accounts and are included within administrative expenses, net of revenue sharing on the Statements of Changes in Net Assets Available for Benefits.

2. Summary of Accounting Practices

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when they have been approved for payment and paid by the Plan.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized and unrealized gains (losses).

Fair Value of Financial Instruments

The Plan's investments are stated at fair value. Shares of mutual funds and money market funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

The Plan follows Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures* (ASC 820) for all financial assets and liabilities and nonfinancial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC 820 defines fair value, establishes a fair value hierarchy, and expands disclosures about fair value measurements.

ASC 820 defines fair value as the price that would be received upon sale of an asset or paid upon the transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability.

Notes to Financial Statements (continued)

2. Summary of Accounting Practices (continued)

Fair Value of Financial Instruments (continued)

The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity. In addition, the fair value of liabilities should include consideration of non-performance risk including the Plan's own credit risk.

In addition to defining fair value, ASC 820 requires the disclosures around fair value and establishes a fair value hierarchy for valuation inputs. The hierarchy prioritizes the inputs into three levels based on the extent to which inputs used in the measuring fair value are observable in the market. Each fair value measurement is reported in one of three levels which is determined by the lowest level input that is significant to the fair value measurement in its entirety.

These levels are:

Level 1 – Inputs are based upon unadjusted quoted prices for identical instruments traded in active markets.

Level 2 – Inputs are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

Risk and Uncertainties

The Plan invests in various securities, including mutual and money market funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

3. Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The trustee has certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2024 and 2023, the investment earnings and other investment-related transactions of the Plan for the years then ended.

4. Fair Value Measurements

Investments measured at fair value, at December 31, 2024 and 2023, on a recurring basis are summarized below:

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA.

6. Party-in-Interest Transactions

Certain plan investments include shares of mutual funds and a money market fund held by Fidelity Management Trust Company. Fidelity Management Trust Company is also the trustee and record keeper of the Plan as of December 31, 2024 and 2023. Therefore, these transactions qualify as party-in-interest transactions.

7. Tax Status

The Plan adopted the Volume Submitter Defined Contribution Plan, a Fidelity prototype plan. In accordance with Revenue Procedure 2005-16, the Company has chosen to rely on the advisory opinion letter dated June 30, 2020. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.
